CITY OF SYDNEY

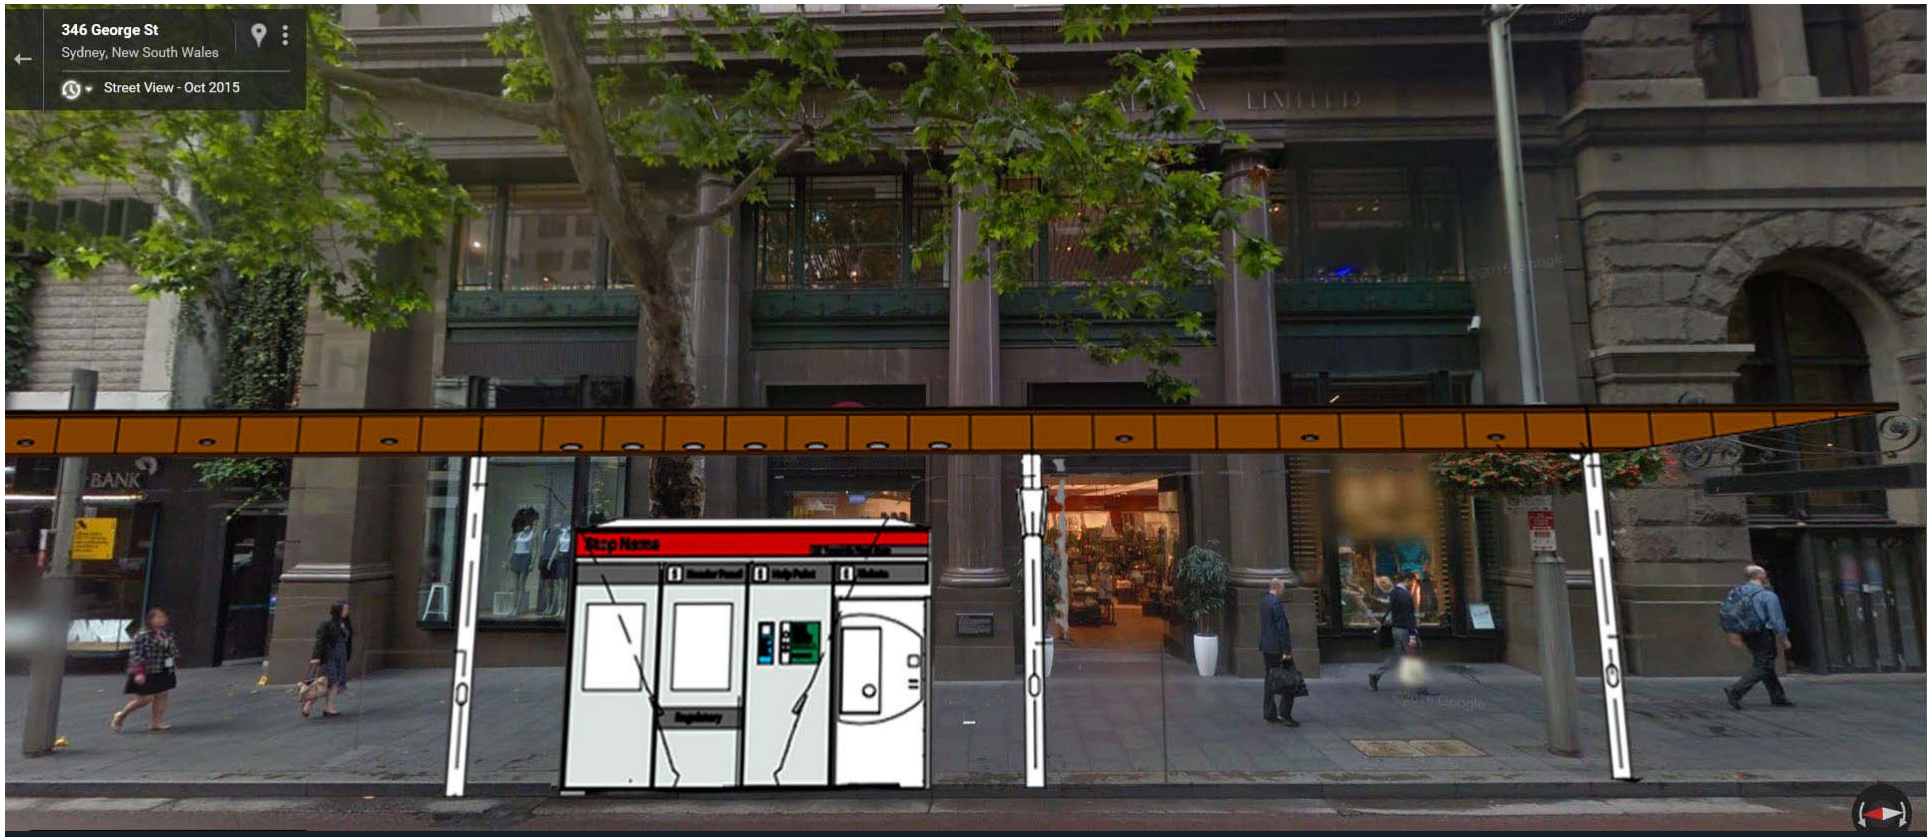
Sydney 2030/Green/Global/Connected

city of villages

- QVB eastern canopy – 24m long, 3.85m kit



- Wynyard eastern canopy – 24m long, 3.85m kit

City centre
Canopies action

- Reduce the Wynyard and QVB eastern canopies to minimum size - 9.6m

City centre
Kit

- Kit at QVB and Wynard is not minimal .
- City request the kit at QVB and Wynard eastern platforms be removed or at minimum reduced.
- City offered space in the QVB.
- TfNSW have advised that no kit will be moved, despite the signal and UPS cabinets being relocated off the platform at Town Hall.
