Attachment A: Summary of Outstanding Applications to be Reported to the Central Sydney Planning Committee

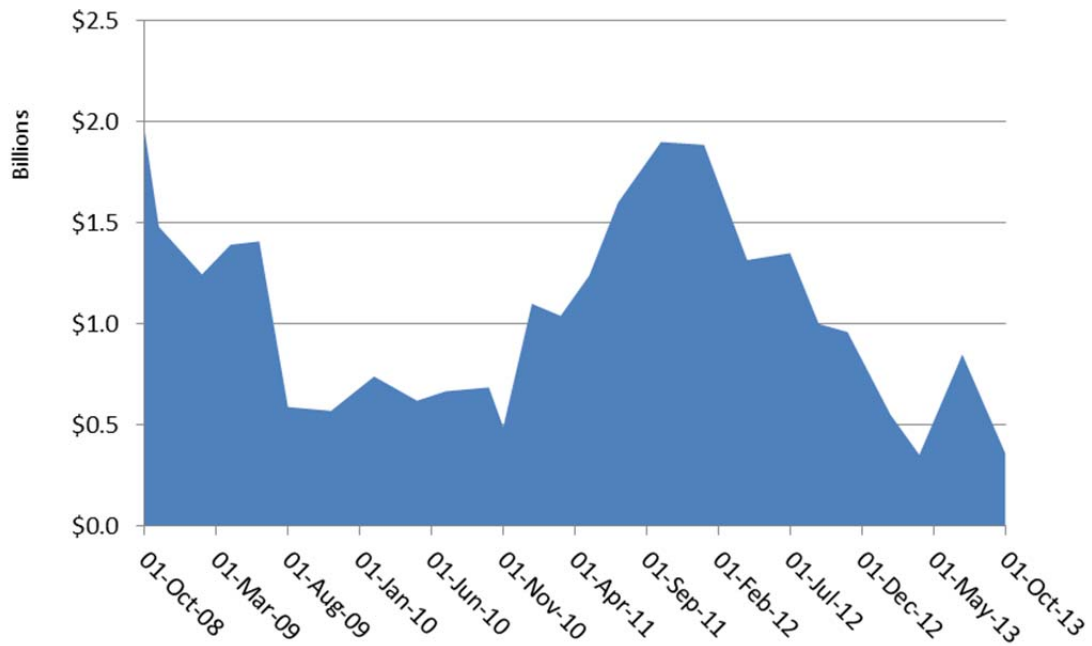

BACKGROUND

1. There are currently five (5) development applications (DAs) to be considered by the Central Sydney Planning Committee (CSPC). The total stated value of the DAs is approximately \$379 million. The average net age (including stop the clock) of those DAs is 72 days (at 22 October 2013) – the average gross age (days from lodgement without stop the clock) is 152 days. Applications for modifications to consents (s96s) are not included in this report except where indicated.
2. For comparison with all applications being assessed by the City of Sydney, there were 404 DAs in total (at 22 October 2013) with a value of \$1.51 billion. The average net age of the DAs is 46 days and gross age is 59 days. Another 266 applications are being assessed which include s96 modifications, S82A or S96AB applications, subdivisions certificates, referrals and footway usage.
3. Trend graphs showing numbers and value of applications, as well as average age of DAs to be considered by the CSPC are included in this report. The trends in each of the data series are illustrated by the following graphs. The graphs represent the period from October 2008 to the present.
