Attachment A: Summary of Outstanding Applications to be Reported to the Central Sydney Planning Committee

BACKGROUND

1. There are currently 13 development applications (DAs) and one S96 modification of consent to be considered by the Central Sydney Planning Committee (CSPC). The total stated value of the DAs is approximately \$2.17 billion. The average net age (including stop the clock) of those DAs is 109 days (at 14 April 2014) – the average gross age (days from lodgement without stop the clock) is 111 days.
2. For comparison with all applications being assessed by the City of Sydney, there were 392 DAs in total (at 14 April 2014) with a value of \$2.76 billion. The average net age of the DAs is 51 days and gross age is 59 days. Another 287 applications are being assessed which include s96 modifications, S82A or S96AB applications, subdivisions certificates, referrals and footway usage.
3. Trend graphs showing numbers and value of applications, as well as average age of DAs to be considered by the CSPC, are included in this report. The trends in each of the data series are illustrated by the following graphs. The graphs represent the period from October 2008 to the present.
