Attachment A: Summary of Outstanding Applications to be Reported to the Central Sydney Planning Committee

BACKGROUND

1. There are currently 15 development applications (DAs) to be considered by the Central Sydney Planning Committee (CSPC). There are also currently 6 modifications to consent applications listed to be considered. The total stated value of the DAs is approximately \$2.4 billion. The average net age (including stop the clock) of the DAs is 173 days (at 25 May 2016) - the average gross age (days from lodgement without stop the clock) is 190 days.
2. For comparison with all applications being assessed by the City of Sydney, there were 416 DAs in total (at 25 May 2016) with a value of \$3.3 billion. The average net age of the DAs is 62 days and gross age is 73 days. Another 310 applications are being assessed which include S96 modifications, 82A/96AB review applications, subdivision certificates, referrals and footway usage.
3. Trend graphs showing numbers and value of applications, as well as average age of DAs to be considered by the CSPC, are included in this report. The trends in each of the data series are illustrated by the following graphs. The graphs represent the period from October 2008 to present.
