## NOW Public Transport Incorporated

INC1301058

PO Box 270 EARLWOOD NSW 2206

26 February 2016

Lord Mayor Clover Moore  
City of Sydney  
483 George Street  
SYDNEY NSW 2001  
[BPearson@cityofsydney.nsw.gov.au](mailto:BPearson@cityofsydney.nsw.gov.au)

Dear Lord Mayor

### **NoW PT Community Organiser position: request for further funding**

In 2015, the City of Sydney generously contributed \$15,000 towards the funding of this position. The Community Organiser has been working tirelessly since August on a part-time, 3 day per week basis.

As the community campaign against the WestConnex tollway project intensifies, NoW PT is seeking to extend the number of paid working days of the Community Organiser position to assist in addressing the increasing calls on the incumbent's time and energy.

We are therefore requesting the City of Sydney to contribute a further \$10,000 towards the salary of the Community Organiser so that he/she can work more intensively with the ever-growing number of community groups fighting WestConnex and which require strategic and practical guidance from the Community Organiser.

The Community Organiser will continue under the same terms as previously - that is, the person is formally employed by the Nature Conservation Council Inc. under a grant agreement with NoW PT Inc. The position reports to a Steering Group on which the City of Sydney has representation.

Thank you again for the Council's support for this position and we look forward to your favourable response to this request.

Yours sincerely

*A Shilling*

Adrienne Shilling  
**Secretary**  
**NoW PT Inc.**
