Sydney, NSW, 2001

Attention: Gabriella Monagle

Dear *Gabriella*,

Re: Goulburn Street Car Parking Station Bollard Installation

This letter is to advise you that RailCorp have completed the Review of your proposal to remove Jersey Kerbs and Install Bollards around the Goulburn Street Car Parking Station. RailCorp wish to advise and confirm an In Principle acceptance of the proposal submitted on the 9th of September 2013. The In Principle agreement is subject to further conditions that are required to be assessed and confirmed as being acceptable to RailCorp.

The following conditions are to apply:

- DBYD has to be carried out and documentation kept on site.
- Services to be marked on the ground prior to any excavation.
- At no time shall access to the Rail Corridor be impeded.
- Appropriate work tasks to be itemised and SWMS developed demonstrating no risk to rail.
- Advice confirming TfNSW have no objection to the bollard installation concept along Castlereagh Street.

Once we have received the required documentation, and we have reviewed it to our satisfaction, we will advise you of our approval for you to commence works.

Should you decide at any time not to proceed with this proposal, please notify this Office immediately. If you have any questions, please myself on 02 8575 0330 or alternatively on 0477 318 940.

Yours sincerely

 02/10/13

Graeme McLaren
Project Coordinator City / Underground
Rail Corridor Management Group, RailCorp.
