Lord Mayor, City of Sydney

Dear Lord Mayor Moore:

It is with great pleasure that we invite you to join us on Friday, December 4, 2015 in Paris, France to be part of the *Climate Summit for Local Leaders* at Paris City Hall.

In less than 50 days COP21 will take place in Paris, where after more than 20 years of UN negotiations, a new global climate agreement may be achieved with the aim of keeping global warming below 2° Celsius. The action of local leaders is a critical component to reach this collective goal. The *Climate Summit for Local Leaders* will ensure that the efforts and solutions delivered by global cities and local governments are making a difference for the outcome of COP21. For the first time in COP history in partnership with international networks of cities, regions, and local governments, we will create a united and long lasting momentum for action.

By bringing together global leaders from cities and regions, the *Climate Summit for Local Leaders* will empower governments and communities to set greater and more ambitious targets for cutting carbon emissions, to strengthen adaptation plans, and report consistently on their progress. Your active participation during the Summit will be critical to the outcomes, which will feed into the UNFCCC Action Day on December 5, 2015.

Due to space and the security considerations of this event, we kindly ask that you confirm your attendance no later than October 30, 2015. To RSVP to the Summit please visit [climatesummitlocalleaders.paris](http://climatesummitlocalleaders.paris) and for any questions, please email [info@parisclimatesummit.org](mailto:info@parisclimatesummit.org).

We look forward to seeing you in December.

Sincerely,

Anne Hidalgo  
Mayor of Paris  
President of AIMF & Co-President of UCLG

Michael R. Bloomberg  
U.N. Secretary-General's Special  
Envoy for Cities and Climate Change
