# 1. Green Square - Gunyama Park and Green Square Aquatic Centre

## Background

In 2014 Council undertook an international design competition for Gunyama Park and Green Square Aquatic Centre with a two-stage open architectural design competition, following Australian Institute of Architects Competition Guidelines.

The aquatic centre and Gunyama Park will provide a focal point for the Green Square community with places to relax and exercise.

The aquatic centre is approximately 7,000m<sup>2</sup> and park approximately 16,500m<sup>2</sup>, which will be the largest park in the Green Square urban renewal area.

## Strategic Directions

More Open Space for a Growing Population	✓	Inspired by the beach pools of Sydney, the winning design for Gunyama Park and the Green Square Aquatic Centre was created by Andrew Burges Architects in association with Grimshaw and TCL.
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	The design features a 50 metre outdoor pool set within a large, irregular shaped 'beach pool' with also a 25 metre program pool, hydrotherapy pool, recreational pools, administration and gymnasium facilities within a park setting.
Access to Recreation in the City will be Inclusive and Accessible for All	✓	
Linking the Network	✓	The open space immediately adjacent to the facility is required to cater for semi-programmed play on a synthetic playfield and passive recreational spaces boardwalk native landscaping, play and skate facilities.
Involving the Community	✓	
Recreation will be Environmentally Sustainable	✓	Environmental performance measures will contribute to the City and LGA's environmental targets.
Looking After Our Parks, Sport and Recreation Facilities	✓	
Beyond the Boundary	✓	

## Project Status

Construction of Gunyama Park and the Aquatic Centre is expected to commence in 2017 and be completed and ready to open in 2019.

-

## 2. Green Square - Drying Green Park

<b>Background</b>	The Drying Green Park will be a new open space of approximately 5,500m <sup>2</sup> located adjacent to the East-West Boulevard within Green Square Town Centre (GSTC).	
<b>Strategic Directions</b>		
More Open Space for a Growing Population	✓	The Drying Green Park will provide a village green for recreation, informal play including soft landscaping elements and relaxation.
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	The conceptual approach to the design of the Park is based on a series of principles that responds to the sites environmental and cultural history, the urban realm and its opportunity to support public art, maximise community use and solar capture.
Access to Recreation in the City will be Inclusive and Accessible for All	✓	
Linking the Network	✓	Integrated into the design of the park will be a public artwork by Kerrie Poliness, who has been selected by the City of Sydney to deliver a unique piece of art that will enhance the significance and possible activities through the park.
Involving the Community	✓	
Recreation will be Environmentally Sustainable	✓	Environmental performance to contribute to the City and LGA's environmental targets.
Looking After Our Parks, Sport and Recreation Facilities	✓	
Beyond the Boundary		
<b>Project Status</b>	The Drying Green will be completed in 2017/18	
<b>References</b>	Green Square Town Centre Public Domain Plan	

### 3. Green Square - Library Plaza

<b>Background</b>		<p>The Library Plaza is located in the heart of Green Square, with the Green Square Library located beneath.</p> <p>The Green Square Plaza will encourage social interaction by promoting the area as a location for community events (market days, art and music, food festivals public screenings) which can occur with minimal impact to nearby residents and operating business.</p>
<b>Strategic Directions</b>		
More Open Space for a Growing Population	✓	<p>The Plaza works include paving, soft landscaping and water features. The plaza scope includes design of a transport corridor on the northern edge.</p> <p>Key items within the plaza scope are:</p> <ul style="list-style-type: none"><li>• Plaza area approx. <del>8812m²</del> <u>5598 m² (VPA dedicated area)</u></li><li>• Multi-functional space allowing for fairs, markets and gatherings and public events</li><li>• Amenities</li><li>• Street furniture, shade and shelter</li><li>• Public art</li><li>• Soft landscaping</li><li>• Informal play</li><li>• Public lighting</li></ul> <p>Environmental performance to contribute to the City and LGA's environmental targets.</p>

## 4. Green Square - South Sydney Hospital Site Public Domain - Matron Ruby Grant Park

<b>Background</b>	<p>The former South Sydney Hospital Site is owned by the City of Sydney.</p> <p>The South Sydney Hospital Site's revitalisation will include the adaptive reuse of several heritage buildings and provide a range of community facilities and new open spaces including Matron Ruby Grant Park.</p> <p>This will create a new and lively quarter, not only for Green Square but also surrounding neighbourhoods.</p>
<b>Strategic Directions</b>	
More Open Space for a Growing Population	✓ The open space and recreation facilities proposed within the Administration Building Surrounds include:
Better Parks, Sport and Recreation facilities	✓
Improve the Provision and Diversity of Sport and Recreation Facilities	✓
Access to Recreation in the City will be Inclusive and Accessible for All	✓
Linking the Network	✓
Involving the Community	✓
Recreation will be Environmentally Sustainable	✓
Looking After Our Parks, Sport and Recreation Facilities	✓
Beyond the Boundary	✓
<b>Project Status</b>	Project completion 2016/17

## 5. Green Square - Lachlan Precinct

<b>Background</b>	<p>The Lachlan Precinct is located in the north east of the Green Square Urban Renewal area, in the suburb of Waterloo, approximately 4km from City Centre.</p> <p>By 2030 it is envisaged that Lachlan Precinct will accommodate a residential population of 6,600 residents.</p> <p>Lachlan Precinct is envisaged as primarily a residential neighbourhood with high levels of active retail and commercial frontages along Archibald Avenue. Gadigal Avenue is the main public transport corridor links to Green Square Town Centre and City Centre.</p> <p>Key public spaces <b>Rope Walk</b>, <b>Dyuralya Square</b> and <b>Walaba Park</b> will provide a diverse range of public spaces and community amenities across the precinct.</p>
<b>Strategic Directions</b>	
<p>More Open Space for a Growing Population ✓</p> <p>Better Parks, Sport and Recreation facilities ✓</p> <p>Improve the Provision and Diversity of Sport and Recreation Facilities ✓</p> <p>Access to Recreation in the City will be Inclusive and Accessible for All ✓</p> <p>Linking the Network ✓</p> <p>Involving the Community ✓</p> <p>Recreation will be Environmentally Sustainable ✓</p> <p>Looking After Our Parks, Sport and Recreation Facilities ✓</p> <p>Beyond the Boundary</p>	<p><b>Dyuralya Square</b> will be the civic square of Lachlan Precinct. The urban space will complement the transport corridor of Gadigal Avenue and form a contrast to the green parks of Rope Walk and Waluba Park.</p> <p>It will be a place of local activity that features paved areas, open lawn, incidental play and garden rooms for relaxation. The space will be a focal point to host community activities such as markets, small community events and performances. The Square fronts onto a ground floor retail / non-residential uses that allow for a café or restaurant.</p> <p><b>Rope Walk</b> is a linear park that provides a variety of spaces and activities including playground, run around turf spaces, off leash areas for dogs owners.</p> <p><b>Waluba Park</b> is situated on the south eastern corner of Lachlan Precinct. The park incorporates a shared way on all sides. Waluba Park is a village green for the Lachlan precinct and provides facilities such as gathering and run around spaces, picnic tables, BBQs, and an innovative play spaces.</p>
	<p>Environmental performance to contribute to the City and LGA's environmental targets.</p>
<b>Project Status</b>	<p>Waluba Park - completed</p> <p>Rope Walk - stage 1 completed</p> <p>Dyuralya Square - project completion 2017/18</p>

Waluba Park

## 6. Green Square - Epsom Precinct

Background	Apart from <b>Gunyama Park</b> (refer project sheet 1), <b>Zetland Park</b> and <b>Mulgu Park</b> are situated within the Epsom Precinct, adjacent to the Green Square Town Centre.	
Strategic Directions		
More Open Space for a Growing Population	✓	<b>Mulgu Park</b> is a proposed future park situated within the Epsom Precinct, adjacent to the Green Square Town Centre.
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	Mulgu Park is approximately 2,750 m <sup>2</sup> in size, and is equivalent in scale to the area of the neighbouring Tote Park, located to the north in the Victoria Park Precinct. The park will be framed by residential apartment buildings that are typically six storeys in height.
Access to Recreation in the City will be Inclusive and Accessible for All	✓	
Linking the Network	✓	The park is situated away from any major transport hubs or retail activity. Mulgu Park will preforms as a local ‘backyard’ for the surrounding residents.
Involving the Community	✓	
Recreation will be Environmentally Sustainable	✓	The park is designed with a central lawn space orientated to maximise winter sun and a north facing paved terrace. Paved shared ways are located on the northern, southern, eastern boundary of the central lawn.
Looking After Our Parks, Sport and Recreation Facilities	✓	
Beyond the Boundary	✓	<b>Gunyama Park</b> – refer project reference sheet 1 (page 94)
		<b>Zetland Park</b> (approximately 3,845m <sup>2</sup> ) will be in a prominent location that is the terminus for Zetland Avenue. The park will adjoin Zetland’s grand boulevard that will connect to Green Square. The park has opportunity for a large feature to ‘book end’ Zetland Avenue with green square precinct.  The park’s linear character and lack of solar exposure, provides a challenge for the concept design.  Environmental performance to contribute to the City and LGA’s environmental targets.
Project Status	Mulgu Park - Concept plan completed Gunyama Park - Project completion 2018/19	
References	Epsom Precinct Public Domain Plan 2015	

## 7. Green Square - North Rosebery Precinct

Background	North Rosebery Precinct is located in the Green Square Urban Renewal Area. It is projected to have a residential population of 6,000 people by 2030.	
Strategic Directions		
More Open Space for a Growing Population	✓	<b>Rosebery Park</b> <ul style="list-style-type: none"><li>• Create active, engaging and unique spaces that responds to the site, context and sense of place;</li><li>• Develop inclusive and universally accessible spaces;</li><li>• Maximise spaces for recreational uses;</li><li>• Seamlessly integrate with adjacent development site streets, access requirements, shared zones and through site links;</li><li>• Foster community participation and understanding of the local environment, including influences from the past occupants of the site, natural history and landforms, past uses, location and climate;</li><li>• Contribute to the social and physical well-being of residents, workers and visitors;</li><li>• Create public spaces that positively address environmental performance and sustainability.</li></ul> <b>Garraway Park</b> is approximately 8,000m <sup>2</sup> and will be framed by four yet to be constructed streets. The larger size of the proposed park provides the opportunity to provide a place for active play. <ul style="list-style-type: none"><li>• Maximise flat lawn area for active play, spaces for social interaction and meeting points;</li><li>• Local Water Sensitive Urban Design rain gardens and bioretention;</li><li>• Circulation and walking paths;</li><li>• Playground and play areas for older children;</li><li>• Outdoor exercise / fitness station.</li></ul> Environmental performance initiatives will contribute to the City and LGA's environmental targets. <b>Kimberley Grove Extension</b> <ul style="list-style-type: none"><li>• Linear park extension (approximately 550m<sup>2</sup>) of existing Kimberley Grove Park</li></ul>
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	
Access to Recreation in the City will be Inclusive and Accessible for All	✓	
Linking the Network	✓	
Involving the Community	✓	
Recreation will be Environmentally Sustainable	✓	
Looking After Our Parks, Sport and Recreation Facilities	✓	
Beyond the Boundary	✓	
Project Status	<ul style="list-style-type: none"><li>– Concept design development underway for Roseberry Park and Garraway Park</li><li>– These parks will be constructed through a voluntary planning agreement associated with adjoining development.</li></ul>

## 8. Ashmore Estate

### Background

Ashmore Precinct is a 17 hectare former industrial area that is part of the suburb of Erskineville.

Sustainable Sydney 2030 identified Ashmore Precinct as a new growth area with the opportunity to provide new housing in close proximity with infrastructure and open space networks.

By 2030 it is envisaged that Ashmore Precinct will accommodate approximately 6,300 residents and total open space of approximately 16,235m<sup>2</sup>.

### Strategic Directions

More Open Space for a Growing Population	✓	<p>Key public spaces to be provided include:</p> <ul style="list-style-type: none"> <li>• <b>Kooka Walk</b> is a linear park and major north south pedestrian / cycle route through the precinct. The Walk will have a variety of spaces including a neighbourhood plaza that will allow temporary events, community markets and other activities to coexist with the recreation uses of McPherson Park as well as open edges to plazas, pocket parks, community gardens, shared zones, residential entries and retail frontages.</li> <li>• <b>McPherson Park</b> is the neighbourhood green of the Ashmore Precinct. The local level park will enable a range of uses to occur including open lawns for casual active recreation, playground space, seating and picnic areas. The Park will also be designed to accommodate temporary detention of stormwater which will require the design considers inclusive access to all areas of the park.</li> </ul> <p>Environmental performance to contribute to the City and LGA's environmental targets.</p>
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	
Access to Recreation in the City will be Inclusive and Accessible for All	✓	
Linking the Network	✓	
Involving the Community	✓	
Recreation will be Environmentally Sustainable	✓	
Looking After Our Parks, Sport and Recreation Facilities	✓	
Beyond the Boundary	✓	

### Project Status

- Concept design and development for McPherson Park and Kooka Walk underway
- These parks will be constructed through a voluntary planning agreement associated with adjoining development.

Ashmore Public Domain Strategy 2014

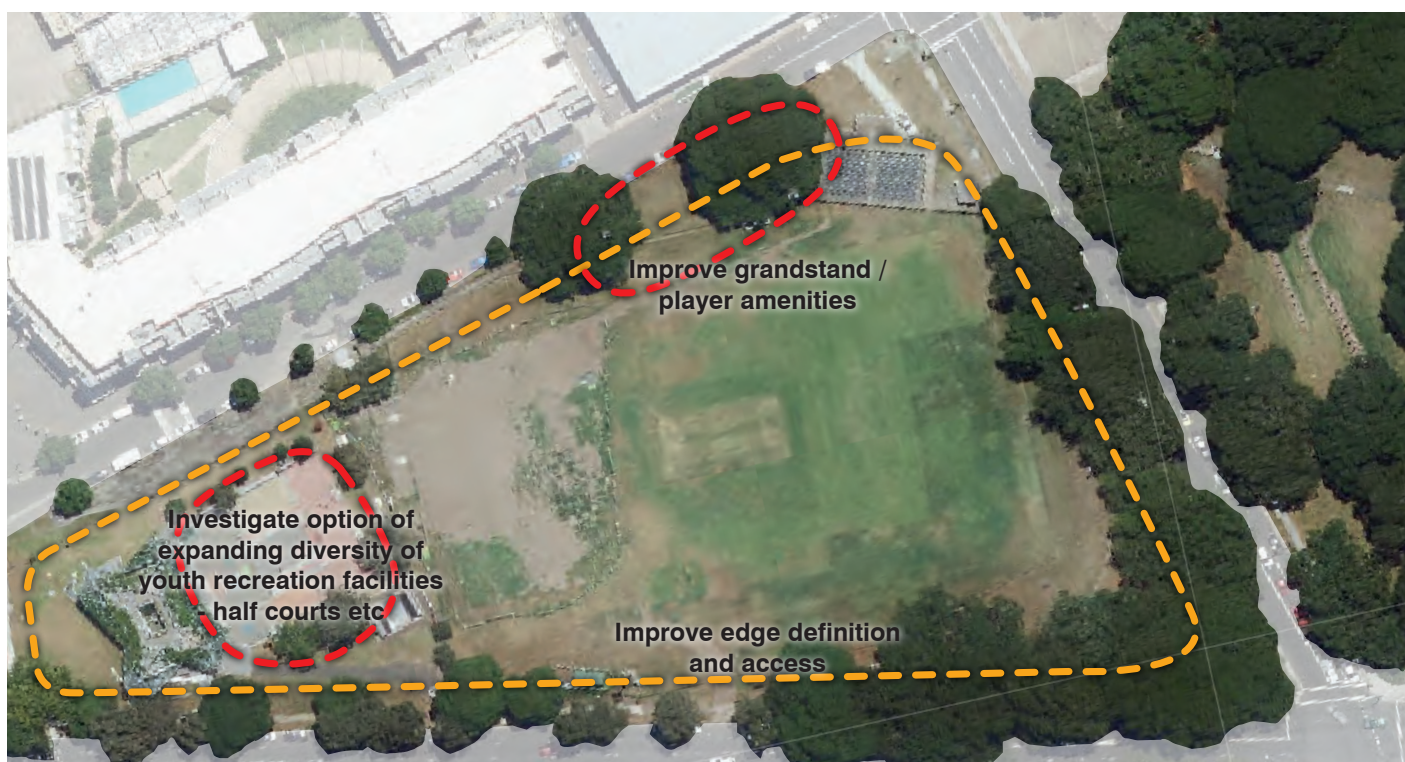

## 9. Perry Park

<b>Background</b>	<p>The park covers 24,000 square metres and its location, 500m from the Green Square train station and next to the Bourke Road cycleway, positions the park to cater for future community needs.</p> <p>A feasibility study was carried out in 2008 that looked at ways to improve the park.</p> <p>Perry Park is located on the corner of Bourke Road and Maddox Street, Alexandria and is surrounded by industrial and commercial land-uses. At approximately 24,000m<sup>2</sup> Perry Park is one of the larger open spaces in the Alexandria and Green Square area.</p> <p>Previous studies and strategic directions included development of an indoor multi-purpose courts and upgrade of the playing field to a synthetic surface with supporting amenities.</p>
<b>Strategic Directions</b>	
More Open Space for a Growing Population	✓ <b>10 Year Capital Works Program</b>
Better Parks, Sport and Recreation facilities	✓ Works:
Improve the Provision and Diversity of Sport and Recreation Facilities	✓ • A new separate building behind the existing basketball stadium with two practice courts with foundations and slab for future expansion additional 2 indoor courts.
Access to Recreation in the City will be Inclusive and Accessible for All	✓ • The slab will be used for outdoor practice courts as an interim measure
Linking the Network	✓ • Synthetic turf playing surface
Involving the Community	✓ <b>Future Considerations</b>
Recreation will be Environmentally Sustainable	✓ • Completion of two additional indoor courts subject to State and Federal and/ or private funds becoming available. The completed project should aim for links to the existing stadium to create an integrated 6 indoor court facility.
Looking After Our Parks, Sport and Recreation Facilities	✓
Beyond the Boundary	✓ Environmental performance to contribute to the City and LGA's environmental targets.
<b>Project Status</b>	– Capital Works Program works completion 2017
<b>References</b>	

## 10. Waterloo Park and Oval

<b>Background</b>	<p>Waterloo Park and Oval is an important green space in the southern part of the City. With increase in surrounding residential density the Park and Oval will need to function both as a community park as well as a venue for organised sport.</p> <p>Two distinct park areas are separated by McEvoy Street. The northern Park area distinctive landscape of Mt Carmel, grass hill slopes with mature fig planting and a playground facility.</p> <p>Waterloo Oval features a sporting field used for cricket and rugby league, as well as an upgraded skateboard facilities and award winning South Sydney Youth Services building.</p> <p>Drainage to the Oval has been upgraded to improve capacity.</p>
<b>Strategic Directions</b>	
More Open Space for a Growing Population	✓ Prepare a master plan for Waterloo Park and Oval that considers:
Better Parks, Sport and Recreation facilities	✓ • Provision of safe pedestrian crossing points at McEvoy St and Elizabeth St;
Improve the Provision and Diversity of Sport and Recreation Facilities	✓ • Upgrade boundary definition of Oval and Park that includes oval fencing, perimeter circuit pathway for walking and exercise;
Access to Recreation in the City will be Inclusive and Accessible for All	✓ • Upgrade grandstand / toilet / change room facilities. Shade provision for grandstand spectators;
Linking the Network	✓ • Tree management of existing mature fig trees;
Involving the Community	✓ • Address any proposed edge impacts from RMS widening on McEvoy St;
Recreation will be Environmentally Sustainable	✓ • Investigate option to co-locate additional youth recreational facilities next to skate park.
Looking After Our Parks, Sport and Recreation Facilities	✓
Beyond the Boundary	✓ Environmental performance to contribute to the City and LGA's environmental targets.
<b>Project Status</b>	Project to be considered for 10 year capital works program
<b>References</b>	

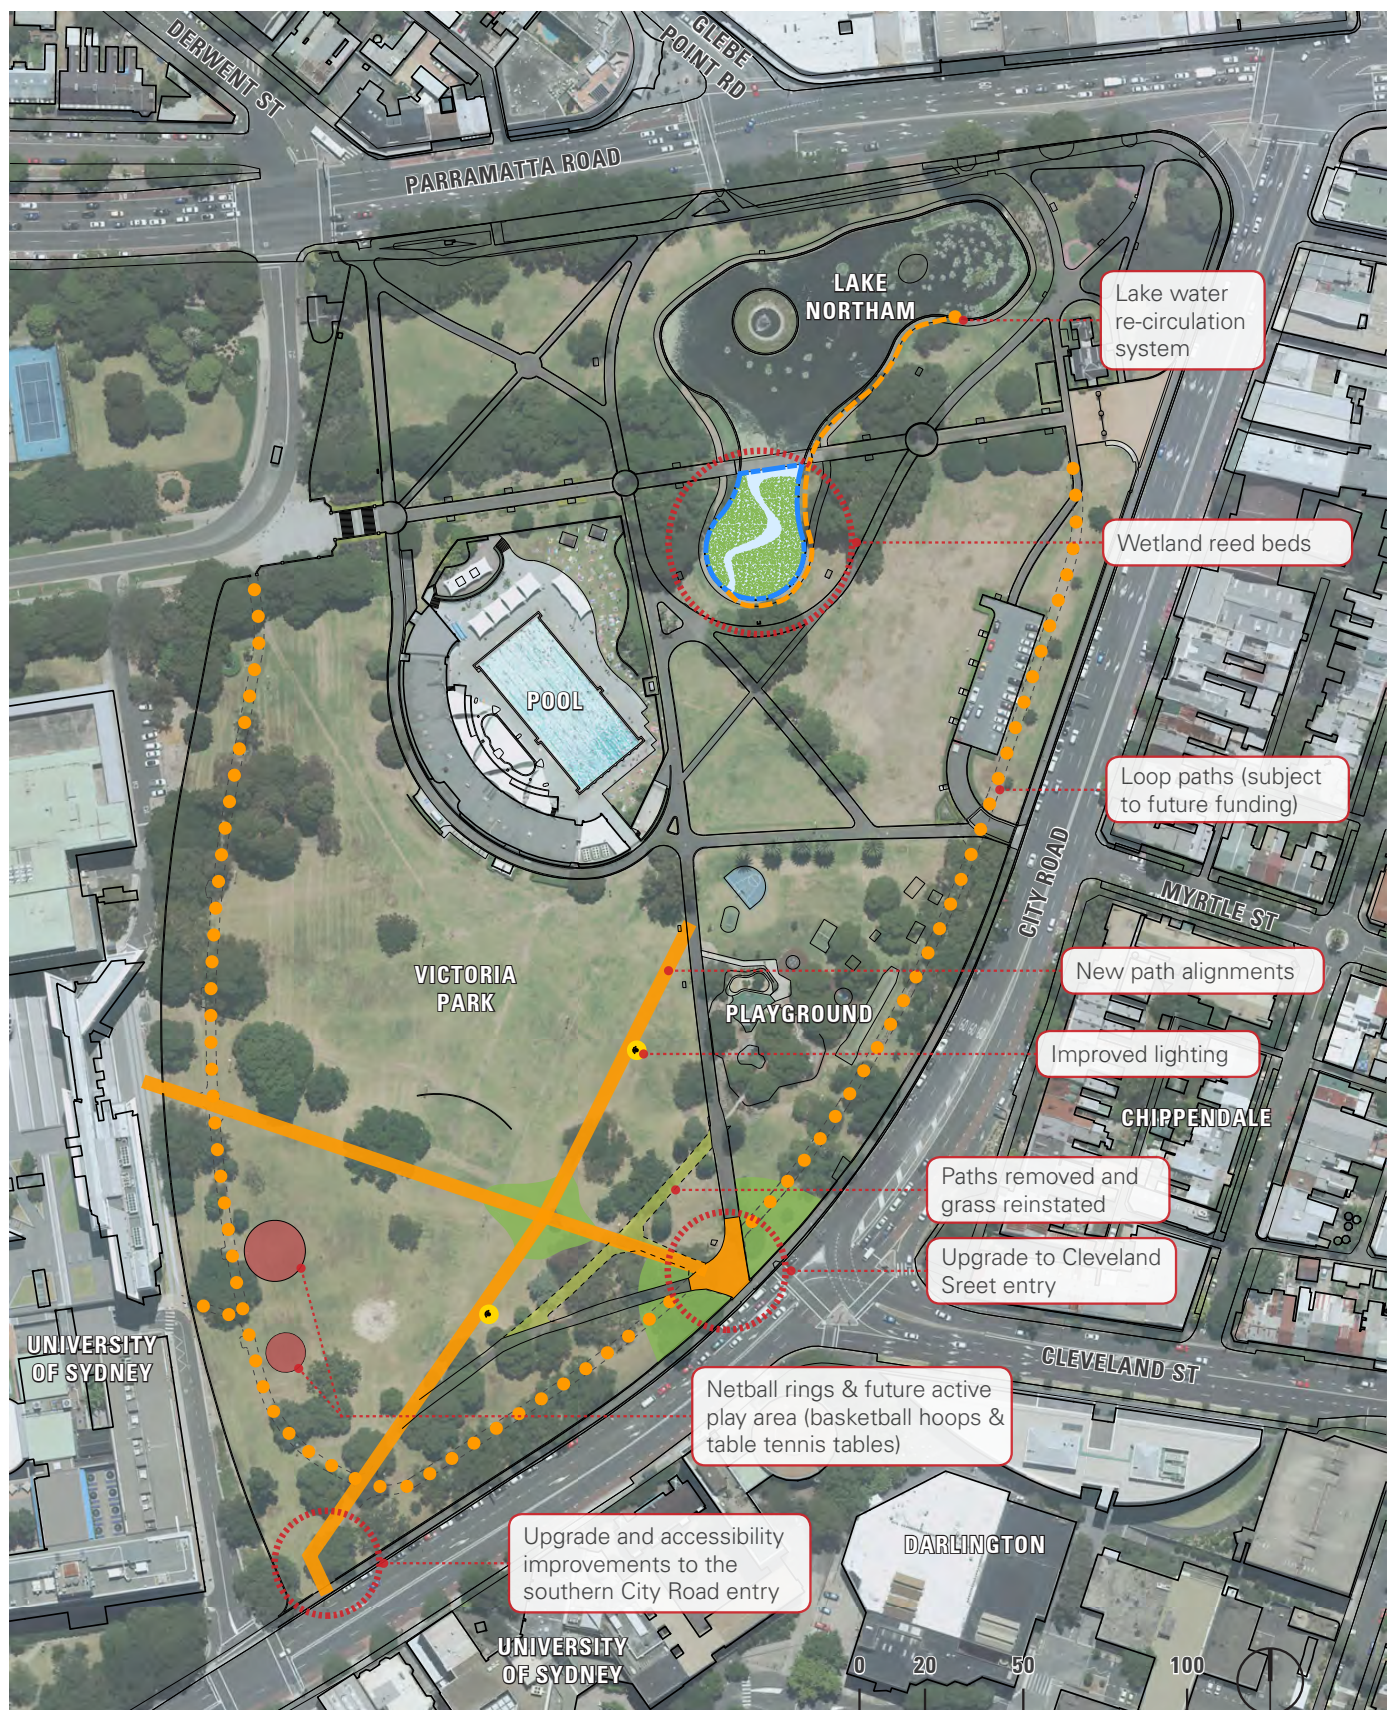

## 11. Victoria Park Improvements

<b>Background</b>	<p>Victoria Park is a significant 19th Century iconic heritage park located in Camperdown, providing recreation opportunities to a broad range of residents, workers and visitors. Bordered by the suburb of Chippendale, the park is heavily used as a playground, for exercise, passive recreation, swimming and major events</p> <p>To date there has been specific area upgrades (main avenue, playground, Lake Northam) of the nine hectare site.</p>
<b>Strategic Directions</b>	
More Open Space for a Growing Population	✓
Better Parks, Sport and Recreation facilities	✓
Improve the Provision and Diversity of Sport and Recreation Facilities	✓
Access to Recreation in the City will be Inclusive and Accessible for All	✓
Linking the Network	✓
Involving the Community	✓
Recreation will be Environmentally Sustainable	✓
Looking After Our Parks, Sport and Recreation Facilities	✓
Beyond the Boundary	✓
	<p>Future works aim to update and complete the works recommended in the 1994 plan of management and master plan which provides a cohesive structure for the existing and varied elements. Works will deliver a comprehensive park upgrade which builds on the existing framework and heritage character while renewing the amenity of the park.</p> <ul style="list-style-type: none"> <li>• Full lighting upgrade;</li> <li>• New stormwater recycling and storage system for onsite reuse;</li> <li>• Measures for improving the water quality of Lake Northam;</li> <li>• Strengthen the relationship between the park and University through the alignment of paths, planting, boundary and entry treatments;</li> <li>• Review and upgrade perimeter planting</li> <li>• Emphasise the historical North-South and East-West axes through planting and vistas;</li> <li>• Preserve open lawn areas; maintain avenue plantings in keeping with the original design;</li> <li>• Restore heritage fencing;</li> <li>• New park furniture;</li> <li>• Additional BBQ facilities.</li> </ul> <p><b>Access</b></p> <ul style="list-style-type: none"> <li>• Improve park entry points;</li> <li>• Perimeter pathway loop;</li> <li>• Establish hierarchy of access routes;</li> <li>• Upgrade path finish to provide equal access across the site;</li> <li>• Review and improve service access.</li> </ul> <p><b>Events</b></p> <ul style="list-style-type: none"> <li>• Provide infrastructure for events and improved event management;</li> <li>• Provide 3 phase power outlet at southern end and install more water points throughout park;</li> </ul> <p><b>Future Considerations</b></p> <ul style="list-style-type: none"> <li>• Review opportunities for locating a new public toilet within the Victoria Park Pool building (to be delivered under a separate future project)</li> </ul> <p>Environmental performance to contribute to the City and LGA's environmental targets.</p>
<b>Project Status</b>	– 10 Year Capital Works Program - works completion 2017
<b>References</b>	Victoria Park Masterplan

## 12. Sydney Park

<b>Background</b>	<p>Sydney Park is the City's biggest park at 44 hectares. Although the park is just over 20 years old, much has been achieved to transform an industrial history of clay extraction and waste disposal into established parkland to serve the growing communities of the southern districts of the City. With development continuing in the southern districts, there is a growing community need to provide safe and convenient access to this park.</p> <p>Completed works include revitalising the parks wetland system as part of a water reuse scheme, regions, inclusive playground, pathways, lighting, kiosk and toilet amenities and development of sporting precinct at Alan Davidson Oval with amenities building, turf wicket, lighting, outdoor gym equipment and circuit pathway.</p>
<b>Strategic Directions</b>	
More Open Space for a Growing Population	✓ <b>10 Year Capital Works Program</b>
Better Parks, Sport and Recreation facilities	✓ • New and improved bike track for children next to the Sydney Park Cycling Centre (completed)
Improve the Provision and Diversity of Sport and Recreation Facilities	✓ • Extra public toilets and picnic and barbecue facilities with seating for families.
Access to Recreation in the City will be Inclusive and Accessible for All	✓ • City Farm.
Linking the Network	✓ • Ongoing development of urban ecology priority areas.
Involving the Community	✓ <b>Future Considerations</b>
Recreation will be Environmentally Sustainable	✓ • Restoration and adaptive reuse of brick kiln precinct
Looking After Our Parks, Sport and Recreation Facilities	✓ • Skate and court facilities
Beyond the Boundary	✓ • Opportunities to consider include acquisition of cement works provides the opportunity to develop active sporting precinct extending along level Euston Road frontage of the Park.
	<ul style="list-style-type: none"> <li>• Opportunity to develop existing level Euston Road area for active sport including multi use courts that allows netball use, synthetic pitches to allow training and mini field sports such as oz tag and mini soccer.</li> <li>• Provide connections to Alexandra Canal corridor .</li> <li>• Removal of depot buildings and premises along Euston Road to improve active park frontage and increase available park area.</li> <li>• Quality and viability of any available open space arising from the Westconnex development needs to be assessed given the potential noise and air quality impacts.</li> </ul> <p>Environmental performance to contribute to the City and LGA's environmental targets.</p>

## 13. Harold Park

<b>Background</b>	The Former Harold Park Paceway and Former Rozelle Tram Depot Site is a significant urban renewal site within the Council area. The City prepared new planning controls and a Voluntary Planning Agreement (VPA) to enable the development of the site that includes numerous public benefits including 3.8 hectares of public open space.	
<b>Strategic Directions</b>		
More Open Space for a Growing Population	✓	<b>10 Year Capital Works Program</b>
Better Parks, Sport and Recreation facilities	✓	The new park provides a green connection from Wigram Road and the Crescent through to the existing Glebe Foreshore parks.
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	
Access to Recreation in the City will be Inclusive and Accessible for All	✓	The design focuses on creating a park that celebrates local flora and fauna and the cliff face, a key character of the Harold Park site and provide a range of spaces for recreation and play, gatherings and picnics and a large open village green.
Linking the Network	✓	
Involving the Community	✓	<b>Key features include:</b>
Recreation will be Environmentally Sustainable	✓	<ul style="list-style-type: none"> <li>• Spaces for casual ball sports</li> <li>• Open spaces and habitat areas linked by the existing cliff line</li> <li>• Open turf area casual active recreation</li> <li>• Stormwater harvesting and treatment</li> <li>• Cycling and walking paths connecting neighbourhoods and parklands</li> <li>• Playgrounds, picnic areas and open grass spaces</li> <li>• Historical interpretations and public art</li> <li>• Lighting and park furniture</li> <li>• Habitat creation</li> <li>• Infrastructure necessary for temporary events</li> </ul>

## 14. Johnstons Creek Parklands - The Crescent Lands

<b>Background</b>	<p>In August 2013 Council adopted the Johnstons Creek Parklands Master Plan.</p> <p>The plan proposes the removal of the majority of warehouse buildings along The Crescent to create an additional 6,000m<sup>2</sup> of open space provision.</p>	
<b>Strategic Directions</b>		
More Open Space for a Growing Population	✓	<p><b>The proposed scope will deliver new green open space and constitutes a significant step towards realising the long term Master Plan.</b></p>
Better Parks, Sport and Recreation facilities	✓	
Improve the Provision and Diversity of Sport and Recreation Facilities	✓	<p>The following scope of works is proposed as the first stage of implementing the Johnstons Creek Parklands Master Plan:</p> <ul style="list-style-type: none"> <li>• Open up The Crescent Lands to create new green open space;</li> <li>• Opening up of the arches under the viaduct to connect the new open space to Federal Park;</li> <li>• A new skate space on the northern end of The Crescent between the viaduct and the Crescent;</li> <li>• Upgrade of Federal Park Playground;</li> <li>• A new village green for junior sports near The Crescent;</li> <li>• Habitat creation</li> </ul>

- Key
- Playground Fencing
  - 1 New open space
  - 2 Viaduct archways - Five viaduct archways which are currently closed will be opened up to connect the new open space on The Crescent to Federal Park and Bicentennial Park West
  - 3 New Seating Area - Area to complement the adjoining skate space and to be a mix of seating types and parkour to encourage youth socialisation and activity
  - 4 Skate Space - The new plaza style skate area
  - 5 Picnic Area - New picnic tables and BBQs are proposed near the playground and skate space
  - 6 Drainage Swale - A gentle, turfed swale will improve the drainage of the new park on The Crescent and the existing Federal Park playing field.
  - 7 Main East West Path - This path will be relocated to provide a more direct connection from the existing parklands to the new open space on The Crescent.
  - 8 Playground - The Playground will be refurbished and increased in size to cater for children of a wider range of ages and abilities. It will retain its character and leafy feel.
  - 8a Area for potential future extension of the playground.
  - 8b Playground Fencing
  - 8c Playground buffer/barrier treatments to delineate the playspace from the picnic area and the greater parklands.
  - 9 Existing Amenities Block - to be retained.
  - 10 Child Care Centre - Construction of the new childcare centre will start in September 2015 and will be complete in the first half of 2016.
  - 11 Potential Future Kiosk and Amenities Block - Proposed future location close to car park and playground. This is not part of the current project but may form part of the future stage of the master plan works.
  - 12 Fitness Hub - Mix of cardio and strength training equipment
