DECISION

BACKGROUND

Woodgate Constructions Pty Ltd has applied for the temporary road closures of Farrell Avenue, between Darlinghurst and Kirketon Roads on Thursday 25 September 2014 from 7am to 5.30pm; and Kirketon Road, between Premier Lane and just south of Farrell Avenue intersection, Darlinghurst, on Friday 26 September 2014 from 7am to 5.30pm.

COMMENTS

The proposed temporary road closures are required to enable road works for grounding of overhead electricity cables associated with the development of 207-211 Darlinghurst Road.

The Applicant has provided a site-specific Traffic Control Plan that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closures.

There are currently no other approved temporary road closures proposed to take place on the same day in close proximity of this closure.

The temporary road closures will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

CONSULTATION

The Applicant will be required to notify affected stakeholders as stipulated in Schedule C.

FINANCIAL

All costs associated with the proposed closures will be borne by the Applicant.
