

**ITEM 34. TRAFFIC TREATMENT – TRAFFIC CONTROL – EVE AND  
COULSON STREETS ERSKINEVILLE**

**TRIM RECORD NO: 2014/541016**

**RECOMMENDATION**

It is recommended that the Committee endorse the installation of Give Way control and centre lines at the intersection of Eve and Coulson Streets, Erskineville.

**DECISION**

**BACKGROUND**

The intersection of Coulson and Eve Streets consists of three legs with Coulson Street as the major approach in Erskineville.

The City has received safety concerns at the intersection about vehicles crossing over onto the wrong side of the road when turning right into Eve Street from Coulson Street.

**COMMENTS**

The City is proposing to introduce Give Way control and centre lines at this intersection to improve general safety in the area.

The proposal will provide delineation to guide turning vehicles at the intersection of Eve and Coulson Streets and reduce the risk of vehicles from driving on the wrong side of the road.

This measure is part of the City's commitment to calm traffic and improve safety for road users.

**CONSULTATION**

The proposed pavement markings have not been consulted with residents and businesses as this proposal does not impact on local residents or businesses.

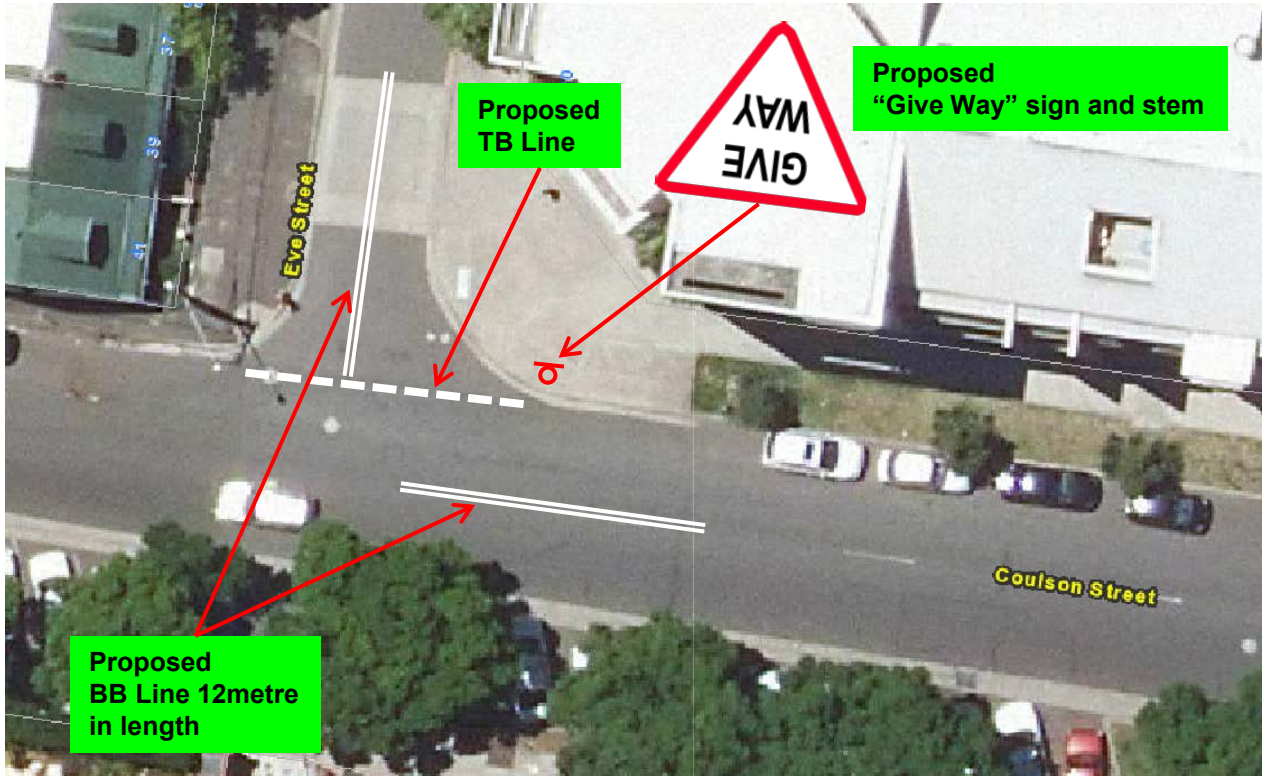

**FINANCIAL**

Funds are available in the current budget.
