

**ITEM 35. OTHER BUSINESS – POLICE PARKING – CENTRAL AVENUE
EVELEIGH**

FILE NO: 2015/174523

RECOMMENDATION

It is recommended that the Committee raise no objection to the installation of Police Parking on the southern side of Central Avenue, Eveleigh (a privately controlled road in the Australian Technology Park site) near Garden Street.

DECISION

BACKGROUND

The Transport Management Centre (TMC) has asked Urban Growth NSW Development Corporation, who controls the Australian Technology Park (ATP) site, for approval to install Police Parking adjacent on Central Avenue, Eveleigh near Garden Street.

COMMENTS

Currently, the kerbspace on Central Avenue, Eveleigh (a privately controlled road in the Australian Technology Park (ATP) site) is signposted as “No Stopping”.

There is adequate width in Central Avenue (adjacent to the TMC) to allow Police Parking to be installed along the southern kerbspace without impacting on access into the ATP site from Garden Street.

There has been a significant increase in staffing with additional Police vehicles being provided at the TMC and an increased need for Command briefings by Police Commanders at the Centre, particularly when serious incidents occur, eg: the recent terrorist incident in Sydney.

Therefore introduction of Police Parking in Central Avenue will assist the operations at the TMC and will have no adverse impact on traffic in the local area.

CONSULTATION

Urban Growth will advise the current occupants of the Australian Technology Park, Eveleigh.

FINANCIAL

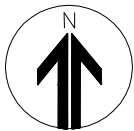

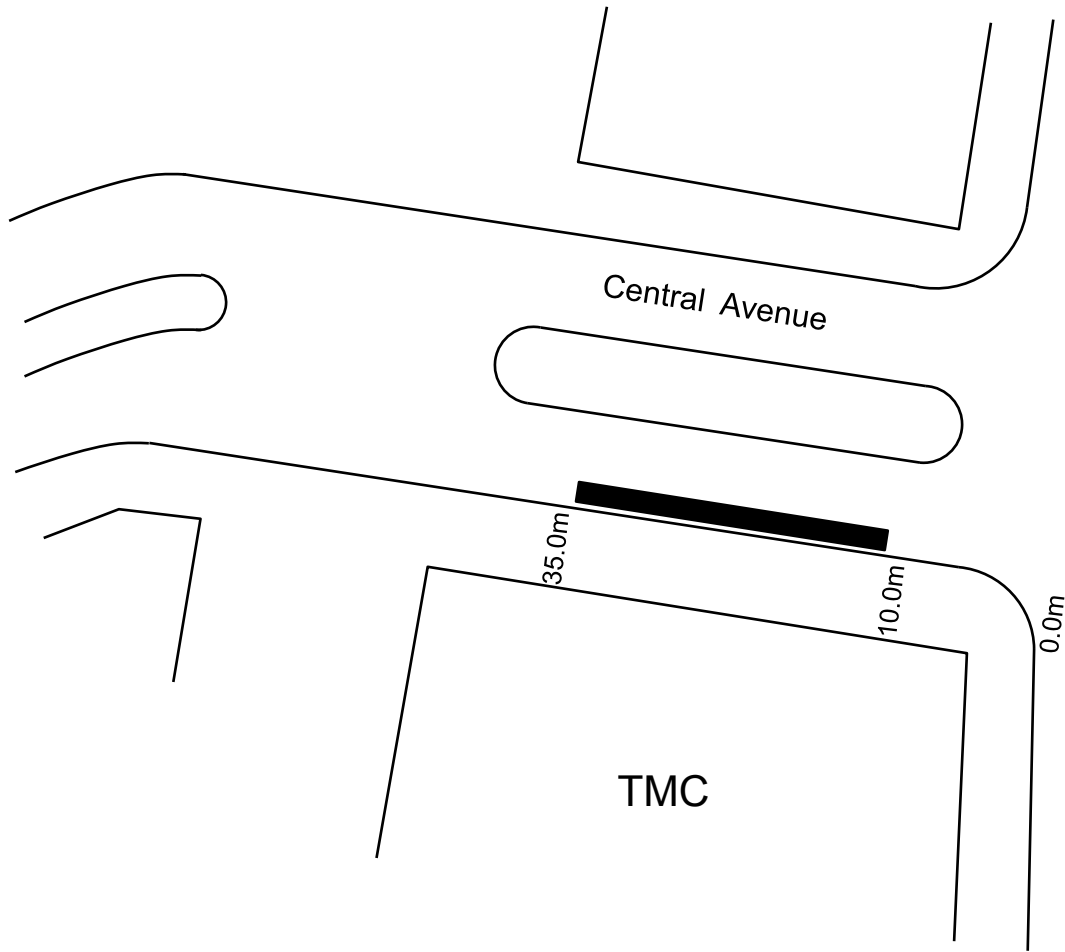

The cost for the works is to be borne by the applicant.
