

ITEM 51. PARKING - LOADING ZONE - WILLIAM STREET PADDINGTON

TRIM RECORD NO: 2015/441711

RECOMMENDATION

It is recommended that the Committee endorse the removal of a Loading Zone on the western side of William Street, Paddington between the points 21.9 metres and 28.8 metres south of Oxford Street.

DECISION

BACKGROUND

Mitre 10, 349-351 Oxford Street, Paddington has requested removal of the Loading Zone in the dead-end section of William Street.

COMMENTS

The kerb space on the western side of the dead-end section of William Street to the south of Oxford Street is currently signposted as "Loading Zone". The Loading Zone is currently signposted across the driveway of Mitre 10.

NSW's mandatory Road Rules make it an offence to park across a driveway. The "Loading Zone" needs to be removed to stop vehicles from parking across the driveway and obstructing access to and from Mitre 10.

CONSULTATION

The City consulted local residents and businesses in the area. There were 4 letters sent out with no responses supporting or opposing the proposal.
