

ITEM 19. PARKING – NO STOPPING - LITTLE BUCKINGHAM STREET SURRY HILLS

TRIM RECORD NO: 2016/034977

RECOMMENDATION

It is recommended that the Committee endorse the reallocation of parking on the eastern side of Little Buckingham Street, Surry Hills between the points 4.2 metres and 10.2 metres (one car space) north of Belvoir Street as “No Stopping”.

DECISION

BACKGROUND

The Developers of both 533 and 537 Elizabeth Street, Surry Hills have requested the removal of an existing 1 hour permit parking space in Little Buckingham Street at the rear of these properties to provide for two new driveways.

COMMENTS

The City has approved the redevelopment of the both 533 and 537 Elizabeth Street, Surry Hill which includes two new driveways in Little Buckingham Street.

Currently the kerbspace in Little Buckingham Street is signposted as “No Parking” because of multiple driveways. However there is one space signposted as “1P 9am -10pm Mon – Sat, Permit Holders Excepted Area 18” at the rear of the above properties. There is also a “No Stopping” restriction near the corner of Belvoir Street.

The provision of the two new driveways will require the removal of the permit parking space. It is proposed to reallocate the kerbspace space as “No Stopping” - an extension of the “No Stopping” near the corner of Belvoir Street.

Unfortunately the permit parking space cannot be relocated elsewhere in Little Buckingham Street due to multiple driveways.

CONSULTATION

The City did not consult local residents in the area as this change is required as part of the development consent.

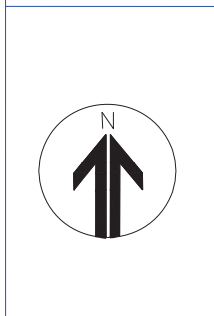

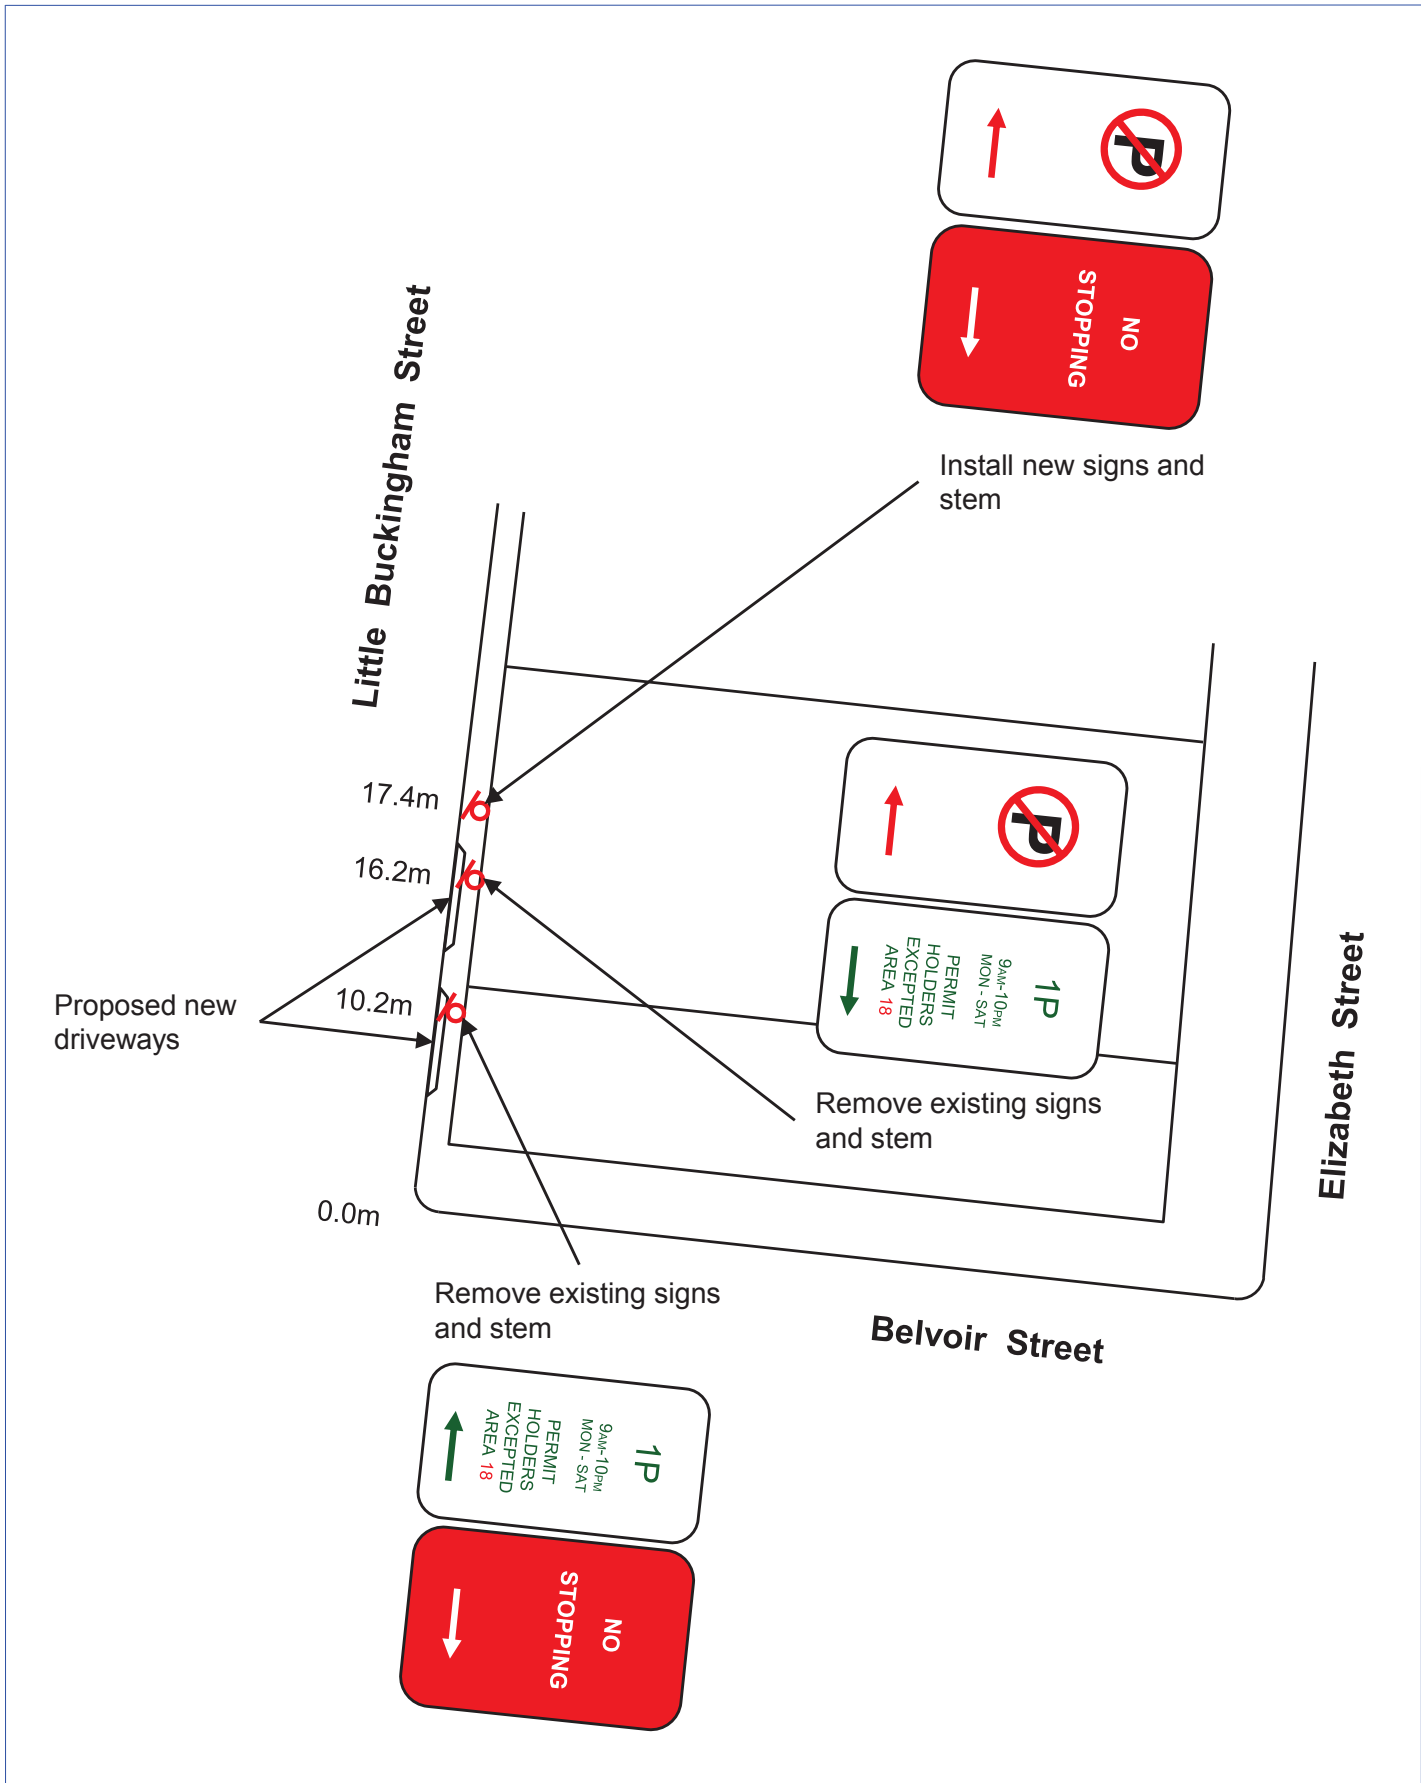

FINANCIAL

All costs associated with the proposed work will be borne by the Applicant.
