**DECISION**

**BACKGROUND**

Allroad Traffic has applied for a 15 metre long Works Zone in Abercrombie Street, Darlington.

The Works Zone is to facilitate construction works at 293 – 297 Abercrombie Street, Darlington for a period of approximately 52 weeks.

**COMMENTS**

The kerb space on the northern side of Abercrombie Street, Darlington east of Shepherd Street, where the Works Zone is proposed, is currently signposted as "Loading Zone 7am – 5pm Mon – Fri".

The Works Zone is intended to operate from 7.30am to 5.30pm, Mondays to Fridays and from 7.30am to 3.30pm on Saturdays in accordance with the Development Consent Conditions.

The development site has no provision for off-street parking for large trucks and as the approved development takes up the entire site, the Developer is unable to carry out construction unless a Works Zone is provided directly outside the site. The street is wide enough to allow the Works Zone to be installed without affecting traffic flow or property access.

As there are trees located within, and adjacent to the Works Zone, the Applicant must obtain separate approval from the City's Tree Management Team if loading or unloading from the Works Zone will impact on adjacent trees.

**CONSULTATION**

The Applicant must notify adjacent properties at least seven days prior to the implementation of the Works Zone.

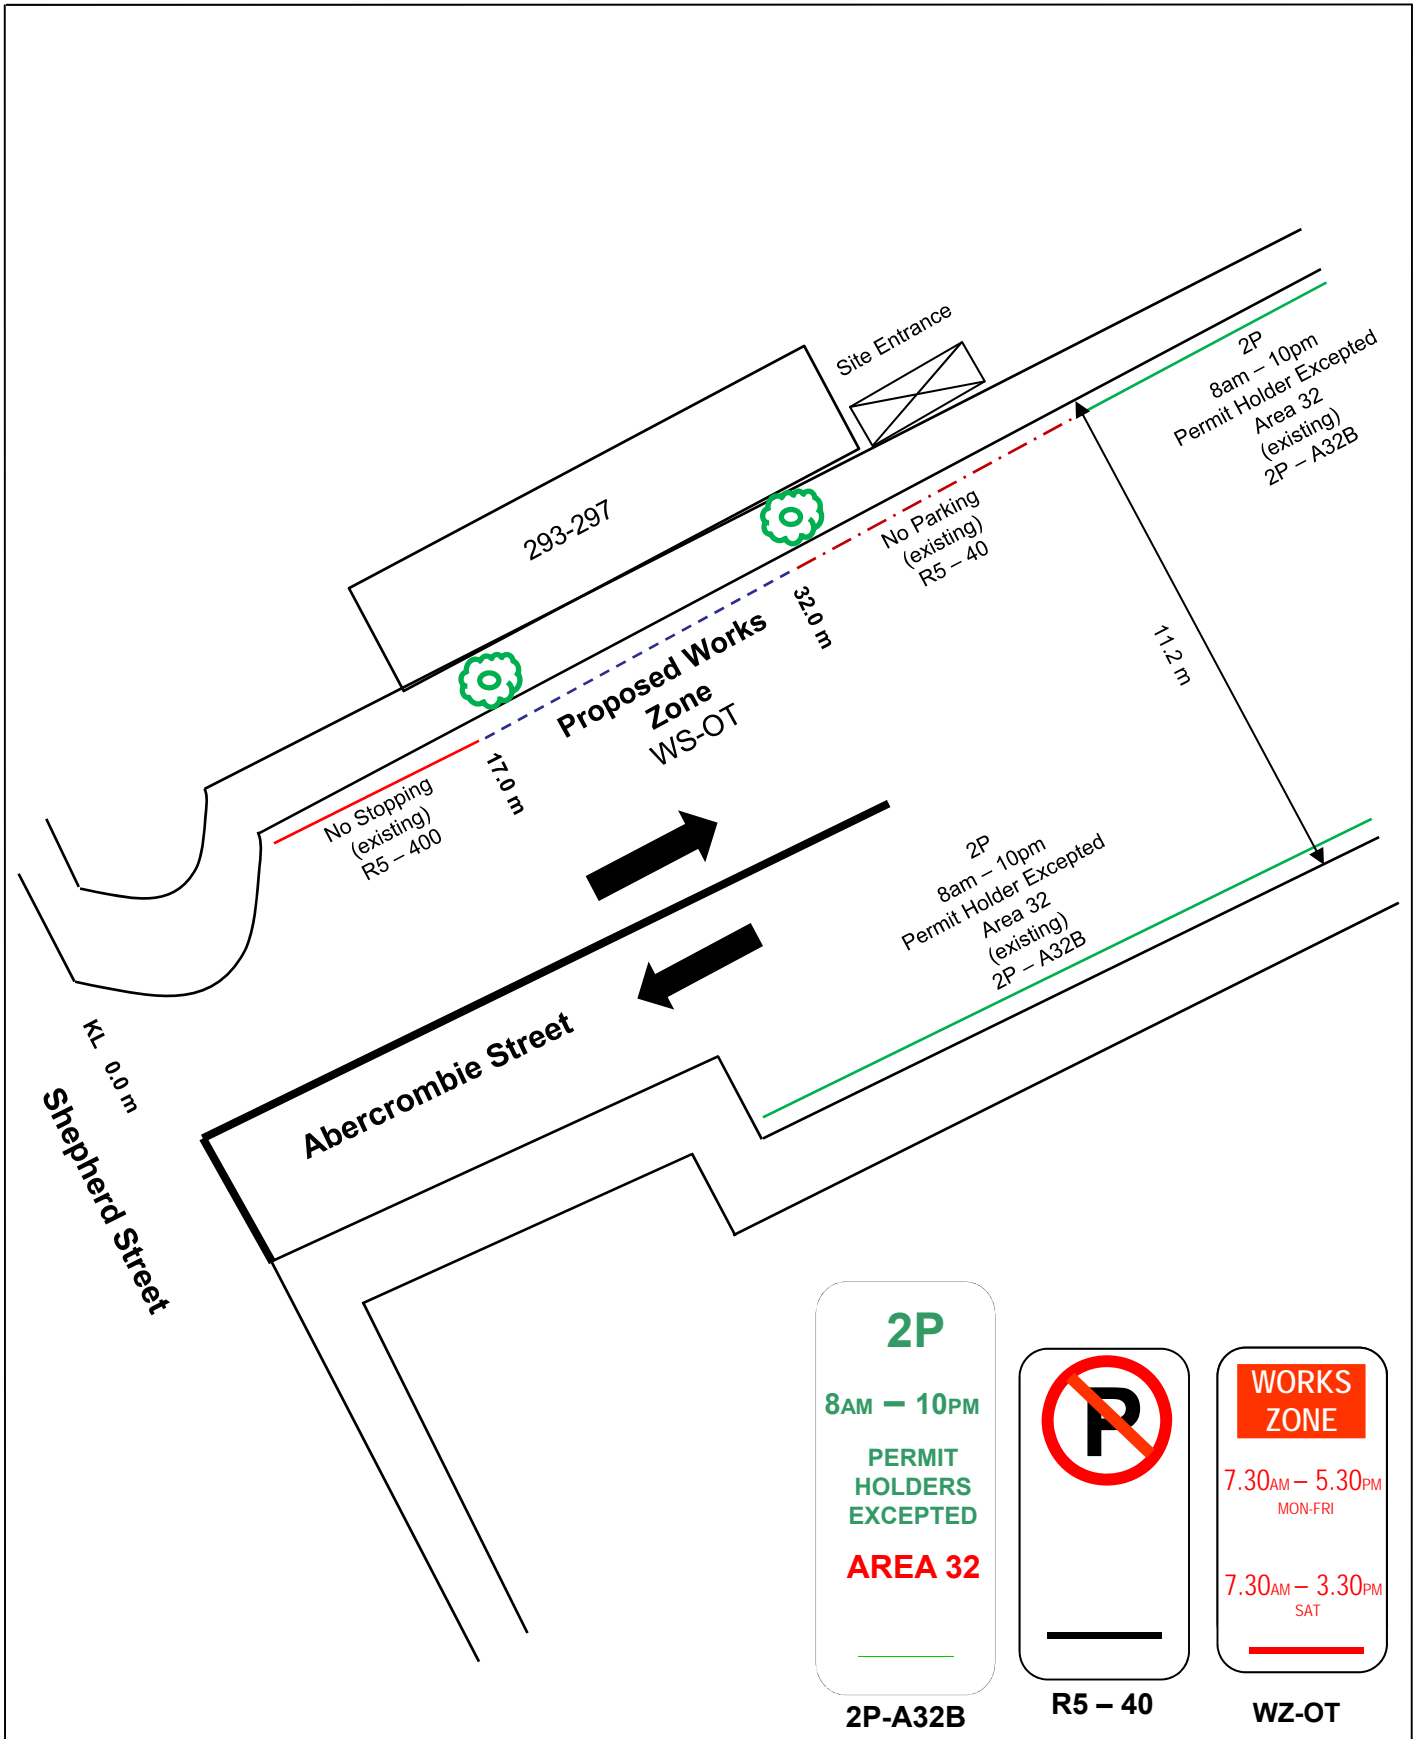

**FINANCIAL**

All costs associated with the Works Zone will be borne by the Applicant.
