DECISION

BACKGROUND

The CBD and South East Light Rail Project (CSELR) commenced construction in October 2015 and is progressively closing sections of George Street which has diverted traffic onto other roads in central Sydney.

The NSW Government implemented other road and kerbside parking changes to manage traffic displaced during the construction of Light Rail.

Consultation on the CSELR arrangements with Police has identified the two Police parking spaces on the northern side of Bathurst Street, east of George Street, are no longer required.

COMMENTS

Police have advised that the kerb space on the northern side of Bathurst Street, east of George Street, can be reallocated from “No Parking Police Vehicles Excepted” to “Loading Zone”.

As part of the kerbside parking changes, the times of the adjacent Loading Zone and 4P Ticket parking will be made consistent to similar restrictions within the CBD.

The proposed parking changes are consistent with the Central Sydney On-Street Parking Policy.

CONSULTATION

TfNSW have consulted the proposed parking changes with the Police and have raised no objection to the proposal.

FINANCIAL

Funds are available in the current budget.
