DECISION

BACKGROUND

The City is committed to providing dedicated parking for car sharing across the Local Government Area as part of a Council approved Car Sharing Policy. A submission has been received from GoGet for a car share space in Marriott Street, Redfern.

The City has revised the location of a previously consulted car share space on the eastern side of Marriott Street south of Telopea Street and is now proposing the car share space to be located on the western side of Marriott Street, south of Ogden Lane.

COMMENTS

The kerb space on the western side of Marriott Street, Redfern between Ogden Lane and Zamia Street is currently unrestricted for parking.

The car share space will be installed and managed in accordance with the Roads and Maritime Service’s Technical Direction 2007/04 and the provisions of the Council-approved Car Share Policy.

Car sharing is popular in more than 600 cities worldwide, and research has shown substantial environmental benefits. Car sharing reduces total urban driving, reduces household vehicle holdings, and increases walking, cycling and public transport use.

On average, each car share vehicle in the City can replace up to 12 private vehicles that would otherwise compete for parking.

Current membership is approximately 31,485, of which 9,930 are business members.

As of August 2016 there were 195 GoGet car share members within a 250 metre radius of this location with 28 members in Marriott Street, 16 members in Telopea Street, and 17 members in Young Street.

Within a 250 metre radius of this location, there are currently seven spaces allocated for GoGet car share vehicles.

CONSULTATION

The City consulted local residents and businesses in the area. There were 64 letters sent out with one response supporting the proposal and one response opposing the proposal.

FINANCIAL

Funds are available in the current budget.
