DECISION

BACKGROUND

Duffy Kennedy Constructions Pty Ltd has applied for the temporary road closure of Wattle Crescent, Pyrmont between Wattle Street and the dead end on Saturday 4 March 2017 from 7am to 5pm.

COMMENTS

The proposed temporary road closure is required to allow a mobile crane to remove the tower crane at 97-101 Pymont Bridge Road.

The Applicant has provided a site-specific Traffic Control Plan (TCP) that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closure.

There are currently no other approved temporary road closures proposed to take place on the same day in close proximity of this closure.

The temporary road closure will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

A Traffic Management Plan (TMP) for the temporary road closure was approved by Roads and Maritime Services (RMS) on 18 January 2017.

CONSULTATION

The Applicant will be required to notify affected stakeholders as stipulated in Schedule C.

FINANCIAL

All costs associated with the proposed closure will be borne by the Applicant.
