DECISION

BACKGROUND

The City proposes the installation of a raised bicycle crossing in Danks Street, Waterloo, just east of Crystal Street, to provide improved connectivity between two existing Shared Paths along the eastern and northern kerb of Crystal Street.

The raised bicycle crossing will be delivered in conjunction with a previously-endorsed raised pedestrian crossing at the same location. The raised pedestrian crossing in Danks Street, just east of Crystal Street, was endorsed by the Local Pedestrian, Cycling and Traffic Calming Committee (LPCTCC) on 21 June 2017.

COMMENTS

The raised bicycle crossing is located on an existing north-south cycle route linking Zetland and Waterloo with Surry Hills. Use of this cycle link is likely to increase significantly over the next few years as the urban renewal precincts south of Lachlan Street (Lachlan Precinct, Victoria Park, Epsom Park) reach occupation.

CONSULTATION

Local residents and businesses will be notified about the raised bicycle crossing as part of the construction notification for the previously-endorsed raised pedestrian crossing.

FINANCIAL

Appropriate funding for the proposal will be secured once greater certainty on the construction timeline is reached.
