DECISION

BACKGROUND

The City is committed to providing dedicated parking for car sharing across the Local Government Area as part of a Council approved Car Share Policy. A submission has been received from Car Next Door for a car share space in Pitt Street, Redfern, north of Redfern Street.

COMMENTS

The kerb space on the eastern side of Pitt Street, Redfern, where the Car Share space is proposed, is currently signposted as “2P 8am-10pm, Permit Holders Excepted Area 41”.

The car share space will be installed and managed in accordance with the Roads and Maritime Service’s Technical Direction 2007/04 and the provisions of the Council-approved Car Share Policy.

Car sharing is popular in more than 600 cities worldwide, and research has shown substantial environmental benefits. Car sharing reduces total urban driving, reduces household vehicle holdings, and increases walking, cycling and public transport use.

On average, each car share vehicle in the City can replace up to 12 private vehicles that would otherwise compete for parking.

Within a 250 metre radius of this location, there are currently no spaces allocated for Car Next Door car share vehicles.

CONSULTATION

The City consulted local residents and businesses in the area. There were 616 letters sent out with one response supporting the proposal and nine responses opposing the proposal.

The submission supporting the proposal noted that the space would reduce the need for car ownership improve access to car share spaces.

The submissions opposing the proposal noted that the changes could result in too many car share spaces in the area and increase the demand for parking spaces. However, the existing car share spaces nearby have consistently high turnover usage and membership numbers in the surrounding area necessitate further capacity.

FINANCIAL

Funds are available in the current budget.
