At the meeting of the Corporate, Finance, Properties and Tenders Committee on 11 May 2020, a list of vacant City properties was requested.

Vacant property are those City-owned properties that are currently physically empty but otherwise occupiable.

This list does not include City-owned properties which are currently not occupied, leased or being put to other community and /or commercial use and have been defined as unoccupied buildings, that is, those buildings that are currently uninhabitable due to the following circumstances:

- the property is a Capital Works Corporate Plan item, with significant construction activity underway or planned to commence;
- the property is earmarked for imminent upgrade works, scope of such upgrades is often defined during the process of being leased with scope matching the intended end-use;

 the property is listed for delivery of strategic infrastructure and/or allocated for disposal.
