Background

At the meeting of the Housing For All Committee on 19 June 2023, further information was requested about a potential minor amendment to the Planning Proposal: City of Sydney Affordable Housing Program Update (planning proposal) and the draft City of Sydney Affordable Housing Program Amendment 2022 (draft Program) so it could allow any in-kind contributions (physical dwellings) to be distributed in accordance with a distribution plan adopted by Council.

The Sydney Local Environmental Plan 2012 (Sydney LEP), Sydney Local Environmental Plan (Green Square Town Centre) 2013, and Sydney Local Environmental Plan (Green Square Town Centre – Stage 2) 2013 contain provisions allowing an affordable housing levy to be applied to development in various parts of the City. They also allow for an affordable housing levy contribution to be satisfied by way of dedication of dwellings to Council or by way of a monetary contribution. The LEP provisions ‘call in’ the City of Sydney Affordable Housing Program (the Program) to detail the mechanics of the affordable housing scheme, specifically the rates for which a monetary contribution is to be taken to be the equivalent to floor area.

The LEP’s do not currently contain any provisions relating to the distribution of affordable housing funds, nor how affordable housing floor space is to be treated. This detail is contained within the Program. It is currently before Council and the Central Sydney Planning Committee (CSPC) to consider removing information about the distribution of funds from the Program and inserting it into a newly created Distribution Plan.

Under both the current Program and proposed draft Program now under consideration, affordable rental dwellings are to be owned by government or a nominated or Recommended and Eligible CHP (Section 2.1.6). The draft Program goes on to say that in-kind contributions of affordable housing dwellings are to be given/dedicated to a Recommended Community Housing Provider (CHP) as identified in a Distribution Plan (Section 2.9.1).

An Alternative Recommendation is proposed to facilitate amendments to Sections 2.1.6 and 2.9.1 of the draft Program to allow flexibility that should a future Distribution Plan set out requirements for the in-kind dedication of affordable housing, that those requirements would apply, and not those requirements currently set out in the Program.
