

Decision of Local Pedestrian, Cycling and Traffic Calming Committee

18 April 2019

Item 36

Traffic Treatment - Raised Median - Hayes Road, Rosebery

S069640

Recommendation

It is recommended that the Committee endorse the installation of a 2.0 metre wide raised median in Hayes Road, Rosebery between the points 5 metres and 27 metres west of Dalmeny Avenue.

Decision

The Committee carried the recommendation unanimously.

Background

The City's Sustainable Sydney 2030 vision includes commitments to increase tree canopy cover by 50% by 2030, to green our City and improve the amenity of our streets. In 2011, Council adopted the City's Street Tree Master Plan which identifies a range of in-road tree planting sites such as Hayes Road, Rosebery.

A raised median on Hayes Road will present a valuable opportunity to increase tree canopy in the street as well as increasing safety by reducing vehicle speeds. Hayes Road has a 40 km/h speed limit and previously installed central medians nearby have been effective in reducing speeds in the area.
