

Advice of Local Pedestrian, Cycling and Traffic Calming Committee

21 November 2019

Item 37

Traffic Treatment - Continuous Footpath Treatment - Brown Street, Alexandria

2019/486117

Recommendation

It is recommended that the Committee endorse the installation of a continuous footpath treatment in Brown Street, just north of Mitchell Road, Alexandria.

Advice

The Committee unanimously supported the recommendation.

Background

In April 2018, the City developed a Local Area Traffic Management (LATM) plan for Alexandria, Erskineville and St Peters to mitigate the flow of increased traffic from the

WestConnex St Peters interchange. The LATM plan proposed a suite of treatment options including road closures and streetscape improvements to protect local amenity.

The City is now progressing on the approval of several of these treatments, including the introduction of a continuous footpath treatment (CFT) across Brown Street, just north of Mitchell Road.
