

Resolution of Council

29 June 2020

Item 6.8

Exemption from Tender and Contract Extension - Self Insurers Claim System

It is resolved that:

- (A) Council approve an exemption from tender to enter into a three-year agreement for Maintenance and Support of the Self-Insurers Claims System (SIMS) upon the expiry of the current contract;
- (B) Council note the reasons a satisfactory outcome is not possible is due to the following extenuating circumstances:
 - (i) significant time and effort has been expended to tailor the existing solution to the needs of the business, and the cost and effort to move to a new system is prohibitively significant compared with the cost of the three-year exemption;
 - (ii) NTT DATA Figtree Systems Pty Ltd is the sole provider of the relevant maintenance and support, and a competitive tender process is not possible (because it is not possible to get another supplier to support the bespoke solution developed by NTT DATA Figtree Systems Pty Ltd.);
 - (iii) NTT DATA Figtree Systems Pty Ltd was evaluated as best value for money from a competitive tender process, and a repeat tender process is unlikely to yield a different outcome; and
 - (iv) the existing system meets the current needs of the City; and
- (C) authority be delegated to the Chief Executive Officer to negotiate, execute and administer the contract with the supplier NTT DATA Figtree Systems Pty Ltd.

Carried unanimously.
