

## Advice of Local Pedestrian, Cycling and Traffic Calming Committee

**18 March 2021**

### Item 29

#### Traffic Treatment - Speed Cushions - Bulwara Road, Ultimo

2021/004574

#### Recommendation

It is recommended that the Committee endorse the installation of speed cushions in Bulwara Road, Ultimo, at the points (approximate distances) 60 metres, 100 metres, 230 metres and 290 metres, north of William Henry Street.

#### Advice

The Committee unanimously supported the recommendation.

#### Background

The City has received requests from residents seeking support for traffic calming measures

in Bulwara Road between William Henry Street and Fig Street.

The residents raised concerns about vehicles speeding and utilising Bulwara Road as a short-cut to access the northern parts of Ultimo/Pymont.

At the 6 August Ultimo Village Voice (UVV) community meeting the City presented two proposals for Bulwara Road. A Shared Zone with a slow point (meandering treatment) and an alternative proposal, additional Speed Cushions, with agreement reached for the City to progress with the development of the additional Speed Cushion proposal. This position was re-affirmed at the 5 November 2020 UVV community meeting.
