Reasons for Decision

The application was approved for the following reasons:

- (A) The proposal is consistent with the applicable strategic planning framework by providing a new school and community facilities to support the recent housing growth experienced within the Eastern City and specifically the Green Square – Mascot Strategic Centre / growth area.
- (B) The Applicant has undertaken a competitive design process in accordance with the City's policy, to which the proposed development is generally consistent. The Applicant has retained the majority of key features identified for retention by the Competition Jury and where not the proposed change has been adequately justified. Further the scheme has adequately resolved matters identified by the Jury for further resolution.
- (C) The development is permissible in the zone in accordance with the requirements of SSLEP 114, is in accordance with the requirements of GSTC DCP 2012 (although this technically does not apply to SSD) and responds appropriately to heritage items on the site and in the vicinity.
- (D) The application demonstrates design excellence.
- (E) The development is anticipated to create 227 construction and 50 ongoing operational jobs.
- (F) The development has provided sufficient information to address the SEAR.
- (G) All other issues have been appropriately addressed by recommended conditions of consent.
- (H) Condition B9 was amended to require additional planters/green walls at the services wall to both the southern and eastern rooftops, and to specify new trees on the ground level.

Carried unanimously.
