Advice

The Committee unanimously supported the recommendation and noted that a review will be undertaken one month after the installation of the Works Zone, the outcome of the review will be reported back to the Chairperson.

Background

The City invited feedback in December 2022 to evaluate the effectiveness of trial parking changes implemented in July 2022 to improve traffic and parking conditions during school afternoon pick-up times at the Sydney Church of England Girls' Grammar School (SCEGGS) in Forbes and Bourke Streets, Darlinghurst.

The redevelopment of SCEGGS Wilkinson House is a State Significant Development (SSD-19989744) and conditional development consent was granted by NSW Department of Planning in August 2022.

In accordance with the development consent conditions, Grindley Constructions Pty Ltd has prepared a Construction Traffic and Pedestrian Management Plan (CTPMP) to document traffic and pedestrian management arrangements around the site. The CTPMP proposes a 21 metre Works Zone in Forbes Street in front of Wilkinson House, and conversion of some of the pick up and drop off spaces on the western side of Forbes Street to bus parking.
