## Item 3.1

### Vale Yunupingu AM

File No: S051491

#### Minute by the Lord Mayor

To Council:

On the morning of our last Council meeting on 3 April 2023, we learned that Dr Yunupingu AM had passed away.

Yunupingu, as he was universally known, was a leader, activist, linguist, artist and musician. A member of the Gumatj clan of the Yolngu people, he was born at Melville Bay, near Yirrkala in northeast Arnhem Land, Northern Territory on 30 June 1948.

He had his first taste of politics at the Yirrkala mission school where he took on the role of "prime minister in the 'school parliament'". Yunupingu then spent two years as a teenager at Brisbane Bible College where he discovered a skill for translation, which he later put to good use.

At 16, he helped draft the Yirrkala bark petitions that asserted that the Yolngu people owned land over which the Federal Government had granted mining rights to a private company, Nabalco. In response, an Australian Government Parliamentary Select Committee recommended that the Yirrkala people should be compensated for loss of their traditional occupancy. The Northern Territory Government ignored the recommendation and unilaterally revoked part of the Yirrkala Aboriginal reserve in order to enable Nabalco to develop the mine.

In 1968, the decision was challenged in the Northern Territory Supreme Court in what became known as the "Gove land rights case". Judge Blackburn had to determine whether Aboriginal customary ownership was an enforceable proprietary right under Australian law. Yunupingu and another Bible college trainee, Wulanybama Wunungmurra, translated the Yolngu testimonies of customary law into English. Although the legal challenge was unsuccessful, Yunupingu contributed significantly to the judge's grasp of Yolngu customs. This gave Yunupingu and the Yolngu clans unprecedented credibility and led to bipartisan moves to establish Aboriginal land rights through legislation.

In 1975, Yunupingu joined the Northern Land Council which in 1976 became a representative body with statutory authority under law.

Yunupingu became Chair in 1977, a position he held until 1980 and then again from 1983 until 2004. Yunupingu led negotiations with mining and government bodies with the aim of ensuring that mining was conducted on the traditional owners' terms, including respect for the land and specific sacred sites and a fair distribution of the economic benefits. Yunupingu insisted: "We will continue to fight for the right to make our own decisions about our own land".

In 1978, he was named Australian of the Year for his Aboriginal land rights work. He saw the award as a breakthrough for Aboriginal people: "We are at last being recognised as the indigenous people of this country who must share in its future." In 1985, he was made a Member of the Order of Australia.

Yunupingu's commitment to Aboriginal self-determination continued in 1988 when he and Wenten Rubuntja presented the "Barunga Statement" - a 1.2 square metre painting which set out Aboriginal political objectives. The then Prime Minister, Bob Hawke, responded by committing his Government to a treaty between Aboriginal and other Australians by 1990, a commitment he failed to honour.

Yunupingu sometimes joined his younger brother Mungurrawuy in the band Yothu Yindi playing bilma (clapsticks) and guitar. In 1990, the group established the Yothu Yindi Foundation to promote Yolngu cultural development.

The Foundation held its first Garma Festival in 1999, with the name taken from the Yolngu word meaning "two-way learning process" and has become Australia's largest Indigenous cultural gathering, attracting over 2,500 attendees each year.

In his 2019 Garma speech, two years after the Uluru Statement of the Heart, Yunupingu called for significant constitutional reform, saying "Constitution is a right close to Aboriginal people's hearts, and mine."

Later that year, the then Minister for Indigenous Australians, Ken Wyatt announced a co-design process for an "Indigenous voice to government" and established a Senior Advisory Group with Yunupingu as a member. Yunupingu also advised the Government on the referendum as part of the Referendum Working Group.

While Yunupingu never lived to see the First Peoples recognised in Australia's Constitution, his long-term dream of a bilingual school for children was realised in his home community of Gunyangara.

Yunupingu approached his own life and place in the world with clarity. He once said:

"My inner life is that of the Yolngu song cycles, the ceremonies, the knowledge, the law and the land. This is yothu yindi. Balance. Wholeness. Completeness".

## **Recommendation**

It is resolved that:

- (A) all persons attending this meeting of Council observe one minute's silence to mark the life of Dr Yunupingu AM and his outstanding contribution to the advancement of Australia's First Peoples, Aboriginal culture, heritage, land rights and economic development and the cause of reconciliation;
- (B) Council express its condolences to Dr Yunupingu's family; and
- (C) the Lord Mayor be requested to convey Council's sincere condolences to Dr Yunupingu's family.

### Item 3.3

## Damaging Increase in Emergency Services Levy Costs

**File No: S051491**

### Minute by the Lord Mayor

To Council:

I am calling on Council to support representations to the NSW Government in response to the highly damaging increase in the Emergency Services Levy (ESL) imposed on all councils, and withdrawal of the annual subsidy, without warning, for the 2023/24 financial year.

#### Background

The Emergency Services Levy is a cost imposed on councils and insurance policy holders to fund the emergency services budget in NSW. The majority is paid as part of insurance premiums, with a further 11.7 per cent funded by councils and 14.6 per cent by the NSW Government.

In the 2019/20 financial year, legislative changes increased councils' contribution to the Emergency Services Levy. In recognition that this change significantly impacted the financial sustainability of many councils, the NSW Government has been providing "one-off" subsidies to offset these growing levies each year, which helped minimise the financial impacts to councils.

The City received a subsidy of \$1.07M for the 2022/23 financial year, which was 19.3 per cent of the City's total contribution of \$5,561,515 to the Emergency Services Levy for that year.

#### Financial impacts

The NSW Government's recent decision to both substantially increase the Emergency Services Levy and withdraw subsidies for councils is an unexpected cost hit that will eat into any Independent Pricing and Regulatory Tribunal (IPART)-approved rate rise. Increases in rates will now have to be diverted to the significantly higher Emergency Services Levy payments this year.

Councils are already under massive financial pressure from the combined impact of the pandemic, extreme weather events, high inflation, and wage increases.

The levy increase for the state's 128 councils in 2023/24 amounts to almost \$77 million, with the total cost imposed on the local government sector increasing from \$143 million in the current financial year to \$219 million next year.

This represents a 53.1 per cent increase, completely dwarfing the Independent Pricing and Regulatory Tribunal (IPART) baseline rate peg of 3.7 per cent for 2023/24.

For the City, the new levy represents an increase of \$2,115,595, which is 32 per cent of the City's total contribution (\$6,602,257) for 2023/24. This amounts to 17.5 per cent of the City's expected increase in rate income for 2023/24.

If the NSW Government's decision is not reversed, over time this unfair increase will ultimately impact council's financial position and our capacity to provide the services and infrastructure that our community requires.

The timing of the announcements by the NSW Government is particularly challenging for councils as it comes so late in the local government budgeting cycle, well after IPART's rate determination for the coming financial year, and after councils have prepared their draft budgets for consultation with their communities.

Reporting suggests that the increase in costs this year reflects a 73 per cent increase in the State Emergency Service budget and an 18.5 per cent funding increase to Fire and Rescue NSW.

All councils strongly support a well-funded emergency services sector and the critical contribution of emergency services workers and volunteers (many of whom are councillors and council staff). However, it is essential that these services be supported through an equitable, transparent, and sustainable funding model.

With the support of Local Government NSW, I recommend that Council call on the NSW Government to take immediate action to:

- (i) restore the Emergency Services Levy subsidy;
- (ii) decouple the Emergency Services Levy from the rate peg to enable councils to recover the full cost; and
- (iii) develop a fairer, more transparent, and financially sustainable method of funding critically important emergency services.

I also recommend that the Chief Executive Officer make representations to the Independent Pricing and Regulatory Tribunal (IPART) advising of the financial sustainability impacts of the Emergency Services Levy, and that I write to the President of Local Government NSW requesting their ongoing support for councils on this matter.

## **Recommendation**

It is resolved that:

- (A) the Lord Mayor be requested to write to the Treasurer, the Minister for Emergency Services, the Minister for Local Government and local Members:
  - (i) expressing Council's strong opposition to the NSW Government's decision to impose an enormous Emergency Services Levy (ESL) cost increase on councils for 2023/24, and for scrapping the Emergency Services Levy subsidy for councils;
  - (ii) noting that as a consequence of the unannounced 73 per cent increase in the State Emergency Service budget and an 18 per cent increase in the Fire and Rescue NSW budget, Council's 3.7 per cent rate increase to provide essential community services and infrastructure has been significantly eroded;

- (iii) advising that the NSW Government's decision may impact Council's ability to deliver important local services and necessary infrastructure in the long term; and
- (iv) calling on the NSW Government to take immediate action to:
  - (a) restore the Emergency Services Levy subsidy in 2023/24;
  - (b) urgently introduce legislation to decouple the Emergency Services Levy from the rate peg to enable councils to recover the full cost (in future years); and
  - (c) develop a fairer, more transparent and financially sustainable method of funding critically important emergency services in consultation with local government;
- (B) the Chief Executive Officer be requested to write to the Chair of the Independent Pricing and Regulatory Tribunal (IPART) advising that Council's forced emergency services contribution is manifestly disproportionate to the 2023/24 rate cap, which has resulted in additional financial stress; and
- (C) the Lord Mayor be requested to write to the President of Local Government NSW seeking the Association's ongoing advocacy to bring about a relief in the burden of Councils' emergency services contribution.

**Item 4.1****City of Sydney Campaign to Support the Voice to Parliament****File No: X094852.004****Memorandum by the Chief Executive Officer**

To Council:

Council resolved to support a “Yes” vote in the Voice to Parliament referendum through a program of information, awareness, communications, events and community support.

This memorandum provides Council with an overview of the City’s proposed campaign activities to support the Voice to Parliament and notes funding has been allocated for key elements of the campaign that will be undertaken to implement the Council resolutions as set out below. This includes value in kind sponsorship for three significant events in landmark venues (through value in-kind sponsorship for venue hire).

**Background**

The Federal Government intends to hold a constitutional referendum for the establishment of a Voice to Parliament. To commence a referendum, a Bill is required that sets out the question to be determined to pass both the House of Representatives and the Senate, or to pass twice through one of those houses three months apart. Therefore, the final timing and details of the referendum will not be known until this occurs.

Once a Bill has been passed, writs can be issued, and a referendum will be held. It is most likely that this referendum will take place later this year.

Activities in the six-month period prior to the writ being issued are required to comply with the Referendum (Machinery Provisions) Act 1984, particularly around the authorisation and publication of material intended or calculated to affect the result of a referendum.

The City will ensure the campaign to support the Voice will comply with legislative requirements, including any required authorisation of referendum material and reporting in relation to expenditure on the campaign.

The City was a major sponsor of the Sydney Peace Prize which recognised the Uluru Statement from the Heart. The City provided free tickets to Aboriginal and Torres Strait Islander community leaders and representatives to attend.

This campaign implements Action 4.9 of the City’s Stretch Reconciliation Action Plan, which commits the City to consult the Aboriginal and Torres Strait Islander community about the Uluru Statement from the Heart to identify appropriate ways to support their aspirations.

This campaign also responds to the following Resolutions of Council:

**22 June 2022 – Item 3.1 – 2022 Federal Election**

- (a) develop a resource kit for communities seeking to hold public forums to inform communities about the proposed referendum, and consider allowing City venues to be used for this purpose at reduced or no cost;

**22 August 2022 - Item 3.2 – Progressing the Uluru Statement from the Heart**

- (b) investigate options for the City to conduct a campaign in support of the “yes” vote in the proposed constitutional referendum;
- (c) investigate opportunities to use our library system, communications, talks programs and other means to advance the truth-telling aspirations of the Uluru Statement of the Heart and Reconciliation Australia;

**20 February 2023 – Item 13.11 - Progressing the City's Campaign to Support the Voice to Parliament Referendum**

- (d) investigate working with and providing support, including financial support and access to City venues, to recognised community organisations who actively support and campaign for a “Yes” vote;
- (e) where appropriate, share information, resources and materials about the Uluru Statement of the Heart and Voice to Parliament;
- (f) note that the Chief Executive Office is developing a plan setting out action the City may take in support of a “Yes” vote for consideration by Council;
- (g) bring the plan referred to Item 13.11 (A) (iv) above to Council as soon as possible for consideration;
- (h) investigate the following for possible inclusion in the plan: working with and providing support, including financial support and access to City venues, for recognised community organisations who actively support and campaign for a “Yes” vote;
- (i) investigate the following for possible inclusion in the plan: where appropriate, sharing information, resources and materials about the Uluru Statement of the Heart and Voice to Parliament;

Free access to community venues for small-scale events by eligible community groups is provided under the Council resolution that:

**12 December 2022 – Item 11.4 - Extension of Free Hire of Community Spaces for Local Community Groups**

- (a) Council included in the 2022/23 budget that venue hire be waived, and public liability insurance coverage be provided for free, for local community groups;

- (b) the Council decision provided free use of community halls, meeting rooms and other community spaces for not-for-profit groups, where a group resides in or provides services largely to communities in the City of Sydney. That is: incorporated associations and unincorporated associations whose membership base and purpose is within the City of Sydney Local Government Area. Government agencies, political parties, and groups who do not reflect the Inclusion and Equity principles in the City of Sydney's Community Strategic Plan and other City of Sydney plans such as our Stretch Reconciliation Action Plan and Inclusion (Disability) Action Plan are not included.

The 2022/2023 Quarter 3 Review – Delivery Program 2022-2026 report currently before Council seeks Council approval for value-in-kind sponsorships to up to three not-for-profit community organisations, unincorporated community groups or individuals auspiced by a not-for-profit organisation to host free public events of over 500 attendees to support the “yes” campaign. These value-in-kind sponsorships of up to \$30,000 plus GST per event will contribute towards the venue hire, equipment hire and staffing fees only associated with using an appropriate City venue, which may include Sydney Town Hall, Lower Town Hall or Paddington Town Hall (pending availability).

The City will prioritise care and compassion for the local Aboriginal and Torres Strait Islander community, being mindful of potential negative ramifications for community members. The City will actively discourage any discrimination or racism and will uphold the principles of self-determination. Respectful dialogue will be encouraged in all activities related to the referendum.

### **Financial Implications**

The campaign will be funded by Strategic Development and Engagement and City Life budgets across savings in the 2022/23 operational budget and included in the draft 2023/24 budget currently before Council.

### **Relevant Legislation**

- (a) Commonwealth of Australia Constitution Act.
- (b) Commonwealth Electoral Act 1918.
- (c) (Cth) Referendum (Machinery Provisions) Act 1984 as amended by the (Cth) Referendum (Machinery Provisions) Amendment Act 2023.
- (d) Local Government Act 1993 s 356 relating to the provision of financial assistance.

### **Critical Dates / Time Frames**

The date of the referendum, details and official materials will be provided by the Federal Government once all relevant Bills have been passed.

## Recommendation

It is resolved that Council:

- (A) endorse the City's communications and engagement activities to support the 'yes' campaign for the Voice to Parliament, including street banners, utilising library resources and community centres, providing information to the community through workshops and normal communications channels and a CityTalk event;
- (B) note the cost of the communications and engagement campaign will be approximately \$260,000, with additional costs of up to \$90,000 to support up to three not-for-profit community events in venues, \$160,000 in revenue foregone for street banners and \$20,000 for community centre venues. The total value of revenue foregone for referendum-related use will be reported to Council alongside other community use as a supplementary report to the Operational Plan;
- (C) note that information about the referendum will be provided to City staff, and that support will be provided to enable a safe, respectful and non-discriminatory work environment during this time;
- (D) note that the 2022/2023 Quarter 3 Review – Delivery Program 2022-2026 report before Council seeks endorsement for provision of value in kind sponsorship for up to three public events related to the referendum as set out in that report;
- (E) note the free venue hire of community spaces and free public liability insurance coverage, as endorsed by Council on 12 December 2022, to enable local community groups to host small-scale events and activities at City of Sydney facilities that provide opportunities for the community to discuss the referendum and Uluru Statement of the Heart - Truth, Treaty and Voice. The total value of revenue foregone for referendum-related use will be reported to Council alongside other community use as a supplementary report to the Operational Plan;
- (F) endorse the Lord Mayor to authorise any material that requires authorisation, subject to any applicable legal obligations;
- (G) note that in implementing this campaign, the City will prioritise care and compassion for the local Aboriginal and Torres Strait Islander community, being mindful of potential negative ramifications for community members. The City will actively discourage any discrimination or racism and will uphold the principles of self-determination. Respectful dialogue will be encouraged in all activities related to the referendum; and
- (H) note that the City may be required to report and declare any financial assistance provided in accordance with the applicable legislation from time to time.

### Item 6.13

#### Exemption from Tender - Resilience Data Platform

It is resolved that:

- (A) Council approve an exemption from tender in accordance with section 55(3)(i) of the Local Government Act 1993 for the Resilience Data Platform for up to seven years following a Request for Information process demonstrating that:
  - (i) no comparable off-the-shelf licencing product exists; and
  - (ii) development of a comparable service would introduce significant additional cost and increased risk to the City;
- (B) Council note that a satisfactory result would not be achieved by inviting tenders for this work because:
  - (i) the Data Analysis and Reporting CCAP City tool that underpins the Resilience Data Platform services remains a unique service offering in the market;
  - (ii) the cost to invite tenders and to develop a potential alternative proprietary solution would require a significant additional investment from the City and its partner metropolitan councils using the tool, particularly with respect to staff time and resourcing across all parties; and
  - (iii) the current services provided are fit for purpose and represent value for money to the City;
- (C) authority be delegated to the Chief Executive Officer to negotiate, execute and administer the contract(s) relating to the Resilience Data Platform on terms acceptable to the City, for a period of up to seven years (a term of three years with the two options for extension of two years each, if appropriate) and for the total contract sum detailed in Confidential Attachment A to the subject report; and

Moved by Councillor Davis, seconded by the Chair (the Lord Mayor) –

That the Minutes of the meeting of the Resilient Communities Committee of Monday 13 February 2023, as circulated to Councillors, be confirmed.

Carried unanimously.

## Item 7.2

### Statement of Ethical Obligations and Disclosures of Interest

Councillor (Waskam) Emelda Davis disclosed a less than significant, non-pecuniary interest in Item 7.3 on the agenda, in that she has known:

- Wyanga Aboriginal Aged Care Program Inc through her personal involvement when they provided her mother's aged care.
- Tribal Warrior Aboriginal Corporation as Auspice for First Nations response through her personal involvement with community, cultural and social activities.
- Mudgin-Gal Aboriginal Corporation through her personal involvement with Australian South Sea Islander – Port Jackson (ASSIPJ) advocacy work.
- Jacqui North and Seini SistaNative who both worked on the (Sarah Anne Malone) Slave by Sea and Land, the surviving and thriving Descendants project through her previous career in the film and television industry.

Councillor Davis stated that she would not be voting on this matter.

Councillor Linda Scott disclosed a less than significant, non-pecuniary interest in Item 7.3 on the agenda, in that she knows a number of the members of the organisations who have applied, both successfully and unsuccessfully, including Auntie Norma Ingram, who ran as a Labor candidate in the previous local government elections, who is associated with Wyanga Aged Care, and Shane Phillips, community member, who is associated with Tribal Warrior.

Councillor Scott considers that this non-pecuniary conflict of interest is not significant and does not require further action in the circumstances because none of these people or organisations have spoken with her about their grants, and recommendations have been made to council by City staff independently from Councillors.

No other Councillors disclosed any pecuniary or non-pecuniary interests in any matters on the agenda for this meeting of the Resilient Communities Committee.

The Resilient Communities Committee recommends the following:

### **Item 7.3**

#### **Grants and Sponsorship - Aboriginal and Torres Strait Islander Collaboration Fund**

It is resolved that:

- (B) Council note the applicants who were not recommended in obtaining a cash grant for the Aboriginal and Torres Strait Islander Collaboration Fund program as shown at Attachment B to the subject report;
- (C) Council note that all grant amounts are exclusive of GST;
- (D) authority be delegated to the Chief Executive Officer to negotiate, execute and administer agreements with any organisation approved for a grant or sponsorship under terms consistent with this resolution and the Grants and Sponsorship Policy; and
- (E) authority be delegated to the Chief Executive Officer to correct minor changes to the matters set out in this report, noting that the identity of the recipient will not change, and a CEO Update will be provided to Council advising of any changes made in accordance with this resolution.

(Note – at the meeting of the Resilient Communities Committee, this recommendation was moved by the Chair (the Lord Mayor), seconded by the Councillor Scott and carried unanimously.)

**Item 8.1**

**Confirmation of Minutes**

Moved by Councillor Chan, seconded by the Chair (the Lord Mayor) –

That the Minutes of the meeting of the Transport, Heritage, Environment and Planning Committee of Monday 27 March 2023, as circulated to Councillors, be confirmed.

Carried unanimously.

**Item 8.2****Statement of Ethical Obligations and Disclosures of Interest**

Councillor HY William Chan made the following disclosures:

- a pecuniary interest in Item 8.4 on the agenda, in that he is an employee of University of Sydney.

Councillor Chan stated that he would not be voting on this matter.

- a less than significant, non-pecuniary in Item 8.6 on the agenda, in that he previously worked on Transport for NSW's Sydney Metro West urban design and master planning, including for Hunter Street station.

Councillor Chan considers that this non-pecuniary conflict of interest is not significant and does not require further action in the circumstances because his involvement was for the Metro stations only, and he was not involved in the over station developments relevant to this item.

Councillor Shauna Jarrett disclosed a less than significant, non-pecuniary interest in Item 8.3 on the agenda, in that her husband, the Hon. Greg Pearce, is a Director of Venues NSW.

Councillor Jarrett considers that this non-pecuniary conflict of interest is not significant and does not require further action in the circumstances because this has already been declared.

No other Councillors disclosed any pecuniary or non-pecuniary interests in any matters on the agenda for this meeting of the Transport, Heritage, Environment and Planning Committee.

#### **Officer's Recommendation**

The officer's recommendation to the Transport, Heritage, Environment and Planning Committee was as follows -

It is resolved that Council:

- (A) note that on 17 May 2021, Council endorsed a Review of Environmental Factors and approved the operation and use of the Moore Park Road and Fitzroy Street pop-up cycleways until May 2023;

- (D) approve the Chief Executive Officer signing the determination associated with the exhibited Review of Environmental Factors for continued operation and use of the Moore Park Road and Fitzroy Street pop-up cycleways for the following reasons:
  - (i) the City is the self-assessment authority for the projects and holds the authority to assess and grant approval to activities under Part 5 of the Environmental Planning and Assessment Act 1979;
  - (ii) the proposed projects identified in the Review of Environmental Factors is an "activity" under Division 17 (Road infrastructure facilities) within State Environmental Planning Policy (Transport and Infrastructure) 2021. The activity constitutes in part "exempt development" and in part activities that are "development that is permissible without consent" and therefore Part 5 of the Environmental Planning and Assessment Act 1979 applies;
  - (iii) the Review of Environmental Factors has been carried out for the proposed activity to address the environmental impacts of the temporary retention of the pop-up cycleway in accordance with Clause 171 of the Environmental Planning and Assessment Regulation 2021; and
  - (iv) subject to compliance with the mitigation measures outlined in the Review of Environmental Factors, the proposed activity will not result in a significant impact on the environment and may be approved under Part 5 of the Environmental Planning and Assessment Act 1979.

  - (b) overdue domestic waste collection service; and
  - (c) overdue street cleaning services.
5. When will the briefing on the waste contract review be?
6. What are the different sized trucks currently operated by Cleanaway? Are they able to service Thompson Street and Shorter Lane in Darlinghurst?
7. Has the Lord Mayor met with the Transport Workers Union?
8. Is there further industrial action currently anticipated?
9. Has the City or the Lord Mayor agreed to a public meeting to address the industrial action and the related waste collection issues happening in the City?
10. What communication services is the City using to the inform residents about the waste collection service and its interruptions?
11. How many depots did the City own before November 2019 and where were they located?
12. How many of these depots has the City sold since? If so, how much for?

13. For the City to insource waste again, what are the depot requirements and what is the estimated budget required?
14. Has the City of Sydney investigated the following Cleanaway issues occurring as outlined in the Transport Workers Union letter to Council? If so, what information was found and what action was taken about:
  - (a) water pollution events;
  - (b) environment breaches;
  - (c) license condition breaches which posed a high risk of damage to the environment;
  - (d) no pay increase for over a year;
  - (e) worker's right to vote to take protected industrial action;
  - (f) engaging with individual workers instead of their nominated bargaining representative;
  - (g) failure to follow directions/orders of the Fair Work Commission relating to the conduct of a protected action ballot at City of Sydney and Cleanaway's Erskine Park Commercial site, which resulted in a delay in the ability for some workers to take protected industrial action.
15. Has the City of Sydney investigated the following outstanding matters that are preventing the industrial dispute being resolved? If so, what information has been found and what action has been taken?
  - (a) base wage rates for waste workers under the City of Sydney Contract are 13 to 14 per cent lower than the same workers performing identical work for other councils throughout metropolitan Sydney.
  - (b) variance in ordinary hour and rostering arrangements across Australia, with arrangements that are drastically below Award conditions and could result in unsafe working conditions, such as:
    - (i) eliminating the 8-hour working day by introducing the requirement for workers to work 9.5-hour ordinary days, reducing overtime penalties awarded for over 8 hours of work;
    - (ii) the ability to "average 38-hour ordinary hour weeks" over extended periods (three to 12-month periods), meaning worker's hours could be sporadic, insecure and unsafe, with the ultimate goal to manipulate workers' rosters to reduce Cleanaway's requirement to pay overtime; and
    - (iii) forcing workers to work weekends regularly without existing overtime penalties applying;
  - (c) Cleanaway have refused to increase Award based allowances in line with minimum increases ordered by the Fair Work Commission over the life of the agreement, resulting in allowance being paid less than the Modern Award;

- (d) Cleanaway refuse to allow workers access to fair and reasonable representation by the Transport Workers Union by:
  - (i) limiting workers' access to the Fair Work Commission to resolve industrial disputes; and
  - (ii) refusing to allow the Transport Workers Union the opportunity to train and advise workers of their industrial rights during an induction process.

#### Protecting Explorer Street Public Housing

By Councillor Scott

It is resolved that:

- (A) Council note:
- (i) Explorer Street currently includes 46 town house formation social housing residences;
  - (ii) the Explorer Street area is mixed between social housing and public open space maintained by the City of Sydney but partly owned by the Land and Housing Corporation;
  - (iii) the former Liberal NSW Government began exploring the rezoning and redevelopment of the Explorer Street social housing estate;
  - (iv) the area proposed for rezoning includes social housing dwellings on Explorer Street and Aurora Place, but not nearby properties in Rowley Street managed by Bridge Housing;
  - (v) feedback provided by the community in 2020 will inform the rezoning proposal;
  - (vi) the community will also have the opportunity to provide further input on the future of the precinct before rezoning can occur;
  - (vii) onsite engagement was limited during the 2020 consultation due to Covid-19 restrictions, hence limiting the quality and quantity of residential feedback;
  - (viii) the current proposed target sent to residents is to develop the site to 420 dwellings, with 30 per cent of those being social housing;
  - (ix) the Land and Housing Corporation (LAHC) is continuing under the advice and vision of the previous Liberal NSW Government that sought to sell off social housing; and
  - (x) the current Labor NSW Government has committed to not sell off any more social housing residences;
- (B) Council support the preservation of the Explorer Street Public housing site as wholly public and affordable housing; and

#### Lighting in Joynton Park

By Councillor Jarrett

It is resolved that:

(A) Council note:

- (i) as a response to community requests, the City of Sydney launched a six-month lighting trial in Joynton Park in April 2022 whereby they installed five solar powered light towers to extend the usable hours of the park during winter and to make it safe and enjoyable for everyone;
- (ii) the lights in the trial were turned on from 5:00pm to 10:00pm every night in line with the policies for other parks within the City;
- (iii) within the 20 February 2023 Council papers by means of a Question on Notice (QON), Councillor Jarrett enquired into the City's lack of definitive action regarding the permanent installation of lighting at Joynton Park, particularly in regard to the upcoming winter of 2023, with the following questions:

*Is an update available regarding the park lighting trial outcome following the removal of this lighting?*

*Has any additional community consultation occurred or will additional community consultation occur regarding the potential installation of permanent lighting?*

- (iv) the City's response to the aforementioned questions was that:

*the feedback and impacts (increased wear, turf damage during winter when it is dormant, increased maintenance, closure time) of the lighting trial at Joynton Park are currently being assessed and a report back to Councillors will occur through the CEO Update by mid-year. This will include details of further community consultation.'*
- (v) as indicated by the City's response, there will be no lighting in place in Joynton Park for winter 2023 as the trial lights have been removed and the impacts of the trial will not be reported back to Council until the mid-year, during the middle of winter;
- (vi) community feedback has indicated that there has been no community consultation undertaken by the City with residents of the area since the end of the lighting trial in October 2022; and

- (vii) constituents have expressed deep concern regarding the safety and usability of Joynton Park during winter 2023 if there is no lighting installed, as winter is the darkest time of the year and therefore, there is an increased risk to residents accessing Joynton Park; and
- (B) the Chief Executive Officer be requested to:
- (i) re-install the temporary lighting in Joynton Park that was used in the April 2022 lighting trial before 1 June 2023, regardless of whether the feedback and impacts of the previous lighting trial has been reported back to Council, in order to ensure that the park will have accessible lighting prior to the beginning of winter;
  - (ii) consult with the Zetland community to ensure the concerns of the residents are understood and reflected in the report of the lighting trial from 2022 and in the re-installation of the lighting for winter 2023;
  - (iii) expedite the report of the previous lighting trial to report back to Council in a timely manner; and
  - (iv) engage the Zetland community to discuss installation of similar temporary lights at Tote Park and Nuffield Park to aid community safety and utility of these spaces during the dark winter months.

#### Housing For All Strategy and Committee Review

By Councillor Jarrett

It is resolved that:

(A) Council note:

- (i) the housing affordability crisis that has impacted Australia, and most notably Sydney, for the past few years, is a crisis that the City of Sydney cannot turn a blind eye to;
- (ii) in alignment with the City of Sydney's Local Housing Strategy: Housing for All, Sustainable Sydney 2030-2050, the City maintains a target that 7.5 per cent of all private dwellings should be affordable housing by 2036;
- (iii) based on a private dwelling target of 160,000 by 2036, an estimated 12,000 affordable dwellings are required to achieve the City's 2036 target;
- (iv) the City's 'ambitious' target of 7.5 per cent is a figure that was originally a quota that was to be met in 2030 under the original long-term strategy, Sustainable Sydney 2030, where it was listed as Target 4;
- (v) however, the City of Sydney has recognised that it will not meet this goal by 2030 and has since moved the target to allow completion by 2036;
- (vi) the aggregation of built, pipeline, expected and projected affordable housing dwellings equals around 4,200 affordable rental dwellings and affordable diverse dwellings by 2036. This is about a quarter of the 12,000 affordable housing dwellings needed to achieve the City's target for 7.5 per cent of all private housing to be affordable housing;
- (vii) on 4 May 2023, the Sydney Morning Herald released an article dubbed 'City of Sydney Council's Housing Affordability Taskforce Still MIA' whereby it noted that the City's Housing for All Committee has not met since June 2022;
- (viii) there have not been any recommendations put to Council under the Housing for All Committee since the June 2022 Council meeting which merely involved recommendations for Council to approve:
  - (a) Planning Proposal – City of Sydney Affordable Housing Program Update for submission to the Department of Planning and Environment, and public consultation and exhibition;
  - (b) the draft City of Sydney Affordable Housing Program Amendment 2022; and
  - (c) the draft City of Sydney Affordable Housing Contributions Distribution Plan;

- (ix) the Housing for All Committee is now listed to convene for the first time since June 2022, at the June 2023 Council meeting, however their recommendations have not yet been announced; and
- (B) the Chief Executive Officer be requested to:
  - (i) refer the Housing for All Committee to the Audit, Risk and Compliance Committee to conduct a review into the obligations and targets of the City of Sydney's Housing for All Committee;
  - (ii) report back to Council as to why the Housing for All Committee has only provided recommendations to Council once in the past year (in June 2022); and
  - (iii) report back to Council on the progression of the City of Sydney's housing targets and whether the City of Sydney has adequately met its targets.

#### Short Term Rental Accommodation City of Sydney

By Councillor Ellsmore

It is resolved that:

(A) Council note:

- (i) there is a shortage of rental accommodation within the City of Sydney. Short term rental accommodation (such as AirBnB) contributes to the shortage of rental housing supply, where it converts properties that would otherwise be available for long term rental into short-stay accommodation;
- (ii) low vacancy rates are contributing to skyrocketing rents. Rents for units across the Local Government Area have increased by 27 per cent in Zetland, 29.5 per cent in Chippendale and 20.0 per cent in Glebe (in the 12 months to March 2023);
- (iii) according to independent platform Inside AirBnB, as of May 2023, there were 5,019 listings of short-term rentals in the City of Sydney Local Government Area - 3,493 of which were entire homes or apartments. The average stays are getting longer – 59 nights for an un-hosted property, up from 39 nights this time last year;
- (iv) The Guardian reports that short term rentals have surged since 2021 – with the City of Sydney being one of the top five Local Government Areas in terms of numbers of rentals;
- (v) local councils have limited powers to regulate short-term rentals. There is an 180-day annual cap for non-hosted accommodation, and accommodation managers are required to register with the Department of Planning and Environment;
- (vi) however, many properties in the City of Sydney Local Government Area are not registered. As of 9 May 2023, only 2,660 properties were listed on the State's (STRA) register - 1,766 of these are non-hosted; and
- (vii) in April 2023, the Independent Planning Commission provided formal planning advice to the NSW Government in support of the ability of Byron Bay Council to impose a 60-day annual cap on short-term rentals, as a measure to address housing availability and affordability;

(B) the Chief Executive Officer be requested to:

- (i) investigate the impact that short term rental accommodation is having on rental affordability and availability in the City of Sydney Local Government Area;

- (ii) consider best practice responses to better regulate short-term letting, where it is exacerbating housing shortages and contributing to unaffordability; and
  - (iii) provide advice to the Housing for All Working Group and the Council; and
- (C) the Lord Mayor be requested to join with other NSW Mayors by writing to the NSW Minister for Planning Paul Scully, to seek greater authority for councils to regulate local short-term letting.

#### Budget Support for the City's Housing for All

By Councillor Ellsmore

It is resolved that:

(A) Council note:

- (i) the City of Sydney's Community Strategic Plan (Delivering Sustainable Sydney 2030–2050) includes 'Housing for all' as one of the City's ten Strategic Directions. The City's vision under this Strategic Direction is "for a city where everyone has a home (and) social, affordable, and supported housing is available";
- (ii) the City has established targets of 7.5 per cent affordable housing and 7.5 per cent social (including public) housing across the Local Government Area by 2036 (maintained to 2050). The benchmark for affordable housing was 1.1 per cent in June 2021. Since 2021 housing affordability has gone backwards significantly in the Local Government Area;
- (iii) in the draft 2023/24 City of Sydney budget, due to be approved for exhibition at the 15 May 2023 Council meeting, \$3.9 million of the City's \$559.2 million operating expenditure (or 0.7 per cent) is earmarked to progress the 'Housing for all' Strategic Direction; and
- (iv) the Draft Operational Plan 2023-2024, Summary of income and expenditure by Principal Activity, notes "a number of Principal Activities are largely of an advocacy and facilitation role for the City (such as Housing for all) and not one of direct service provision. As a result, the proposed budget does not reflect substantial operational costs (particularly salaries expenditure) incurred indirectly in delivering this Principal Activity..."; and

(B) the Chief Executive Officer be requested to:

- (i) prepare advice to the Council about opportunities for the City of Sydney Council to expand its work supporting housing affordability, including through staffing, project funding and/ or direct support; and
- (ii) provide options at the June 2023 Council meeting, for consideration as part of the final 2023/24 budget.

#### Anti Racism Systemic Training and Education Across the Workplace

By Councillor Davis

It is resolved:

(A) Council note:

- (i) the City of Sydney recognises that workplaces that are diverse and inclusive perform better and are more innovative. Inclusive workplaces allow employees of diverse backgrounds to bring their best selves to work every day, enhancing collaboration, engagement and workplace wellbeing, and has been working to increase the diversity of the workforce;
- (ii) at 31 March 2023, 405 City of Sydney employees identified as culturally or linguistically diverse, representing 22.7 per cent of the workforce, and 50 City of Sydney employees identified as Aboriginal and/or Torres Strait Islander, representing 2.8 per cent of the workforce;
- (iii) the City of Sydney has committed to addressing racism in the workplace and the broader community through:
  - (a) “A City for All’ Social Sustainability Policy and Action Plan 2018-2028 that commits the City to “lead by example as an employer committed to social justice and inclusion by implementing workplace diversity and inclusion policies and practices”;
  - (b) the Stretch Reconciliation Action Plan 2020-2023 which commits the City “to positive race relations through anti-discrimination strategies”, including by continuously improving human resource policies and procedures concerned with anti-discrimination in consultation with Aboriginal and Torres Strait Islander staff and the Aboriginal and Torres Strait Islander advisory panel and providing ongoing education opportunities for senior leaders and managers on the effects of racism and discrimination;
  - (c) the Equal Employment Opportunity, Diversity and Inclusion Action Plan 2023-2026 which commits to “addressing factors contributing to psychological safety for diverse employees and actioning mitigation strategies to address any systemic barriers” to inclusion;
  - (d) anti-racism and allyship training workshop and cultural intelligence workshops that explore unconscious bias for the community as part of the Council endorsed ‘Racism. It Stops With Me’ campaign; and
  - (e) installing four ‘Racism Not Welcome’ street signs in high profile locations, with high vehicular and pedestrian traffic;

- (iv) racism is not always conscious, explicit, or readily visible. Sometimes even the most well-intentioned people can perpetuate racist behaviour because they are unaware of the values, structures and systems that create biases in their decision making;
  - (v) systemic racism is a result of entrenched practices and beliefs that are deeply embedded in an institutions system, laws, written or unwritten policies that produce, condone, and perpetuate widespread unfair treatment;
  - (vi) the Diversity Council of Australia's Racism at Work Report (2022) states that "to address racism, we need first to understand what it is: but this can be challenging for people who do not experience racism and because how racism is expressed and experienced changes over time and from place to place"; and
  - (vii) the Diversity Council of Australia's Racism at Work Report calls for organisations actively adopt a racially conscious "anti-racism" stance that recognises our default world view is white and put lived experience at the centre of how organisations address racism;
- (B) the Chief Executive Officer be requested to investigate ways to strengthen the City of Sydney's commitment to addressing racism, including by:
- (i) working with the Multicultural Advisory Panel, the Aboriginal and Torres Strait Islander Advisory Panel and relevant employee networks:
    - (a) when reviewing City of Sydney workplace strategies, policies and procedures that address racism and/or that are designed to create a more equitable, diverse and inclusive workplace; and
    - (b) developing an over-arching anti-racism framework or charter that addresses structural, interpersonal (everyday bias), intersectionality and institutional racism and discrimination in the workplace and across our city;
  - (ii) making anti-racism training mandatory for City of Sydney employees and providing other ongoing learning and development opportunities with an anti-racism focus;
  - (iii) exploring opportunities to embed anti-racism in future major service contracts with third-party employers, and major contractors; and
  - (iv) report back to Council on outcomes of investigations and progress on addressing racism.

#### Amendment to the Recommended Use of City of Sydney Facilities for the 'Yes' Campaign

By Councillor Jarrett

It is resolved that:

(A) Council note:

- (i) as part of the Australian Government's commitment to implement the Uluru Statement from the Heart, a referendum will be held between October and December 2023;
- (ii) the proposed question to be put to the Australian people in the 2023 referendum will be:

"A Proposed Law: to alter the Constitution to recognise the First Peoples of Australia by establishing an Aboriginal and Torres Strait Islander Voice. Do you approve this proposed alteration?";

- (iii) in August 2022, the Lord Mayor in her Mayoral Minute requested the Chief Executive Officer to 'investigate options for the City to conduct a campaign in support of the "yes" vote in the proposed constitutional referendum;
- (iv) the informal update of the above-mentioned investigation was noted in recommendations (G) to (I) of the 2022/23 Quarter 3 Review – Delivery Program 2022-2026 that was presented to the Council Committee Meeting on 8 May 2023 which recommended:

(G) Council approves the provision of value-in-kind sponsorships for up to three free public events of approximately 500 to 1000 attendees to **support the 'yes' campaign**. Applications to be received from appropriate groups (not-for-profit community organisations, unincorporated community groups and individual auspiced by a not-for-profit organisation) and assessed in accordance with the City's Grants and Sponsorship Policy and Guidelines, ethics framework and Reconciliation Plan, with approval delegated to the Chief Executive Officer;

(H) Council note that the public events as outlined above will include value-in-kind sponsorships of up to \$30,000 (plus GST) per event towards the venue hire, equipment hire and staffing fees only associated with using the appropriate City venue, which may include Sydney Town Hall, Lower Town Hall or Paddington Town Hall; and

(I) Council note that the City may be required to report and declare any financial assistance provided as "referendum expenditure" in accordance with the applicable legislation from time to time;

- (v) pursuant to s8A(1)(h) of the Local Government Act 1993, which requires that “Councils should act fairly, ethically and without bias in the interests of the local community”, these recommendations are not within the functions of local government as they support a particular political campaign;
  - (vi) pursuant to the City’s Grants and Sponsorship Policy under General exclusions and ineligibility, the City of Sydney does not provide grants or sponsorship for projects that ‘could be perceived as benefitting a political party and/or a political campaign’ or ‘activities that could be perceived as divisive within the community’;
  - (vii) the recommendations made in sections (G) to (I) outlined above explicitly posit the City of Sydney in support of the ‘yes’ campaign through recommending the approval of the use of ‘landmark’ Council facilities to hold events in support of the ‘yes’ campaign which clearly constitutes activities in support of a political campaign; and
  - (viii) the recommendations made in (G) to (I) of the Quarter 3 Review are “beyond the power” of Council, as per the Local Government Act 1993, as such recommendations compel Council to direct ratepayers’ money and resources to matters outside of Council’s function as a local government body; and
- (B) the Chief Executive Officer be requested to:
- (i) amend recommendations (G) to (I) of the 2022/23 Quarter 3 Review – Delivery Program 2022-2026 to reflect the following:
    - (G) Council approves the provision of value-in-kind sponsorships for up to three free public events of approximately 500 to 1000 attendees to **support the ‘yes’ campaign provide information about the Voice Referendum on a fair and unbiased basis**.     - (H) Council note that the public events as outlined above will include value-in-kind sponsorships of up to \$30,000 (plus GST) per event towards the venue hire, equipment hire and staffing fees only associated with using the appropriate City venue, which may include Sydney Town Hall, Lower Town Hall or Paddington Town Hall; and
