<b>Recommended Conditions of Consent</b>
------------------------------------------

## CONDITIONS OF CONSENT

### SCHEDULE 1A

#### APPROVED DEVELOPMENT/DESIGN MODIFICATIONS/COVENANTS AND CONTRIBUTIONS/USE AND OPERATION

**Note:** Some conditions in Schedule 1A are to be satisfied prior to issue of a Construction Certificate and some are to be satisfied prior to issue of Occupation Certificate, where indicated.

#### (1) APPROVED DEVELOPMENT

- (a) Development must be in accordance with Development Application No. D/2018/742 dated 4 July 2018 and the following drawings prepared by ES Engineering & Design:

Drawing Number	Drawing Name	Date
17239-01 Issue B	Site and Demolition Plan	9 August 2018
17239-04 Issue B	Ground Floor Plan	6 September 2018
17239-05 Issue B	First Floor Plan	6 September 2018
17239-06 Issue B	North-Eastern and South-Eastern Elevations	6 September 2018
17239-07 Issue B	South-Western and North-Western Elevations	9 August 2018
17239-08 Issue B	Section	9 August 2018
17239-09 Issue B	External Materials, Colours and Finishes	9 August 2018

and as amended by the conditions of this consent.

- (b) In the event of any inconsistency between the approved plans and supplementary documentation, the plans will prevail.

#### (2) DESIGN MODIFICATIONS

The design of the building must be modified as follows:

- (a) The discharge point for the laundry exhaust is to be relocated such that it is not visible above the roof of the rear addition when viewed from Goodlet Lane, and is not to project beyond the boundaries of the site.

The modifications are to be submitted to and approved by Council's Area Planning Manager prior to the issue of a Construction Certificate.

**(3) USE IN ACCORDANCE WITH PREVIOUS CONSENT DU/1998/1208/A**

Except as amended by the terms of this consent the use of the premises must be in accordance with development consent granted under DU/1998/1208/A.

**(4) CONTRIBUTION TOWARDS PUBLIC AMENITIES – CITY OF SYDNEY DEVELOPMENT CONTRIBUTIONS PLAN 2015 – EAST PRECINCT**

Council has identified the development will increase demand for public amenities and facilities. Pursuant to Section 7.11 of the Environmental Planning and Assessment Act, 1979 (as amended), and the City of Sydney Development Contributions Plan 2015 the following monetary contributions are required towards the cost of public amenities.

<u>Contribution Category</u>	<u>Amount</u>
Open Space	\$5,467.67
Community Facilities	\$5,151.88
Traffic and Transport	\$857.14
Stormwater Drainage	\$0.00
Total	\$11,476.69

The City of Sydney will index the above contribution for inflation at the time of payment using the following formula.

$$C_{\text{payment}} = C_{\text{consent}} \times (CPI_{\text{payment}} \div CPI_{\text{consent}})$$

Where:

$C_{\text{payment}}$  = Is the contribution at time of payment;

$C_{\text{consent}}$  = Is the contribution at the time of consent, as shown above;

$CPI_{\text{payment}}$  = Is the Consumer Price Index (All Groups Index) for Sydney published by the Australian Bureau of Statistics that applies at the time of payment; and

$CPI_{\text{consent}}$  = Is the Consumer Price Index (All Groups Index) for Sydney at the date the contribution amount above was calculated being – 114.0 for the June 2018 quarter.

The contribution must be paid prior to the issue of any Construction Certificate in relation to this development.

Please contact Council's Planning Administration staff at [planningsystemsadmin@cityofsydney.nsw.gov.au](mailto:planningsystemsadmin@cityofsydney.nsw.gov.au) to request a letter confirming the indexed contribution amount payable.

Once the letter confirming the indexed contribution is obtained, payment may be made at any of the City's Neighbourhood Service Centres or the One Stop Shop at Town Hall House. Acceptable payment methods are EFTPOS (debit card only), cash or a bank cheque made payable to the City of Sydney. Personal or company cheques will not be accepted.

**(5) HOURS OF OPERATION**

The hours of operation are restricted to between 10.30am and 12.00 midnight Sundays to Thursdays and 10.30am and 2.00am Fridays and Saturdays.

**(6) REAR DOORS**

The rear doors to Goodlet Lane, including the garage roller door, are to remain closed at all times when not in use for entry or egress.

**(7) NUMBER OF SEX WORKERS**

A maximum of 12 sex workers are allowed to be employed on the site at any one time.

**(8) PLAN OF MANAGEMENT – SEX SERVICES PREMISES**

The operation of the premises must be conducted in accordance with the Plan of Management by ABC Planning, signed and dated September 2018. Should there be any additional or altered activities/procedures to those specified in the approved plan of management that remain within the scope of the development consent, then the plan of management must be appropriately reviewed and submitted to and approved by Council.

**(9) SEX SERVICE PREMISES STAFF FACILITIES**

Staff facilities must be provided within the premises, in an area which is not accessible by clients and is adjacent to and accessible from work areas. The facilities must have controlled access and appropriate facilities including: a rest area with seating; fully equipped bathroom (shower, toilet and hand basin); sink with running water, water boiling facilities and fridge; food and drink preparation areas; staff lockers and health information noticeboard.

The modifications are to be submitted to and approved by Council's Area Planning Manager prior to the issue of a Construction Certificate.

**(10) NO SPEAKERS OR MUSIC OUTSIDE**

Speakers and/or noise amplification equipment must not be installed and music must not be played in any of the outdoor areas associated with the premises including the public domain. Speakers located within the premises must not be placed so as to direct the playing of music towards the outdoor areas associated with the premises.

## **(11) NO SPRUIKING NOISE**

No persons (such as those commonly known as spruikers) or recordings or other devices which have the effect of spruiking are to be located on Council owned property. Furthermore, the sound level of any spruiking generated within privately owned land must not be audible on any adjacent property with a shared boundary.

## **(12) SURVEILLANCE CAMERAS**

- (a) CCTV surveillance cameras shall be strategically installed, operated and maintained throughout the premises with particular coverage to:
  - (i) principal entrance/s and exits;
  - (ii) all areas within the premise occupied by the public (excluding toilets);
  - (iii) staircases in multilevel premises; and
  - (iv) the area within a 10m radius external to the public entrance(s) to the premise.
- (b) Suitable and clearly visible signage shall be displayed at the principal entrance(s) to the premise and in a prominent position on each floor accessible to the public, in lettering not less than 50mm in height with the words "Closed Circuit Television in use on these premises".
- (c) All CCTV recording equipment and cameras shall be of high grade digital quality capable of establishing the population and identification of patrons, offenders and incidents within the depth of field view of the cameras. In this respect each surveillance camera shall be capable of recording a minimum rate of 10 frames per second and at high resolution.
- (d) CCTV recording discs or hard drive recordings shall be retained for 28 days before being re-used, destroyed or deleted. Time and date shall be auto recorded on the disc or hard drive. The CCTV recording equipment shall be capable of reproducing a CD, DVD, USB or other appropriate digital copy of recorded footage on demand of Council or Police Officers either immediately or within 12 hours of the request being made. Copy discs must be handed to Council, Police Officer or Special Inspectors as required.
- (e) All CCTV recording devices and cameras shall be checked daily to ensure the equipment is operating correctly. The Licensee shall record this daily checking activity in the security/incident register book that meets the standards required by the Licensing Police and Council. If it is discovered at any time that the equipment is not in full operating order all reasonable steps must be taken to repair the system as soon as practicable. Where the system will not be functioning in full operating order for a period of longer than 24 hours the manager/licensee is to notify the relevant Local Area Commander of the NSW Police.
- (f) All CCTV recording devices and cameras shall be operated at all times when the premises are open to the public and, where premises do not operate 24 hours a day, continuously for at least 1 hour prior to opening and closing times of the premises.

- (g) The CCTV recording device shall be secured within the premises and only be accessible to senior management personnel so as to maintain the integrity of the recorded footage. When the premises is operating there must be at least one staff member present at the premises who is authorised to access the CCTV system and able to immediately review recordings and produce copies.
- (h) Camera views are not to be obstructed by temporary or permanent structures, signage or other impediments.

**(13) NOISE – COMMERCIAL PLANT / INDUSTRIAL DEVELOPMENT**

- (a) Noise from commercial plant and industrial development must not exceed a project amenity/intrusiveness noise level or maximum noise level in accordance with relevant requirements of the NSW EPA [Noise Policy for Industry 2017 \(NPfI\)](#) unless agreed to by the City’s Area Planning Manager. Further:
  - (i) Background noise monitoring must be carried out in accordance with the long-term methodology in [Fact Sheet B](#) of the NPfI unless otherwise agreed by the City’s Area Planning Manager.
  - (ii) Commercial plant is limited to heating, ventilation, air conditioning, refrigeration and energy generation equipment.
- (b) An  $L_{Aeq,15\text{ minute}}$  (noise level) emitted from the development must not exceed the  $L_{A90, 15\text{ minute}}$  (background noise level) by more than 3dB when assessed inside any habitable room of any affected residence or noise sensitive commercial premises at any time. Further:
  - (i) The noise level and the background noise level shall both be measured with all external doors and windows of the affected residence closed.
  - (ii) Background noise measurements must not include noise from the development but may include noise from necessary ventilation at the affected premise.

**(14) BICYCLE PARKING**

- (a) The minimum number of bicycle parking spaces to be provided for the development must comply with the table below.

Bicycle Parking Type	Number	Requirements
Non-residential	1	Space must be Class 2 bicycle facilities
Non-residential visitor	1	Space must be Class 3 bicycle rails

- (b) The layout, design and security of bicycle facilities must comply with the minimum requirements of Australian Standard AS 2890.3 Parking Facilities Part 3: Bicycle Parking Facilities. The details must be submitted to and

approved by the Principal Certifier confirming prior to the Construction Certificate being issued.

## SCHEDULE 1B

### PRIOR TO CONSTRUCTION CERTIFICATE/COMMENCEMENT OF WORK/HEALTH AND BUILDING

#### (15) APPLICATION FOR HOARDINGS AND SCAFFOLDING INSTALLED ON OR ABOVE A PUBLIC ROAD AND OPERATING HOISTING DEVICES INCLUDING BUILDING MAINTENANCE UNITS OVER A PUBLIC ROAD

- (a) A separate application under Section 68 of the *Local Government Act 1993* and Section 138 of the *Roads Act 1993* is to be made to Council to erect a hoarding and/or scaffolding (temporary structures) on or above a public road (footway and/or roadway).
- (b) Where an approval (Permit) is granted allowing the placement of temporary structures on or above a public road the structures must comply fully with Council's *Hoarding and Scaffolding Policy; Guidelines for Hoardings and Scaffolding*; and the conditions of approval (Permit) granted including:
  - (i) maintaining a current and valid approval for the full duration that the temporary structure/s is in place;
  - (ii) maintaining temporary structure/s in a structurally sound and stable condition for the full duration of installation (Clause 2.11.1);
  - (iii) bill posters and graffiti being removed within 24 hours of their placement (Clause 2.11.2);
  - (iv) maintaining temporary structures and the public place adjoining the work site in a clean and tidy condition including repainting and/or repair of graphics (Clauses 2.11.1, 2.11.4, 2.14.1 and 3.9.3);
  - (v) maintaining a watertight deck (Type B hoardings) to prevent liquids including rainwater, falling onto the footway/roadway surfaces (Clauses 3.9.1 and 3.9.4);
  - (vi) approved site sheds on the decks of a Type B hoarding being fully screened from the public place (Clause 3.9.5);
  - (vii) material and equipment not being placed or stored on the deck of Type B hoardings, unless specifically approved by Council (Clause 3.9.4);
  - (viii) providing and maintaining operational artificial lighting systems under Type B hoardings including at high-bay truck entry points (Clause 3.9.9); and
  - (ix) ensuring all required signage is provided and maintained (Clauses 3.9.3, 3.9.6, 3.9.8, 3.10.1 and 4.2).

If it is proposed to operate a hoisting device including a building maintenance unit above a public road which swings, hoists material/equipment and/or slews any part of the device over the public road, a separate application under Section 68 of

the *Local Government Act 1993* and Section 138 of the *Roads Act 1993* must be made to Council to obtain approval.

**Note:** 'Building maintenance unit' means a power-operated suspended platform and associated equipment on a building specifically designed to provide permanent access to the faces of the building for maintenance (*Work Health and Safety Regulation 2011*).

**(16) SEX INDUSTRY PREMISES - LIGHTING**

- (a) All workrooms in sex service premises must be provided with an adequate level of lighting to allow sex workers to conduct health checks of their clients for any visible signs of sexually transmitted diseases, and/or a lamp is to be provided specifically for this.
- (b) All sex on premises cubicles, booths and sexual activity areas must be fitted with a local lighting system that achieves an adequate level of luminance for the purpose of allowing patrons to conduct examination of each other for visible evidence of sexual transmitted disease and to assist safe sexual practices. User adjustable dimmer switches may be installed to achieve this.
- (c) All sex on premises cubicles, booths and sexual activity areas must be fitted with lighting that achieves a minimum luminance of 80lx for the purpose of spot cleaning. This must be achieved either through the provision of a separate zoned lighting system or incorporated into the design of the local lighting system for sexual transmitted infection examination by patrons.
- (d) The premises must be capable of being illuminated with an adequate level of lighting so that the premises can be thoroughly cleaned when patrons are not on the premises.

**(17) SEX INDUSTRY/ADULT ENTERTAINMENT/STRIP CLUBS CLEANING**

All rooms must be cleaned on a daily basis with spot cleaning occurring as necessary and as frequently as possible.

**(18) SEX ON PREMISES VENUE - CLEANING**

- (a) The additions must be constructed of durable, impervious materials with smooth finishes that are able to be cleaned easily.
- (b) A cleaning register is to be kept on the premises at all times and must be available for inspection by authorised officers on demand. The register must include but not be restricted to: date/time of all cleaning activities; printed name and signature of the employee(s) conducting the cleaning; and notation of specific areas requiring spot cleaning attention.
- (c) Spot cleaning must be conducted on as a minimum hourly basis or more frequently if needed and during peak periods.
- (d) There must be a minimum of 2 staff available at all times at the premises so as cleaning and security can be maintained.

**(19) SEX SERVICE PREMISES - SHARPS WASTE DISPOSAL EQUIPMENT**

A least one sharps container of a one litre or more capacity is to be provided and kept on premises at all times for use by clients or staff as required.

The container(s) are to comply with the requirements of AS4261:1994 and/or AS4031:1992 and be disposed of in accordance with the Department of Environment and Conservation's requirements.

**(20) SHARPS WASTE MANAGEMENT CONTRACT**

The operator must have a contract for the disposal of the sharps waste from the premises which:

- (a) identifies that the waste contractor is licensed to dispose of sharps waste; and
- (b) provides evidence that sharps waste has been disposed.

A copy of this contract must be retained on the premise at all times and produced to Council upon request.

**(21) SHARPS WASTE MANAGEMENT PLAN**

- (a) Procedures for sharps waste disposal and responding to needlestick injury must be included in the plan of management, displayed in a staff area, and displayed in a designated sharps waste storage space, and;
- (b) The operator must maintain, and provide to Council upon request, evidence that key staff (receptionist or manager) are trained in sharps disposal and needlestick injury procedures.

**(22) SEX SERVICE PREMISES DATABASE**

Prior to the issue of an Occupation Certificate, Council's Health and Building Unit must be notified that the premises is being used for the purposes of a 'sex service premises' and the business registered on Council's database. The premises will then be subject to Council inspection.

**(23) SYDNEY DCP COMPLIANCE**

The premises must comply with the health provisions contained in *Sydney DCP 2012 4.4.6*

**(24) ASBESTOS REMOVAL WORKS**

- (a) All works removing asbestos containing materials must be carried out by a suitably licensed asbestos removalist duly licensed with Safework NSW, holding either a Friable (Class A) or a Non- Friable (Class B) Asbestos Removal Licence which ever applies.

A copy of the relevant licence shall be made available to any authorised Council officer on request within 24 hours.

- (b) Five days prior to the commencement of licensed asbestos removal, Safework NSW must be formally notified of the works. All adjoining properties and those opposite the development must be notified in writing of the dates and times when asbestos removal is to be conducted. The notification must identify the licensed asbestos removal contractor and include a contact person for the site together with telephone number and email address.
- (c) All work must be carried out in accordance with the *Work Health and Safety Regulation 2011* and the NSW Government and Work Cover document entitled *How to manage and control asbestos in the work place: Code of Practice (Safework NSW) December 2011* and the *City of Sydney Managing Asbestos Policy dated 21 October 2013 and associated guidelines*.
- (d) The asbestos removalist must use signs and barricades to clearly indicate the area where the asbestos removal work is being performed. Signs must be placed in positions so that people are aware of where the asbestos removal work area is and should remain in place until removal is completed and clearance to reoccupy has been granted. Responsibilities for the security and safety of the asbestos removal site and removal must be specified in the asbestos removal control plan (where required). This includes inaccessible areas that are likely to contain asbestos.
- (e) Warning signs must be placed so they inform all people nearby that asbestos removal work is taking place in the area. Signs must be placed at all of the main entry points to the asbestos removal work area where asbestos is present. These signs must be weatherproof, constructed of light-weight material and adequately secured so they remain in prominent locations. The signs must be in accordance with AS 1319 -1994 *Safety Signs for the Occupational Environment* for size, illumination, location and maintenance.
- (f) Asbestos waste must only be transported and disposed of at an EPA licensed waste facility.
- (g) No asbestos products are to be reused on the site (i.e. packing pieces, spacers, formwork or fill etc).
- (h) No asbestos laden skips or bins are to be left in any public place without the written approval of Council.
- (i) A site notice board must be located at the main entrance to the site in a prominent position and must have minimum dimensions of 841mm x 594mm (A1) with any text on the notice to be a minimum of 30 point type size.

The site notice board must include the following:

- (i) contact person for the site;
- (ii) telephone and facsimile numbers and email address; and
- (iii) site activities and time frames.

## **(25) MECHANICAL VENTILATION**

- (a) The premises must be ventilated in accordance with the *Building Code of Australia* and *AS1668.1 and 2 - 2012. The Use of Ventilation and Air-Conditioning in Buildings - Mechanical Ventilation in Buildings*.
- (b) Details of any mechanical ventilation and/or air conditioning system complying with *AS1668.1 and 2 – 2012 The Use of Ventilation and Air-Conditioning in Buildings - Mechanical Ventilation in Buildings*, the *Building Code of Australia* and relevant Australian Standards must be prepared by a suitably qualified person and certified in accordance with Clause A2.2 (a) (iii) of the *Building Code of Australia*, to the satisfaction of the Principal Certifier prior to the issue of a Construction Certificate.
- (c) Prior to issue of an Occupation Certificate and following the completion, installation, and testing of all the mechanical ventilation systems, a Mechanical Ventilation Certificate of Completion and Performance in accordance with Clause A2.2 (a) (iii) of the *Building Code of Australia*, must be submitted to the Principal Certifier.

## **(26) FIRST AID KIT**

Premises must provide a designated storage space for sharps waste disposal equipment which:

- (a) Contains, at least anti-septic and band aids;
- (b) Is located in a staff area, and;
- (c) Is accessible to staff.

## **(27) NO APPROVAL FOR SKIN PENETRATION PROCEDURES**

The premises is not to be used for providing 'skin penetration' procedures, as defined by the *Public Health Act 2010* and the Public Health Regulation 2012, e.g. skin piercing, hair removal. An application must be made to Council and approval granted prior to any 'skin penetration' services being offered.

## **(28) WASTE AND RECYCLING MANAGEMENT - COMMERCIAL**

- (a) A Waste Management Plan is to be approved by the Principal Certifier prior to a Construction Certificate being issued. The plan must comply with the Council's *Policy for Waste Minimisation in New Developments 2005*. All requirements of the approved Building Waste Management Plan must be implemented during construction of the development.

### **UPON COMPLETION OF THE DEVELOPMENT**

- (b) Prior to an Occupation Certificate being issued or the use commencing, whichever is earlier, the Principal Certifier must ensure that waste handling works have been completed in accordance with: the Waste Management Plan; other relevant development consent conditions; and Council's *Policy for Waste Minimisation in New Developments 2005*.

**(29) WASTE AND RECYCLING COLLECTION CONTRACT**

Prior to an Occupation Certificate being issued and/or commencement of the use, whichever is earlier, the building owner must ensure that there is a contract with a licensed contractor for the removal of **all waste**. No garbage is to be placed on the public way, e.g. footpaths, roadways, plazas, reserves, at any time.

**(30) WASTE/RECYCLING COLLECTION**

- (a) The collection of waste and recycling must only occur between 7.00am and 8.00pm weekdays and 9.00am and 5.00pm weekends and public holidays, to avoid noise disruption to the surrounding area.
- (b) Garbage and recycling must not be placed on the street for collection more than half an hour before the scheduled collection time. Bins and containers are to be removed from the street within half an hour of collection.

## SCHEDULE 1C

### DURING CONSTRUCTION/PRIOR TO OCCUPATION/COMPLETION

#### (31) OCCUPATION CERTIFICATE TO BE SUBMITTED

An Occupation Certificate must be obtained from the Principal Certifier and a copy submitted to Council prior to commencement of occupation or use of the whole or any part of a new building, an altered portion of, or an extension to an existing building.

#### (32) HOURS OF WORK AND NOISE – OUTSIDE CBD

The hours of construction and work on the development must be as follows:

- (a) All work, including building/demolition and excavation work, and activities in the vicinity of the site generating noise associated with preparation for the commencement of work (eg. loading and unloading of goods, transferring of tools etc) in connection with the proposed development must only be carried out between the hours of 7.30am and 5.30pm on Mondays to Fridays, inclusive, and 7.30am and 3.30pm on Saturdays, with safety inspections being permitted at 7.00am on work days, and no work must be carried out on Sundays or public holidays.
- (b) All work, including demolition, excavation and building work must comply with the City of Sydney Code of Practice for Construction Hours/Noise 1992 and Australian Standard 2436 - 2010 Guide to Noise Control on Construction, Maintenance and Demolition Sites.
- (c) Notwithstanding the above, the use of a crane for special operations, including the delivery of materials, hoisting of plant and equipment and erection and dismantling of on site tower cranes which warrant the on-street use of mobile cranes outside of above hours can occur, subject to a permit being issued by Council under Section 68 of the Local Government Act 1993 and/or Section 138 of the Roads Act 1993.

Note: Works may be undertaken outside of hours, where it is required to avoid the loss of life, damage to property, to prevent environmental harm and/or to avoid structural damage to the building. Written approval must be given by the Construction Regulation Unit, prior to works proceeding

The *City of Sydney Code of Practice for Construction Hours/Noise 1992* allows extended working hours subject to the approval of an application in accordance with the Code and under Section 4.55 of the *Environmental Planning and Assessment Act 1979*.

#### (33) NO OBSTRUCTION OF PUBLIC WAY

The public way must not be obstructed by any materials, vehicles, refuse, skips or the like, under any circumstances. Non-compliance with this requirement will result in the issue of a notice by Council to stop all work on site.

### **(34) LOADING AND UNLOADING DURING CONSTRUCTION**

The following requirements apply:

- (a) All loading and unloading associated with construction activity must be accommodated on site, where possible.
- (b) If, it is not feasible for loading and unloading to take place on site, a Works Zone on the street may be considered by Council.
- (c) A Works Zone may be required if loading and unloading is not possible on site. If a Works Zone is warranted an application must be made to Council at least 8 weeks prior to commencement of work on the site. An approval for a Works Zone may be given for a specific period and certain hours of the days to meet the particular need for the site for such facilities at various stages of construction. The approval will be reviewed periodically for any adjustment necessitated by the progress of the construction activities.
- (d) Where hoisting activity over the public place is proposed to be undertaken including hoisting from a Works Zone, a separate approval under Section 68 of the Local Government Act 1993 must be obtained.

### **(35) COVERING OF LOADS**

All vehicles involved in the excavation and/or demolition process and departing the property with demolition materials, spoil or loose matter must have their loads fully covered before entering the public roadway.

### **(36) HAZARDOUS AND INDUSTRIAL WASTE**

Hazardous and/or industrial waste arising from the demolition/operational activities must be removed and/or transported in accordance with the requirements of the NSW Work Cover Authority pursuant to the provisions of the following:

- (a) *Protection of the Environment Operations Act 1997*
- (b) *Protection of the Environment Operations (Waste) Regulation 2005*
- (c) *Waste Avoidance and Resource Recovery Act 2001*
- (d) *Work Health and Safety Act 2011*
- (e) *Work Health and Safety Regulation 2011.*

### **(37) ENCROACHMENTS – NEIGHBOURING PROPERTIES**

No portion of the proposed structure shall encroach onto the adjoining properties.

**(38) SURVEY**

All footings, walls and floor slabs adjacent to a boundary must be set out by a registered surveyor. On commencement of brickwork or wall construction a survey and report, prepared by a Registered Surveyor, must be submitted to the Principal Certifier indicating the position of external walls in relation to the boundaries of the allotment. Any encroachments by the subject building over adjoining boundaries or roads must be removed prior to continuation of building construction work.

**(39) SURVEY CERTIFICATE AT COMPLETION**

A Survey Certificate prepared by a Registered Surveyor must be submitted at the completion of the building work certifying the location of the building in relation to the boundaries of the allotment.

## SCHEDULE 2

### PRESCRIBED CONDITIONS

The prescribed conditions in accordance with Division 8A of the *Environmental Planning and Assessment Regulation 2000* apply:

- Clause 98 Compliance with *Building Code of Australia* and insurance requirements under the *Home Building Act 1989*
- Clause 98A Erection of signs
- Clause 98B Notification of *Home Building Act 1989* requirements
- Clause 98C Conditions relating to entertainment venues
- Clause 98D Conditions relating to maximum capacity signage
- Clause 98E Conditions relating to shoring and adequacy of adjoining property

Refer to the NSW State legislation for full text of the clauses under Division 8A of the *Environmental Planning and Assessment Regulation 2000*. This can be accessed at: <http://www.legislation.nsw.gov.au>
