Background

Site Security and Traffic Control has applied for the temporary road closure of Sussex Street, Sydney, between Druitt Lane and Bathurst Street, from 3am to 9am and 8pm on Saturday 23 March 2019, to 5am on Sunday 24 March 2019.

Comments

The proposed temporary road closure is required to allow a mobile crane to be used to dismantle a tower crane at 273-279 Sussex Street, Sydney.

It is noted that when the mobile crane is not in operation the outriggers will be retracted to allow one traffic lane.

The Applicant has provided a site-specific Traffic Control Plan that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closure.

There are currently no other approved temporary road closures proposed to take place on the same day in this area.

The temporary road closure will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

A Traffic Management Plan (TMP) for the temporary road closure was approved by Roads and Maritime Services (RMS).

Consultation

The Applicant will be required to notify affected stakeholders as stipulated in Schedule B.

Financial

All costs associated with the proposed closure will be borne by the applicant.
