1. Introduction

This Operational Plan details the individual programs and projects we will undertake in 2019/20 to meet the commitments in our 2017-2021 Delivery Program.

Achieving a Green, Global, Connected City

The City of Sydney's 2017-2021 Delivery Program identifies the actions to deliver the long-term goals and outcomes specified under each Strategic Direction in the Sustainable Sydney 2030 plan. From the Delivery Program the Operational Plan is derived annually.

The Operational Plan includes the detailed budget and revenue policy as well as the financial plan for the delivery of the programs and projects.

Sustainable Sydney 2030

During 2007–08 the City undertook the most comprehensive community consultation in its history. We spoke to residents, workers, students, business operators, industry associations, community organisations and visitors about their vision, goals and aspiration for the future of the city.

The result is Sustainable Sydney 2030 – a comprehensive community strategic plan for the development of the city to 2030 and beyond. The plan sets out a series of actions to achieve a green, global and connected city.

Progress towards our Sustainable Sydney 2030 strategic goals is monitored through regular reporting to Council. We conduct half yearly, annual and four yearly

performance reporting, and quarterly and annual financial reporting.

Extensive community consultation is currently underway to develop our new community strategic plan for Sydney through to 2050.

Resilient Sydney

Metropolitan Sydney is one of the most diverse cities in the world with a population of close to five million people from 200 vibrant cultures. Our global city is known for the beauty of its natural environment and outdoor lifestyle, but it is struggling to maintain liveability and equity during a time of growth and change.

Sydneysiders are experiencing a range of chronic stresses such as lack of affordable housing and transport congestion, and need to be prepared for shock events such as heatwaves, storms and cyber-attacks.

To become connected, inclusive and resilient is a challenge every organisation and community in metropolitan Sydney must address to create a place of opportunity and well-being for everyone.

Resilient Sydney – A strategy for city resilience 2018, is the first of its kind for our city, marking a new spirit of collaboration and connection in Sydney.

The strategy is the result of two years of effort including technical studies and a comprehensive engagement process with more than 1,000 people from business, government and communities (residents) across metropolitan Sydney. Every council in the metropolitan area has been engaged.

These inputs are reflected in the strategy and we sincerely thank every individual and organisation who took part in this process.

2. About Sydney

The City of Sydney is the local authority with responsibility for this area (refer map) with multiple other interested stakeholders sharing an interest at various levels. The State Government has an explicit strategic interest. State Agencies also have key planning and development responsibilities.

The City of Sydney (or “the City”)

This refers to the Council as an organisation, responsible for the administration of the city.

The Council

This refers to the elected Councillors of the City of Sydney.

The city

This refers to the geographical area that is administered by the City of Sydney and its physical elements.

The City centre

This encompasses the old Sydney ‘Central Business District’ and includes major civic functions, government offices, and cultural and entertainment assets. It runs between Circular Quay and Central Station, the Domain / Hyde Park and Darling Harbour.

Central District

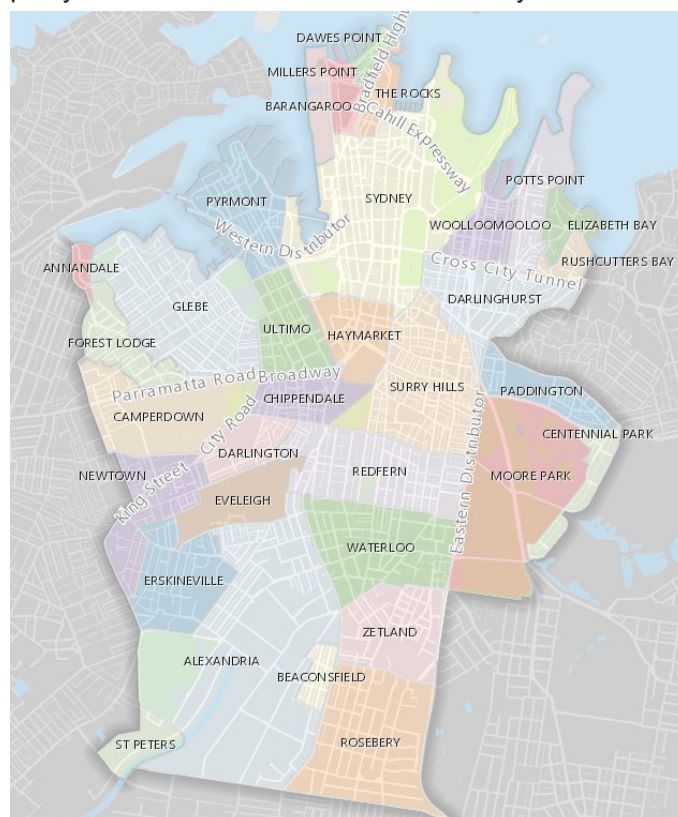

As defined by the Greater Sydney Commission, Central District “is the powerhouse of Greater Sydney and a focal point for jobs, business and financial activity”. The City of Sydney is now within the Central District, which also includes the following local government areas: Bayside; Burwood; Canada Bay; Inner West; Randwick; Strathfield; Waverly, and Woollahra.

Greater Sydney

Metropolitan (Greater) Sydney extends from Wyong and Gosford in the north to the Royal National Park in the south and follows the coastline in between. Towards the west, the region includes the Blue Mountains, Wollondilly and Hawkesbury. Greater Sydney covers 12,368 square kilometres.

City of Sydney Local Government Area

The city of Sydney is made up of 33 suburbs wholly or partly contained within our council boundary.

3. About the City

The suite of Integrated Planning documents represents the City of Sydney's response to the statutory framework for planning and reporting.

Legislative Requirements

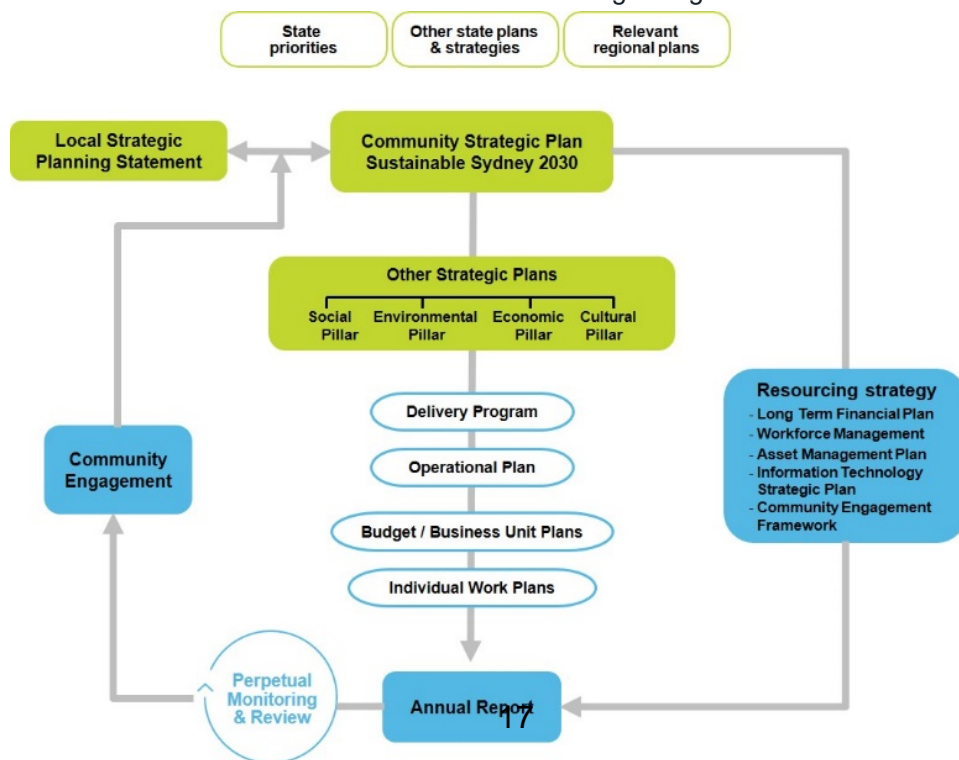

The City of Sydney, as a local government organisation is governed by the requirement of the Local Government Act (1993) and Regulation, the City of Sydney Act (1988) and other relevant legislative provisions.

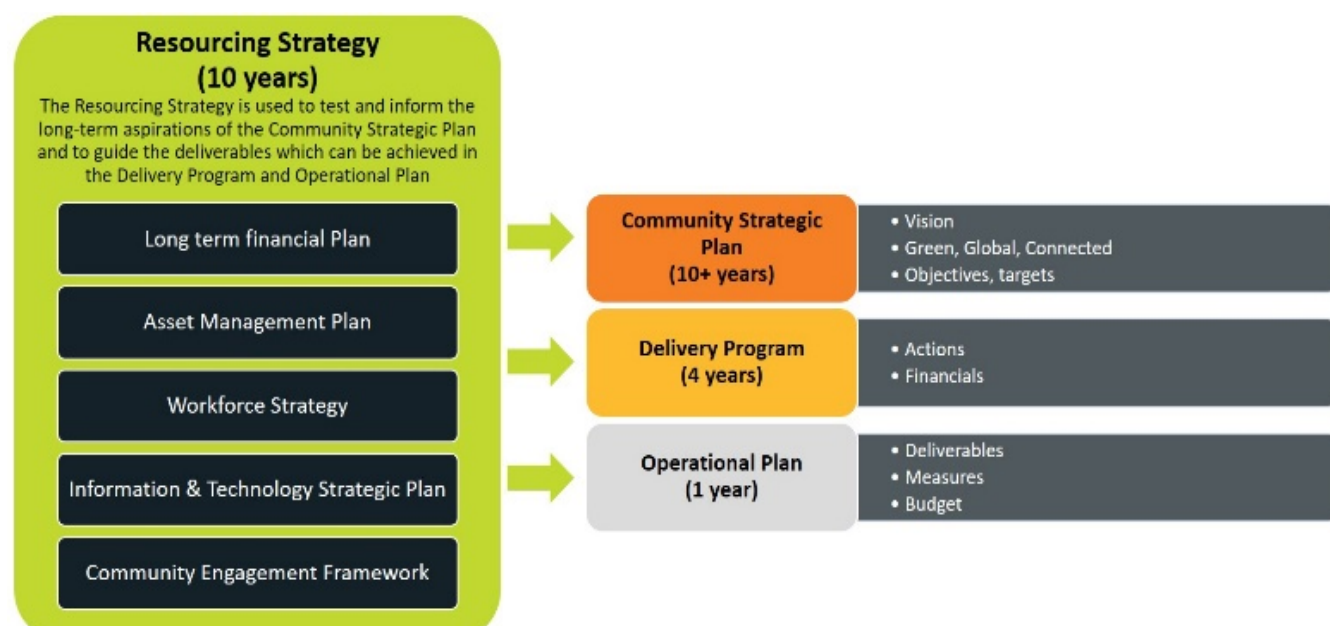

The Local Government Act includes Principals for local government, which identify the matters councils need to consider when carrying out their responsibilities. Integrated planning and reporting is included as one of the Principles.

The suite of Integrated Planning documents, including this Operational Plan, is the City's response to the Integrated Planning and Reporting Framework introduced by the NSW Government in 2009.

The Integrated Planning and Reporting Framework

The diagram below illustrates our Integrated Planning and Reporting Framework suite of documents and how they are interrelated. It is adapted from the NSW Office of Local Government Guidelines, available from www.olg.nsw.gov.au.

Resourcing the Plan

To support the community's objectives expressed in Sustainable Sydney 2030, a long term resourcing strategy is required as part of the Integrated Planning and Reporting Framework. This serves to both inform and test the aspirations expressed in the strategic plan and how Council's share of the required actions might be achieved.

The Resourcing Strategy includes five components:

- Long Term Financial Plan (LTFP)
- People Strategy
- Asset Management Strategy
- Information and Technology Strategic Plan
- Community Engagement Framework

Costs for the principal activities undertaken by the City of Sydney under Sustainable Sydney 2030, including the continued provision of current services at the appropriate levels necessary to meet the objectives of the community strategic plan, are brought together in the LTFP. This provides a 10-year view of the costs and what can be funded by the City of Sydney or may be required from other sources.

The City of Sydney's workforce capacity to meet the objectives of the strategy and the broad challenges and responses to planning our future workforce are outlined in the People Strategy.

Asset management is a critical area of local government responsibilities, governed by legislated standards. The status, needs and resourcing plan for each key asset area in the City's care are shown through the Asset Management Strategy.

The Information and Technology Strategic Plan sets out the medium-term direction for Council and provides a roadmap to improve the quality and use of digital services, unlock the inherent value of information and data, and optimise investment in technology in support of Sustainable Sydney 2030 and other key business strategies.

How the Documents Relate

The diagram above illustrates how the City's Integrated Planning and Reporting documents work together. All of the key plans are prepared and updated periodically and are subject to a review following the election of each new Council.

Monitoring Progress

Monitoring of Sustainable Sydney 2030 requires a multi-layered process. This plan is monitored against broad sustainability indicators for the community and city as a whole.

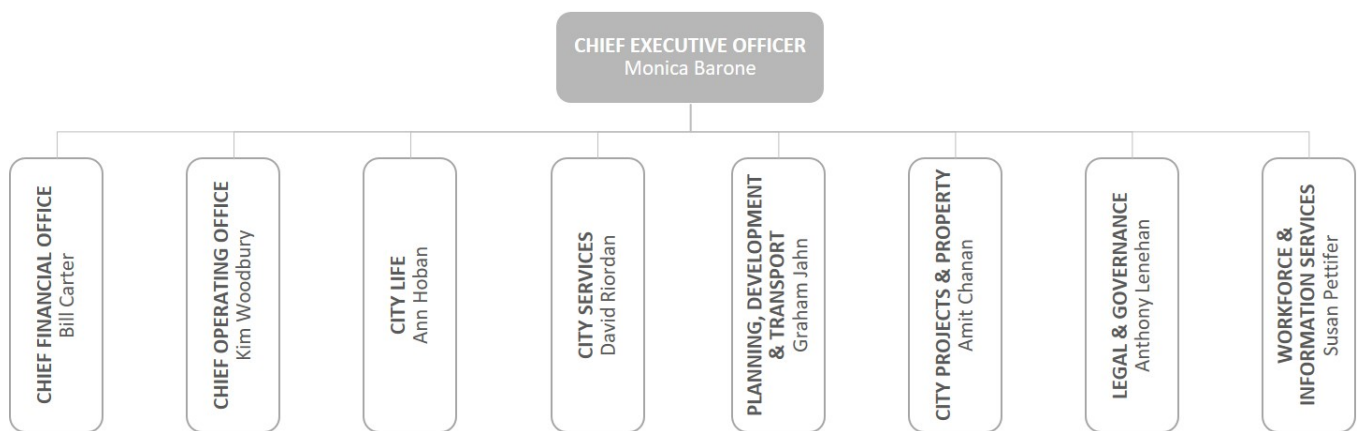

The Delivery Program and Operational Plan are monitored through half-yearly, annual and four-yearly performance reports, and through quarterly and annual financial reports to Council. These reports provide details of our operational performance and our progress towards strategic outcomes identified in the Sustainable Sydney 2030 plan.

Community Indicators

The City has also undertaken a major project to establish a comprehensive set of community well-being indicators that measure progress across social, cultural, environmental, economic and democratic perspectives.

The Community Indicators add an additional dimension to monitoring and reporting on Sustainable Sydney 2030, and to the evidence base for Integrated Planning and Reporting.

Organisational Structure and Senior Executive

Making it Happen

The City of Sydney, as a local government organisation, is governed by the requirements of the Local Government Act (1993) and Regulation, the City of Sydney Act (1988) and other relevant legislative provisions.

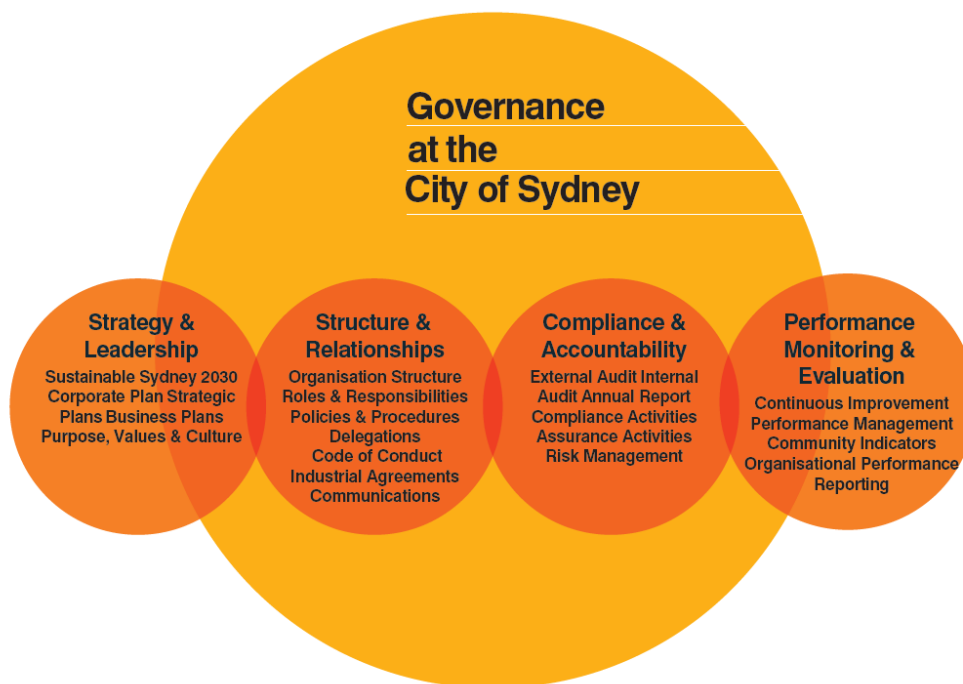

There are services that all councils must provide, and some which councils can choose to make available. Many services are also provided by different state and federal agencies, such as public transport, hospitals and education.

The Local Government Act includes Principles, which identify the matters councils need to consider when carrying out their responsibilities. While following these Principles, in reality councils have a range of roles – as a leader, service provider, regulator, advocate, facilitator and educator. Councils have a responsibility to formulate and pursue their community's vision and ideas, provide civic leadership, deliver key services and express local ideas and concerns about important issues to other levels of Government.

There are new policy approaches that influence or direct Council's responses, and legislation that affects the provision of current services. Council's roles extend beyond the direct provision of services to advocating for an equitable allocation of resources from the State and Federal Governments.

In following the directions of Sustainable Sydney 2030 and striving to achieve its objectives, there are limits to what Council alone can control or even influence. As indicated by the diagram above, however, the City of Sydney, like Sustainable Sydney 2030 itself, is concerned with the full range of issues that affect the wellbeing of the City and its communities.

Corporate Governance

The City of Sydney is governed by the requirements of the Local Government Act (1993) and Regulations, the City of Sydney Act (1988) and other relevant legislative provisions.

Council policy, strategic directions and major corporate decisions are determined by the elected Council, chaired by the Lord Mayor. Day to day operations are largely delegated to the Chief Executive Officer or managed in conjunction with the Lord Mayor, as provided for in Council resolutions and delegations, and in accordance with relevant legislation. Corporate performance is monitored through quarterly financial reports, and six-monthly operational performance reports to Council and the community.

Governance Framework

The governance framework of the organisation is implemented, monitored and reviewed by the Executive. Good governance is at the heart of how the City of Sydney operates. Governance refers to the culture, processes, systems, policies and practices that we use to guide our operations.

Good governance is vitally important - it creates confidence in Council because it ensures that we deliver what we say we will deliver and that we act in an ethically robust way.

Code of Conduct

The City of Sydney adopted the provisions of the Model Code of Conduct issued by the Office of Local Government in June 2008. All staff are required to undertake compulsory refresher training on the Code of Conduct every year.

The importance of ethical behaviour is also stressed to all staff through our employee induction processes. All

staff are met on their first day by staff who explain to them key policies, procedures and expectations of the organisation with regard to staff behaviour. This is followed up by a comprehensive local and corporate induction.

Fraud and Corruption Prevention

The City of Sydney has a Fraud and Corruption Control strategy. Strategies to minimise fraud and corruption are embedded into corporate systems and processes. Complaints of corrupt conduct against Council staff or Councillors can be made in writing to:

Governance Unit, City of Sydney, Sydney NSW 2000

Complaints about staff members will be referred to the Legal and Governance Division for investigation. Complaints about Councillors and the Chief Executive Officer will be referred in accordance with the provisions of the Code of Conduct. Complaints can also be made directly to the Independent Commission Against Corruption who will refer you to the appropriate channels if it is not appropriate for them to investigate the complaint themselves.

Risk Management

The City of Sydney is embedding risk management principles and capabilities across the organisation to ensure effective decision making and to demonstrate good corporate governance within the City. This includes the following risk management structures:

- Risk Management Policy, Program and Frameworks
- Audit Risk and Compliance Committee
- Emergency Management Committee
- Business Continuity Plan
- Internal Audit Charter
- Workplace Health and Safety Management System.

Audit, Risk and Compliance Committee

The Audit Risk and Compliance Committee plays an important role in the City's governance framework. It provides Council with independent oversight and monitoring of the City's audit, compliance and risk processes and its other internal control activities.

The primary objectives of the Committee are to assist the Council in discharging its responsibilities relating to:

- financial reporting practices;
- business ethics, policies and practices;
- accounting policies;
- risk management and internal controls;
- compliance with laws, regulations, standards and best practice guidelines; and
- ensure the integrity of the internal audit function.

The Audit, Risk and Compliance Committee Charter sets out the committee's roles and responsibilities and its oversight of the internal and external audit functions, including any statutory duties. The committee has three independent members, one of whom acts as Chair, as well as two Councillors.

External Audit

The City of Sydney has the NSW Audit Office as their external auditor. The External Auditor provides independent audit opinions on both the general and special purpose financial reports of Council, audits statutory returns relating to a number of Council activities (including the ratings return, domestic waste return, and parking enforcement gain share), reports to the Council and the Minister of the conduct of the audit, issues a management letter detailing any matters that arise during the course of the audit and, provides any supplementary reports where required by the Office of Local Government. The External Auditor also contributes to

Council's Audit, Risk and Compliance Committee meetings.

Internal Audit

Internal audit is an important part of the City of Sydney's risk management processes. The City of Sydney has an internal function in place, using a combination of internal and external expertise and resources.

Accountability and Transparency

The City of Sydney takes seriously its responsibility to be open and accountable to the community. The City responds to requests made in accordance with the Government Information (Public Access) Act (2009) and proactively revises information about decisions. The City of Sydney fully complies with the intent and requirements of all legislation. At the same time we respect people's privacy by not releasing personal details where inappropriate.

Procurement and external contracts

The City of Sydney procurement processes meet the highest standards of probity and integrity. The City's objective in entering into contracts is to obtain goods and services to perform its functions, while using public funds wisely, honestly and in compliance with legislative and public interest requirements. All contracts over \$150,000 undergo a rigorous and open tender process. All other contracts follow best practice and are selected on a value for money basis.

Our Workforce

Attracting and retaining skilled and talented staff with the capability to deliver the City's objectives is critical to implementing Sustainable Sydney 2030. The City of Sydney aims to be an employer of choice for people seeking to make a difference to their communities.

The City aims to strengthen its strategic workforce management in order to address the future workforce challenges of Sustainable Sydney 2030, while also improving the work environment for current staff.

The City's People Strategy strategic priorities aim to optimise the City of Sydney's workforce strengths, address our most critical challenges and support a high-performing, values-driven workplace.

Information and Technology Management

Information and technology are critical enablers of business and service transformation, improved effectiveness and efficiency, collaboration, and inclusive participation.

The City's Information and Technology Strategic Plan recognises that technology is an enabler for business improvement and service delivery. High quality information and data that supports strategic and operational decision making are critical.

The City's Information and Technology Strategic Plan has four key focus areas:

- Digital Service Delivery
- Information and Data
- Enterprise Systems
- Enablers of Change – (Workforce and Governance).

Customer Service

The City of Sydney is committed to providing the highest levels of customer service to the community and building a strong customer focused culture. We have a Customer Service Charter which sets out our commitment to delivering high quality services to the City's diverse range of customers in line with Sustainable Sydney 2030. The Charter identifies the minimum standards of service which can be expected, and offers advice on how customers can provide feedback if service standards are not met.

4. Strategic Directions & Principal Activities

Our Strategic Directions group the outcomes from Sustainable Sydney 2030 into 10 focus areas.

Strategic Directions & Sustainable Sydney 2030

For the purposes of section 405 of the Local Government Act (1993), this Operational Plan and the following ten Strategic Directions are derived from the Community Strategic Plan Sustainable Sydney 2030 and describe the City of Sydney's principal activities.

The strategic direction sets out our high level outcomes, with objectives, projects, programs and services identifying what it is we are doing to achieve the outcomes. Delivery measures, including key performance indicators are used to measure our progress towards the outcomes.

In improving our planning and reporting to address Sustainable Sydney 2030 outcomes, we have developed a number of new key performance indicators. Not all of these indicators have historical data to report, nor do they all have identified targets.

There are two reasons for this:

First, it is not always appropriate to set targets, as some indicators are better served by plotting trends to measure performance.

Second, where we do not have historical data we do not know what is an appropriate target to set. This will be changed where appropriate as we collect enough data to guide us in target setting.

Each of the following Strategic Directions are set out to show that City of Sydney works under the principles of PLAN, DO, CHECK, ACT.

The City's 10 Strategic Directions

1 Strategic Direction 1 – A globally competitive and innovative city

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The City must focus on the global economy and sustained innovation to ensure continuing prosperity.

2 Strategic Direction 2 – A leading environmental performer

The City of Sydney has adopted ambitious greenhouse gas emission reduction targets and will work towards a sustainable future for the city's use of water, energy and waste.

3 Strategic Direction 3 – Integrated transport for a connected city

Quality transport will be a major driver to sustainability – the city must offer a variety of effective and affordable transport options.

4 Strategic Direction 4 – A city for walking and cycling

A safe and attractive walking and cycling network linking the city's streets, parks and open spaces.

5 Strategic Direction 5 – A lively and engaging city centre

The city centre's international iconic status will be maintained and enriched with an inviting streetscape and vibrant public spaces.

6 Strategic Direction 6 – Resilient and inclusive local Communities

Building communities through enhancing the capacity of our people and the quality of their lives.

7 Strategic Direction 7 – A cultural and creative city

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

8 Strategic Direction 8 – Housing for a diverse population

A wider range of housing so people who provide vital city services can afford to live in the city

9 Strategic Direction 9 – Sustainable development renewal and design

High quality urban design will bring liveability and greater sustainability.

10 Strategic Direction 10 – Implementation through effective governance and partnerships

Partnerships across government, business and community; leadership in local, national and global city forums.

Strategic Direction 1

A globally competitive and innovative city

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The city must focus on the global economy and sustained innovation to build economic resilience and ensure continuing prosperity.

Objective 1.1

Plans are in place to accommodate growth and change in the city centre and other key economic areas.

Code	Action	Deliverables	Responsible Area
1.1.1	City Planning	Conduct strategic studies and reviews to inform planning control amendments that protect and grow jobs.	City Planning, Development & Transport
1.1.2	City Development	Provide strategic input into State Government and major public or private development projects to ensure that public domain outcomes support public life, activation, and are integrated with surrounding areas.	Chief Operations Office
1.1.3	Service Delivery	Deliver City Services to meet the needs of a Global City.	City Services

Objective 1.2

The city economy is competitive, prosperous and inclusive.

Code	Action	Deliverables	Responsible Area
1.2.1	Economy	Continue to implement the OPEN Sydney strategy to develop a vibrant, safe and sustainable night time economy that offers a diverse range of leisure and entertainment options for all ages and interests, with inviting and safe public spaces, easily accessible information and connected transport.	City Life
		Develop and implement the International Engagement Framework that focuses on promoting Sydney; attracting talent, visitation and investment; connecting local businesses and organisations with international opportunities; and, building skills and capacity through knowledge exchange.	Chief Operations Office / City Life
		Implement priority projects and programs from the Retail Action Plan that create great experiences, build capacity and resilience, remove barriers, and engage with the sector.	Chief Operations Office / City Life
		Implement priority projects and programs arising from the Tech Start Up Action Plan to support the growth of the tech start-up ecosystem.	Chief Operations Office / City Life
		Implement priority projects and programs from the Eora Journey Economic Development Plan that focus on support for Aboriginal and Torres Strait Islander business owners, employees and education success.	Chief Operations Office
1.2.2	Strategic research, analysis and knowledge sharing	Collect data, undertake strategic analysis, and provide demographic and economic development information to industry, academia, government and business.	Chief Operations Office

Objective 1.3

The city economy is an integrated network of sectors, markets and high performing clusters.

Code	Action	Deliverables	Responsible Area
1.3.1	Knowledge and skills	Implement priority projects and programs from the International Education Action Plan that focus on student 'welcome', 'well-being' and 'work-integrated learning opportunities'.	Chief Operations Office
1.3.2	Affordable spaces - economic	Manage the use of City owned properties as affordable space within the context of the City's economic action plans.	City Life

Objective 1.4

The city economy is resilient.

Code	Action	Deliverables	Responsible Area
1.4.1	Economic Resilience	Contribute to metropolitan and state-wide strategic economic planning.	Chief Operations Office

Objective 1.5

The city enhances its global position and attractiveness as a destination for people, business and investment.

Code	Action	Deliverables	Responsible Area
1.5.1	Major Events	Deliver Sydney New Year's Eve that promotes Sydney as a tourist destination as part of increasing awareness of Sydney as a global destination.	City Life
		Deliver the Christmas in the City program as a celebration of the Sydney Christmas program and promote retail destinations in the city.	City Life
		Deliver Sydney Lunar Festival for local communities, businesses, and visitors.	City Life
		Promote Sydney as an international destination through major events.	Office of the CEO
1.5.2	Visitor Experience	Implement priority projects and programs from the Tourism Action Plan that focus on destination development, destination management and destination marketing.	Chief Operations Office / City Life / Office of the CEO
1.5.3	Business and Investment Attraction	Work with the State Government and other partners on initiatives to promote Sydney, and with Business Events Sydney to attract international conferences to Sydney.	Chief Operations Office/ City Life
1.5.4	Safety	Develop robust partnerships with emergency services, relevant agencies and the community to build capacity and resilience to prevent, respond and recover from emergencies.	City Services
1.5.5	Cleansing and waste	Provide high quality, customer focussed street cleansing service that meets the needs of the community.	City Services

Code	Action	Deliverables	Responsible Area
1.5.6	Monitoring and compliance	Maintain inspection programs to monitor legislative compliance in the areas of fire safety, building compliance, late night trading premises and public health.	City Planning, Development and Transport
		Operate proactive patrols to monitor legislative compliance and respond to customer complaints including but not limited to DAs, companion animals, noise, litter and unlawful trading.	City Services

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area

	Economic impact of international students in NSW (updated annually)	\$	↗	Chief Operations Office

Strategic Direction 2

A leading environmental performer

The City of Sydney has adopted ambitious targets for the reduction of greenhouse gas emissions, potable water use and waste to landfill.

We will work towards a sustainable future that mitigates environmental impact and adapts to a changing climate.

We also understand the importance of green space and urban biodiversity. We have developed comprehensive policies and clear targets to increase the urban canopy, biodiversity, waterway health and the physical greening of the city.

Objective 2.1

Greenhouse gas emissions are reduced across the city.

Code	Action	Deliverables	Responsible Area
2.1.1	Energy efficiency and renewables	Leverage fleet analytics to drive a reduction in greenhouse gas emissions and set targets.	City Services
		Continue to identify and implement initiatives to facilitate the 50% renewable by 2030 target for the city.	Chief Operations Office
		Actively manage Ausgrid to replace LED lights for all public domain light types (street lights, parks etc.) in the city area in a timely manner.	City Services
2.1.2	Sustainable Planning	Develop a pathway for the City's current planning controls to be strengthened over time to deliver net zero building standards.	City Planning, Development and Transport
		Investigate the inclusion of Development Control Plan (DCP) provisions that introduce NABERS Energy Commitment Agreements for new hotel buildings and major hotel refurbishments.	City Planning, Development and Transport
2.1.3	Advocacy	Advocate for higher BASIX targets for residential buildings.	Chief Operations Office

Objective 2.2

Waste from the city is managed as a valuable resource and the environmental impacts of its generation and disposal are minimised.

Code	Action	Deliverables	Responsible Area
2.2.1	Sustainable Planning	Review and update standard waste conditions to comply with new guidelines for waste management in new developments.	City Planning, Development and Transport
2.2.2	Monitoring and reporting waste	Integrate organisational waste reporting on a new digital platform.	City Projects and Property
2.2.3	Managing waste and resources	Implement the Resource Recovery Engagement Action Plan to reduce waste, recycle more and work with the community to reduce illegal dumping.	City Services
		Develop and implement a service that offers residents the opportunity to participate in a trial food waste collection scheme.	City Services

Code	Action	Deliverables	Responsible Area
2.2.4	Management and compliance	Conduct targeted patrols by City Rangers in the public domain to address illegal dumping, discarded cigarette butts, littering and other activity which is contrary to the provisions of the Protection of the Environment Operations Act.	City Services
2.2.5	Advocacy	Advocate for state allocation of appropriate land resources to waste treatment, improved waste data, expanded product stewardship, maintaining landfill levy.	Chief Operations Office

Objective 2.3

Across the city, potable water use is reduced through efficiency and recycling and gross pollutant loads to waterways are reduced.

Code	Action	Deliverables	Responsible Area
2.3.1	Recycled water	Facilitate delivery of large-scale recycled water projects in new and established areas of the city.	Chief Operations Office
2.3.2	Sustainable Planning	Develop a process to ensure that water sensitive urban design in all developments is assessed (against technical guidelines or by a suitably qualified specialist) to meet or exceed Development Control Plan stormwater quality requirements.	City Services
		Investigate opportunities to incorporate environmental sustainability into Local Environment Plan (LEP) and Development Control Plan (DCP) revisions.	City Planning, Development and Transport
2.3.3	Advocacy	Advocate for urban renewal areas to meet world's best practice environmental standards.	Chief Operations Office
2.3.4	Stormwater quality / waterway health	Develop a Model for Urban Stormwater Improvement Conceptualisation (MUSIC) to estimate the stormwater pollution reduction of all water sensitive urban design initiatives in both the public and private domain and report against stormwater quality targets.	City Services
		Continue to include raingardens in road and streetscape renewal designs where feasible to contribute to water quality targets and reduce urban heat.	City Services
		Continue to identify and implement opportunities to include Water Sensitive Urban Design (WSUD) infrastructure in all new City projects.	Chief Operations Office
		Where possible, retrofit the City's stormwater system with gross pollutant traps to reduce solids discharged to waterways via stormwater run-off.	City Services

Objective 2.4

City residents, businesses, building owners, workers and visitors improve their environmental performance.

Code	Action	Deliverables	Responsible Area
2.4.1	Commercial office engagement	Deliver the CitySwitch Green Office Sydney program to office based businesses to facilitate improved environmental performance.	City Life
		Coordinate the CitySwitch Green Office national program across Australia.	City Life
		Support and encourage building owners, businesses, agents and other key stakeholders to facilitate improved environmental performance within the commercial office sector, as directed by Sydney's Sustainable Office Plan.	City Life
		Advocate for the mandatory regular disclosure of office tenancy ratings.	City Life
		Coordinate the Better Buildings Partnership program in Sydney to facilitate improved environmental performance.	City Life
2.4.2	Business engagement (non-office based)	Support and encourage building owners, businesses, agents and other key stakeholders to facilitate improved environmental performance within the accommodation & entertainment sector as directed by the Making Sydney a Sustainable Destination Plan.	City Life
		Coordinate the Sustainable Destination Partnership to facilitate improved environmental performance within the accommodation and entertainment sector.	City Life
2.4.3	Residential Engagement	Support and encourage building owners, agents, residents and other key stakeholders to facilitate improved environmental performance within the residential apartment sector, as directed by the Residential Apartment Sustainability Plan.	City Life
		Deliver Smart Green Apartment retrofit program for apartment buildings.	City Life
		Advocate for the mandatory regular disclosure of residential apartment buildings ratings.	City Life
2.4.4	Provision of grants and other cross sector support	Deliver the building tune-up program to facilitate improved environmental performance in non-residential buildings.	City Life
		Deliver a promotional program to accelerate resident and business communities' adoption of renewable energy towards a net zero outcome.	City Life

Objective 2.5

The City of Sydney's operations and activities demonstrate leadership in environmental performance.

Code	Action	Deliverables	Responsible Area
2.5.1	Environmental Management Systems	Improve monitoring, reporting and verification of waste, energy and water data and other sustainability metrics for the local government area and our own operations.	Chief Operations Office
		Continuously improve the systems, processes and organisational capability for managing utilities and other sustainability metrics within City-owned assets.	City Projects and Property
2.5.2	Capital Projects	Install solar PV and energy storage infrastructure on suitable City properties and sites to maximise uptake of renewable energy.	Chief Operations Office
		Adapt infrastructure design to account for current and future climate change (including water sensitive urban design, stormwater management, roads and pavement).	City Services
2.5.3	Asset Management	Improve energy and water efficiency at the City's most resource intensive sites through identification, prioritisation and installation of efficiency measures and changes in management practices, including required metering and monitoring under the Major Properties Efficiency Project (MPEP).	City Projects and Property
		Review and update recycling streams and collection receptacles in City properties, and implement an education and behaviour change program to increase recycling and reduce contamination.	City Projects and Property
		Manage and analyse new energy efficient fuel options for the City's light and heavy vehicle fleets to encourage low emission driving behaviour and reduce CO2 emissions.	City Services
2.5.4	Procurement, grant assessment & contract management	Implement Sustainable Procurement Guidelines on selected procurement activities – major construction materials, consumables, major contract, event management and supplier due diligence.	Chief Financial Office

Objective 2.6

The extent and quality of urban canopy cover, landscaping and city greening is maximised.

Code	Action	Deliverables	Responsible Area
2.6.1	City Farm	Continue City Farm operations and establish farmers market and orchard.	City Services
2.6.2	Community greening	Support and promote the development of community gardens, footpath gardening, and sites maintained and managed by community volunteer groups.	City Services
2.6.3	Urban forest	Continue to deliver tree planting programs to maximise urban canopy and reduce the impacts of the urban heat island effect.	City Services
2.6.4	Urban ecology	Continue to expand and protect bush regeneration areas in the City's parks and open spaces.	City Services
		Monitor the diversity, number and distribution of priority fauna species reported on the local government area.	City Services
2.6.5	Greening Sydney Plan	Continue to deliver the public domain landscaping program.	City Services
		Deliver Living Colour floral displays to high profile retail and tourist precincts throughout the City during spring and summer.	City Services
2.6.6	Parks Water Savings Action Plan	Improve water efficiency at the City's parks through installation of efficiency measures and changes in management practices.	City Services
		Identify opportunities to connect parks to recycled or alternative water sources.	City Projects

Objective 2.7

The city's buildings, infrastructure, emergency services and social systems are resilient to the likely impacts of climate change.

Code	Action	Deliverables	Responsible Area
2.7.1	Climate change	Identify air pollution measures and trends within the local government area.	Chief Operations Office
2.7.2	Extreme weather events	Continue to work with emergency services, relevant agencies, and the community to build capacity to prepare for, respond, and recover from extreme weather events.	City Services
2.7.3	Urban heat island effect and flooding risk mitigation	Continue research and trials in monitoring and reducing the urban heat island effect.	Chief Operations Office
		Continue to implement the City's Floodplain Management Policy, and work collaboratively with asset owners and developers to fund and implement flood risk management plans, incorporating climate change scenarios.	City Services

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Greenhouse emissions	Overall greenhouse gas emissions for all City of Sydney operations – total all emissions Baseline 2006 Data – 52,972 tC02e	Tonnes C02e	↘	Chief Operations Office
	Greenhouse gas emissions for City of Sydney local government area – total all emissions Baseline 2006 Data - 5,805,550 tC02e (measured annually in June)	Tonnes C02e	↘	Chief Operations Office
	Percentage of reduction in greenhouse gas emissions in the local government area based on 2006 levels - 5,805,550 tC02e (measured annually in June – data from previous financial year; target of 70% by 2030 & net zero emissions by 2050)	%	↗	Chief Operations Office
	Percentage of electricity demand in the local government area met by renewable sources (measured annually in June – data from previous financial year)	%	50%	Chief Operations Office

Greening Sydney	New plants planted in City parks and street gardens each year	Number	50,000	City Services
	New and renewed Public Domain Landscaping installed (nature strips, rain gardens, traffic treatments)	m ²	9,000	City Services
	Maintain or increase number of indigenous bird species (2009/10 baseline - 63 species)	Number	↗	City Services
	Extent of locally-indigenous bushland increased compared to 2009/10 baseline (4.6ha) (measured annually)	ha	13.5	City Services
Environmental Grants	Value of environmental grants approved by the City of Sydney	\$'000	-	City Life

Strategic Direction 3

Integrated transport for a connected city

Quality transport will be a major driver to sustainability, amenity, ease of mobility and the economic competitiveness of our city – the city must offer a variety of effective and affordable transport options.

Objective 3.1

Investment in public transport and walking and cycling infrastructure encourages more people to use these forms of transport to travel to, from and within the city.

Code	Action	Deliverables	Responsible Area
3.1.1	Planning	Work with the State Government transport cluster to ensure all traffic and transport related proposals in Central Sydney comply with policies such as the Sydney City Centre Access Strategy, Movement and Place, and Central Sydney on-street parking policy.	City Services/ City Planning Development & Transport
3.1.2	Advocacy	Work with the State Government and other stakeholders to develop Future Transport projects for Sydney to increase public transport accessibility and capacity to and within the City of Sydney, including planning for Metro West and new initiatives.	City Planning, Development and Transport
3.1.3	Partnership	Work with the State Government and Taxi industry to implement more taxi ranks in better locations with improved safety in the City Centre during the evening and late night.	Chief Operations Office/City Services

Objective 3.2

Transport infrastructure is aligned with city growth.

Code	Action	Deliverables	Responsible Area
3.2.1	Partnership	Work with the State Government to ensure the best outcomes are achieved for the community on large public transport and road projects.	City Planning, Development and Transport / Chief Operations Office
3.2.2	Advocacy	Work with the State Government to ensure understanding of transport implications of development in the city area.	City Planning, Development and Transport
3.2.3	Parking	Continue to implement the neighbourhood parking policy.	City Planning, Development and Transport/City Services
3.2.4	Freight and Servicing	Work with State Government and businesses to develop new and innovative solutions to freight and servicing, including more productivity from loading spaces and exploring higher-amenity options for “last mile” distribution.	City Planning, Development and Transport
3.2.5	Regional Collaboration	Continue to build relationships with neighbouring councils and collaborate on transport projects where infrastructure or impact is across the boundaries.	City Planning, Development and Transport

Code	Action	Deliverables	Responsible Area
3.2.6	Technology	Partner with the State Government to facilitate innovation in transport management, ensuring technology assists in achieving agreed urban and transport outcomes.	City Planning, Development and Transport

Objective 3.3

The amenity of the city centre and villages is enhanced through careful management and integration of transport.

Code	Action	Deliverables	Responsible Area
3.3.1	Traffic calming initiatives	Develop and deliver a range of initiatives to help support change of behaviour by traffic calming.	City Services
3.3.2	Speed reduction	Continue to work with the state government to look for opportunities to reduce traffic speeds and speed limits throughout the City of Sydney.	City Planning, Development and Transport
3.3.3	Road safety partnerships	Continue to build relationships with Roads and Maritime Services, Centre for Road Safety and Transport for New South Wales through the Local Government road safety program to improve road safety within the LGA.	City Planning, Development and Transport
3.3.4	Manage amenity	Manage the scheduling of waste collection services to ensure the least disruption to the community.	City Services
3.3.5	Community Programs	Facilitate a range of road safety education programs for the community.	City Planning, Development and Transport

Objective 3.4

Public transport, walking and cycling are the first choice transport modes within the city.

Code	Action	Deliverables	Responsible Area
3.4.1	City Transformation	Continue to support the implementation of light rail down George Street and in wider local government area.	Chief Operations Office
3.4.2	Behavioural	Advocate for measures aimed at increasing the use of public transport, walking and cycling along major corridors to the city.	City Planning, Development and Transport

Objective 3.5

Transport services and infrastructure are accessible.

Code	Action	Deliverables	Responsible Area
3.5.1	Parking	Demand for parking is managed to ensure there is equitable access to the constrained supply.	City Services
3.5.2	Advocacy	Ensure the needs of all community and customers are considered in the master planning for transport and Urban Growth projects.	Chief Operations Office
3.5.3	Transport infrastructure	Advocate to ensure public transport infrastructure meets the needs of users.	City Planning, Development and Transport

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Parking and road management	Number of car share bookings	Number	↗	City Planning, Development and Transport
	Number of residents who are members of car share schemes	Number	↗	City Planning, Development and Transport
	Proportion of resident drivers who are members of car share schemes	%	↗	City Planning, Development and Transport
	Length of streets across the local government area with a speed limit of 40km/h or less	km	↗	City Planning, Development and Transport
Roads maintenance	Road renewal/ treated program	m ²	25,000	City Services
Traffic calming	Number of transport-related projects (footpath widening, traffic calming measures, intersection upgrades, etc.) delivered as part of the City's Pedestrian, Cycling and Traffic Calming (PCTC) plans	Number	6	City Services

Strategic Direction 4

A city for walking and cycling

A safe, comfortable and attractive walking and cycling network linking the city's streets, parks and open spaces.

Objective 4.1

The city and neighbouring areas have a network of accessible, safe, connected pedestrian and cycling paths integrated with green spaces.

Code	Action	Deliverables	Responsible Area
4.1.1	Walking	Deliver the Central Business District Streetscape Improvement program, including the installation of Smartpoles, upgraded and improved LED street lighting, traffic signals, street furniture and the installation of granite paving.	City Services
4.1.2	Cycling	Complete the City's high priority regional routes, with separated cycleways where possible.	City Planning, Development and Transport
		Improve bicycle safety, access and amenity through small scale infrastructure changes and improved on street facilities throughout the local government area.	City Planning, Development and Transport
4.1.3	Partnerships	Work with neighbouring councils, State and Federal Governments to implement the Inner Sydney Regional Bike network.	City Planning, Development and Transport
4.1.4	Civil Infrastructure	Continue to implement priority actions from the Liveable Green Network, including the Footpath Renewal program, pedestrian and cycling safety improvements, new furniture installations, pedestrian lighting upgrades, installations of green verge/street gardens and new cycleways.	City Services

Objective 4.2

The city centre is managed to facilitate the movement of people walking and cycling.

Code	Action	Deliverables	Responsible Area
4.2.1	Walking	Work with the State Government to decrease waiting time and journey time for pedestrians on priority routes in the City Centre, and Liveable Green Network routes throughout the Local Government Area.	City Planning, Development and Transport
4.2.2	Cycling - City centre	Advocate to the State Government to complete the City Centre Access Strategy cycleway network.	City Planning, Development and Transport
4.2.3	Partnerships	Collaborate with the State Government to integrate walking and cycling with George Street Light Rail and pedestrianisation project.	City Planning, Development and Transport/ Chief Operations Office

Objective 4.3

The number of people who choose to walk and cycle continues to increase.

Code	Action	Deliverables	Responsible Area
4.3.1	Modal shift	Promote the benefits of walking and cycling.	City Planning, Development and Transport
4.3.2	Walking and cycling for leisure	Lead and/or support events celebrating and focusing on walking and cycling. Promote attractive routes and open spaces.	City Planning, Development and Transport
4.3.3	Behaviour	Monitor walking and cycling participation and trips, attitudes and safety.	City Planning, Development and Transport
		Ensure all road and path users have information and training available that enables them to exhibit the correct and safe behaviours.	City Planning, Development and Transport

Objective 4.4

Businesses in the city encourage their staff to walk and cycle more often.

Code	Action	Deliverables	Responsible Area
4.4.1	Journey to work – commuting	Encourage the use of walking and cycling for commuting to work in the city area.	City Planning, Development and Transport

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Cycleways/Shared paths/Courses	Length of separated cycleways provided annually	km	0.47	City Planning, Development and Transport
	Length of on-road cycleways provided/upgraded annually	km	2.6	City Planning, Development and Transport
	Length of shared paths provided/upgraded annually	km	2.4	City Planning, Development and Transport
	Growth in cycling activity at key intersections around the City of Sydney	%	↗	City Planning, Development and Transport
	Number of attendees at cycle safety courses	Number	↗	City Planning, Development and Transport
Footpaths	Footway renewed program	m ²	10,000	City Services
	Footway replaced by green verge	m ²	2,000	City Services
	Granite infill project - Paving	m ²	900	City Services

Strategic Direction 5

A lively and engaging city centre

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

Objective 5.1

The city centre has safe and attractive public spaces for people to meet, rest and walk through at all times of the day or night; with George Street as a distinctive spine.

Code	Action	Deliverables	Responsible Area
5.1.1	Public domain planning	Continue to develop Public Domain Plans for the City Centre and accompanying Implementation Plans.	Chief Operations Office
5.1.2	Safety	Work with police and emergency services to deter, detect, delay, and respond to incidents in crowded places.	City Services

Objective 5.2

The city centre provides diversity of built form, uses and experiences.

Code	Action	Deliverables	Responsible Area
5.2.1	Public domain improvements	Continue to deliver Capital Works projects for the City arising from the Chinatown Public Domain Plan, Harbour Village North Public Domain Plan and City North Public Domain Plan.	City Projects and Property
5.2.2	Planning	Develop and implement a CBD Activation Policy and Guidelines.	Chief Operations Office

Objective 5.3

Innovative, creative, retail, hospitality, tourism and small business activity is supported in the city centre.

Code	Action	Deliverables	Responsible Area
5.3.1	Business space	Facilitate access to appropriate space in the city centre for businesses within identified priority sectors including Tech Start-ups and Aboriginal and Torres Strait Islander business.	Chief Operations Office/ City Life
5.3.2	Tourism provision	Work in partnership to develop tourism infrastructure in the city centre including Wi-Fi and information kiosks.	Chief Operations Office/ Workforce and Information Services
		Develop and deliver programs that provide visitors with information in the city centre such as the Cruise Ship Ambassador Program.	Chief Operations Office/ City Life/Workforce and Information Services

Objective 5.4

The city centre is a place for cultural activity, creative expression and participation.

Code	Action	Deliverables	Responsible Area
5.4.1	City centre creative activity	Deliver operational activities to support busking in the City.	City Services /Chief Operations Office
5.4.2	Public art	Implement the City Centre Public Art Plan.	City Projects and Property/Chief Operations Office

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
City centre public life	Amount of footway dining in the city centre (total)	m ²	-	City Projects and Property

Strategic Direction 6

Resilient and inclusive local communities.

Building communities through enhancing the capacity of our people and the quality of their lives.

Objective 6.1

Our city comprises many unique places – a ‘city of villages’ – for communities to live, meet, shop, study, create, play, discover, learn and work.

Code	Action	Deliverables	Responsible Area
6.1.1	Learning and Creative Programs	Deliver a welcoming cultural program within relevant City cultural venues.	City Life
6.1.2	Public Domain	Maintain and enhance public domain across the local government area through an ongoing program of improvement works.	Chief Operations Office
6.1.3	Green Square	Delivery of new community/cultural facilities, public domain and infrastructure to a high standard in Green Square.	City Life/ City Property and Planning/ City Services
		Placemaking and community engagement activities for Green Square growing neighbourhood.	City Life/ Chief Operations Office
6.1.4	Social Strategy	Lead the implementation of a Social Sustainability Policy and Action Plan.	Chief Operations Office

Objective 6.2

Our city is a place where people are welcomed, included and connected.

Code	Action	Deliverables	Responsible Area
6.2.1	Social Programs and Services	Implement the Inclusion Disability Action Plan.	City Life
		Offer affordable social programs and services that promote social inclusion, connection and participation.	City Life
		Deliver programs that support community safety.	City Life
6.2.2	Social Justice	Develop an advocacy map and delivery plan for promoting social justice, community resilience and cohesion.	Chief Operations Office

Objective 6.3

Local economies are resilient, meet the needs of their community, and provide opportunities for people to realise their potential.

Code	Action	Deliverables	Responsible Area
6.3.1	Information and research	Provide demographic, visitor and sector data and analysis to local businesses to assist in decision making and sustainable growth.	Chief Operations Office
6.3.2	Support small business	Strengthen the activation of precincts, with events, programs and services and develop resources that support existing and new business.	City Life

Objective 6.4

There is equitable access to community facilities and places, parks and recreational facilities to support wellbeing in daily life.

Code	Action	Deliverables	Responsible Area
6.4.1	Community Planning	Provide strategic direction for community facilities delivery to meet changing community needs and aspirations.	Chief Operations Office
6.4.2	Community wellbeing	Provide education and care services and facilities across the local area, including preschool, long day care, occasional care and out-of-school hours services.	City Life
		Support a diverse, inclusive and accessible range of community programs and projects through community facilities.	City Life
6.4.3	Community Facilities Delivery	Develop a property portfolio that ensures community facilities optimise investment opportunities and community needs.	City Projects and Property
6.4.4	Parks and recreation facilities	Maximise the availability and quality of facilities to meet demand for participation in sports across the community.	City Services

Objective 6.5

The community has the capacity, confidence and resilience to adapt to changing circumstances.

Code	Action	Deliverables	Responsible Area
6.5.1	Social services	Refer to 6.3.2.	City Life
6.5.2	Social strategy, research and planning	Monitor Community Wellbeing Indicators to identify change and wellbeing trends in the community.	Chief Operations Office
6.5.3	Emergency planning	Work with the community, emergency services and relevant agencies to build capacity and resilience to prevent, respond and recover from emergencies.	City Services
6.5.4	Customer service	Effective and efficient delivery of relevant information and services that meet community needs.	Workforce and Information Services

Strategic Direction 7

A cultural and creative city

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

Objective 7.1

Creativity is a consistent and visible feature of the public domain and there are distinctive cultural precincts in the city and its villages.

Code	Action	Deliverables	Responsible Area
7.1.1	Creative Public Domain	Deliver Art & About Sydney as a significant local and international program of public domain activity year-round.	City Life
		Deliver hoardings activation program throughout the City.	City Life
		Delivery of permanent and temporary art projects in the public domain including Green Square.	Chief Operations Office
7.1.2	Living History	Continue to implement the history and curatorial programs in alignment with the Cultural Policy.	City Life

Objective 7.2

The city supports and encourages individual creative expression by ensuring opportunities for creative participation are visible, accessible and sustainable.

Code	Action	Deliverables	Responsible Area
7.2.1	Creative participation programs	Deliver cultural venues infrastructure and liaise with providers to conduct programs.	City Life

Objective 7.3

Sydney's cultural sector and creative industries are supported and enhanced leading to greater sector sustainability, productivity gains, and innovation.

Code	Action	Deliverables	Responsible Area
7.3.1	Regulatory Reform	Develop planning and regulatory reforms related to the built environment to support the provision of cultural infrastructure.	City Planning, Development and Transport /Properties/ Chief Operations Office
7.3.2	Audience Development	Provide support to a range of cultural groups that provide opportunities for creative participation, enhance creativity in the public domain and strengthen the sustainability and capacity of cultural and creative industries.	City Life
7.3.3	Sector Development	Deliver cultural sector skills development programs	City Life

Objective 7.4

The continuous living cultures of Aboriginal and Torres Strait Islander communities is visible and celebrated in our city.

Code	Action	Deliverables	Responsible Area
7.4.1	Eora Journey	Commission a series of permanent and temporary public artworks as part of the Eora Journey.	Chief Operations Office/ City Life
7.4.2	Reconciliation Action Plan	Review progress achieved through the City's Reconciliation Action Plan (RAP) to inform the development of an updated version.	Chief Operations Office

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Culture and creativity	Value of cultural grants approved by the City of Sydney (excluding major events)	\$'000	-	City Life
	Value of revenue forgone by the City through the accommodation grants program – leases for cultural initiatives	\$'000	-	City Life
	Creative organisations in creative spaces supported by the City of Sydney	Number	-	City Life
	Number of artists supported	Number	-	City Life
	Number of creative personnel supported	Number	-	City Life

Strategic Direction 8

Housing for a diverse community

An increased supply of diverse and affordable housing for our rapidly growing community.

Objective 8.1

The supply of market housing in the city meets the needs of a diverse and growing population.

Code	Action	Deliverables	Responsible Area
8.1.1	Housing supply	To meet District Plan requirements, develop a Housing Strategy to manage the long-term supply of housing.	City Planning, Development and Transport
		Monitor the balance of residential development to non-residential development in the city including the size and mix of dwelling types.	Chief Operations Office
		Facilitate an Alternative Housing Ideas Challenge to promote dialogue and policy development using new ideas.	City Projects and Property

Objective 8.2

The supply of affordable housing supports a diverse and sustainable community and economy.

Code	Action	Deliverables	Responsible Area
8.2.1	Partnerships	Continue to investigate opportunities to use City owned land for affordable housing delivered through partnerships with government, not for profits and the private sector.	City Projects and Property
8.2.2	Planning	Use the planning system to facilitate affordable housing including maintaining existing programs, developing new programs, encouraging site specific opportunities and investigating innovative approaches.	City Planning, Development and Transport

Objective 8.3

The supply of safe and sustainable social housing in the inner city is available for those who need it.

Code	Action	Deliverables	Responsible Area
8.3.1	Advocacy	Advocate to State Government and housing providers for the retention of existing social housing and increase in supply.	Chief Operations Office
8.3.2	Capacity Building	Provide and support community capacity building initiatives in social housing neighbourhoods.	City Life
8.3.3	Partnerships	Collaborate with State Government and non-government agencies and with residents groups to address safety and amenity issues for social housing residents.	City Life
		Collaborate with the NSW State Government Department of Planning and Environment and the NSW State Government Land and Housing Corporation to ensure the renewal of the housing estates are well planned and delivers improved social outcomes.	City Planning, Development and Transport

Objective 8.4

People who are homeless or at risk of homelessness have access to safe and sustainable housing and support.

Code	Action	Deliverables	Responsible Area
8.4.1	Housing solutions and support services	Advocate for innovative responses, and build the capacity of city staff, non-government services and the community to contribute to preventing and reducing homelessness.	City Life
8.4.2	Service coordination collaboration and capacity building	Partner and support the delivery and coordination of specialist homelessness outreach services to link people sleeping rough with services and support.	City Life
8.4.3	Services	Monitor patterns of homelessness, and services available for people who are homeless or at risk of homelessness to identify gaps and trends.	City Life

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Housing	Number of new dwellings approved	Number	-	City Planning, Development and Transport
Affordable rental housing	Affordable rental housing units resulting from NSW Government operations including Redfern, Waterloo affordable housing levy – Urban Growth NSW	Number	-	Chief Operations Office
	Affordable rental housing units resulting from affordable housing levies in the council area	Number	-	Chief Operations Office
Homelessness	Number of people assisted to exit homelessness into long term housing as a result of a program supported by the City of Sydney	Number	-	City Life
	Number of people prevented from becoming homeless through the City supported brokerage program	Number	-	City Life
	Number of people sleeping rough in the city area	Number	-	City Life
	Value of all grants for Affordable and Diverse Housing Fund and homeless funding approved by the City of Sydney	\$'000	-	City Life

Strategic Direction 9

Sustainable development, renewal and design

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

Objective 9.1

The City of Sydney leads by example to facilitate great places.

Code	Action	Deliverables	Responsible Area
9.1.1	Advocacy	Engage with government led urban renewal projects to deliver design excellence, high Ecologically Sustainable Development performance and provide appropriate infrastructure.	City Planning, Development and Transport
9.1.2	Integration	Collaborate with the private sector to deliver new or upgrade existing public infrastructure that supports renewal.	City Planning, Development and Transport

Objective 9.2

The city is beautiful, sustainable and functions well.

Code	Action	Deliverables	Responsible Area
9.2.1	Design partnership	Facilitate the Design Advisory Panel and Public Art Advisory Panel to provide expert advice on public domain, park projects, major development applications and public art proposals.	Chief Operations Office
9.2.2	Strategic Planning	Review of sustainability targets in major projects to improve sustainable development outcomes.	City Planning, Development and Transport
		Implement the actions in the Central Sydney Planning Strategy.	City Planning, Development and Transport
9.2.3	Advocacy	Develop opportunities with State agencies that support the development of transport related infrastructure.	Chief Operations Office
		Develop opportunities with State agencies that support the development of infrastructure for sports playing fields.	Chief Operations Office/City Services

Objective 9.3

There are great public buildings, streets, squares and parks for everyone to use and enjoy.

Code	Action	Deliverables	Responsible Area
9.3.1	Public domain infrastructure	Continue the implementation of the Wayfinding Strategy.	Chief Operations Office/ City Planning Development and Transport
		Undertake periodic review of public domain design codes in the City.	City Service / Chief Operations Office

Code	Action	Deliverables	Responsible Area
		Update the Liveable Green Network Implementation Plan to reflect changes and completed projects.	City Planning, Development and Transport
		Crowded Place Protection - develop kit of parts and design guidelines to implement protection measures.	Chief Operations Office/ City Services
9.3.2	Public space planning	Develop initiatives arising from the City's Open Space and Recreation Needs Study.	Chief Operations Office
9.3.3	Open space	Negotiate provision of additional public open space through proposals to change planning controls (e.g. Planning Proposals with Voluntary Planning Agreements.	City Planning, Development and Transport

Objective 9.4

The City's planning framework and implementation strategy ensures sustainable long-term growth.

Code	Action	Deliverables	Responsible Area
9.4.1	Stormwater infrastructure Program	Continue to monitor the implementation of the actions from the Flood Studies and Floodplain Risk Management Plans for all catchments.	City Services
9.4.2	Program delivery	Develop and implement Public Domain and Place-making Strategies for urban renewal areas.	Chief Operations Office
9.4.3	Strategic planning	Prepare a Local Strategic Planning Statement and review the planning framework in response to the NSW Government's Region and District Plans.	City Planning, Development and Transport

Objective 9.5

The urban environment promotes health and wellbeing.

Code	Action	Deliverables	Responsible Area
9.5.1	Planning Policy	Collect, analyse and report data within the Community Indicators framework to inform priority programs and services for the community.	Chief Operations Office

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Development Assessments	Average time to determine 90% of DA applications	Days	55	City Planning, Development and Transport
	Average time to determine 90% of S96 applications	Days	40	City Planning, Development and Transport

Performance Measure		Unit	Target / Trend	Responsible Area
	Median (net) assessment time to determine DA & S96 applications	Days	45	City Planning, Development and Transport
	Average time to determine 90% of footway applications	Days	35	City Planning, Development and Transport
	Percentage of outstanding applications over 100 days (DA & S96)	%	20	City Planning, Development and Transport
	Average processing time for construction certificates	Days	10	City Planning, Development and Transport
Voluntary Planning Agreements	The number of Voluntary Planning Agreements offers for the period	Number	-	City Planning, Development and Transport
	The number of Voluntary Planning Agreements executed for the period	Number	-	City Planning, Development and Transport

Strategic Direction 10

Implementation through effective governance and partnerships

Partnerships across government, academia, business and community sectors; leadership in local, national and global city forums; and a proactive, resilient, well-governed organisation.

Objective 10.1

The City of Sydney is well governed.

Code	Action	Deliverables	Responsible Area
10.1.1	Compliance	Deliver programs to embed risk management principles into organisational decision making.	Legal and Governance
		Improve the health, safety and wellbeing of our workers through the implementation of the safety management system and a mentally healthy workplace plan.	People, Performance and Technology
		Ensure that Councillors have access to relevant information and assistance to enable them to fulfil their obligations to lead, govern and serve the community.	Office of the CEO
		Monitor compliance with privacy legislation to ensure that personal information held by the City is managed appropriately.	Legal and Governance
		Monitor compliance with information provision legislation, identify frequently requested information and make publicly available where possible.	People, Performance and Technology
		Continue to implement a risk based and comprehensive annual Internal Audit plan for the City in accordance with the Internal Audit Charter.	Legal and Governance
		Ensure all electoral processes are well managed and meet legislative requirements.	Legal and Governance
		Develop and implement a program of managing Crown Lands, to ensure compliance with the new Crown Lands Management Act.	City Projects & Property
10.1.2	Governance	Continually review and adapt the elements of governance to maintain community confidence in the City.	Legal and Governance

Objective 10.2

The City of Sydney has the culture, capability and capacity to deliver Sustainable Sydney 2030 priorities.

Code	Action	Deliverables	Responsible Area
10.2.1	Organisational Capability	Partner with regional governments, business and the community to facilitate delivery of the Resilience Strategy for the greater Sydney region and incorporate elements into the City's strategic plans.	Chief Operations Office
		Continue to deliver and enhance the Integrated Planning and Reporting and business planning framework to improve integrated long-term planning and sustainability.	Chief Financial Office

Code	Action	Deliverables	Responsible Area
		Implement and monitor priority actions within the Workforce Strategy.	People, Performance and Technology
		Deliver programs to build a diverse and inclusive organisation.	People, Performance and Technology
		Implement and monitor priority actions of the Information and Technology Strategic Plan.	People, Performance and Technology
		Enhance our digital capability implementing key actions from the Digital strategy.	People, Performance and Technology
		Implement actions and deliver programs to improve customer experience.	People, Performance and Technology
		Refine and revise asset management policy, strategy and long term asset management plans for critical infrastructure assets, including climate change impacts and maturity assessment recommendations.	Chief Operations Office
10.2.2	Continuous Improvement	Implement a business improvement program to improve efficiency and effectiveness of key services.	People, Performance and Technology

Objective 10.3

The City of Sydney is financially sustainable over the longer-term.

Code	Action	Deliverables	Responsible Area
10.3.1	Financial Planning	Undertake business case analysis to model the business and financial implications of all new major projects, programs and initiatives to ensure long term financial sustainability.	Chief Financial Office
10.3.2	Rates	Continue to proactively advocate for change in local government rating legislation and guidelines and seek innovations in order to improve equity amongst our ratepayers.	Chief Financial Office
10.3.3	Strategic Property Management	Continue to work with new Property Management Service provider to optimise revenue opportunities.	City Projects and Property
10.3.4	Fees and Charges	Progressively review the cost of delivering the City's major services to ensure appropriate fees and charges, and the level of council subsidy is identified.	Chief Financial Office
10.3.5	Procurement	Ensure best practice procurement and contract management focused on value for money, optimised minimised risk and improved sustainability.	Chief Financial Office

Objective 10.4

The City of Sydney makes a positive contribution to the governance of metropolitan Sydney.

Code	Action	Deliverables	Responsible Area
10.4.1	Governance Reform	Contribute to governance forums and reviews by SSROC and the Office of Local Government as well as participate in relevant state and federal government initiatives.	Legal and Governance
10.4.2	Policy Reform	Research, assess and make submissions on intergovernmental policy issues to NSW state and federal government where appropriate.	Office of the CEO

Objective 10.5

The community is engaged and active in shaping the future of the city.

Code	Action	Deliverables	Responsible Area
10.5.1	Community engagement	Deliver a high-value community engagement program, both face-to-face and online, to inform decision making, build capacity and develop a shared responsibility for actions with the community.	Chief Operations Office
		Deliver an engagement program to inform and collaborate with stakeholders to help progress the review of Sustainable Sydney 2030.	Chief Operations Office
		Undertake a comprehensive review of Sustainable Sydney 2030, engaging the community in setting the future direction for our city.	Chief Operations Office / City Engagement / City Development, Planning & Transport
10.5.2	Public access to information	Provide community information of new developments and/or changes in projects, programs and policies.	Office of the CEO
		Provide community access to relevant data through the City's open data portal.	People, Performance and Technology

Objective 10.6

Strategic partners and collaborators support the delivery of Sustainable Sydney 2030.

Code	Action	Deliverables	Responsible Area
10.6.1	Local and regional government partnerships	Strengthen local and regional partnerships through consultation, advocacy and knowledge exchange to facilitate improved decision making and outcomes for the community.	Office of the CEO
10.6.2	State and national partnerships	Strengthen state and national partnerships through consultation, advocacy and knowledge exchange to improve decision making and facilitate the achievement of shared objectives. Partnerships include Council of Capital City Lord Mayors and the Greater Sydney Commission.	Office of the CEO

Code	Action	Deliverables	Responsible Area
10.6.3	International partnerships	Utilise the international partnerships programs to facilitate knowledge exchange and ensure the City benefits from the best and most current knowledge and processes to improve outcomes for the community and the area, including C40 and Rockefeller 100 Resilient Cities.	Chief Operations Office/City Life

Performance Measures

Performance Measure		Unit	Target / Trend	Responsible Area
Accountability and transparency	GIPAA Formal Access Applications received	Number	-	People, Performance and Technology
	GIPAA Informal Access Applications received	Number	-	People, Performance and Technology
	Public Interest disclosures received	Number	-	Legal and Governance
Complaints processes	Complaints upheld regarding breaches of the code of conduct by City Councillors (measured annually)	Number	-	Legal and Governance
	Complaints regarding fraud or corruption by City staff upheld (measured annually)	Number	-	Legal and Governance
Workforce	Approved full time equivalent (FTE) establishment positions	Number	-	People, Performance and Technology
	Vacancy rate	%	-	People, Performance and Technology
	Lost time injuries	Number	↓	People, Performance and Technology
Customer service	Customer contacts via Online Business Services (OBS)	Number	-	People, Performance and Technology
	Customer contacts via Online Business Services (OBS) %	%	-	People, Performance and Technology
	Customer contacts by other channels (calls, counter)	Number	-	People, Performance and Technology

Performance Measure		Unit	Target / Trend	Responsible Area
	Customer contacts by other channels (calls, counter) %	%	-	People, Performance and Technology
	Calls answered within 30 seconds	%	70	People, Performance and Technology
	Calls completed at first contact	%	80	People, Performance and Technology
	Customer requests received	Number	-	People, Performance and Technology

Budgeted Income Statement													

The City's budgeted Income Statement (and future year projections) is prepared with regard to International Financial Reporting Standards (AIFRS) and the NSW Office of Local Government's Code of Accounting Practice and Financial Reporting. The formatting of the statement above reflects this approach.

A major non-cash item that may impact the City's financial results is the incremental increase / decrease arising from the annual market revaluation of the City's investment properties. The recognition of this valuation change will have no impact upon the budgeted funds available for the Council and is therefore excluded from the annual budget and future years' financial estimates.

The accounting treatment of the City's \$220M contribution to the NSW Governments Light Rail project (budgeted within the City's capital works program) is reflected as a separate line item in the statement below. The City's operating result is shown below both inclusive and exclusive of this item.

	\$'M	2019-20	2020-21	2021-22	2022-23	4 Year Total	2023-24	2024-25	2025-26	2026-27	2027-28	2028-29	10 Year Total

City of Sydney

Summary of Income and Expenditure by Principal Activity

Council has adopted the Strategic Directions from the Sustainable Sydney 2030 vision as its Principal Activities for this Delivery Program. A number of Principal Activities are largely of an advocacy and facilitation role for the City (such as Housing for a Diverse Population) and not one of direct service provision. As a result, the proposed budget does not reflect substantial operational costs (particularly salaries expenditure) incurred indirectly in delivering this Principal Activity. The Principal Activity for *A City for Walking and Cycling*, for example, will be largely achieved via capital works for infrastructure and reflects minimal operational expenditure.

The summary of income and expenditure by Principal Activity below includes both the proposed operational budgets and the capital works program (for 2019/20) to better reflect the allocation of Council funds towards these major directions.

	2019/20		2020/21	2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29

City of Sydney

Capital Works Expenditure Summary

The City's Capital Works Program is built around a number of significant projects that will expand and/or significantly upgrade the provision of infrastructure and facilities for the community, and Capital Programs that underpin key asset groups such as public domain, roads, footways, pools, open space and community facilities. The proposed program will enable the commencement and completion of many identified priorities and progress a number of Sustainable Sydney 2030 projects. The program prepared is in line with the agreed long term financial parameters and represents the City's capacity to deliver the program each year and expenditure provisions for significant projects which may be delivered by third parties.

City of Sydney

Asset Replacement and Sales (including Information Services - Capital Projects)

Council holds assets to ensure its financial viability, for commercial and strategic reasons, and to meet the needs of its operations.

Depreciating assets, such as plant, equipment and vehicles, held for Council's operations are changed or replaced in line with Council's current needs and the operational life of the asset. The City replaces its light fleet every two years or 40,000km excluding utility vehicles which are replaced every three years or 60,000km. The City also adopts a replacement program to renew its Personal Computer assets on an average three-yearly cycle.

The City has a program of upgrades and enhancements to information systems. These can include installation and configuration of 3rd party software and development of new in-house solutions.

Where these system developments are deemed to have an enduring benefit to the City, the costs of the project are capitalised as assets within the Fixed Asset Register, and amortised over an appropriate useful life. Capitalisation of costs is consistent with the City's *IPPE Asset Recognition and Capitalisation Policy*.

Summary of Expenditure - 2019-20

	2019-20		
	Acquisitions	Sales	Net Budget
Books & Library Resources	1.5	0.0	1.5

Technology and Digital Services - Capital Projects	16.8	0.0	16.8
Vehicles and Plant	6.3	(1.2)	5.1
Equipment, Furniture & Fittings and Miscellaneous	5.6	0.0	5.6
Total	32.0	(1.2)	30.8

Statement of Business or Commercial Activities

The City of Sydney expects to continue with Parking Stations as a Category 1 business activity. These commercial activities provide an additional source of funding that enables the Council to continue to provide enhanced services and infrastructure delivery without placing additional burden on the City's ratepayers.

Revenue Policy - Charges for Works Carried out on Private Land

Council does not generally carry out works on private land, however if Council were required to undertake such works (e.g. the construction of a private road), then the works would be charged at the appropriate commercial rate.

City of Sydney
OFFICE OF LOCAL GOVERNMENT PERFORMANCE MEASURES - PROJECTIONS

The City's performance in respect of the mandated Office of Local Government Performance measures is detailed below. The charts demonstrate performance trends on the basis of forward projections contained in the Long Term Financial Plan, and estimates related to future asset maintenance and renewal requirements (per the Asset Management Plan) and infrastructure backlog.

The formulas used in the calculations, as provided by the NSW Office of Local Government, are also included.

The graphs plot the 3-year average performance for each year shown (with the exception of the Infrastructure Backlog Ratio and the Real Operating Expenditure per Capita, shown as 'snapshot' performance). E.g. 2019/20 will show average performance for the 3 years to 2019/20 (2017/18, 2018/19, 2019/20).

Sustainability

Operating Performance Ratio

Operating Revenue (excl Capital Grants & Contributions)

less Operating Expenses

Operating Revenue (excl Capital Grants & Contributions)

Operating Performance is projected to exceed benchmark over the life of the Long Term Financial Plan. However, the projected reduction in performance is indicative of the increasing cost pressures faced by the City in delivering services to a rapidly growing population.

Estimates relating to increased operating expenditure required to service urban renewal areas (including Green Square and Barangaroo) are reflected in forward projections, and contribute to a decline in operating performance. In later years, the softening of rates growth and the continued increase of depreciation expense (related to new capital works) contribute to put pressure on the Operating Result.

Own Source Revenue

Total continuing operating revenue less all grants and contributions

Total Operating Revenue

(inclusive of Capital Grants and Contributions)

The City's Own Source Operating Revenue is already well above the required benchmark level and is forecast to continue to grow as a proportion of total operating revenue.

As detailed in the Long Term Financial Plan document, minor incremental growth in the City's rates base and the expected continuation of the "cap" on developer contributions per new dwelling will result in capital income representing a declining proportion of the City's income base, reflected in the gradual increase in the Own Source Revenue ratio.

The ratio may be impacted by higher-than-expected capital income receipts

Building and Infrastructure Asset Renewal Ratio

Actual Asset Renewals

Required Renewal* of Building and Infrastructure Assets

Rather than utilise depreciation expense as an arbitrary proxy for required levels of asset renewal, the required renewal of building and infrastructure assets is instead sourced from the Asset Management Plan in the City's Integrated Planning and Reporting documents.

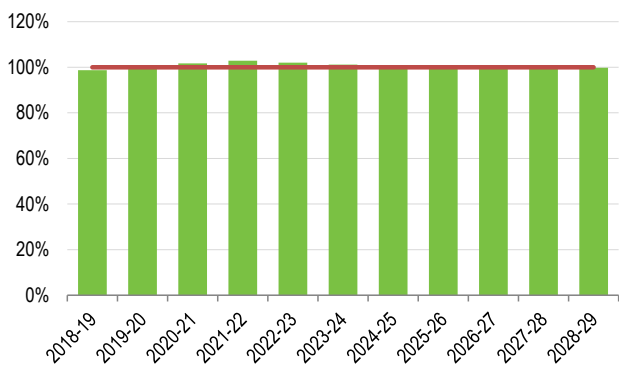

The performance of this ratio returns to a result on or above benchmark, with earlier years' performance temporarily impacted as the City's financial and delivery capacity is focused on the provision of required infrastructure in the broader Green Square urban renewal area, as well as integration with Barangaroo and significant cycling infrastructure works.

Infrastructure and Service Management

Infrastructure Backlog Ratio

Asset Maintenance Ratio

Debt Service Ratio

Efficiency

Real Operating Expenditure per capita

Estimated Costs to Bring Assets to a Satisfactory Standard

Written Down Value of Infrastructure

(incl roads and drainage assets), Building, Other Structures and Depreciable Land Improvements Assets

The City holds the view that the vast majority of its buildings and infrastructure are currently maintained at or above a "satisfactory standard". The identified infrastructure backlog is subject to ongoing review, to ensure that backlog levels reported are reflective of those assets deemed to be at less than "satisfactory standard".

The City's projected Infrastructure Backlog ratio is subject to future assessments of asset condition, and therefore difficult to predict. However, the ratio result is expected to improve as targeted renewal works (per the City's asset management plans) are completed. Condition assessments of assets are also completed periodically, in order to better prioritise capital works.

Actual Asset Maintenance

Required Asset Maintenance

In line with the City's Asset Management Plan, asset maintenance is forecast to meet or exceed benchmark over the life of the plan.

Extended periods of asset maintenance exceeding the required levels would represent over servicing. Whilst gross expenditure on asset maintenance will continue to grow over time, so to will the "required" level of annual maintenance, as the City's asset base continues to grow.

Over the longer term, increases to asset maintenance expenditure will continue to be 'matched' to growth in the City's asset base.

Principal Repayments (from Statement of Cash Flows) plus Borrowing Interest Costs (from the income statement)

Operating Results before Interest and Depreciation (EBITDA)

Historically strong financial management has alleviated the need for the City to borrow funds, and the Long Term Financial Plan projects that this trend will continue over the next 10 years.

In addition to cash and investment reserves accumulated over a period of 15 years, the City has access to considerable capital income (in the form of developer contributions and interest on cash and investments) that will facilitate the delivery of new capital projects without the use of borrowings.

Should funding circumstances change, the City will review the appropriateness of debt financing accordingly.

Real Operating Expenditure

Residential Population of Local Government Area

A declining trend over time is in line with OLG requirements, and reflects the City's commitment to targeting efficiencies in service delivery.

Whilst gross Operating Expenditure is forecast to increase over time, the residential population of the LGA is projected to grow more rapidly, representing a declining level of Real Operating Expenditure per capita. Service levels are reviewed as part of the Integrated Planning and Reporting process, and will reflect ratepayer priorities within tight budgetary controls.

Note that the green line reflects the inclusion of **all users** of the City, currently over 1.2M per day

Rating & Revenue Policy Statement

The City has adopted the 2.7% general rate increase set by the Independent Pricing and Regulatory Tribunal (rounded by IPART).

The proposed rating structure has one ordinary rate for all residential properties, one business sub-category rate for the CBD and a business ordinary rate, with minimum rates in each category to ensure that all ratepayers make a minimum contribution to the City.

The City has determined the following residential and business categories and sub-category of rateable land for the 2019/20 year:

Residential

Residential Rate - Ordinary

Business

Business Rate – Ordinary

Business Rate - Central Business District (CBD)

The boundaries of the business sub-category is shown on the plan located within this document.

The City will continue to investigate its rating models during 2019/20, and invite community feedback, to consider options to improve the fair and equitable distribution of the rates burden for all of our ratepayers.

In a high density local government area with population increases, NSW Government housing targets and steady increases forecast to continue, the City is looking closely at its rating path and the best way to equitably align its rating structure to service this growth. High volumes of apartment living puts additional demands on the City's services, facilities and infrastructure, however the relatively low additional income that arises from the minimum rates attributable to these additional apartments fails to provide appropriate financial support

to offset the rising costs of servicing our growing community.

The proposed rating structure for 2019/20 is set out in the following table:

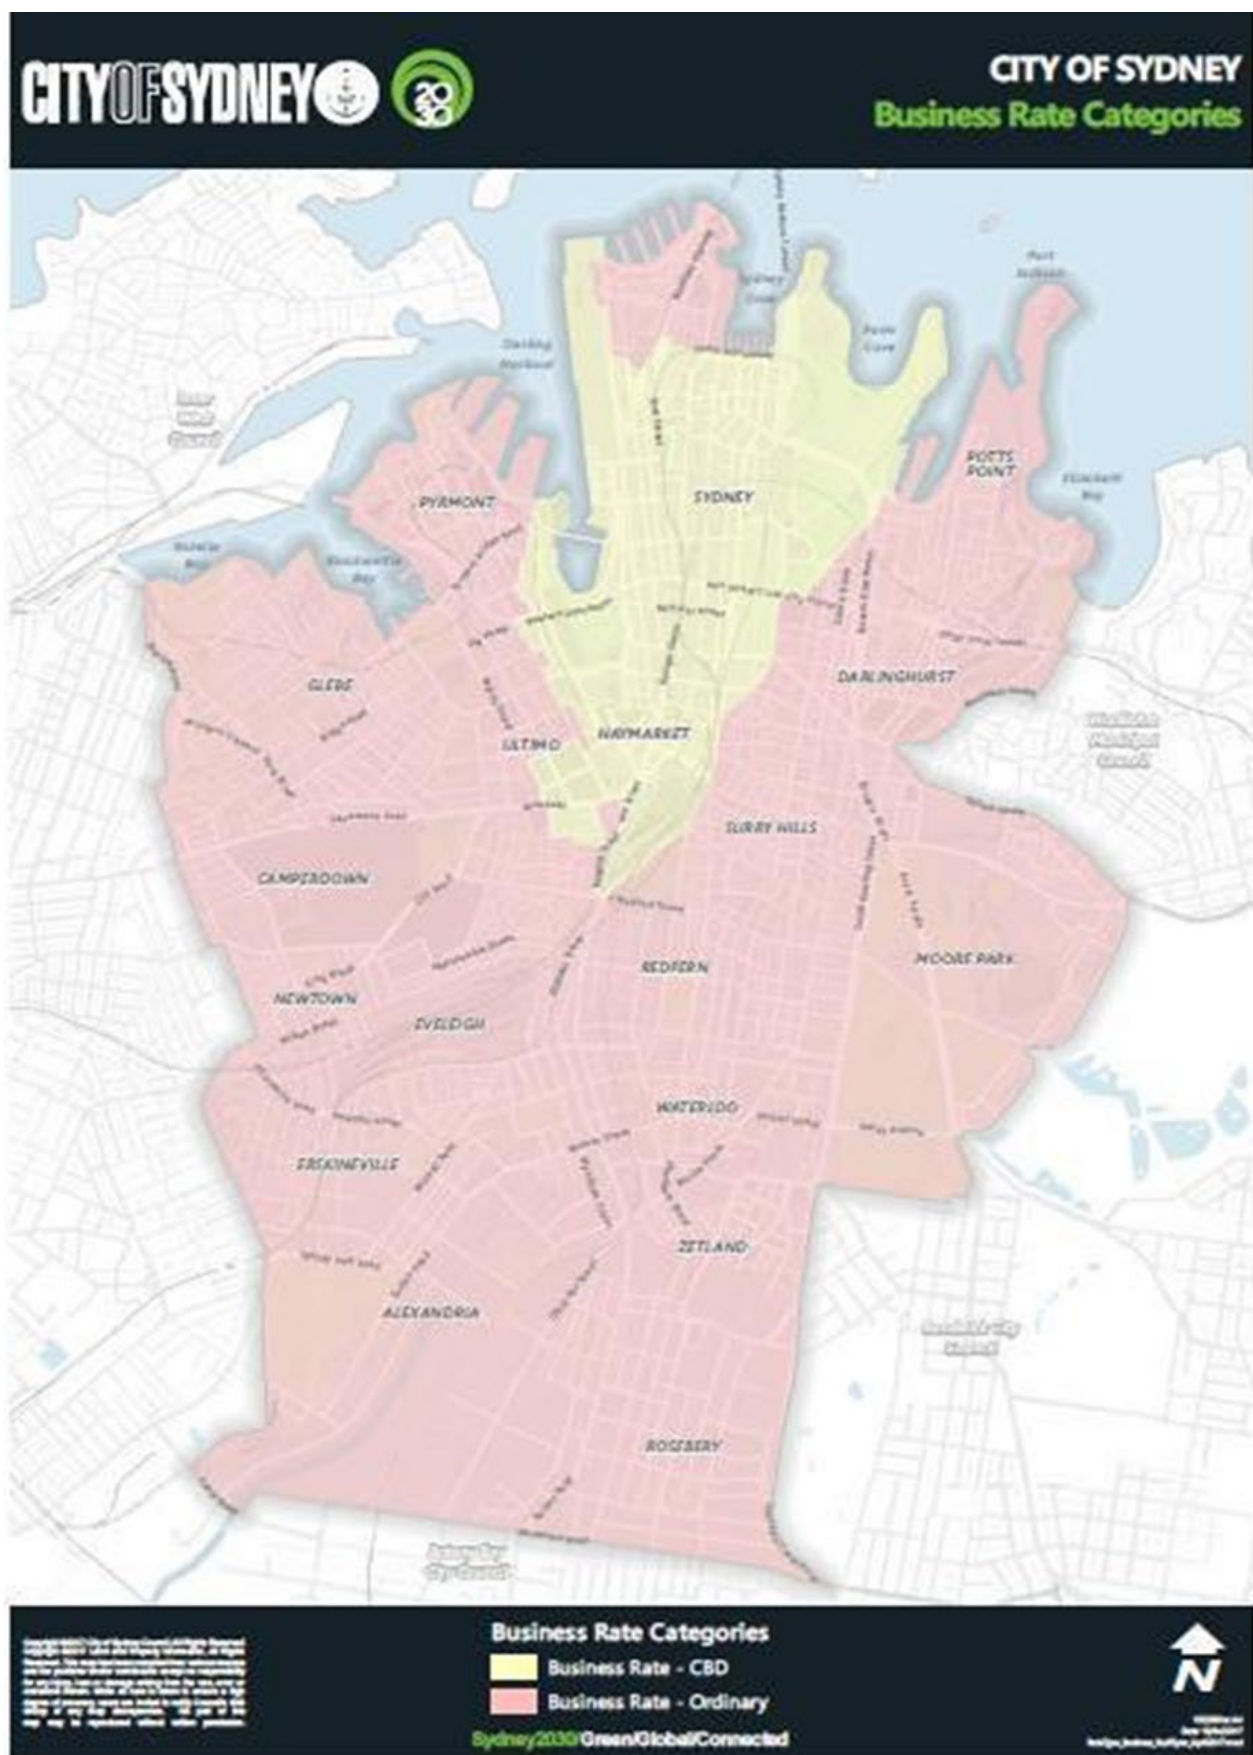

Rating Category	Minimum Rate	Ad valorem Rates (in the \$)	Estimated Yield \$M
Residential Rate – Ordinary	\$572.00	0.00119371	\$75.3
Business Rate – Ordinary	\$731.95	0.00438630	\$66.8
Business Rate – CBD	\$731.95	0.01035116	\$162.7

NOTE: the above ad valorem rates and estimated yields may change due to new supplementary valuations received by Council, for the purpose of rating, prior to this "Operational Plan" being adopted.

Pensioner Rebates

The City of Sydney will again provide a 100% rebate for eligible pensioners in 2019/20, determined in accordance with section 575 of the Local Government Act (1993).

7

Categorisation of land for the purposes of ordinary rates

Council determines rating categories for rating purpose in accordance with sections 514 - 529 of the Local Government Act and Local Government (General Regulation) 2005.

Residential and Business Categories

The Act only allows four available categories of rateable land, including farmland and mining, which are not applicable within the City of Sydney LGA. All rateable lands in the City of Sydney are therefore categorised as either residential or business. As noted within section 514 of the Act, any land that does not satisfy the criteria to be deemed residential, will be categorised and rated as business. The business category applies to land that is used for industrial and commercial operations, and also includes, car spaces, storage lots, marina berths and mooring lots.

Council will use the plans approved under a development application or building application as a basis for determining the initial categorisation of a property, unless other more relevant information is available. The ratepayer will be advised through the issue of an annual or supplementary rate notice.

Mixed Development

There are instances where a property is used for both residential and business purposes. If applications are submitted to and approved by Property NSW, Council will be advised of the relevant apportionment of use between residential and business rate components, to enable a mixed rate to be levied.

Change to Category for Rating Purpose

A review of the categorisation of land for rating purposes may arise in response to a ratepayer request (application), or because Council elects to review one or a number of parcels of land or because it believes that the current categorisation may be incorrect. Council may request further information and/or access to inspect the property to assist with making this determination.

Applications for "Change in Categorisation of Land for Rating purposes" must be made on the approved form that can be found on the City's website.

The ratepayer will be formally advised in writing of the outcome and where applicable, will receive an annual or supplementary rates notice.

Ratepayers with a property that is used for both a business and residential purpose, must complete the "Change in Categorisation of Land for Rating Purposes" form. Council will then make a submission on their behalf to Property NSW for consideration of a mixed use apportionment factor.

Decisions on requests for refunds will be made having regard to the Recovery of Impost Act 1963.

Refund of Overpayments

Refunds may be made on request for payments made toward the next rating year. Refunds are subject to the Refund Fee. Payments made in advance for instalments due within the current rating year will not be refunded.

Aggregation of land parcels (lots) for the purposes of ordinary rates

Rating of car spaces and storage lots

In accordance with section 548A of the Local Government Act, Council permits the aggregation of certain land parcels (lots) for rating purposes.

Where a unit lot includes multiple car and/or storage lots, a single rateable valuation exists and therefore only one rate is calculated on the total value of the unit, car and storage lots.

Where car and/or storage lots are separately titled, they are given their own unit entitlement and separate rateable values exist for each lot. In this circumstance, Council may allow the rateable values to be aggregated, and a single rate to be levied on the combined rateable value.

Aggregation of land parcels (lots)

Council will aggregate only where:

1. the lots are used in conjunction with the unit, by the occupier of the unit;
2. the ownership of each lot noted on the certificate of title is exactly the same for each;
3. all lots are within the same strata plan, or strata scheme, or the strata plan notes that the lots are used in conjunction; and
4. the lots are not leased out separately

Residential - Council will only aggregate a maximum of 3 car spaces and all storage lots, to a residential strata unit.

Business - Council will only aggregate a maximum of 1 car space and one storage lot, to a business rated strata unit.

Council will not permit aggregation of marina berths and mooring lots.

Aggregation of car and storage lots will continue until the use, or ownership changes. Upon change of ownership, aggregation of unit, car and storage lots purchased as part of the same transaction will occur automatically following receipt of the Notice of Sale (subject to meeting criteria mentioned above), with the levying of the rates on the combined rateable value to commence from the start of the next quarter following the settlement date.

Applications for aggregation must be made using the form found on the City's website. Approved aggregations will come into effect from the start of the next quarter following receipt of the application.

Debt Recovery and Financial Hardship

The Local Government Act and the Local Government (General Regulation) 2005 require Council to assist in effective and efficient collection of the rates and annual charges due to Council, while being responsive and supportive to those ratepayers who are suffering genuine financial hardship.

When is a debt recoverable and what actions may be taken to recover the debt?

Rates and charges will be deemed overdue when the due date for instalment has passed, and payment has not been received.

Where an instalment is overdue, Council may commence recovery action, either directly or via its debt recovery agent.

Council's recovery action options will generally include a reminder, through verbal or written correspondence. If payment is still not received, then a final demand will be issued. Council may commence legal recovery action to recover the overdue rates and charges in accordance

with section 695 of the Local Government Act, and any costs incurred in this regard will be recoverable from the ratepayer.

Payment Arrangements

To assist in recovery of the overdue amount, the Council and a ratepayer may at any time agree a payment arrangement whereby regular scheduled payments pay off the debt, in accordance with section 564 of the Local Government Act. The arrangement must be formally approved by the City or its debt recovery agent.

Payment arrangements must include any legal or interest charges that will or already have occurred due to the rates being overdue.

Council will generally seek an arrangement to have the overdue debt paid within 90 days from the original due date (being the instalment due date).

If the payments are not made in accordance with the agreed payment arrangement, Council may commence recovery action at any time after the payment due date.

Interest on Overdue Rates

Interest is charged on all overdue rates and annual charges in accordance with section 566(3) of the Local Government Act. The maximum interest rate is set by the Minister for Local Government and will be charged at 7.5% for the 2019/20 financial year.

Ratepayers in genuine Financial Hardship

While ratepayers are required to pay their annual rate and charges to support local government operations, Council is mindful of the need to support ratepayers who suffer genuine financial hardship.

The City of Sydney's 100% pensioner rebate policy generally covers those in greatest need of support; however there will still be ratepayers whose financial circumstances for a specific period of time render them unable to meet their obligations as they fall due.

To address these situations, ratepayers are able to apply for consideration of extended payment terms, by completing a "Financial Hardship" application form which is available on the City's website. Options for eligible ratepayers may include:

- a) a short term deferment for paying their current rates and charges; or
- b) longer term arrangement plans for arrears owed, with current instalments being paid as they become due.

Provided that an approved hardship repayment plan is maintained, the City can consider reducing or waiving interest on overdue rates in accordance with sections 564 and 567 of the Local Government Act.

Financial Hardship as a result of valuation changes

The Local Government Act, section 601, specifically caters for ratepayers who may suffer financial hardship arising from an increased rate levy due to changes in the valuation of their property.

Ratepayers in this position would also complete the "Financial Hardship Application" form, however the evaluation of any such application will be considered in light of the valuation change and subsequent rate increase.

Stormwater Management Services Charge

The Office of Local Government released guidelines in July 2006 that provides assistance to councils to raise additional funding through the Stormwater Management Services Charge to support them in improving the management of urban stormwater in NSW. This follows the gazettal of the Local Government Amendment (Stormwater) Act 2005.

The City introduced a Stormwater Management Services Charge in 2008 and proposes to continue this charge in 2019/20. The legislation enables the City to raise charges to improve its stormwater networks. The charges remain at \$25 per residential property, \$12.50 per residential strata unit, and a pro rata rate of \$25 for every 350m² or part thereof for business properties.

The funds raised from this charge are quarantined to improve the quality and quantity management of the City's stormwater network, over and above the existing works that are currently undertaken. The City plans to expend significant sums towards these important infrastructure improvements in the coming ten years, and this contribution has assisted with the preliminary planning of network enhancements, and in the future will contribute to the delivery of works identified with the Stormwater Management Plan.

Residential

Non Strata land parcels	\$25.00 per parcel
Strata Unit	\$12.50 per unit
Company Title	\$12.50 per unit

Business

Non Strata land parcels	\$25.00 per 350m ² or part thereof
Strata Unit	Pro-rata of above, but a minimum of \$5

The income of the proposed Stormwater Management Services Charge is approximately \$2M.

Domestic Waste Management Annual Availability Charge (DWMAAC)

The Local Government Act (LGA) 1993 requires Council to recover the full cost of providing the Domestic Waste Management Service.

This is achieved through an annual availability charge for each parcel of rateable land entitled to receive the service [s496]. This mostly applies to land categorised “residential” but includes some land categorised business where the property contains a residential component and non-rateable land with a residential component where a domestic waste service is requested. Every dwelling in a strata lot or company titled unit is to be taken as a separate parcel and levied a separate DWMAAC [S518A].

Similarly the form of a charge may be expressed as the number of individual units or dwellings forming part of that assessment [s540]. For example a block of units with ten residential premises (flats, bedsits etc.) may be owned by one ratepayer subject to a single rates assessment but the DWMAAC charge would be for ten dwellings, that is ten DWMAAC's.

Council retains the right to determine the most suitable means of providing the service particularly in terms of the bin size and type (Carry Bin, Mobile Garbage Bin or Bulk Bin) and frequency of collection (daily, weekly or multi) to suit particular properties and localities mindful of efficiencies and practicalities.

Individual requests for amendments to annual domestic waste charges only apply from the current financial year.

The availability charges are as follows:

Single Unit Dwellings

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge	\$323	\$808,469
Domestic Waste Charge (120lt bin)	\$491	\$10,592,834
Domestic Waste Charge (240lt bin)	\$987	\$888,300

Multi Unit Dwellings

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge	\$323	\$1,516,162
Domestic Waste Charge 2 X weekly	\$372	\$11,170,788
Domestic Waste Charge 3 X weekly	\$411	\$933,381
Standard Domestic Waste Charge	\$491	\$2,048,452

6. Fees & Charges – Revenue Policy

The Council proposes to charge a range of fees in 2019/20, as detailed within the attached Schedule of Proposed Fees and Charges.

The legislative basis for these fees may be found in Section 608 of the Local Government Act 1993 which provides that Council may charge and recover an approved fee for any service it provides, including the following:-

- supplying a service, product or commodity;
- giving information;
- providing a service in connection with the exercise of the council's regulatory functions
- including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of “user pays”, fees are introduced to offset the cost of service provision, or in the case of commercial activities to realise a reasonable rate of return on assets employed by the Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:-

- the cost of providing the service;
- whether the goods or service are supplied under a commercial basis;

- the importance of the service to the community;
- the capacity of the user to pay;
- the impact of the activity on public amenity;
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the attached Schedule of Proposed Fees and Charges, as:-

- Market: Council provides a good / service in a competitive environment
- Full Cost Council intends to fully recover the direct and indirect cost of provision plus any community cost
- Partial Cost Council intends to partially recover the costs of provision
- Legislative Prices are dictated by legislation
- Zero Council absorbs the full cost of delivery
- Security Deposit Refundable deposit against possible damage to Council property

All fees are quoted in “GST Inclusive” terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Office of Local Government's guidelines on competitive neutrality, Council has identified its Category 1 business (those with a turnover

exceeding \$2 million) as Parking Stations. These businesses set prices in line with market conditions and their results are disclosed, including tax equivalent payments and return on capital, with Council's Annual Report.

Waiving, Discounting or Reducing Fees

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances;

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the City of Sydney community;

Not For Profit – where the following conditions all apply.

1. The applicant is an organisation that holds “not for profit” status;
2. and the fee is for a service that will enable the achievement of the applicant's objectives and betterment for the City of Sydney community; and
3. the payment of standard fees or charges would cause financial hardship for the applicant

Commercial – where the City, or its contractor, operates a service and reduction of the fee is required to compete in the market

Non-Provision of Service - where the City is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation

Filming related activities - applicable fees and charges may be waived or reduced for productions completed within the LGA if undertaken by an educational institution for a non- commercial purpose, by a registered charity or not-for-profit organisation where the primary purpose is for the improvement/benefit to the City of Sydney community or where the production's primary purpose is to highlight the City as a tourist destination.

Aquatic, Leisure and Recreation Centre Special Events - where the City, or its contractor, operates an aquatic, leisure or recreation centre and a reduction of fees is offered for community events, open days or other special or promotional events.

The following principles will be considered when applying any reduction or waiver of a fee or charge.

- Compliance with statutory requirements
- Fairness and consistency
- Integrity
- Equity and transparency
- Commercial imperatives
- Some fees or services are prescribed by legislation or are regulatory in nature and a fee waiver or reduction is not available in connection with those fees

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

Council may endorse a reduction or waiver of fees and charges to organisations as part of the City's Grants and Sponsorships arrangements. The City of Sydney's 2017-2021 Delivery Program identifies the actions to deliver the long-term goals and outcomes specified under each Strategic Direction in the Sustainable Sydney 2030 plan. From the Delivery Program the Operational Plan is derived annually.

The Operational Plan includes the detailed budget and revenue policy as well as the financial plan for the delivery of the programs and projects.

REVENUE POLICY – Fees

The Council proposes to charge a range of fees in 2019/20, as detailed within the attached Schedule of Proposed Fees and Charges.

The legislative basis for these fees may be found in Section 608 of the Local Government Act 1993 which provides that Council may charge and recover an approved fee for any service it provides, including the following:-

- supplying a service, product or commodity;
- giving information;
- providing a service in connection with the exercise of the council's regulatory functions – including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of “user pays”, fees are introduced to offset the cost of service provision, or in the case of commercial activities to realise a reasonable rate of return on assets employed by the Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:-

- the cost of providing the service;
- whether the goods or service are supplied under a commercial basis;
- the importance of the service to the community;
- the capacity of the user to pay;
- the impact of the activity on public amenity;
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the attached Schedule of Proposed Fees and Charges, as:-

- | | |
|--------------------|--|
| • Market | Council provides a good / service in a competitive environment |
| • Full Cost | Council intends to fully recover the direct and indirect cost of provision plus any community cost |
| • Partial Cost | Council intends to partially recover the costs of provision |
| • Legislative | Prices are dictated by legislation |
| • Zero | Council absorbs the full cost of delivery |
| • Security Deposit | Refundable deposit against possible damage to Council property |

All fees are quoted in “GST Inclusive” terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Australian government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Office of Local Government's guidelines on competitive neutrality, Council has identified its Category 1 business (those with a turnover exceeding \$2 million) as Parking Stations. These businesses set prices in line with market conditions and their results are disclosed, including tax equivalent payments and return on capital, with Council's Annual Report.

Waiving, Discounting or Reducing Fees

Section 610E of the Local Government Act 1993 allows Council to waive payment of, or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant given their particular circumstances;

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the City of Sydney community;

Not For Profit – where the following conditions all apply.

1. The applicant is an organisation that holds “not for profit” status;
2. and the fee is for a service that will enable the achievement of the applicant’s objectives and betterment for the City of Sydney community; and
3. the payment of standard fees or charges would cause financial hardship for the applicant

Commercial – where the City, or its contractor, operates a service and reduction of the fee is required to compete in the market

Non-Provision of Service - where the City is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation

Filming related activities - applicable fees and charges may be waived or reduced for productions completed within the LGA if undertaken by an educational institution for a non-commercial purpose, by a registered charity or not-for-profit organisation where the primary purpose is for the improvement/benefit to the City of Sydney community or where the production’s primary purpose is to highlight the City as a tourist destination.

Aquatic, Leisure and Recreation Centre Special Events - where the City, or its contractor, operates an aquatic, leisure or recreation centre and a reduction of fees is offered for community events, open days or other special or promotional events.

The following principles will be considered when applying any reduction or waiver of a fee or charge.

- Compliance with statutory requirements
- Fairness and consistency
- Integrity
- Equity and transparency
- Commercial imperatives
- Some fees or services are prescribed by legislation or are regulatory in nature and a fee waiver or reduction is not available in connection with those fees

The Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

Council may endorse a reduction or waiver of fees and charges to organisations as part of the City’s Grants and Sponsorships arrangements.

DRAFT SCHEDULE OF PROPOSED FEES & CHARGES 2019/20

Description	Pricing Code	Unit of Measure	\$ Fee	GST
PUBLIC DOMAIN CHARGES				
DEVELOPMENT SITES				
<i>Note: Deposits may be retained in full by the City until all public domain construction and rectification works are completed to City standards and required documentation provided. A minimum of 10% of deposits may be retained for the duration of the specified defects liability period.</i>				
Public Domain Works Deposit				
<i>Applicable when works are constructed in the public domain (eg: for approved Public Domain Plans) and calculated on the total area (m2) and lineal metres (lm) of public domain works for each of the proposed materials listed below. Deposit may also include and be held against potential damage to the public domain that may arise during the works in lieu of a separate Public Domain Damage Deposit to allow release of separate Public Domain Damage Deposit.</i>				
Stone, Brick or Concrete Paver Footway	Security Deposit	per m2	795.00	0%
Asphalt or Concrete Footway	Security Deposit	per m2	362.00	0%
Asphalt Surfaced Roadway with Concrete Base	Security Deposit	per m2	660.00	0%
Asphalt Surfaced Roadway with FCR Roadbase	Security Deposit	per m2	460.00	0%
Concrete Roadway	Security Deposit	per m2	550.00	0%
Strip and Resurface Asphalt Roadway	Security Deposit	per m2	320.00	0%
Concrete Kerb & Gutter	Security Deposit	per lm	460.00	0%
Concrete Gutter Only	Security Deposit	per lm	280.00	0%

ROAD OPENING PERMITS				
Permit Fee				
Chargeable in all cases	Market	per opening	126.00	0%
Deposit - Per Permit				
<i>Driveway Charges - Refunds will be processed when the driveway is deemed complete and final inspection verifies works are to City standards. Restoration Charges - Refunds/invoices will be processed when the temporary reinstatement complies with the City's Road Opening Conditions, and the costing of the permanent reinstatement has been determined</i>				
Security Deposit (refundable - applicant performing own works)	Security Deposit	per permit	2745.00	0%
RESTORATION CHARGES FOR DRIVEWAYS, ROADWAYS, FOOTWAYS, KERB & GUTTERS WHERE WORKS ARE PERFORMED BY COUNCIL				
Restoration Charges - Notes				
1: Prices quoted are inclusive of GST unless indicated. Works carried out by utilities or their authorised agents in relation to the placement, creation, maintenance, enhancement or removal of utility assets within the public road or public open space as part of their responsibility of providing, managing and operating a utility network are free of GST.				
2: All rates per square metre (m2) or lineal metre (lm) and include cost of labour, materials and overheads unless stated.				
3: Minimum charge per line item is 1 m2 or 1 lm except for Bicycle Lane Separator, Bicycle Lane Coating and TGSi replacement.				
4: An additional surcharge of 30% over standard rate is charged for works in high traffic locations within CBD, State or Regional Roads or where required by RMS restrictions.				
5: Openings greater than 50m2 within roads and footways will be subject to a 10% reduction in restoration charges.				
6: Openings greater than 100m2 within roads and footways will be subject to a 20% reduction in restoration charges.				
7: Openings greater than 150m2 within roads and footways will be subject to a 30% reduction in restoration charges.				
8: For works of unknown quantities or for inspection services, the City's full recovery cost is determined from the City's accredited contractor rates, which have undergone a competitive tendering process in accordance with the Local Government Act and the City's Procurement Policy and Guidelines.				
ROADWAY

KERB & GUTTER

EKI (Extended Kerb Inlet/Precast Concrete Pit Lintel)

Supply and Install (Recovery of the City's Costs)	Full Cost	each	Fee + GST	10%
---	-----------	------	-----------	-----

Stormwater Drainage Outlet in Kerbstone

Fee	Market	per outlet	510.00	10%
-----	--------	------------	--------	-----

Notes for Kerb and Gutter

1. To aid sustainability the City encourages the preservation of existing kerbstones wherever possible.
2. Cracked and sawcut kerbstones are not reusable. Full kerbstone replacement for all non-reusable kerbstones will be added to Permanent Restoration to ensure Pre Road Opening laid condition can be restored.
3. Reusable Kerbstones must be returned to the Council Stoneyard in a clean state (free of adhesive and/or mortar) to be accepted for reuse.
4. City Stoneyard Delivery Record of Reusable Kerbstones (Road Opening Permit details plus reusable kerbstone type and quantity in 1m) is required to avoid the cost of replacement kerbstones being added to the permanent Restoration charges.
5. Kerbstones may only be returned to the City Stoneyard during business hours and following prior arrangement.
6. The City cannot guarantee availability of replacement kerbstones. Supply of replacement kerbstones may require research and sourcing from commercial suppliers at the Applicant's cost.
7. Where exact matching kerbstones are no longer available the closest match alternative kerbstone available will be substituted and due to size, texture or colour variations may require replacement of a larger area than the initially measured permanent restoration at the Applicant's cost.

DECORATIVE PAVING

Re-lay Stone, Brick or Concrete Pavers and Reseal Pavers and Restore Concrete Base (excluding paver supply)

Fee	Market	per m2	704.00	10%
-----	--------	--------	--------	-----

Re-lay Stone, Brick or Concrete Pavers and Reseal Pavers where no base repairs are required (excluding paver supply)

Fee	Market	per m2	352.00	10%
-----	--------	--------	--------	-----

Supply Replacement Stone Pavers

All Quantities	Market	per m2	470.00	10%
----------------	--------	--------	--------	-----

Supply Replacement Brick or Concrete Pavers

All Quantities	Market	per m2	99.00	10%
----------------	--------	--------	-------	-----

Notes for Decorative paving

1. To aid sustainability the City encourages the preservation of existing pavers wherever possible.
2. Cracked and sawcut pavers are not reusable. Full paver replacement for all non-reusable pavers will be added to Permanent Restoration to ensure Per Road Opening laid condition can be restored.
3. Reusable Pavers must be returned to the City Stoneyard in a clean state (free of adhesive and/or mortar) to be accepted for reuse.
4. City Stoneyard Delivery Record of Reusable Pavers (Road Opening Permit details plus reusable pavertype and quantity in m2) is required to avoid the cost of replacement pavers being added to the Permanent Restoration charges.
5. Pavers may only be returned to the City Stoneyard during business hours and following prior arrangement.
6. The City cannot guarantee availability of replacement pavers. Supply of replacement pavers may require research and sourcing from commercial suppliers at the Applicant's cost.
7. Where exact matching pavers are no longer available the closest match alternative paver will be substituted and due to size, texture or colour variations may require the replacement of a larger area than the initially measured permanent restoration at the Applicant's cost.

Introduction

The City of Sydney offers a number of landmark venues for hire, for corporate functions, wedding receptions, exhibitions, film shoots and other events.

These landmark venues are:

- Sydney Town Hall
 - Centennial Hall
 - Peace Hall
 - ancillary venues
- Customs House
 - Barnet Long Room
- Paddington Town Hall
 - Stapleton Hall

These venues are managed on a commercial basis by the City's Venue Management business unit.

This document outlines the fees & charges for these landmark venues.

Overview

The fees and charges for these landmark venues are categorised as follows:

- Venue Hire,
- Technical Services,
- Personnel, and
- Miscellaneous.

Venue Hire fees are the fees applicable for hiring the venue for a period of time. These fees are calculated on an hourly rate, subject to a minimum number of hours per event type.

Technical Services charges are charges for the hiring of audio and visual equipment. They are most commonly on a per item per day basis. However, Venue Management does offer a number of packages tailored to different types of events.

Personnel charges are charges for technical and event support staffing, to facilitate an event.

Miscellaneous charges relate to ancillary services which may be required to facilitate an event, including building management, sub-hiring, communications technology, and waste removal.

Please note the following in relation to pricing:

- Pricing in this document is valid from 1 July 2019 until 30 June 2020.
- All prices quoted include GST, unless stated otherwise.
- The basis of pricing is market rates, unless stated otherwise.

Hirer Categories

The City recognises two customer/hirer categories in relation to the hire of landmark venues, as follows:

Category 1 – For Profit Organisation / Individual

- Any organisation (including Federal / State Governments) that operate their business with the purpose of generating revenue, and whose event may or may not contribute to that goal of revenue generation
- A group or individual who, although their event has no revenue generation purpose, is holding a private activity (e.g.: wedding, reception, dinner, meeting, cocktail party, etc.).

Category 2 - Not-For-Profit Organisation

- Any organisation that does not operate in order to derive any profit, personal gain or benefits from its operation and whose purpose is to benefit the community through its activities.
- This includes charities and community organisations, both of which may aim to raise funds of which are spent on benefitting the wider community.
- To be considered as a Category 2 customer/hirer, the organisation must provide the City with a copy of their Letter of Incorporation or evidence of not-for-profit status.

Venue Hire Rates

The Venue Management unit will negotiate a venue hire rate for landmark venues with customers, based on the nature and the requirements of the booking.

The factors which may be taken into account by Venue Management, when negotiating a venue hire rate are outlined below.

Subsidised Rates

- Subsidised rates (for venue hire only) may be available to registered not-for-profit and charitable organisations, and to public schools based in the local government area.
- Eligible customers may receive a discount of up to 40% on venue hire charges
- Subsidised rates are not applicable to other fees and charges related to the booking (such as equipment hire, personnel and miscellaneous charges).
- To be eligible for subsidised rates, the hirer must be a registered not-for-profit organisation at the time of signing their event contract. Subsidised rates will not be backdated or applied retrospectively.
- Subsidised rates may be offered in conjunction with other promotions or seasonal pricing. This will be at the discretion of the City and subject to relevant terms and conditions.

Seasonal Pricing

- Seasonal pricing / rate adjustments may apply.
- Where seasonal rates are applied, the base rate advertised below may increase or decrease accordingly.
- Seasonal rates may be applied to all or part of the booking period, or to individual days, at the discretion of the City.

Bundled / All-Inclusive / Package Rates

- The City may, where appropriate, negotiate a bundled / all-inclusive / package rate, which incorporates charges for a number of different services and fees.
- This rate may be charged on a per person or per hour basis, or as a lump sum amount, or another applicable basis.
- This rate may include charges for third party suppliers required to facilitate the event and may include commissions or mark-ups, as appropriate.

Multiple day events

- The rate for multiple day events (of any type, excluding exhibitions) of 3 or more days are subject to negotiation.
- Standard rates, including a total minimum venue hire charge, apply to exhibitions with a duration of 14 days or less.
- Fees and charges for exhibitions with a duration of 15 days or more are subject to negotiation.

Promotions

- The City may, from time to time as appropriate, implement and run promotional activities.
- These promotional activities may include, but not be limited to, offering booking incentives, discounts, and value-add incentives.
- Where the City determines to implement and run such promotional activities, the rate will be determined by the City as it sees fit, and in line with market conditions.

Sydney Town Hall

Centennial Hall & Vestibule

	Total minimum hours per day	Total minimum venue hire charge	Hourly rate ¹
		\$	\$
Banquet / Cocktail / Wedding	17	13,600	1,175
