### **Advice**

Advice will be updated after the meeting.

### **Background**

Residents of Clement Street, Rushcutters Bay, have requested consideration to change the existing 1P permit parking restrictions in Waratah and Clement Streets and Clement Place to 2P permit parking.

### **Comments**

Permit parking in Waratah and Clement Streets and Clement Place, between Bayswater Road and Queens Avenue, is currently 1P.

In order to allow more time for visitors to park in the area, it is proposed to reallocate the 1P permit parking restriction to “2P 8am-10pm Permit Holders Excepted Area 19”. The 2P permit parking restriction is consistent with existing restrictions in Waratah Street, north of Queens Avenue, and is the preferred restriction in accordance with the City’s Neighbourhood Parking Policy.

The proposed parking change would limit any vehicle that does not have an Area 19 parking permit to two hours of parking from 8am to 10pm where the signs are installed.

### **Consultation**

The City originally consulted on a proposal to change all unrestricted and 1P permit parking restrictions to 2P permit parking. The City consulted local residents and businesses in the area. There were 464 letters sent out with three responses supporting the proposal and three responses opposing the proposal.

The three responses opposing the proposal raised concerns about the loss of the unrestricted parking spaces. To allow residents without a permit the opportunity to park near their home, the unrestricted parking spaces will be retained.

**Financial**

Funds are available in the current budget.
