Proposed Outdoor Alcohol Restrictions in the City of Sydney

The City of Sydney invites your feedback on outdoor alcohol restrictions that have been nominated in our local government area. These sites were proposed by NSW Police, residents and local businesses to help prevent alcohol related anti-social behaviour and crime in public places.

Alcohol-free zones apply to public roads and footpaths. Alcohol-prohibited areas apply to parks and civic spaces.

These designated public areas provide NSW Police with the authority to tip out or confiscate alcohol. There are no fines associated with the offence.

Outdoor alcohol restrictions help the City create and maintain well-designed streets and public spaces that are safe and attractive for everyone to enjoy.

We will consider the applications, public feedback, crime statistics and advice from NSW Police Force and other key stakeholders.

Recommendations will be presented to Council for endorsement in early 2020.

You can view the proposed outdoor alcohol restricted areas and give your feedback at sydneyyoursay.com.au by **5pm on Friday 4 October 2019**.
