## The Crescent Skate Park and Playground Update

10. By Councillor Forster

### Question

On 26 August 2013, Council adopted the Johnstons Creek Parklands Master Plan. On 8 December 2014, Council endorsed the scope of the proposed works arising out of the adopted the Master Plan. The proposed scope included the removal of all Council-owned buildings along The Crescent and the remediation of contaminated land to create new green open space. It also included a new skate space at the northern end of The Crescent and the clearing of the arches under the viaduct to connect the new open space to Federal Park.

On 26 October 2015, Council endorsed the refined concept design for the new open space at The Crescent and related works in Federal Park. Construction was to take place between October 2016 and June 2017.

Works finally commenced on the site on 6 June 2019, almost three years later than originally scheduled.

In December 2019, the City was advised that the contractor building the skate park and playground next to Federal Park had gone into administration.

The City has stated that the Johnstons Creek masterplan and this new open space continue to be a priority.

1. When is work expected to restart on this project?
2. When is this project expected to be completed?
3. What is the expected total cost of this project given these new circumstances and delays?
