1. Introduction

This Operational Plan details the individual programs and projects we will undertake in 2020/21 to meet the objectives in our 2017-2021 Delivery Program.

We have developed this plan with the most current and best available information but it is subject to change due to the dynamic health and economic crisis created by the global Covid-19 (novel coronavirus) pandemic.

It is expected that services, and levels of service will change as we deal with the impacts of the pandemic. We may have to adjust some of our services. Some will be enhanced, some will cease, we may create new ones and scale back others. These changes may be temporary or permanent according to ongoing community priorities and resources.

The City also acknowledges that planned deliverables and actions may be impacted or need to be reprioritised based on the effects of this pandemic. New priorities may also emerge.

The City anticipates a significant financial impact from this crisis; the breadth and depth of this impact is difficult to assess in this uncertain environment. To reflect this inherent operational uncertainty, additional financial models have been developed. Despite the impacts of the pandemic, the City's strong financial management over the past years provides a strong platform to respond to the current crisis.

The City will adjust to this crisis to ensure the health and wellbeing of the community is our primary focus. We will engage with the community using the principles outlined in our Community Engagement Strategy to ensure that changing and emerging priorities are identified.

We are adapting our approach to community engagement (consultation) during the Covid-19 pandemic. This reflects the City's commitment to consult community members and stakeholders on decisions that affect them in line with the City's Community Engagement Strategy, while taking into account the challenges faced by our communities during the pandemic.

Decisions will be based on the principles in our plan, community engagement outcomes and in alignment with the NSW and Federal Government's recovery efforts and directives.

Achieving a Green, Global, Connected City

Our Delivery Program identifies the actions to deliver the long-term goals and outcomes specified under each Strategic Direction in the Sustainable Sydney 2030 plan. From the Delivery Program the Operational Plan is derived annually.

The Operational Plan includes the detailed budget and revenue policy as well as the financial plan for the delivery of the programs and projects.

In response to the Covid-19 pandemic, the State Government has delayed the local government election scheduled for September 2020 by 12 months. To align with the extended election cycle, the City of Sydney's 2017-2021 Delivery Program has been extended by an additional year.

Sustainable Sydney 2030

During 2007–08 the City undertook the most comprehensive community consultation in its history. We spoke to residents, workers, students, business operators, industry associations, community organisations and visitors about their vision, goals and aspiration for the future of the city.

The result is Sustainable Sydney 2030 – a comprehensive community strategic plan for the development of the city to 2030 and beyond. The plan sets out a series of actions to achieve a green, global and connected city.

Progress towards our Sustainable Sydney 2030 strategic goals is monitored through regular reporting to Council. We conduct half yearly, annual and end of each council term performance reporting, and quarterly and annual financial reporting.

Extensive community consultation has taken place and will inform our new community strategic plan for Sydney through to 2050.

Resilient Sydney

Metropolitan Sydney is one of the most diverse cities in the world with a population of close to five million people from 200 vibrant cultures. Our global city is known for the beauty of its natural environment and outdoor lifestyle, but it is struggling to maintain liveability and equity during a time of growth and change.

Prior to the Covid-19 pandemic Sydneysiders were already experiencing a range of chronic stresses such as lack of affordable housing and transport congestion, and the need to be prepared for shock events such as heatwaves, storms and cyber-attacks. The coronavirus has added substantially to these chronic stresses.

To become connected, inclusive and resilient is a challenge every organisation and community in metropolitan Sydney must address to create a place of opportunity and well-being for everyone.

Resilient Sydney – A strategy for city resilience 2018, is the first of its kind for our city, marking a new spirit of collaboration and connection in Sydney.

The strategy is the result of two years of effort including technical studies and a comprehensive engagement process with more than 1,000 people from business, government and communities

(residents) across metropolitan Sydney. Every council in the metropolitan area has been engaged.

These inputs are reflected in the strategy and we sincerely thank every individual and organisation who took part in this process.

March 2020 Pandemic Response

The City of Sydney is the epicentre of the Australian economy and cultural and creative institutions, and the Council has a responsibility to the health and wellbeing of our community – to our residents, to business, to artists and creatives living and working in our city, and to the institutions that support them. We also bear a responsibility to the most vulnerable and marginalised members of our community, and to the organisations that continue to support them during this difficult time.

The Covid-19 pandemic is an unprecedented public health crisis which is causing an economic crisis. Unemployment is forecast to rise, with job losses impacting sectors particularly concentrated in our city community, such as accommodation and food services, retail trade, arts and recreation services, construction and professional services.

In response to this crisis the City of Sydney has revised its 2019/20 Operational Plan to reflect changes to our current year budget arising from the City's support and stimulus package responding to the Covid-19 pandemic.

The revised Operational Plan included the amended budget and grants program for 2019/20. The proposed grants programs were supported at an extraordinary council meeting on 30 March 2020 and include immediate and future support for business, our cultural and creative industries and our community provided in the following pages.

Small Business, Cultural and Creative Support Packages

The City has proposed two phases of measures to support business and the economy. The estimated value of the total package of support is \$72.5 million.

Our actions are intended to complement the stimulus and support measures of the State and Federal Government and to leverage the resources of Council to ensure the safety and survival of our business, cultural and community sectors.

These measures are designed to enable organisations and businesses to adapt to a rapidly evolving context, to support their resilience so they

are well positioned to bounce back once this is over and use our own resources to generate employment and provide relief to those most affected.

Phase One

The City of Sydney's initial package put forward on 9 March 2020 and endorsed by Council on 30 March 2020 was valued at up to \$25 million and supports businesses to reduce the financial impact of Covid-19. It included the following measures which were to be in place for an initial period of six months:

- a. waiving fees for Health and Building compliance activities;
- b. reviewing rents in conjunction with tenants in City premises for those tenants that require support on a case-by-case basis;
- c. waiving standard contractual terms and return venue booking and banner fees to people and organisations who have booked City of Sydney venues and banners and are now unable to proceed with their bookings;
- d. waiving footway dining, market permit and filming fees on the grounds of hardship; and
- e. a flexible approach to parking and other infringements.

The City will work with our major business partners and contractors, whether or not services continue to be provided in their current form, to support them as much as possible so they can maintain business continuity in the long term.

The City implemented policy changes in addition to the financial support (some of which can no longer be implemented due to changes in health advice) including:

- working with businesses to facilitate the expansion of their outdoor dining areas to enable social distancing and enable them to increase or introduce take away food options;
- only taking enforcement action for matters that present an imminent public, environmental, health or safety risk; and
- enabling supermarkets and other stores to operate their loading docks 24 hours a day so that essential goods can be delivered.

Since these measures were undertaken, the situation has changed significantly. Increased restrictions on public movement and physical distancing guidelines have forced the closure of restaurants, bars, theatres, clubs and gyms, leading to significant job losses in

these sectors. The stimulus and support packages announced by the Federal and State Governments seek to provide urgently required access to income support through the bolstered jobseeker allowance and other benefits.

Phase Two

Phase Two of the City's support measures significantly expands the initial measures with a second package of financial support valued at up to \$47.5 million. It includes immediate and future support for business, cultural and creative industries and our community.

Phase Two was endorsed at an extraordinary council on 30 March 2020 and includes the following actions:

- f. establish a cultural sector resilience grants program to provide support to the not-for-profit organisations and sole traders working in the cultural sector;
- g. direct donations to locally operated sector led funds, Support Act NSW, Artists Benevolent Fund and Actors Benevolent Fund, to provide emergency relief and mental health support to local cultural workers in crisis;
- h. establish a creative fellowships grants program to support artists;
- i. establish a small business grants program to assist businesses with innovation and adaptation;
- j. establish a small business, creative and community concierge service to assist small businesses, not-for-profits and charity groups to access support available to them via the city, state or federal governments;
- k. establish a community hotline that handles inquiries and provides concierge services to residents and community groups seeking information and support;
- l. bring forward future years capital works projects;
- m. provide additional rental support for our Accommodation Grant Program tenants and childcare services by waiving all rent for the next six months;
- n. amend the draft Central Sydney Development Contributions Plan 2020 to adopt a sliding scale for developer contributions;

- o. increase the Quick Response Grants and the Community Support Grants programs; and
- p. make a direct donation to Oz Harvest to maintain staffing levels and adapt their service model to meet food security needs of vulnerable communities;

In addition to the above, grant recipients will be permitted to vary their deliverables under existing grants for the next six months to enable recipients to retain those funds to support the continuing viability of the City's cultural and creative community.

Additionally, Council approved a \$35 million budget variation to increase the CEO contingency to allow allocation of this funding to the appropriate operational budget within the adopted 2019/20 operational budget, in order to achieve a revised Operational Result of \$77.9 million, and a Net Operating Result of \$1.5 million.

Council is also working with our major contractors to provide a range of support and assistance measures.

Support for health, police and emergency workers

Finally, it is critical to support our key health, police and emergency services and other frontline workers to get to work safely and efficiently. The Council has delegated to the Chief Executive Officer authority to take all necessary decisions in relation to the provision of parking for these essential services staff, including making decisions that are contrary to existing Council policies.

This includes the waiving of fees and provision of 24 hour access to our Goulburn Street and Kings Cross car parks and the issue of parking permits where appropriate. These provisions will be in place for up to six months after which time they will be reviewed.

2. About Sydney

The City of Sydney is the local authority with responsibility for this area (refer map) with multiple other interested stakeholders sharing an interest at various levels. The State Government has an explicit strategic interest. State Agencies also have key planning and development responsibilities.

The City of Sydney (or the City) refers to the organisation, responsible for the administration of the local government area.

The Council refers to the elected Councillors of the City of Sydney.

The city refers to the geographical area that is administered by the City of Sydney and its physical elements. It is made up of 33 suburbs wholly or partly contained within our Local Government Area boundary.

The City centre is the Sydney central business district and includes major civic functions, government offices, and cultural and entertainment assets. It runs between Circular Quay and Central station, the Domain / Hyde Park and Darling Harbour.

Eastern City District as defined by the Greater Sydney Commission, is “the engine room of Greater Sydney's economy”. The City of Sydney is within the Eastern City District, which also includes the local government areas of Bayside; Burwood; Canada Bay; Inner West; Randwick; Strathfield; Waverly, and Woollahra.

Greater Sydney, or Metropolitan Sydney, extends from Wyong and Gosford in the north to the Royal National Park in the south and follows the coastline in between. Towards the west, the region includes the Blue Mountains, Wollondilly and Hawkesbury. Greater Sydney covers 12,368 square kilometres.

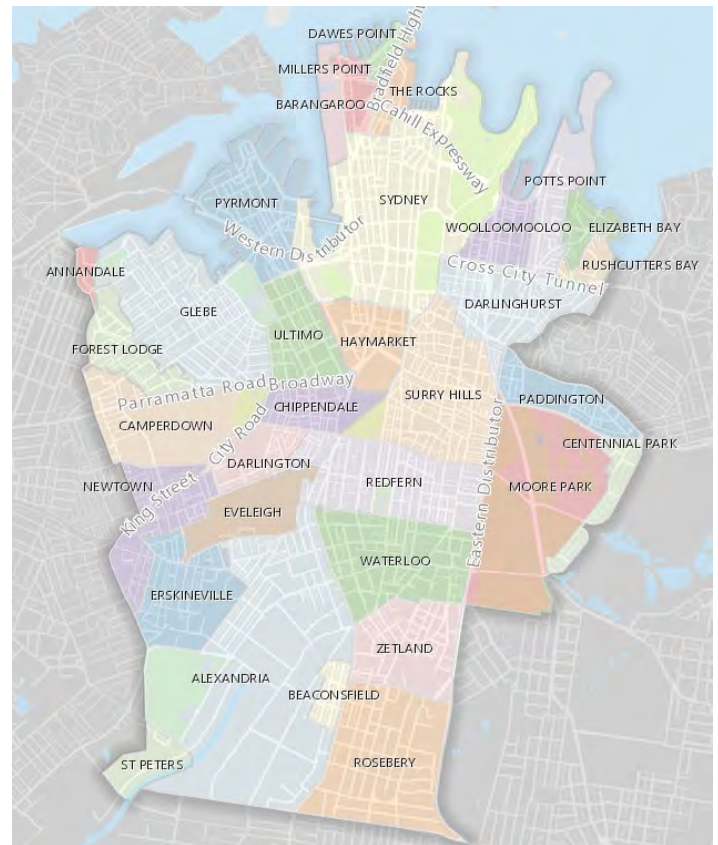

Image 1. Sydney Local Government Area

The City of Sydney
acknowledges the
Gadigal of the Eora
Nation as the
traditional
custodians of this
place we now call
Sydney.

3. Aboriginal & Torres Strait Islander Statement

The Council of the City of Sydney acknowledges Aboriginal and Torres Strait Islander peoples as the traditional custodians of our land – Australia. The City acknowledges the Gadigal of the Eora Nation as the traditional custodians of this place we now call Sydney.

In 1788, the British established a convict outpost on the shores of Sydney Harbour. This had far reaching and devastating impacts on the Eora Nation, including the occupation and appropriation of their traditional lands.

Today, Sydney is of prime importance as the first place in which longstanding ways of life were disrupted by invasion, as well as an ongoing centre for Aboriginal and Torres Strait Islander communities, cultures, traditions and histories.

Despite the destructive impact of this invasion, Aboriginal culture endured and are now globally recognised as one of the world's oldest living cultures. Aboriginal peoples have shown, and continue to show, enormous resilience coupled with generosity of spirit towards other peoples with whom they now share their land.

Image 2. NAIDOC in the City event at Hyde Park

The Council of the City of Sydney recognises that, by acknowledging our shared past, we are laying the groundwork for a future which embraces all Australians, a future based on mutual respect and shared responsibility for our land. The ongoing custodianship of the Gadigal of the Eora Nation is an essential part of this future, as is Sydney's continuing place as centre of Aboriginal and Torres Strait Islander cultures and communities.

There are many sites across our local government area with historical and cultural significance for Aboriginal and Torres Strait Islander communities. The City has documented many of these in Barani / Barrabagu (Yesterday / Tomorrow) as its first expression of the Eora Journey project.

The City works with, and has achieved much with, Aboriginal and Torres Strait Islander people and the City's Aboriginal and Torres Strait Islander Advisory Panel, consistent with the Principles of Cooperation signed between the City of Sydney and the Metropolitan Aboriginal Land Council in 2006. The City is deeply committed to Reconciliation in partnership with its Aboriginal and Torres Strait Islander peoples and in 2015 adopted our inaugural Innovate Reconciliation Action Plan. In 2016, the Eora Journey Economic Development Plan was adopted.

These actions and others will help to ensure their political, economic, social and cultural rights are embedded in subsequent economic, social, environmental and cultural change.

Sustainable Sydney 2030 recognises Sydney's Aboriginal heritage and contemporary Aboriginal and Torres Strait Islander cultures. Aboriginal and Torres Strait Islander communities in the City were extensively consulted for Sustainable Sydney 2030 and this consultation continues today. The City of Sydney is committed to acknowledging, sharing and celebrating a living culture in the heart of our city.

4. About the City

Legislative Requirements

The City of Sydney is a local government organisation governed by the requirements of the *Local Government Act (1993)* and Regulations, the *City of Sydney Act (1988)* and other relevant legislative provisions.

The Local Government Act includes principles for local government, which identify the matters councils need to consider when carrying out their responsibilities. Integrated planning and reporting is included as one of the principles.

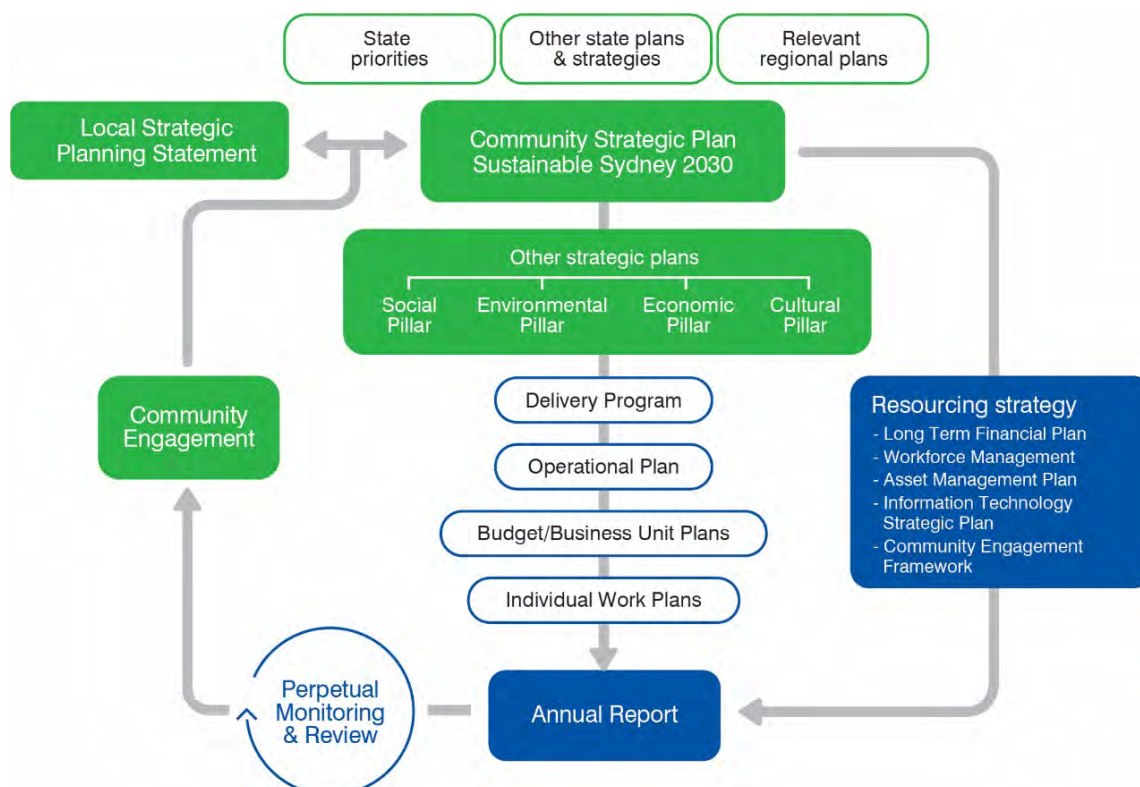

The suite of Integrated Planning documents, including this Operational Plan, is the City's response to the Integrated Planning and Reporting Framework introduced by the NSW Government in 2009.

The Integrated Planning and Reporting Framework

The diagram below illustrates our Integrated Planning and Reporting Framework suite of documents and how they are interrelated. It is adapted from the NSW Office of Local Government Guidelines, available from olg.nsw.gov.au

The suite of Integrated Planning documents represents the City of Sydney's response to the statutory framework for planning and reporting.

Image 3. (below) Integrated Planning and Reporting diagram

How the Documents Relate

The City's key plans are prepared and updated periodically and are subject to a review following the election of each new Council.

Sustainable Sydney 2030 is the City's **Community Strategic Plan** and is the highest level plan that the City will prepare. The purpose of the plan is to identify the community's main priorities and aspirations for the future and to identify how to achieve these goals.

The **Delivery Program 2017–2021** is the City's four year program that translates the community's aspirations identified in Sustainable Sydney 2030 into actions. The delivery program identifies priority projects and programs with key performance indicators and targets that contribute to the outcomes under each strategic direction in Sustainable Sydney 2030.

Our **Operational Plan** (this document) is prepared and adopted by end of June each year. It sets out the specific projects, programs and activities to be delivered in that year. It also incorporates the City's revenue policy for rates and annual charges, the fees and charges schedule, and other relevant budgetary information.

In response to Covid-19 and to align with local government elections postponed until 2021, the current four year delivery program will be extended by an additional year. Five operational plans will now be linked to the 2017-2021 Delivery Program.

Resourcing the Plan

To support the community's objectives expressed in Sustainable Sydney 2030, a long-term Resourcing Strategy is required as part of the Integrated Planning and Reporting Framework. This serves to both inform and test the aspirations in the strategic plan and how Council's share of the required actions might be achieved.

The **Resourcing Strategy** spans a period of 10 years and includes five components:

- **Long Term Financial Plan (LTFP).** The LTFP provides a 10-year view of the costs, and what can be funded by the City of Sydney or may be required from other sources. It details costs for principal activities by the City of Sydney under Sustainable Sydney 2030. This includes continuing to provide services at levels necessary to meet the objectives of the community strategic plan.

- **People (Workforce) Strategy.** The City of Sydney's workforce capacity to meet the objectives of Sustainable Sydney 2030 and the broad challenges and responses to developing our future workforce are outlined in our People Strategy.
- **Asset Management Plan.** Asset management is a critical area of local government responsibilities, governed by legislated standards. The status, needs and resourcing plan for each key asset area in the City's care are shown through the Asset Management Plan.
- **Information and Communication Technology Strategic Plan.** This plan provides a medium-term roadmap to improve the quality and use of digital services, unlock the inherent value of information and data, and optimise investment in technology to meet our Sustainable Sydney 2030 outcomes and other key business strategies.
- **Community Engagement Strategy.** The strategy sets out a framework for how the City consults with our diverse communities on important projects and issues shaping the future of our city.

Image 4. Interior of Green Square Library

Monitoring Progress

Monitoring Sustainable Sydney 2030 requires a multi-layered process. This plan is monitored against broad sustainability indicators for the community and city as a whole.

The Delivery Program and Operational Plan are monitored through half-yearly, annual and end of each council term performance reports, and through quarterly and annual financial reports to Council. These reports provide details of our operational performance and our progress towards strategic outcomes identified in the Sustainable Sydney 2030 plan.

As the current council term has been extended from a four to a five year period, the next end of term performance report will be published in 2021, rather than August 2020 as previously planned.

Community Indicators

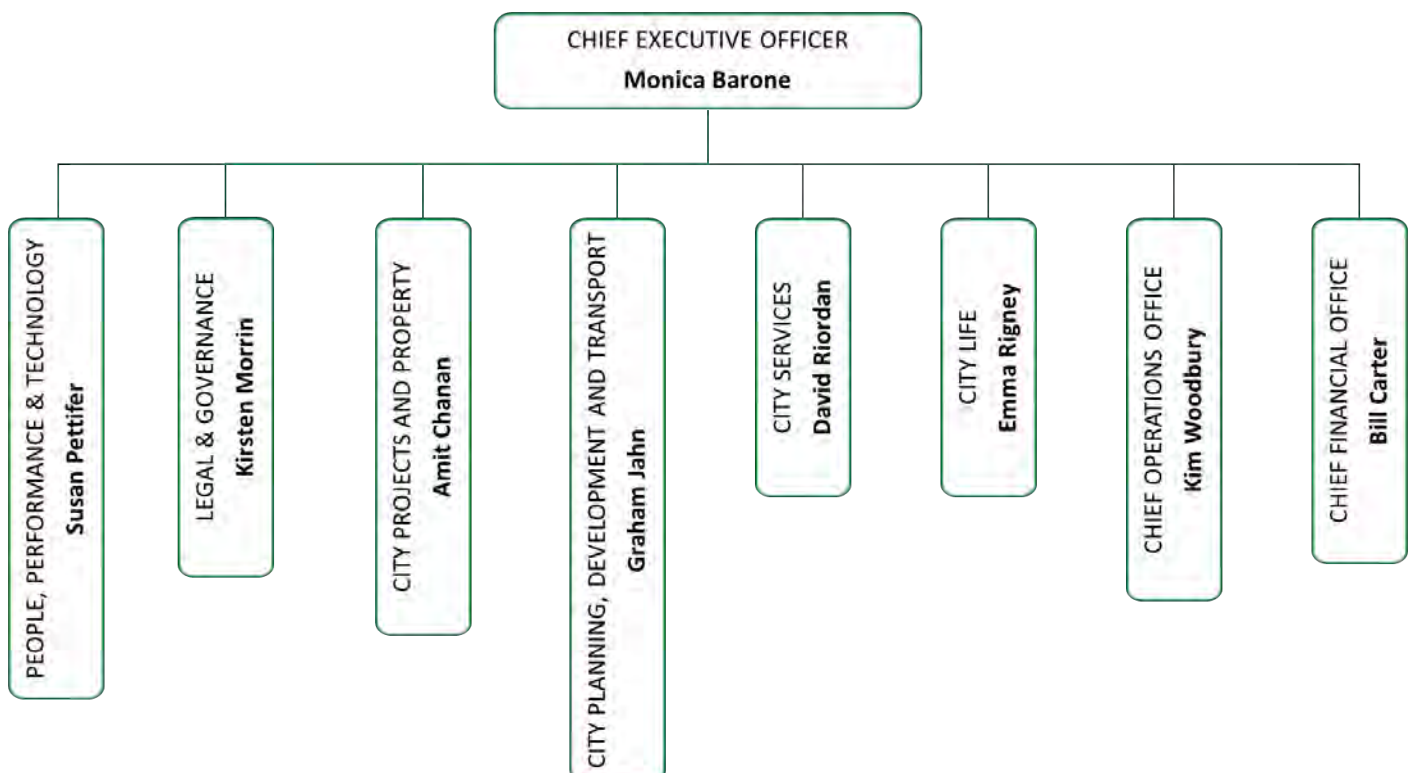

The City has also undertaken a major project to establish a comprehensive set of community wellbeing indicators that measure progress across social, cultural, environmental, economic and democratic perspectives. The Community Indicators add an additional dimension to monitoring and reporting on Sustainable Sydney 2030 and to the evidence base for integrated planning and reporting.

Organisational Structure

There are services that all councils must provide, and some that councils can choose to make available. Many services are also provided by different state and federal agencies, such as public transport, hospitals, and education. There are new policy approaches that influence or direct the City's responses, and legislation that affects the provision of current services. The City's roles extend beyond the delivery of services to advocating for an equitable allocation of resources from the state and federal governments.

The following chart shows the City's organisational structure and senior executive. The directors lead the provision of key services and delivery of programs and projects to achieve the community's vision.

Image 5. (below) City of Sydney organisational chart

Making it Happen

The Local Government Act provides a set of principles that councils need to consider when carrying out their responsibilities. Councils also have a range of roles – as a leader, service provider, regulator, advocate, facilitator and educator. Councils have a responsibility to formulate and pursue their community's vision and ideas, provide civic leadership, deliver key services and express local ideas and concerns about important issues to other levels of government.

There are services that all councils must provide, and some which councils can choose to make available. Many services are also provided by different state and federal agencies, such as public transport, hospitals and education.

There are new policy approaches that influence or direct the City's responses, and legislation that affects the provision of current services. The City's roles extend beyond the delivery of services to advocating for an equitable allocation of resources from the State and Federal Governments.

In following the directions of Sustainable Sydney 2030 and striving to achieve its objectives, there are limits to what Council alone can control or even influence. As indicated by the diagram below, however, the City of Sydney, like Sustainable Sydney 2030 itself, is concerned with the full range of issues that affect the wellbeing of the city and its communities.

The City of Sydney is concerned with the full range of issues that affect the wellbeing of the city and its communities.

Image 6. (below) Concern, influence and control diagram outlining the City's level of involvement in a range of activities

Corporate Services and Governance

The City of Sydney is governed by the requirements of the *Local Government Act (1993)* and Regulations, the *City of Sydney Act (1988)* and other relevant legislative provisions.

Council policy, strategic directions and major corporate decisions are determined by the elected Council, chaired by the Lord Mayor. Day to day operations are largely delegated to the Chief Executive Officer or managed in conjunction with the Lord Mayor, as provided for in Council resolutions and delegations, and in accordance with relevant legislation. Corporate performance is monitored through quarterly financial reports, and six-monthly operational and end of council term performance reports to Council and the community.

Governance Framework

The governance framework of the organisation is implemented, monitored and reviewed by the senior management team. Good governance is at the heart of how the City of Sydney operates. Governance refers to the culture, processes, systems, policies and practices that we use to guide our operations.

Good governance is vitally important - it creates confidence in Council because it ensures that we deliver what we say we will deliver and that we act in an ethically robust way.

Code of Conduct

The City of Sydney adopted a new Code of Conduct in May 2019. It is based upon the new Model Code of Conduct for Local Councils in NSW issued by the Office of Local Government. Staff have undertaken mandatory training on the key changes to the Code of Conduct. Staff are also required to undertake compulsory annual refresher Code of Conduct training.

Fraud and Corruption Prevention

The City of Sydney has a Fraud and Corruption Control Plan which underpins the City's commitment to fraud and corruption control and contains the actions we will take to prevent, detect and respond to fraud and corruption. Complaints of corrupt conduct against Council staff or Councillors can be made via the reporting form on our website.

Complaints about staff members are investigated by the Legal and Governance Division. Complaints about Councillors and the Chief Executive Officer are referred in accordance with the provisions of the Code of Conduct. Complaints can also be made directly to the Independent Commission Against Corruption.

Image 7. (below) Diagram outlining elements of governance at the City

Risk Management

The City of Sydney has embedded risk management principles and capabilities across the organisation to ensure effective decision making and to demonstrate good corporate governance within the City. This includes the following risk management structures:

- Risk Management Policy, Program and Frameworks
- Audit Risk and Compliance Committee
- Emergency Management Committee
- Business Continuity Plans
- Internal Audit Program
- Workplace Health and Safety Management System.

Audit, Risk and Compliance Committee

The Audit Risk and Compliance Committee plays an important role in the City's governance framework. It provides Council with independent oversight and monitoring of the City's audit, compliance and risk processes and its other internal control activities.

The primary objectives of the Committee are to assist the Council in discharging its responsibilities relating to:

- financial reporting practices;
- business ethics, policies and practices;
- accounting policies;
- risk management and internal controls;
- compliance with laws, regulations, standards and best practice guidelines; and
- the integrity of the internal audit function.

Image 8. Artist Emily Crockford (on left) stands in front of a Creative Hoarding featuring her work "Sydney Opera House at Night"

The Audit, Risk and Compliance Committee Charter sets out the Committee's roles and responsibilities and its oversight of the internal and external audit functions, including any statutory duties. The Committee has three independent members, one of whom acts as Chair, as well as two Councillors.

External Audit

External auditing services are provided by the NSW Audit Office. The External Auditor provides independent audit opinions on both the general and special purpose financial reports of Council, audits statutory returns relating to a number of Council activities (including the ratings return, domestic waste return, and parking enforcement gain share), reports to the Council and the Minister of the conduct of the audit, issues a management letter detailing any matters that arise during the course of the audit and, provides any supplementary reports where required by the Office of Local Government. The External Auditor also contributes to Council's Audit, Risk and Compliance Committee meetings.

Internal Audit

Internal Audit is an independent, objective assurance and consulting activity. The purpose of Internal Audit is to enhance and protect organisational value by systematically and independently evaluating and identifying performance improvements in business operations, risk management, internal controls and governance processes. This is undertaken through a strategic program of audits and reviews on behalf of the Audit Risk and Compliance Committee. This activity is in accordance with the City's Internal Audit Charter, and is reported independently to the City's Audit Risk and Compliance Committee.

Accountability and Transparency

The City of Sydney takes seriously its responsibility to be open and accountable to the community. The City responds to requests made in accordance with the *Government Information (Public Access) Act (2009)* and proactively revises information about decisions. The City of Sydney fully complies with the intent and requirements of all legislation. At the same time we respect people's privacy by not releasing personal information where inappropriate.

Procurement and external contracts

The City's procurement processes meet the highest standards of probity and integrity. The City's objective in entering into contracts is to obtain goods and services to perform its functions, while using public funds wisely, honestly and in compliance with legislative and public interest requirements. All contracts over \$250,000 undergo a rigorous and open tender process. All other contracts follow best practice and are selected on a value for money basis.

Our Workforce

Attracting and retaining skilled and talented staff with the capability to deliver the City's objectives is critical to implementing Sustainable Sydney 2030. The City of Sydney aims to be an employer of choice for people seeking to make a difference to their communities.

The City aims to strengthen its strategic workforce management in order to address the future workforce challenges of Sustainable Sydney 2030, while also improving the work environment for current staff.

The People Strategy 2019-21 outlines the capabilities our people require to address our social, economic and sustainability challenges and opportunities. It builds on previous work to drive a purposeful, productive and efficient organisation.

The strategy includes four focus priorities:

- engage people with purpose;
- enrich our workplace culture;
- embrace new capabilities and mindsets; and
- empower our people to be future ready.

Image 9. The Exchange Building in Haymarket where Darling Square Library is located

Information and Technology Management

Information and technology are critical enablers of business and service transformation, improved effectiveness and efficiency, collaboration, and inclusive participation.

The City's Information and Technology Strategic Plan recognises that technology is an enabler for business improvement and service delivery. High quality information and data that supports strategic and operational decision making are critical.

The City's Information and Technology Strategic Plan has four key focus areas:

- Digital Service Delivery
- Information and Data
- Enterprise Systems
- Enablers of Change – (Workforce and Governance).

Customer Service

The City is committed to providing the highest level of customer service to the community, developing services that meet the needs of the customer and building a strong customer focused culture. We have a Customer Service Charter which sets out our commitment to delivering high quality services to the City's diverse range of customers in line with Sustainable Sydney 2030. The Charter identifies the minimum standards of service which can be expected and offers advice on how customers can provide feedback if service standards are not met.

Safety in the City of Sydney

The City is committed to the health, safety and welfare of its employees, residents and visitors. The City has a broad range of roles and responsibilities in relation to ensuring safety is prioritised across the local government area. This includes ensuring safety is a priority consideration in relation to the design and maintenance of public areas, when conducting events, in undertaking compliance and enforcement activities and when providing services to members of the community.

The broad range of legislation in relation to public safety which the City complies with, which the City has a role in enforcing or which regulates the activities of others in our local government area include the following NSW Acts and related regulations, guidelines and standards:

- *Building Products (Safety) Act 2017*
- *Building Professionals Act 2005*
- *Child Protection (Working With Children) Act 2012*
- *Children and Young Persons (Care and Protection) Act 1998*
- *Civil Liability Act 2002*
- *Companion Animals Act 1998*
- *Contaminated Lands Management Act 1997*
- *Crown Land Management Act 2016*
- *Disability Inclusion Act 2014*
- *Environmental Planning and Assessment Act 1979*
- *Food Act 2003*
- *Government Information (Public Access) Act 2009*
- *Graffiti Control Act 2008*
- *Heavy Vehicle (Adoption of National Law) Act 2013*
- *Heritage Act 1977*
- *Impounding Act 1993*
- *Inclosed Lands Protection Act 1901*
- *Liquor Act 2007*
- *Local Government Act 1993*
- *Major Events Act 2009*
- *Privacy and Personal Information Protection Act 1998*
- *Protection of the Environment Operations Act 1997*
- *Public Health Act 2010*
- *Restricted Premises Act 1943*
- *Roads Act 1993*
- *Smoke-free Environment Act 2000*
- *State Emergency and Rescue Management Act 1989*
- *Surveillance Devices Act 2007*
- *Surveying and Spatial Information Act 2002*
- *Swimming Pools Act 1992*
- *Sydney Public Reserves (Public Safety) Act 2017*
- *Transport Administration Act 1988*
- *Trees (Disputes Between Neighbours) Act 2006*
- *Work Health and Safety Act 2011*
- *Workplace Surveillance Act 2005*

5. Strategic Directions & Principal Activities

Strategic Directions and Sustainable Sydney 2030

For the purposes of section 404 of the *Local Government Act (1993)*, this Operational Plan and the following ten Strategic Directions are derived from the Community Strategic Plan Sustainable Sydney 2030 and describe the City of Sydney's principal activities.

The strategic direction sets out our high level outcomes, with objectives, projects, programs and services identifying what it is we are doing to achieve the outcomes. Delivery measures, including key performance indicators are used to measure our progress towards the outcomes.

In improving our planning and reporting to address Sustainable Sydney 2030 outcomes, we have developed a number of new key performance indicators. Not all of these indicators have historical data to report, nor do they all have identified targets.

There are two reasons for this:

First, it is not always appropriate to set targets, as some indicators are better served by plotting trends to measure performance.

Second, where we do not have historical data we do not know what is an appropriate target to set. This will be changed where appropriate as we collect enough data to guide us in target setting.

Our Strategic Directions align the outcomes from Sustainable Sydney 2030 into 10 focus areas.

Each of the following Strategic Directions are set out to show that City of Sydney works under the principles of PLAN, DO, CHECK, ACT.

Image 10. Plan, do, check, act diagram

The City's 10 Strategic Directions

Strategic Direction 1

A globally competitive and innovative city

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The City must focus on the global economy and sustained innovation to ensure continuing prosperity.

Strategic Direction 2

A leading environmental performer

The City of Sydney has adopted ambitious greenhouse gas emission reduction targets and will work towards a sustainable future for the city's use of water, energy and waste.

Strategic Direction 3

Integrated transport for a connected city

Quality transport will be a major driver to sustainability – the city must offer a variety of effective and affordable transport options.

Strategic Direction 4

A city for walking and cycling

A safe and attractive walking and cycling network linking the city's streets, parks and open spaces.

Strategic Direction 5

A lively and engaging city centre

The city centre's international iconic status will be maintained and enriched with an inviting streetscape and vibrant public spaces.

Strategic Direction 6

Resilient and inclusive local communities

Building communities through enhancing the capacity of our people and the quality of their lives.

Strategic Direction 7

A cultural and creative city

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

Strategic Direction 8

Housing for a diverse community

A wider range of housing so people who provide vital city services can afford to live in the city.

Strategic Direction 9

Sustainable development, renewal and design

High quality urban design will bring liveability and greater sustainability.

Strategic Direction 10

Implementation through effective governance and partnerships

Partnerships across government, business and community; leadership in local, national and global city forums.

Sustainable Sydney 2030 Targets

70 per cent reduction in greenhouse gas emissions based on 2006 levels by 2030 and by 2050, achieve a net zero emissions city.

50 per cent of electricity demand met by renewable sources; zero increase in potable water use from 2006 baseline, achieved through water efficiency and recycled water; total canopy cover increased by 50 per cent from 2008 baseline.

There will be at least 138,000 dwellings in the city (including 48,000 additional dwellings compared to the 2006 baseline) for increased diversity of household types, including greater share of families.

7.5 per cent of all city housing will be social housing, and 7.5 per cent will be affordable housing, delivered by not-for-profit or other providers.

The city will have at least 465,000 jobs (including 97,000 additional jobs) compared to the 2006 baseline) with an increased share in finance, advanced business services, education, creative industries and tourism sectors.

Trips to work using public transport will increase to 80 per cent, for both residents of the city and those travelling to the city from elsewhere.

At least 10 per cent of total trips made in the city are by bicycle and 50 per cent by pedestrian movement.

Every resident will be within reasonable walking distance to most local services, including fresh food, childcare, health services and leisure, social, learning and cultural infrastructure.

Every resident will be within a three-minute walk (250 metres) of continuous green links that connect to the harbour foreshore, harbour parklands, Moore or Centennial or Sydney parks.

The level of community cohesion and social interaction will have increased based on at least 65 per cent of people believing most people can be trusted.

Strategic Direction 1 – A globally competitive and innovative city

Keeping Sydney globally competitive is central to Sydney's and Australia's future. The city must focus on the global economy and sustained innovation to build economic resilience and ensure continuing prosperity.

Objective 1.1 Plans are in place to accommodate growth and change in the city centre and other key economic areas.

Reference	Action	Operational Plan Deliverables	Responsible Area
1.1.1	City Planning	Conduct strategic studies and reviews to inform planning control amendments that protect and grow jobs in line with the Local Strategic Planning Statement.	City Planning, Development & Transport
1.1.2	City Development	Provide strategic input into State Government and major public or private development projects to ensure that public domain outcomes support public life, activation, and are integrated with surrounding areas.	Chief Operations Office
1.1.3	Service Delivery	Deliver City Services to meet the needs of a Global City.	City Services

Objective 1.2 The city economy is competitive, prosperous and inclusive.

Reference	Action	Operational Plan Deliverables	Responsible Area
1.2.1 (1)	Economy	Continue to implement the OPEN Sydney Strategy to develop a vibrant, safe and sustainable night time economy that offers a diverse range of leisure and entertainment options for all ages and interests, with inviting and safe public spaces, easily accessible information and connected transport.	City Life
1.2.1 (2)	Economy	Develop and implement the International Engagement Framework focused on promoting Sydney globally.	Chief Operations Office / City Life
1.2.1 (3)	Economy	Implement priority projects and programs from the Retail Action Plan that create great experiences, build capacity and resilience, remove barriers, and engage with the sector.	Chief Operations Office / City Life
1.2.1 (4)	Economy	Implement priority projects and programs arising from the Tech Start Up Action Plan to support the growth of the tech start-up ecosystem.	Chief Operations Office / City Life
1.2.1 (5)	Economy	Implement priority projects and programs from the Eora Journey Economic Development Plan that focus on support for Aboriginal and Torres Strait Islander business owners, employees and education success.	Chief Operations Office

Reference	Action	Operational Plan Deliverables	Responsible Area
1.2.2	Strategic research, analysis and knowledge sharing	Collect data, undertake strategic analysis, and provide demographic and economic development information to industry, academia, government and business.	Chief Operations Office

Objective 1.3 The city economy is an integrated network of sectors, markets and high performing clusters.

Reference	Action	Operational Plan Deliverables	Responsible Area
1.3.1	Knowledge and skills	Implement appropriate projects and programs to support the recovery of the International Education sector impacted by Covid-19.	Chief Operations Office
1.3.2	Affordable spaces - economic	Manage the use of City owned properties as affordable space within the context of the City's economic action plans.	Chief Operations Office

Objective 1.4 The city economy is resilient.

Reference	Action	Operational Plan Deliverables	Responsible Area
1.4.1	Economic Resilience	Contribute to metropolitan and state-wide strategic economic planning.	Chief Operations Office

Objective 1.5 The city enhances its global position and attractiveness as a destination for people, business and investment.

Reference	Action	Operational Plan Deliverables	Responsible Area
1.5.1	Major events	Deliver appropriate major events that support the social and economic recovery of the city.	City Life
1.5.2	Visitor Experience	Implement priority projects and programs from the Tourism Action Plan that focus on destination development, destination management and destination marketing.	Chief Operations Office / City Life / Office of the CEO
1.5.3	Business and Investment Attraction	Work with the State Government and other partners on initiatives to promote Sydney, and with Business Events Sydney to attract international conferences to Sydney.	Chief Operations Office / City Life
1.5.4	Safety	Develop robust partnerships with emergency services, relevant agencies and the community to build capacity and resilience to prevent, respond and recover from emergencies.	City Services
1.5.5	Cleansing and waste	Provide high quality, customer focussed street cleansing service that meets the needs of the community.	City Services

Reference	Action	Operational Plan Deliverables	Responsible Area
1.5.6 (1)	Monitoring and compliance	Maintain inspection programs to monitor legislative compliance in the areas of fire safety, building compliance, late night trading premises and public health.	City Planning, Development & Transport
1.5.6 (2)	Monitoring and compliance	Operate proactive patrols to monitor legislative compliance and respond to customer complaints including but not limited to development consents, companion animals, noise, litter and unlawful trading.	City Services

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
City Development	Commercial development approved	m2	-	Chief Operations Office
City Development	Commercial development completed	m2	-	Chief Operations Office
Business Events Sydney	Bids for business events submitted	No.	-	City Life
Business Events Sydney	Events secured	No.	-	City Life
Business Events Sydney	Delegate numbers of events secured	No.	-	City Life
Business Events Sydney	Economic impact of events secured	\$Mln	-	City Life
Business Events Sydney	Delegate days of events secured	No.	-	City Life
Support for the Economy and Business	Grants approved by the City of Sydney including all commercial creative and business events and relevant knowledge exchange grants	\$ '000	-	City Life
Support for the Economy and Business	Grants approved by the City of Sydney for major events	\$ '000	-	City Life
Diverse and inclusive economy	City of Sydney suppliers who identify themselves as Aboriginal and Torres Strait Islander	No.	-	Chief Financial Office
International Students	International students studying in the City of Sydney LGA	No.	-	Chief Operations Office

Strategic Direction 2 - A leading environmental performer

The City of Sydney has adopted ambitious targets for the reduction of greenhouse gas emissions, potable water use and waste to landfill.

We will work towards a sustainable future that mitigates environmental impact and adapts to a changing climate.

We also understand the importance of green space and urban biodiversity. We have developed comprehensive policies and clear targets to increase the urban canopy, biodiversity, waterway health and the physical greening of the city.

Objective 2.1 - Greenhouse gas emissions are reduced across the city.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.1.1 (1)	Energy efficiency and renewables	Leverage fleet analytics to drive a reduction in greenhouse gas emissions and set targets.	City Services
2.1.1 (2)	Energy efficiency and renewables	Continue to identify and implement initiatives to facilitate the 50% renewable by 2030 target for the city.	Chief Operations Office
2.1.1 (3)	Energy efficiency and renewables	Actively manage Ausgrid to replace LED lights for all public domain light types (street lights, parks etc.) in the city area in a timely manner.	City Services
2.1.2 (1)	Sustainable Planning	Develop a pathway for the City's current planning controls to be strengthened over time to deliver net zero energy building standards.	City Planning, Development & Transport
2.1.2 (2)	Sustainable Planning	Investigate the inclusion of Development Control Plan (DCP) provisions that introduce NABERS Energy Commitment Agreements for new hotel buildings and major hotel refurbishments.	City Planning, Development & Transport
2.1.3	Advocacy	Advocate for higher BASIX targets for residential buildings.	City Planning, Development & Transport

Objective 2.2 - Waste from the city is managed as a valuable resource and the environmental impacts of its generation and disposal are minimised.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.2.1	Sustainable Planning	Review and update standard waste conditions to comply with new guidelines for waste management in new developments.	City Planning, Development & Transport
2.2.2	Monitoring and reporting waste	Integrate organisational waste reporting on the City's digital environmental platform.	Chief Operations Office

Reference	Action	Operational Plan Deliverables	Responsible Area
2.2.3 (1)	Managing waste and resources	Implement the Resource Recovery Engagement Action Plan to reduce waste, recycle more and work with the community to reduce illegal dumping.	City Services
2.2.3 (2)	Managing waste and resources	Continue investigating opportunities to divert residential food waste from landfill.	City Services
2.2.4	Management and compliance	Conduct targeted patrols in the public domain to address illegal dumping, discarded cigarette butts, littering and other activity which is contrary to the provisions of the Protection of the Environment Operations Act.	City Services
2.2.5	Advocacy	Advocate for state allocation of appropriate land resources to waste treatment, improved waste data, expanded product stewardship, maintaining landfill levy.	Chief Operations Office

Objective 2.3 - Across the city, potable water use is reduced through efficiency and recycling and gross pollutant loads to waterways are reduced.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.3.1	Recycled water	Facilitate delivery of large-scale recycled water projects in new and established areas of the city.	Chief Operations Office
2.3.2 (1)	Sustainable Planning	Develop a process to ensure that water sensitive urban design in all developments is assessed (against technical guidelines or by a suitably qualified specialist) to meet or exceed Development Control Plan stormwater quality requirements.	City Services
2.3.2 (2)	Sustainable Planning	Investigate opportunities for development to use water efficiently and improve the health of waterways through changes to the planning controls in line with the Local Strategic Planning Statement.	City Planning, Development & Transport
2.3.3	Advocacy	Advocate for urban renewal areas to meet world's best practice environmental standards.	Chief Operations Office
2.3.4 (1)	Stormwater quality / waterway health	Continue to include raingardens in road and streetscape renewal designs where feasible to contribute to water quality targets and reduce urban heat.	City Services
2.3.4 (2)	Stormwater quality / waterway health	Continue to identify and implement opportunities to include Water Sensitive Urban Design (WSUD) infrastructure in all new City projects.	Chief Operations Office
2.3.4 (3)	Stormwater quality / waterway health	Where possible, retrofit the City's stormwater system with gross pollutant traps to reduce solids discharged to waterways via stormwater run-off.	City Services

Objective 2.4 - City residents, businesses, building owners, workers and visitors improve their environmental performance.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.4.1	Commercial office engagement	Implement priority projects, programs and advocacy arising from the City's Sydney's Sustainable Office Plan.	City Life
2.4.2	Business engagement (non-office based)	Implement priority projects, programs and advocacy arising from the City's Making Sydney a Sustainable Destination Plan.	City Life
2.4.3	Residential Engagement	Implement priority projects, programs and advocacy arising from the City's Residential Apartment Sustainability Plan.	City Life
2.4.4	Provision of grants and other cross sector support	Continue to support the community's adoption of renewable energy in line with the City's 50% renewable electricity by 2030 target.	City Life

Objective 2.5 - The City of Sydney's operations and activities demonstrate leadership in environmental performance.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.5.1 (1)	Environmental Management Systems	Improve monitoring, reporting and verification of waste, energy and water data and other sustainability metrics for the local government area and our own operations.	Chief Operations Office
2.5.1 (2)	Environmental Management Systems	Continuously improve the systems, processes and organisational capability for managing utilities and other sustainability metrics within City-owned assets.	City Projects & Property
2.5.2 (1)	Capital Projects	Install solar PV and energy storage infrastructure on suitable City properties and sites to maximise uptake of renewable energy.	Chief Operations Office
2.5.2 (2)	Capital Projects	Adapt infrastructure design to account for current and future climate change (including water sensitive urban design, stormwater management, roads and pavement).	Chief Operations Office
2.5.3 (1)	Asset Management	Improve energy and water efficiency at the City's most resource intensive sites through identification, prioritisation and installation of efficiency measures and changes in management practices, including required metering and monitoring under the Major Properties Efficiency Project (MPEP).	City Projects & Property

Reference	Action	Operational Plan Deliverables	Responsible Area
2.5.3 (2)	Asset Management	Review and update recycling streams and collection receptacles in City properties, and implement an education and behaviour change program to increase recycling and reduce contamination.	City Projects & Property
2.5.3 (3)	Asset Management	Manage and analyse new energy efficient fuel options for the City's light and heavy vehicle fleets to encourage low emission driving behaviour and reduce CO2 emissions.	City Projects & Property
2.5.4	Procurement, grant assessment & contract management	Implement Social and Sustainable Procurement Guidelines, Supplier Code of Conduct, Returnable Schedule on selected procurement activities – major construction materials, consumables, major contract, event management and supplier due diligence.	Chief Financial Office

Objective 2.6 - The extent and quality of urban canopy cover, landscaping and city greening is maximised.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.6.1	City Farm	Continue City Farm operations.	City Services
2.6.2	Community Greening	Support and promote the development of community gardens, footpath gardening, and sites maintained and managed by community volunteer groups.	City Services
2.6.3	Urban Forest	Continue to deliver tree planting programs to maximise urban canopy and reduce the impacts of the urban heat island effect.	City Services
2.6.4 (1)	Urban Ecology	Continue to expand, improve and protect bush regeneration areas in the City's parks and open spaces.	City Services
2.6.4 (2)	Urban Ecology	Monitor the diversity, number and distribution of priority fauna species reported on the local government area.	City Services
2.6.5 (1)	Greening Sydney Plan	Continue to deliver the public domain landscaping program.	City Services
2.6.5 (2)	Greening Sydney Plan	Deliver Living Colour floral displays throughout the city during spring and summer.	City Services
2.6.5 (3)	Greening Sydney Plan	Continue the review of the Greening Sydney Plan to identify targets and strategic priorities to increase the extent of greening that will cool and calm the city.	City Services
2.6.6 (1)	Parks Water Savings Action Plan	Improve water efficiency at the City's parks through installation of efficiency measures and changes in management practices.	City Services

Reference	Action	Operational Plan Deliverables	Responsible Area
2.6.6 (2)	Parks Water Savings Action Plan	Identify opportunities to connect parks to recycled or alternative water sources.	City Projects & Property

Objective 2.7 - The city's buildings, infrastructure, emergency services and social systems are resilient to the likely impacts of climate change.

Reference	Action	Operational Plan Deliverables	Responsible Area
2.7.1	Climate change	Advocate for improvements to the national construction code.	Chief Operations Office
2.7.2	Extreme weather events	Continue to work with emergency services, relevant agencies, and the community to build capacity to prepare for, respond, and recover from extreme weather events.	City Services
2.7.3 (1)	Urban heat island effect and flooding risk mitigation	Continue research and trials in monitoring and reducing the urban heat island effect.	Chief Operations Office
2.7.3 (2)	Urban heat island effect and flooding risk mitigation	Continue to implement the City's Floodplain Management Policy, and work collaboratively with asset owners and developers to fund and implement flood risk management plans, incorporating climate change scenarios.	City Services

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Greenhouse emissions	Overall greenhouse gas emissions for all City of Sydney operations – total all emissions Baseline 2006 Data – 52,972 tCO ₂ e	Tonnes CO ₂	N/A	Chief Operations Office
Greenhouse emissions	Greenhouse gas emissions for City of Sydney local government area – total all emissions Baseline 2006 Data - 5,809,144 tCO ₂ e (Includes emissions from electricity, gas, refrigerants, transport and waste - measured annually in June)	Tonnes CO ₂	N/A	Chief Operations Office

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Greenhouse emissions	Reduction in greenhouse gas emissions in the local government area based on 2006 levels - 5,805,550 tCO ₂ e (measured annually in June – data from previous financial year; target of 70% by 2030 & net zero emissions by 2050)	%	N/A	Chief Operations Office
Greenhouse emissions	Percentage of electricity demand in the local government area met by renewable sources (target of 50% by 2030, measured annually in June – data from previous financial year)	%	N/A	Chief Operations Office
Water Usage and Stormwater	Potable water use from City operations - 2006 baseline (431,000 kL)	kL	N/A	City Projects & Property
Water Usage and Stormwater	Potable water usage from the local government area – 2006 baseline (33,712) (measured annually in June – data from previous financial year)	ML	(zero increase from 2006 baseline)	Chief Operations Office
Waste - Local Government Area	Total residential waste collected	Tonnes	N/A	City Services
Waste - Local Government Area	Total residential waste collected per capita	Kg/Capita	N/A	City Services
Waste - Local Government Area	Percentage of source separated recycling of total residential waste	%	35	City Services
Waste - Local Government Area	Percentage of recycling and recovery of residential waste	%	70	City Services
Sustainable management of waste and resources	Total waste collected from City managed properties including aquatic centres	Tonnes	N/A	City Projects & Property
Sustainable management of waste and resources	Recovered and recycled waste collected from City managed properties including aquatic facilities	Tonnes	N/A	City Projects & Property
Sustainable management of waste and resources	Resource recovery of waste from the City's parks, streets and public places	%	N/A	Chief Operations Office

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Sustainable management of waste and resources	Resource recovery of waste from City managed properties including aquatic centres	%	N/A	City Projects & Property
Greening Sydney	New plants planted in City parks and street gardens	No.	50,000	City Services
Greening Sydney	New and renewed public domain landscaping installed (nature strips, rain gardens, traffic treatments)	m2	9,000	City Services
Greening Sydney	Maintain or increase number of indigenous bird species observed (2009/10 baseline - 63 species)	No.	N/A	City Services
Greening Sydney	Extent of locally-indigenous bushland	ha	13.5	City Services
Environmental Grants	Environmental grants approved by the City of Sydney	\$ '000	N/A	City Life

Strategic Direction 3 – Integrated transport for a connected city

Quality transport will be a major driver to sustainability, amenity, ease of mobility and the economic competitiveness of our city – the city must offer a variety of effective and affordable transport options.

Objective 3.1 - Investment in public transport and walking and cycling infrastructure encourages more people to use these forms of transport to travel to, from and within the city.

Reference	Action	Operational Plan Deliverables	Responsible Area
3.1.1	Planning	Work with the State Government transport cluster to ensure all traffic and transport related proposals in Central Sydney comply with policies such as the Sydney City Centre Access Strategy, Movement and Place, and Central Sydney on-street parking policy.	City Services / City Planning, Development & Transport
3.1.2	Advocacy	Work with the State Government and other stakeholders to develop Future Transport projects for Sydney to increase public transport accessibility and capacity to and within the City of Sydney, including planning for Metro West and new Metro initiatives.	City Planning, Development & Transport
3.1.3	Partnership	Work with the State Government and taxi industry to implement more taxi ranks in better locations with improved safety in the city centre during the evening and late night.	Chief Operations Office / City Services

Objective 3.2 - Transport infrastructure is aligned with city growth.

Reference	Action	Operational Plan Deliverables	Responsible Area
3.2.1	Partnership	Work with the State Government to ensure the best outcomes are achieved for the community on large public transport and road projects.	City Planning, Development & Transport / Chief Operations Office
3.2.2	Advocacy	Work with the State Government to ensure understanding of transport implications of development in the city area.	City Planning, Development & Transport
3.2.3	Parking	Continue to implement the neighbourhood parking policy.	City Planning, Development & Transport / City Services
3.2.4	Freight and Servicing	Work with the State Government and businesses to develop new and innovative solutions to freight and servicing, including more productivity from loading spaces and exploring higher-amenity options for “last mile” distribution.	City Planning, Development & Transport
3.2.5	Regional Collaboration	Continue to build relationships with neighbouring councils and collaborate on transport projects where infrastructure or impact is across the boundaries.	City Planning, Development & Transport

Reference	Action	Operational Plan Deliverables	Responsible Area
3.2.6	Technology	Partner with the State Government to facilitate innovation in transport management, ensuring technology assists in achieving agreed urban and transport outcomes.	City Planning, Development & Transport

Objective 3.3 - The amenity of the city centre and villages is enhanced through careful management and integration of transport.

Reference	Action	Operational Plan Deliverables	Responsible Area
3.3.1	Traffic calming initiatives	Develop and deliver a range of initiatives to help support change of behaviour by traffic calming.	City Services
3.3.2	Speed reduction	Continue to work with the State Government to look for opportunities to reduce traffic speeds and speed limits throughout the City of Sydney.	City Planning, Development & Transport
3.3.3	Road safety partnerships	Continue to build relationships with Transport for New South Wales through the local government road safety program to improve road safety within the LGA.	City Planning, Development & Transport
3.3.4	Manage amenity	Manage the scheduling of waste collection services to ensure the least disruption to the community.	City Services
3.3.5	Community programs	Facilitate a range of road safety education programs for the community.	City Planning, Development & Transport

Objective 3.4 - Public transport, walking and cycling are the first choice transport modes within the city.

Reference	Action	Operational Plan Deliverables	Responsible Area
3.4.1	City transformation	Continue to support the implementation of light rail down George Street and in wider local government area.	Chief Operations Office
3.4.2	Behavioural	Advocate for measures aimed at increasing the use of public transport, walking and cycling along major corridors to the city.	City Planning, Development & Transport

Objective 3.5 - Transport services and infrastructure are accessible.

Reference	Action	Operational Plan Deliverables	Responsible Area
3.5.1	Parking	Manage the demand for parking to ensure there is equitable access to the constrained supply.	City Services
3.5.2	Advocacy	Ensure the needs of all community and customers are considered in the master planning for transport and urban growth projects.	Chief Operations Office

Reference	Action	Operational Plan Deliverables	Responsible Area
3.5.3	Transport infrastructure	Advocate to ensure public transport infrastructure meets the needs of users.	City Planning, Development & Transport

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Parking and road management	Car share bookings	No.	N/A	City Planning, Development & Transport
Parking and road management	Residents who are members of car share schemes	No.	N/A	City Planning, Development & Transport
Parking and road management	Resident drivers who are members of car share schemes	%	N/A	City Planning, Development & Transport
Parking and road management	Length of streets across the local government area with a speed limit of 40km/h or less	Km	N/A	City Planning, Development & Transport
Roads maintenance	Road renewed/treated program	m2	20,000	City Services
Traffic calming	Transport-related projects (footpath widening, traffic calming measures, intersection upgrades, etc.) delivered as part of the City's Pedestrian, Cycling and Traffic Calming (PCTC) plans	No.	10	City Services

Strategic Direction 4 – A city for walking and cycling

A safe, comfortable and attractive walking and cycling network linking the city's streets, parks and open spaces.

Objective 4.1 - The city and neighbouring areas have a network of accessible, safe, connected pedestrian and cycling paths integrated with green spaces.

Reference	Action	Operational Plan Deliverables	Responsible Area
4.1.1	Walking	Deliver the Central Business District Streetscape Improvement program, including the installation of Smartpoles, upgraded and improved LED street lighting, traffic signals, street furniture and the installation of granite paving.	City Services
4.1.2 (1)	Cycling	Complete the City's high priority regional routes, with separated cycleways where possible.	City Planning, Development & Transport
4.1.2 (2)	Cycling	Improve bicycle safety, access and amenity through small scale infrastructure changes and improved on street facilities throughout the local government area.	City Services
4.1.3	Partnerships	Work with neighbouring councils, state and federal governments to implement the Inner Sydney Regional Bike network.	City Planning, Development & Transport
4.1.4	Civil Infrastructure	Continue to implement priority actions from the Liveable Green Network, including the Footpath Renewal program, pedestrian and cycling safety improvements, new furniture installations, pedestrian lighting upgrades, installations of green verge/street gardens and new cycleways.	City Services

Objective 4.2 - The city centre is managed to facilitate the movement of people walking and cycling.

Reference	Action	Operational Plan Deliverables	Responsible Area
4.2.1	Walking	Work with the State Government to decrease waiting time and journey time for pedestrians on priority routes in the city centre, and Liveable Green Network routes throughout the local government area.	City Planning, Development & Transport
4.2.2	Cycling - City centre	Advocate to the State Government to complete the City Centre Access Strategy cycleway network.	City Planning, Development & Transport
4.2.3	Partnerships	Collaborate with the State Government to integrate walking and cycling with George Street Light Rail and pedestrianisation project.	City Planning, Development & Transport / Chief Operations Office

Objective 4.3 - The number of people who choose to walk and cycle continues to increase.

Reference	Action	Operational Plan Deliverables	Responsible Area
4.3.1	Modal shift	Promote the benefits of walking and cycling.	City Planning, Development & Transport
4.3.2	Walking and cycling for leisure	Lead and/or support events celebrating and focusing on walking and cycling. Promote attractive routes and open spaces.	City Planning, Development & Transport
4.3.3	Monitor	Monitor walking and cycling participation and trips, attitudes and safety.	City Planning, Development & Transport
4.3.4	Behaviour	Ensure all road and path users have information and training available that enables them to exhibit the correct and safe behaviours.	City Planning, Development & Transport

Objective 4.4 - Businesses in the city encourage their staff to walk and cycle more often.

Reference	Action	Operational Plan Deliverables	Responsible Area
4.4.1	Journey to work - commuting	Encourage the use of walking and cycling for commuting to work in the city area.	City Planning, Development & Transport

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Cycleways/Shared paths/Courses	Length of separated cycleways provided	Km	0.47	City Planning, Development & Transport
Cycleways/Shared paths/Courses	Length of on-road cycleways provided/upgraded	Km	2.6	City Planning, Development & Transport
Cycleways/Shared paths/Courses	Length of shared paths provided/upgraded	Km	2.4	City Planning, Development & Transport
Cycleways/Shared paths/Courses	Growth in cycling activity at key intersections around the City of Sydney	%	N/A	City Planning, Development & Transport
Cycleways/Shared paths/Courses	Attendees at cycle safety courses	No.	N/A	City Planning, Development & Transport
Footpaths	Footway renewed	m2	10,000	City Services

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Footpaths	Footway replaced by green verge	m2	2,000	City Services
Footpaths	New granite infill paving	m2	1,500	City Services

Strategic Direction 5 – A lively and engaging city centre

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

Objective 5.1 - The city centre has safe and attractive public spaces for people to meet, rest and walk through at all times of the day or night; with George Street as a distinctive spine.

Reference	Action	Operational Plan Deliverables	Responsible Area
5.1.1	Public Domain Planning	Continue to develop Public Domain Plans for the city centre.	Chief Operations Office
5.1.2	Safety	Work with police and emergency services to deter, detect, delay, and respond to incidents in crowded places.	City Services

Objective 5.2 - The city centre provides diversity of built form, uses and experiences.

Reference	Action	Operational Plan Deliverables	Responsible Area
5.2.1	Public domain improvements	Continue to deliver public domain capital works projects.	City Projects & Property
5.2.2	Planning	Implement actions from the Central Sydney Planning Strategy that enable commercial space and activity.	City Planning, Development & Transport

Objective 5.3 - Innovative, creative, retail, hospitality, tourism and small business activity is supported in the city centre.

Reference	Action	Operational Plan Deliverables	Responsible Area
5.3.1	Business space	Facilitate access to appropriate space in the city centre for businesses within identified priority sectors including Tech Start-ups and Aboriginal and Torres Strait Islander business.	Chief Operations Office / City Life
5.3.2	Tourism provision	Develop and deliver appropriate tourist information programs to meet visitor requirements.	Chief Operations Office / City Life / People Performance & Technology

Objective 5.4 - The city centre is a place for cultural activity, creative expression and participation.

Reference	Action	Operational Plan Deliverables	Responsible Area
5.4.1	City centre creative activity	Support and facilitate the growth of creative and cultural activities in the city centre.	City Life

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
City centre public life	Footway dining in the city centre	m2	N/A	City Projects & Property

Strategic Direction 6 – Resilient and inclusive local communities

Building communities through enhancing the capacity of our people and the quality of their lives.

Objective 6.1 - Our city comprises many unique places – a ‘city of villages’ – for communities to live, meet, shop, study, create, play, discover, learn and work.

Reference	Action	Operational Plan Deliverables	Responsible Area
6.1.1	Learning and Creative Programs	Deliver a welcoming cultural program within relevant City cultural venues.	City Life
6.1.2	Public Domain	Maintain and enhance public domain across the local government area through an ongoing program of improvement works.	City Services
6.1.3 (1)	Green Square	Delivery of new community/cultural facilities, public domain and infrastructure to a high standard in Green Square.	Chief Operations Office / City Projects and Property / City Services
6.1.3 (2)	Green Square	Lead placemaking and community engagement activities for the growing Green Square neighbourhood.	City Life / Chief Operations Office
6.1.4	Social Strategy	Implement the Social Sustainability Policy and Action Plan.	Chief Operations Office

Objective 6.2 - Our city is a place where people are welcomed, included and connected.

Reference	Action	Operational Plan Deliverables	Responsible Area
6.2.1 (1)	Social Programs and Services	Implement the Inclusion Disability Action Plan.	City Life
6.2.1 (2)	Social Programs and Services	Offer affordable social programs and services that promote social inclusion, connection and participation.	City Life
6.2.1 (3)	Social Programs and Services	Deliver programs that support community safety.	City Life
6.2.2	Social Justice	Undertake advocacy activities promoting social justice, community resilience and cohesion.	Chief Operations Office

Objective 6.3 - Local economies are resilient, meet the needs of their community, and provide opportunities for people to realise their potential.

Reference	Action	Operational Plan Deliverables	Responsible Area
6.3.1	Information and research	Provide demographic, visitor and sector data and analysis to local businesses to assist in decision making and sustainable growth.	Chief Operations Office

Reference	Action	Operational Plan Deliverables	Responsible Area
6.3.2	Support small business	Strengthen the activation of precincts, with events, programs and services and develop resources that support existing and new business.	City Life

Objective 6.4 - There is equitable access to community facilities and places, parks and recreational facilities to support wellbeing in daily life.

Reference	Action	Operational Plan Deliverables	Responsible Area
6.4.1	Community Planning	Provide strategic direction for community facilities delivery to meet changing community needs and aspirations.	Chief Operations Office
6.4.2 (1)	Community well-being	Provide education and care services and facilities across the local area, including preschool, long day care, occasional care and out-of-school hours services.	City Life
6.4.2 (2)	Community well-being	Support a diverse, inclusive and accessible range of community programs and projects through community facilities.	City Life
6.4.3	Community Facilities Delivery	Develop a property portfolio that ensures community facilities optimise investment opportunities and community needs.	City Projects & Property
6.4.4	Parks and recreation facilities	Maximise the availability and quality of facilities to meet demand for participation in sports across the community.	City Services

Objective 6.5 - The community has the capacity, confidence and resilience to adapt to changing circumstances.

Reference	Action	Operational Plan Deliverables	Responsible Area
6.5.1	Social services	Refer to 6.3.2 "Strengthen the activation of precincts, with events, programs and services and develop resources that support existing and new business."	City Life
6.5.2	Social strategy, research and planning	Monitor Community Wellbeing Indicators to identify change and wellbeing trends in the community.	Chief Operations Office
6.5.3	Emergency Planning	Work with the community, emergency services and relevant agencies to build capacity and resilience to prevent, respond and recover from emergencies.	City Services
6.5.4	Customer service	Effective and efficient delivery of relevant information and services that meet community needs.	People Performance & Technology

Companion animals	Dogs and cats impounded	No.	N/A	City Services

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Companion animals	Dog attacks	No.	N/A	City Services
Companion animals	Dog declared menacing/dangerous	No.	N/A	City Services

Strategic Direction 7 – A cultural and creative city

The City is committed to supporting Sydney's cultural life. We recognise the intrinsic and instrumental value of creativity as a cultural, economic and social force.

Objective 7.1 - Creativity is a consistent and visible feature of the public domain and there are distinctive cultural precincts in the city and its villages.

Reference	Action	Operational Plan Deliverables	Responsible Area
7.1.1 (1)	Creative Public Domain	Deliver Art & About Sydney as a significant local and international program of public domain activity year-round.	City Life
7.1.1 (2)	Creative Public Domain	Deliver hoardings activation program throughout the city.	City Life
7.1.1 (3)	Creative Public Domain	Delivery of art projects in the public domain.	Chief Operations Office
7.1.2	Living History	Continue to implement the history and curatorial programs in alignment with the Cultural Policy.	City Life

Objective 7.2 - The city supports and encourages individual creative expression by ensuring opportunities for creative participation are visible, accessible and sustainable.

Reference	Action	Operational Plan Deliverables	Responsible Area
7.2.1	Creative Participation Programs	Deliver cultural infrastructure programs and liaise with providers to deliver programs.	City Life

Objective 7.3 - Sydney's cultural sector and creative industries are supported and enhanced leading to greater sector sustainability, productivity gains, and innovation.

Reference	Action	Operational Plan Deliverables	Responsible Area
7.3.1	Regulatory Reform	Develop planning and regulatory reforms to support the provision of cultural infrastructure and activities.	City Planning, Development & Transport / Chief Operations Office
7.3.2	Audience Development	Provide support to a range of cultural groups that offer opportunities for creative participation, enhance creativity in the public domain and strengthen the sustainability and capacity of cultural and creative industries.	City Life
7.3.3	Sector Development	Support and deliver initiatives that encourage a community of diverse creative workers and organisations.	City Life

Objective 7.4 - The continuous living cultures of Aboriginal and Torres Strait Islander communities is visible and celebrated in our city.

Reference	Action	Operational Plan Deliverables	Responsible Area
7.4.1	Eora Journey	Commission a series of public artworks as part of the Eora Journey.	Chief Operations Office
7.4.2	Reconciliation Action Plan	Develop, adopt and implement an updated Reconciliation Action Plan.	Chief Operations Office

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Culture and creativity	Cultural grants approved by the City of Sydney (excluding major events)	\$ '000	N/A	City Life
Culture and creativity	Revenue forgone by the City through the accommodation grants program – leases for cultural initiatives	\$ '000	N/A	City Life
Culture and creativity	Creative organisations in creative spaces supported by the City of Sydney	No.	N/A	City Life
Culture and creativity	Artists supported	No.	N/A	City Life
Culture and creativity	Creative personnel supported	No.	N/A	City Life

Strategic Direction 8 – Housing for a diverse community

An increased supply of diverse and affordable housing for our rapidly growing community.

Objective 8.1 - The supply of market housing in the city meets the needs of a diverse and growing population.

Reference	Action	Operational Plan Deliverables	Responsible Area
8.1.1 (1)	Housing supply	Seek the NSW Government's approval of the Housing Strategy and implement the actions through changes to the planning controls.	City Planning, Development & Transport
8.1.1 (2)	Housing supply	Monitor the balance of residential development to non-residential development in the city including the size and mix of dwelling types.	Chief Operations Office
8.1.1 (3)	Housing supply	Continue to facilitate an Alternative Housing Ideas Challenge to promote dialogue and policy development using new ideas.	City Projects & Property

Objective 8.2 - The supply of affordable housing supports a diverse and sustainable community and economy.

Reference	Action	Operational Plan Deliverables	Responsible Area
8.2.1	Partnerships	Continue to investigate opportunities to use City owned land for affordable housing delivered through partnerships with government, not for profits and the private sector.	City Projects & Property
8.2.2	Planning	Facilitate affordable housing through the planning system, optimising existing programs, developing new programs, encouraging site specific opportunities and investigating innovative approaches.	City Planning, Development & Transport

Objective 8.3 - The supply of safe and sustainable social housing in the inner city is available for those who need it.

Reference	Action	Operational Plan Deliverables	Responsible Area
8.3.1	Advocacy	Advocate to state government and housing providers for the retention of existing social housing and increase in supply.	Chief Operations Office
8.3.2	Capacity Building	Provide and support community capacity building initiatives in social housing neighbourhoods.	City Life
8.3.3 (1)	Partnerships	Collaborate with state government and non-government agencies and with residents groups to address safety and amenity issues for social housing residents.	City Life

Reference	Action	Operational Plan Deliverables	Responsible Area
8.3.3 (1)	Partnerships	Collaborate with the NSW State Government to ensure the renewal of the housing estates are well planned and delivers improved social outcomes.	City Planning, Development & Transport

Objective 8.4 - People who are homeless or at risk of homelessness have access to safe and sustainable housing and support.

Reference	Action	Operational Plan Deliverables	Responsible Area
8.4.1	Housing solutions and support services	Advocate for innovative responses, and build the capacity of City staff, non-government services and the community to contribute to preventing and reducing homelessness.	City Life
8.4.2	Service coordination collaboration and capacity building	Partner and support the delivery and coordination of specialist homelessness outreach services to link people sleeping rough with services and support.	City Life
8.4.3	Services	Monitor patterns of homelessness, and services available for people who are homeless or at risk of homelessness to identify gaps and trends.	City Life

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Housing	New dwellings approved	No.	N/A	City Planning, Development & Transport
Affordable rental housing	Affordable rental housing units resulting from NSW government operations including Redfern Waterloo affordable housing levy	No.	N/A	City Planning, Development & Transport
Affordable rental housing	Affordable rental housing units resulting from affordable housing levies in the city area	No.	N/A	City Planning, Development & Transport
Homelessness	People assisted to exit homelessness into long term housing as a result of a program supported by the City of Sydney	No.	N/A	City Life
Homelessness	People prevented from becoming homeless through the City supported brokerage program	No.	N/A	City Life
Homelessness	People sleeping rough in the city area	No.	N/A	City Life

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Homelessness	Grants for Affordable and Diverse Housing Fund and homeless funding approved by the City of Sydney	\$ '000	N/A	City Life

Strategic Direction 9 – Sustainable development, renewal and design

Our international iconic status will be maintained and our distinctive character enriched with great streets, vibrant public spaces, a rich cultural life and a well-planned and functioning city centre, both day and night.

Objective 9.1 - The City of Sydney leads by example to facilitate great places.

Reference	Action	Operational Plan Deliverables	Responsible Area
9.1.1	Advocacy	Engage with government led urban renewal projects to deliver design excellence, high environmental performance and provide appropriate infrastructure.	City Planning, Development & Transport
9.1.2	Integration	Collaborate with the private sector to deliver new or upgrade existing public infrastructure that supports renewal.	City Planning, Development & Transport

Objective 9.2 - The city is beautiful, sustainable and functions well.

Reference	Action	Operational Plan Deliverables	Responsible Area
9.2.1	Design partnership	Facilitate the Design Panels to provide expert advice on public domain and major development applications.	Chief Operations Office
9.2.2	Strategic Planning	Update the Local Environment Plan and Development Control Plan to implement the sustainability actions in the Local Strategic Planning Statement.	City Planning, Development & Transport
9.2.3 (1)	Advocacy	Develop opportunities with state agencies that support the development of transport related infrastructure.	City Planning, Development & Transport
9.2.3 (2)	Advocacy	Develop opportunities with state agencies that support the development of infrastructure for recreation and community facilities.	Chief Operations Office / City Services

Objective 9.3 - There are great public buildings, streets, squares and parks for everyone to use and enjoy.

Reference	Action	Operational Plan Deliverables	Responsible Area
9.3.1 (1)	Public Domain Infrastructure	Continue the implementation of the Wayfinding Strategy.	Chief Operations Office / City Planning, Development & Transport
9.3.1 (2)	Public Domain Infrastructure	Undertake periodic review of public domain design codes in the city.	City Services / Chief Operations Office
9.3.1 (3)	Public Domain Infrastructure	Update the Liveable Green Network Implementation Plan to reflect changes and completed projects.	City Services

Reference	Action	Operational Plan Deliverables	Responsible Area
9.3.1 (4)	Public Domain Infrastructure	Crowded Place Protection - develop kit of parts and design guidelines to implement protection measures.	Chief Operations Office / City Services
9.3.2	Public space planning	Develop initiatives arising from the City's Open Space and Recreation Needs Study, and Public Domain Studies.	Chief Operations Office
9.3.3	Open space	Negotiate provision of additional public open space through proposals to change planning controls (e.g. Planning Proposals with Voluntary Planning Agreements).	City Planning, Development & Transport

Objective 9.4 - The City's planning framework and implementation strategy ensures sustainable long-term growth.

Reference	Action	Operational Plan Deliverables	Responsible Area
9.4.1	Stormwater infrastructure Program	Continue to monitor the implementation of the actions from the Flood Studies and Floodplain Risk Management Plans for all catchments.	City Services
9.4.2	Program delivery	Develop and implement Public Domain Plans and Placemaking Strategies for urban renewal areas.	Chief Operations Office
9.4.3	Strategic planning	Implement the Local Strategic Planning Statement through changes to the planning controls to provide for housing and jobs targets.	City Planning, Development & Transport

Objective 9.5 - The urban environment promotes health and wellbeing.

Reference	Action	Operational Plan Deliverables	Responsible Area
9.5.1	Planning policy	Collect, analyse and report data within the Community Indicators framework to inform priority programs and services for the community.	Chief Operations Office

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Development Assessments	Median (net) assessment time to determine DA & S4.55 applications (previously S96 applications)	Days	45	City Planning, Development & Transport
Development Assessments	Average time to determine 90% of footway applications	Days	35	City Planning, Development & Transport

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Development Assessments	Outstanding DA & S4.55 applications over 100 days (previously S96)	%	20	City Planning, Development & Transport
Voluntary Planning Agreements	Voluntary Planning Agreements offers	No.	N/A	City Planning, Development & Transport
Voluntary Planning Agreements	Voluntary Planning Agreements executed	No.	N/A	City Planning, Development & Transport

Strategic Direction 10 – Implementation through effective governance and partnerships

Partnerships across government, academia, business and community sectors; leadership in local, national and global city forums; and a proactive, resilient, well-governed organisation.

Objective 10.1 - The City of Sydney is well governed.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.1.1 (1)	Compliance	Deliver programs to embed risk management principles into organisational decision making.	Legal & Governance
10.1.1 (2)	Compliance	Improve the health, safety and wellbeing of our workers through the implementation of the safety management system and a mentally healthy workplace plan.	People, Performance & Technology
10.1.1 (3)	Compliance	Ensure Councillors have access to relevant information and assistance to enable them to fulfil their obligations to lead, govern and serve the community.	Office of the CEO
10.1.1 (4)	Compliance	Monitor compliance with privacy legislation to ensure that personal information held by the City is managed appropriately.	Legal & Governance / People, Performance & Technology
10.1.1 (5)	Compliance	Monitor compliance with information provision legislation, identify frequently requested information and make publicly available where possible.	People, Performance & Technology
10.1.1 (6)	Compliance	Continue to implement a risk based and comprehensive annual Internal Audit plan for the City in accordance with the Internal Audit Charter.	Legal & Governance
10.1.1 (7)	Compliance	Ensure all electoral processes are well managed and meet legislative requirements.	Legal & Governance
10.1.1 (8)	Compliance	Develop and implement a program of managing Crown Lands, to ensure compliance.	City Projects & Property
10.1.2	Governance	Continually review and adapt the elements of governance to maintain community confidence in the City.	Legal & Governance

Objective 10.2 - The City of Sydney has the culture, capability and capacity to deliver Sustainable Sydney 2030 priorities.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.2.1 (1)	Organisational Capability	Partner with regional governments, business and the community to facilitate delivery of the Resilient Sydney	Chief Operations Office

Reference	Action	Operational Plan Deliverables	Responsible Area
		Strategy for the greater Sydney region and incorporate elements into the City's strategic plans.	
10.2.1 (2)	Organisational Capability	Continue to deliver and enhance the Integrated Planning and Reporting and business planning framework to improve integrated long-term planning and sustainability.	Chief Financial Office
10.2.1 (3)	Organisational Capability	Implement and monitor priority actions within the People Strategy.	People, Performance & Technology
10.2.1 (4)	Organisational Capability	Deliver programs to build a diverse and inclusive organisation.	People, Performance & Technology
10.2.1 (5)	Organisational Capability	Implement and monitor priority actions of the Information and Technology Strategic Plan.	People, Performance & Technology
10.2.1 (6)	Organisational Capability	Enhance our digital capability implementing key actions from the Digital Strategy.	People, Performance & Technology
10.2.1 (7)	Organisational Capability	Implement actions and deliver programs to improve customer experience.	People, Performance & Technology
10.2.1 (8)	Organisational Capability	Refine and revise asset management policy, strategy and long term asset management plans for critical infrastructure assets, including climate change impacts and maturity assessment recommendations.	Chief Operations Office
10.2.2	Continuous Improvement	Implement a business improvement program to improve efficiency and effectiveness of key services.	People, Performance & Technology

Objective 10.3 - The City of Sydney is financially sustainable over the longer-term.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.3.1	Financial Planning	Undertake business case analysis to model the business and financial implications of all new major projects, programs and initiatives to ensure long term financial sustainability.	Chief Financial Office
10.3.2	Rates	Continue to proactively advocate for change in local government rating legislation and guidelines to improve equity amongst our ratepayers.	Chief Financial Office
10.3.3	Strategic Property Management	Continue to work with property management service provider to optimise revenue opportunities.	City Projects & Property

Reference	Action	Operational Plan Deliverables	Responsible Area
10.3.4	Fees and Charges	Progressively review the cost of delivering the City's major services to ensure appropriate fees and charges and ensure the level of council subsidy is identified.	Chief Financial Office
10.3.5	Procurement	Ensure best practice procurement and contract management focused on value for money, optimised risk allocation and improved sustainability.	Chief Financial Office

Objective 10.4 - The City of Sydney makes a positive contribution to the governance of metropolitan Sydney.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.4.1	Governance Reform	Contribute to governance forums and reviews by the Office of Local Government and participate in relevant state and federal government initiatives.	Legal & Governance
10.4.2	Policy Reform	Research, assess and make submissions on intergovernmental policy issues to NSW and federal governments where appropriate.	Office of the CEO

Objective 10.5 - The community is engaged and active in shaping the future of the city.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.5.1 (1)	Community engagement	Deliver a high-value community engagement program, both face-to-face and online, to inform decision making, build capacity and develop a shared responsibility for actions with the community.	Chief Operations Office
10.5.1 (2)	Community engagement	Deliver key projects as part of Sustainable Sydney 2030 and which contribute to the finalisation of Sustainable Sydney 2050.	Chief Operations Office
10.5.1 (3)	Community engagement	Finalise the review of Sustainable Sydney 2030, that has engaged the community in setting the future direction for our city to 2050.	Chief Operations Office
10.5.2 (1)	Public access to information	Provide community information of new developments and/or changes in projects, programs and policies.	Chief Operations Office
10.5.2 (2)	Public access to information	Provide community access to relevant data through the City's open data portal.	People, Performance & Technology

Objective 10.6 - Strategic partners and collaborators support the delivery of Sustainable Sydney 2030.

Reference	Action	Operational Plan Deliverables	Responsible Area
10.6.1	Local and regional government partnerships	Strengthen local and regional partnerships through collaboration, consultation, advocacy and knowledge exchange to facilitate improved decision making and outcomes for the community, including mechanisms such as the Resilient Sydney Program.	Office of the CEO
10.6.2	State and national partnerships	Strengthen state and national partnerships through collaboration, consultation, advocacy and knowledge exchange to improve decision making and facilitate the achievement of shared objectives. Partnerships include Council of Capital City Lord Mayors and the Greater Sydney Commission.	Office of the CEO
10.6.3	International partnerships	Utilise international partnerships programs to facilitate knowledge exchange and ensure the City benefits from the best and most current knowledge and processes to improve outcomes for the community and the area, including C40 and Global Resilient Cities Network.	Chief Operations Office / City Life

Performance Measures

Objective Area	Measure Description	Unit	Target / Trend	Responsible Area
Accountability and transparency	GIPAA Formal Access Applications received	No.	N/A	People, Performance & Technology
Accountability and transparency	GIPAA Informal Access Applications received	No.	N/A	People, Performance & Technology
Accountability and transparency	Public Interest disclosures received	No.	N/A	Legal & Governance
Complaints processes	Complaints upheld regarding breaches of the code of conduct by City Councillors	No.	N/A	Legal & Governance
Complaints processes	Complaints regarding fraud or corruption by City staff upheld	No.	N/A	Legal & Governance
Customer service	Customer contacts by other channels (calls, counter)	%	N/A	People, Performance & Technology

6. Annual Budget & Financial Statements

The City has produced a number of financial reports to demonstrate its plans and commitments over the ten year horizon of the Long Term Financial Plan.

The following briefly describes these schedules and any assumptions have not been previously discussed throughout the body of the plan.

Additional alternative schedules have been presented for the Income Statement and Cash Flow Forecast, to reflect potential scenarios resulting from the Covid-19 pandemic.

Income and Expenditure (Income Statement)

Income & Expenditure Statements have been provided at summary and detailed level to reflect the City's ten year operational plan, including the 2020/21 budget and future years' forward estimates.

The summary report provides a high level overview, accords with the discussion in this plan, and aligns to the required Annual Financial Reports format.

Beyond the base case modelled in the main financial schedules, supplementary Income Statement schedules have been included, modelling additional scenarios related to potential further Covid-19 impacts. The base case reflects major disruption and social-distancing measures in place until approximately 30 September 2020. Additional scenarios have modelled for:

- A further 3 months of disruption at current levels, until 31 December 2020
- A further 6 months of disruption at current levels, until 31 March 2021

Disruption to Rates income has also been modelled, in the form of deferred receipts of rates income (instalments 1 and 2 deferred for a full financial year). As rates notices are still anticipated to be raised, but payment deferred, the Income Statement is not impacted (but for an allowance for a higher-than-typical non-payment rate).

Additional income and expenditure reports then provide more detailed information for the base case:

- By main income and expenditure type
- By the City's organisational structure; and
- Distributed by the City's principal activities

Capital Works

The Capital Works budget within the Long Term Financial Plan identifies each major project, rolling program and future project provision over the course of the ten year planning horizon.

The proposed Capital Works program includes a total of \$1,579.2M comprising Asset Enhancement programs of \$786.9M and Asset Renewal programs of \$792.3M

Balance Sheet (Statement of Financial Position)

The Balance Sheet reflects the City's financial assets, liabilities and equity over the ten years of the plan.

The ten year balance sheet reflects movements in cash and investments levels, the acquisition and divestment of assets and estimated movements in employee leave provisions, accounts payable and accounts receivable.

Cash Flow Forecast

The Cash flow Forecast takes the Net Surplus result from the Income & Expenditure Statement, adjusts for non-cash transactional movements and allows for the Capital Expenditure program to forecast the movements in the City's total Cash Reserves.

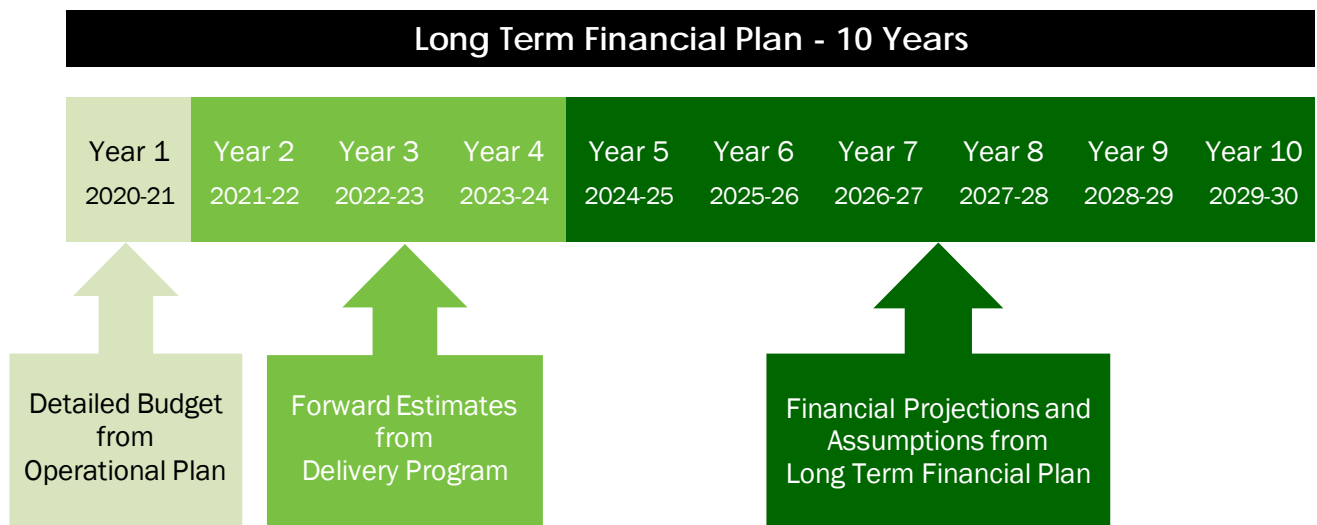

Achieving this cash forecast is critical to ensuring the sustainability of the Long Term Financial Plan, and as such it will be one of the key measures that is regularly monitored and reviewed over the life of the plan.

As with the Income Statement, additional Cash Flow schedules have been included, modelling the same additional scenarios related to potential further Covid-19 impacts. As noted, a substantial potential impact to cash flows in 2020/21 financial year is the widespread deferral of rates instalments.

Office of Local Government Performance Measures

Projections relating to key performance measures are included in graphical format to provide additional context and to indicate performance trends over the period of the Plan.

Consistent with the requirements of the Office of Local Government, the Long Term Financial Plan projects financial forecasts for the City for ten years, and is updated annually as part of the development of the Operational Plan.

Draft Operational Plan 2020/21

Budgeted Income Statement

The above Income Statement (and other financial schedules) reflect's the City's "base case" Net Operating Result, incorporating financial impacts of Covid-19 on the City's operations as detailed in the Long Term Financial Plan. Scenarios reflecting more extensive impacts of Covid-19 have also been modelled and are included after the "base case" scenario financial schedules.

The City's budgeted Income Statement (and future year projections) is prepared with regard to International Financial Reporting Standards (AIFRS) and the NSW Office of Local Government's Code of Accounting Practice and Financial Reporting. The formatting of the statement above reflects this approach.

A major non-cash item that may impact the City's financial results is the incremental increase / decrease arising from the annual market revaluation of the City's investment properties. The recognition of this valuation change will have no impact upon the budgeted funds available for the Council and is therefore excluded from the annual budget and future years' financial estimates.

The City's contribution to the NSW Government Light Rail project is reflected as a separate line item in the statement below. Substantially all of the City's contribution has now been paid, and the remaining contribution amount is anticipated to have minimal financial impact. The City's operating result is shown below both inclusive and exclusive of this item.

Draft Operational Plan 2020/21

City of Sydney

Summary of Income and Expenditure by Principal Activity

Council has adopted the Strategic Directions from the Sustainable Sydney 2030 vision as its Principal Activities for this Delivery Program. A number of Principal Activities are largely of an advocacy and facilitation role for the City (such as Housing for a Diverse Population) and not one of direct service provision. As a result, the proposed budget does not reflect substantial operational costs (particularly salaries expenditure) incurred indirectly in delivering this Principal Activity. The Principal Activity for *A City for Walking and Cycling*, for example, will be largely achieved via capital works for infrastructure and reflects minimal operational expenditure.

The summary of income and expenditure by Principal Activity below includes both the proposed operational budgets and the capital works program (for 2020/21) to better reflect the allocation of Council funds towards these major directions.

	2020/21				2021/22	2022/23	2023/24	2024/25	2025/26	2026/27	2027/28	2028/29	2029/30

Capital Works Expenditure Summary

The City's Capital Works Program is built around a number of significant projects that will expand and/or significantly upgrade the provision of infrastructure and facilities for the community, and Capital Programs that underpin key asset groups such as public domain, roads, footways, pools, open space and community facilities. The proposed program will enable the commencement and completion of many identified priorities and progress a number of Sustainable Sydney 2030 projects. The program prepared is in line with the agreed long term financial parameters and represents the City's capacity to deliver the program each year and expenditure provisions for significant projects which may be delivered by third parties. The 2020/21 capital budget also incorporates a number of fast-tracked asset renewal projects, totalling approximately \$23M, where an opportunity was identified to provide economic stimulus in response to Covid-19 disruption.

Asset Replacement and Sales (including Information Services - Capital Projects)

Council holds assets to ensure its financial viability, for commercial and strategic reasons, and to meet the needs of its operations.

Depreciating assets, such as plant, equipment and vehicles, held for Council's operations are changed or replaced in line with Council's current needs and the operational life of the asset. The City replaces its light fleet every two years or 40,000km excluding utility vehicles which are replaced every three years or 60,000km. The City also adopts a replacement program to renew its Personal Computer assets on an average three-yearly cycle.

The City has a program of upgrades and enhancements to information systems. These can include installation and configuration of 3rd party software and development of new in-house solutions.

Where these system developments are deemed to have an enduring benefit to the City, the costs of the project are capitalised as assets within the Fixed Asset Register, and amortised over an appropriate useful life. Capitalisation of costs is consistent with the City's *Asset Recognition and Capitalisation Policy*.

Summary of Expenditure - 2020/21

\$M	2020/21		Net Budget
	Acquisitions	Sales	
Books & Library Resources	1.1	0.0	1.1
Information Technology (Equipment)	2.0	0.0	2.0
Technology and Digital Services - Capital Projects	14.6	0.0	14.6
Vehicles and Plant	2.3	(0.5)	1.8
Equipment, Furniture & Fittings and Miscellaneous	6.6	0.0	6.6
Total	26.6	(0.5)	26.1

Statement of Business or Commercial Activities

The City of Sydney expects to continue with Parking Stations as a Category 1 business activity. In a typical operating environment, these commercial activities provide an additional source of funding that enables the Council to continue to provide enhanced services and infrastructure delivery without placing additional burden on the City's ratepayers. Whilst the financial performance of the City's parking stations is expected to be significantly (negatively) impacted by disruption associated with Covid-19, performance is expected to return to normal in the medium to long term.

Revenue Policy - Charges for Works Carried out on Private Land

Council does not generally carry out works on private land, however if Council were required to undertake such works (e.g. the construction of a private road), then the works would be charged at the appropriate commercial rate.

This page intentionally left blank

OFFICE OF LOCAL GOVERNMENT PERFORMANCE MEASURES - PROJECTIONS

The City's performance in respect of the mandated Office of Local Government Performance measures is detailed below. The charts demonstrate performance trends on the basis of forward projections contained in the Long Term Financial Plan, and estimates related to future asset maintenance and renewal requirements (per the Asset Management Plan) and infrastructure backlog.

The formulas used in the calculations, as provided by the NSW Office of Local Government, are also included.

The graphs plot the 3-year average performance for each year shown (with the exception of the Infrastructure Backlog Ratio and the Real Operating Expenditure per Capita, shown as 'snapshot' performance). e.g. 2020/21 will show average performance for the 3 years to 2020/21 (2018/19, 2019/20, 2020/21).

Sustainability

Operating Performance Ratio

$$\frac{\text{Operating Revenue (excl Capital Grants \& Contributions)}}{\text{less Operating Expenses}}$$

$$\text{Operating Revenue (excl Capital Grants \& Contributions)}$$

The City's operating Performance projections reflect the impact of the Covid-19 pandemic on the City's operations. Whilst the effects are largely confined to the 2019-20 and 2020-21 financial years, graph presents a rolling 3-year average, therefore the impact is reflected for a number of years.

Forward estimates assume a return to a typical, business-as-usual operating environment over time. A gradual reduction in operating performance in the later years of the plan reflects increasing operating expenditure pressures associated with servicing a growing population, and the inadequacy of rates income growth to fund these challenges.

Own Source Revenue

$$\text{Total continuing operating revenue less all grants and contributions}$$

$$\frac{\text{Total Operating Revenue}}{\text{(inclusive of Capital Grants and Contributions)}}$$

The City's Own Source Operating Revenue is already well above the required benchmark level and is forecast to continue to grow as a proportion of total operating revenue.

As detailed in the Long Term Financial Plan document, minor incremental growth in the City's rates base and the assumed continuation of the "cap" on developer contributions per new dwelling will result in capital income representing a declining proportion of the City's income base, reflected in the gradual increase in the Own Source Revenue ratio.

The ratio may be impacted by higher-than-expected capital income receipts

Building and Infrastructure Asset Renewal Ratio

$$\text{Actual Asset Renewals}$$

$$\text{Required Renewal* of Building and Infrastructure Assets}$$

Rather than utilise depreciation expense as an arbitrary proxy for required levels of asset renewal, the required renewal of building and infrastructure assets is instead sourced from the Asset Management Plan in the City's Integrated Planning and Reporting documents. Depreciation rates are also re-assessed regularly to reflect appropriate useful lives for assets, but the straight line methodology inevitably presents a limitation.

The performance of this ratio is projected to improve to be above (or very near) benchmark, with earlier years' performance temporarily impacted as the City's financial and delivery capacity is focused on the provision of required infrastructure in the broader Green Square urban renewal area, as well as works in the City centre and significant cycling infrastructure works.

Infrastructure and Service Management

Infrastructure Backlog Ratio

Asset Maintenance Ratio

Debt Service Ratio

Efficiency

Real Operating Expenditure per capita

Estimated Costs to Bring Assets to a Satisfactory Standard

Written Down Value of Infrastructure

(incl roads and drainage assets), **Building, Other Structures** and **Depreciable Land Improvements Assets**

The City holds the view that the vast majority of its buildings and infrastructure are currently maintained at or above a "satisfactory standard". The identified infrastructure backlog is subject to ongoing review, to ensure that backlog levels reported are reflective of those assets deemed to be at less than "satisfactory standard".

The City's projected Infrastructure Backlog ratio is subject to future assessments of asset condition, and therefore difficult to predict. However, the ratio result is expected to improve as targeted renewal works (per the City's asset management plans) are completed. Condition assessments of assets are also completed periodically, in order to better prioritise capital works.

Actual Asset Maintenance

Required Asset Maintenance

In line with the City's Asset Management Plan, asset maintenance is forecast to meet or exceed benchmark over the life of the plan.

Extended periods of asset maintenance exceeding the required levels would represent over servicing. Whilst gross expenditure on asset maintenance will continue to grow over time, so will the "required" level of annual maintenance, as the City's asset base continues to grow.

Over the longer term, increases to asset maintenance expenditure will continue to be 'matched' to growth in the City's asset base.

Principal Repayments (from Statement of Cash Flows) *plus* Borrowing Interest Costs (from the income statement)

Operating Results before Interest and Depreciation (EBITDA)

Historically strong financial management has alleviated the need for the City to borrow funds, and the Long Term Financial Plan projects that this trend will continue over the next 10 years.

In addition to cash and investment reserves accumulated over a period of 15 years, the City has access to considerable capital income (in the form of developer contributions and interest on cash and investments) that will facilitate the delivery of new capital projects without the use of borrowings.

Should funding circumstances change, the City will review the appropriateness of debt financing accordingly.

Real Operating Expenditure

Residential Population of Local Government Area

A declining trend over time is in line with OLG requirements, and reflects the City's commitment to targeting efficiencies in service delivery.

Whilst gross Operating Expenditure is forecast to increase over time, the residential population of the LGA is projected to grow more rapidly, representing a declining level of Real Operating Expenditure per capita. Service levels are reviewed as part of the Integrated Planning and Reporting process, and will reflect ratepayer priorities within tight budgetary controls.

Note that the green line reflects the inclusion of **all users** of the City, currently over 1.2M per day (in a business-as-usual environment)

Impacts of Covid-19 on Net Operating Result

This income statement reflects a scenario whereby the impacts of Covid-19 on operating performance are extended from quarter 1 of 2020/21 under the base case, through quarter 2 (to 31 December 2020), after which time a return to underlying, business-as-usual operating performance is projected. The main adjustments from the base case incorporated into the above schedule are:

1. Commercial Property Income (\$10.5M)
2. Enforcement Income (\$10.5M gross income, \$8.1M net income)
3. Parking income - parking stations and meters (\$9.3M)
4. Venue and facility hire (\$2.7M)
5. Other fees - including Health & Building related (\$5.2M)
6. Other income (\$1.9M)

A further major adjustment which did not impact the Income Statement related to the potential deferral of the first and second rates instalments for 2020/21 until 2021/22 financial year (approximately \$187.6M). This payment deferral is reflected in the Cash Flow statement, along with the Income and Expenditure changes detailed above.

Cash Flow Forecast - Alternative Scenario 1 (current Covid-19 disruption extends until 31 December 2020)

Impacts of Covid-19 on Net Operating Result

This income statement reflects a scenario whereby the impacts of Covid-19 on operating performance are extended from quarter 1 of 2020/21 under the base case, through the entire 2020/21 financial year (to 30 June 2021), after which time a return to underlying, business-as-usual operating performance is projected. The main adjustments incorporated into the above schedule are:

1. Commercial Property Income (\$21.0M)
2. Enforcement Income (\$21.0M gross income, \$16.2M net income)
3. Parking income - parking stations and meters (\$18.5M)
4. Venue and facility hire (\$5.4M)
5. Other fees - including Health & Building related (\$10.4M)
6. Other income (\$3.8M)

A further major adjustment which did not impact the Income Statement related to the potential deferral of the first and second rates instalments for 2020/21 until 2021/22 financial year (approximately \$187.6M). This payment deferral is reflected in the Cash Flow statement, along with the Income and Expenditure changes detailed above.

Rating and Revenue Policy Statement

The City has adopted the 2.6% general rate increase set by the Independent Pricing and Regulatory Tribunal (rounded by IPART).

The proposed rating structure has one ordinary rate for all residential properties, one business sub-category rate for the CBD and a business ordinary rate, with minimum rates in each category to ensure that all ratepayers make a minimum contribution to the City.

The City has determined the following residential and business categories and sub-category of rateable land for the 2020/21 year:

Residential

Residential Rate - Ordinary

Business

Business Rate – Ordinary

Business Rate - Central Business District (CBD)

The boundaries of the business sub-category is shown on the plan located within this document.

The City will continue to investigate its rating models during 2020/21, and invite community feedback, to consider options to improve the fair and equitable distribution of the rates burden for all of our ratepayers.

In a high density local government area with population increases, NSW Government housing targets and steady increases forecast to continue, the City is looking closely at its rating path and the best way to equitably align its rating structure to service this growth. High volumes of apartment living puts additional demands on the City's services, facilities and infrastructure, however the relatively low additional income that arises from the minimum rates attributable to these additional apartments fails to provide appropriate financial support to offset the rising costs of servicing our growing community.

The proposed rating structure for 2020/21 is set out in the following table:

Rating Category	Minimum Rate	Ad valorem Rates (in the \$)	Estimated Yield \$M
Residential Rate – Ordinary	\$586.85	0.00113391	\$79.5
Business Rate – Ordinary	\$750.95	0.00363751	\$67.0
Business Rate – CBD	\$750.95	0.00721784	\$169.6

NOTE: the above ad valorem rates and estimated yields may change due to new supplementary valuations received by Council, for the purpose of rating, prior to this "Operational Plan" being adopted.

Pensioner Rebates

The City of Sydney will continue to provide a 100% rebate for eligible pensioners in 2020/21, determined in accordance with section 575 of the *Local Government Act (1993)* (the Act).

Categorisation of land for the purposes of ordinary rates

Council determines rating categories for rating purpose in accordance with sections 514 - 529 of the Act and *Local Government (General) Regulation 2005* (the Regulations).

Business Rate Categories

- Business Rates - CBD
- Business Rates – Ordinary

Residential and Business Categories

The Act only allows four available categories of rateable land, including farmland and mining, which are not applicable within the City of Sydney LGA. All rateable lands in the City are therefore categorised as either residential or business. As noted within section 514 of the Act, any land that does not satisfy the criteria to be deemed residential, will be categorised and rated as business. The business category applies to land that is used for industrial and commercial operations, and also includes, car spaces, storage lots, marina berths and mooring lots.

Council will use the plans approved under a development application or building application as a basis for determining the initial categorisation of a property, unless other more relevant information is available. The ratepayer will be advised through the issue of an annual or supplementary rate notice.

Mixed Development

There are instances where a property is used for both residential and business purposes. If applications are submitted to and approved by Property NSW, Council will be advised of the relevant apportionment of use between residential and business rate components, to enable a mixed rate to be levied.

Change to Category for Rating Purpose

A review of the categorisation of land for rating purposes may arise in response to a ratepayer request (application), or because Council elects to review one or a number of parcels of land or because it believes that the current categorisation may be incorrect. Council may request further information and/or access to inspect the property to assist with making this determination.

Applications for “Change in Categorisation of Land for Rating purposes” must be made on the approved form that can be found on the City’s website.

The ratepayer will be formally advised in writing of the outcome and where applicable, will receive an annual or supplementary rates notice.

Ratepayers with a property that is used for both a business and residential purpose, must complete the “Change in Categorisation of Land for Rating Purposes” form.

Decisions on requests for refunds will be made having regard to the Recovery of Impost Act 1963.

Refund of Overpayments

Refunds may be made on request for payments made toward the next rating year. Refunds are

subject to the Refund Fee. Payments made in advance for instalments due within the current rating year will not be refunded.

Aggregation of land parcels (lots) for the purposes of ordinary rates

Rating of car spaces and storage lots

In accordance with section 548A of the Act, Council permits the aggregation of certain land parcels (lots) for rating purposes.

Where a unit lot includes multiple car and/or storage lots, a single rateable valuation exists and therefore only one rate is calculated on the total value of the unit, car and storage lots.

Where car and/or storage lots are separately titled, they are given their own unit entitlement and separate rateable values exist for each lot. In this circumstance, Council may allow the rateable values to be aggregated, and a single rate to be levied on the combined rateable value.

Aggregation of land parcels (lots)

Council will aggregate only where:

1. the lots are used in conjunction with the unit, by the occupier of the unit;
2. the ownership of each lot noted on the certificate of title is exactly the same for each;
3. all lots are within the same strata plan, or strata scheme, or the strata plan notes that the lots are used in conjunction; and
4. the lots are not leased out separately

Residential - Council will only aggregate a maximum of 3 car spaces and all storage lots, to a residential strata unit.

Business - Council will only aggregate a maximum of 1 car space and one storage lot, to a business rated strata unit.

Council will not permit aggregation of marina berths and mooring lots.

Aggregation of car and storage lots will continue until the use, or ownership changes. Upon change of ownership, aggregation of unit, car and storage lots purchased as part of the same transaction will occur automatically following receipt of the Notice of Sale (subject to meeting criteria mentioned above), with the levying of the rates on the combined rateable value to commence from the start of the next quarter following the settlement date.

Applications for aggregation must be made using the form found on the City's website. Approved aggregations will come into effect from the start of the next quarter following receipt of the application.

Debt Recovery and Financial Hardship

The Act and related regulations require Council to assist in effective and efficient collection of the rates and annual charges due to Council, while being responsive and supportive to those ratepayers who are suffering genuine financial hardship.

When is a debt recoverable and what actions may be taken to recover the debt?

Rates and charges will be deemed overdue when the due date for instalment has passed, and payment has not been received.

Where an instalment is overdue, Council may commence recovery action, either directly or via its debt recovery agent.

Council's recovery action options will generally include a reminder, through verbal or written correspondence. If payment is still not received, then a final demand will be issued. Council may commence legal recovery action to recover the overdue rates and charges in accordance with section 695 of the Local Government Act, and any costs incurred in this regard will be recoverable from the ratepayer.

Payment Arrangements

To assist in recovery of the overdue amount, the Council and a ratepayer may at any time agree a payment arrangement whereby regular scheduled payments pay off the debt, in accordance with section 564 of the Act. The arrangement must be formally approved by the City or its debt recovery agent.

Payment arrangements must include any legal or interest charges that will or already have occurred due to the rates being overdue.

Council will generally seek an arrangement to have the overdue debt paid within 90 days from the original due date (being the instalment due date).

If the payments are not made in accordance with the agreed payment arrangement, Council may commence recovery action at any time after the payment due date.

Interest on Overdue Rates

Interest is charged on all overdue rates and annual charges in accordance with section 566(3) of the Act. The City will adopt the maximum interest rate permitted by the Minister for Local Government for the 2020/21 financial year.

Ratepayers in genuine Financial Hardship

While ratepayers are required to pay their annual rate and charges to support local government operations, Council is mindful of the need to support ratepayers who suffer genuine financial hardship.

The City of Sydney's 100% pensioner rebate policy covers many in need of support; however there will still be ratepayers whose financial circumstances for a specific period of time render them unable to meet their obligations as they fall due.

To address these situations, ratepayers are able to apply for consideration of extended payment terms. Options for eligible ratepayers may include:

- a. a short term deferment for paying their current rates and charges; or
- b. longer term arrangement plans for arrears owed, with current instalments being paid as they become due.

Provided that an approved hardship repayment plan is maintained, the City can consider reducing or waiving interest on overdue rates in accordance with sections 564 and 567 of the Local Government Act.

Financial Hardship as a result of valuation changes

Section 601 of the Act specifically caters for ratepayers who may suffer financial hardship arising from an increased rate levy due to changes in the valuation of their property.

Ratepayers in this position should contact the City to discuss their circumstances. Evaluation of any such application will be considered in light of the valuation change and subsequent rate increase.

Stormwater Management Services Charge

The Office of Local Government released guidelines in July 2006 that provides assistance to councils to raise additional funding through the Stormwater Management Services Charge to support them in improving the management of urban stormwater in NSW. This follows the gazettal of the *Local Government Amendment (Stormwater) Act 2005*.

The City introduced a Stormwater Management Services Charge in 2008 and proposes to continue this charge. The legislation enables the City to raise charges to improve its stormwater networks. The charges remain at \$25 per residential property, \$12.50 per residential strata unit, and a pro rata rate of \$25 for every 350m² or part thereof for business properties.

The funds raised from this charge are quarantined to improve the quality and quantity management of the City's stormwater network, over and above the existing works that are currently undertaken. The City plans to expend significant sums towards these important infrastructure improvements in the coming ten years, and this contribution has assisted with the preliminary planning of network enhancements, and in the future will contribute to the delivery of works identified with the Stormwater Management Plan.

Residential

Non Strata land parcels	\$25.00 per parcel
Strata Unit	\$12.50 per unit
Company Title	\$12.50 per unit

Business

Non Strata land parcels	\$25.00 per 350m ² or part thereof
-------------------------	---

Strata Unit	Pro-rata of above, but a minimum of \$5
-------------	---

The income of the proposed Stormwater Management Services Charge is approximately \$2M.

Domestic Waste Management Annual Availability Charge (DWMAAC)

The *Local Government Act 1993* requires Council to recover the full cost of providing the Domestic Waste Management Service.

This is achieved through an annual availability charge for each parcel of rateable land entitled to receive the service [s496]. This mostly applies to land categorised "residential" but includes some land categorised business where the property contains a residential component and non-rateable land with a residential component where a domestic waste service is requested. Every dwelling in a strata lot or company titled unit is to be taken as a separate parcel and levied a separate DWMAAC [S518A].

Similarly, the form of a charge may be expressed as the number of individual units or dwellings forming part of that assessment [s540]. For example, a block of units with ten residential premises (flats, bedsits etc.) may be owned by one ratepayer subject to a single rates assessment but the DWMAAC charge would be for ten dwellings, that is ten DWMAAC's.

Council retains the right to determine the most suitable means of providing the service particularly in terms of the bin size and type (carry bin, mobile garbage bin or bulk bin) and frequency of collection (daily, weekly or multi) to suit particular properties and localities mindful of efficiencies and practicalities.

Compacted bins will be recognised as having twice the volume capacity of the bin when calculating service charges. Single dwellings that share a waste service will attract a shared service charge.

Individual requests for amendments to annual domestic waste charges only apply from the current financial year.

The availability charges are as follows:

Single Service Charges

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge	\$323	\$775,846
Domestic Waste Charge (120lt bin)	\$491	\$10,983,179
Domestic Waste Charge (240lt bin)	\$987	\$932,715

Shared Service Charges

Description	Fee	Estimated Yield
Minimum Domestic Waste Charge (<81L garbage waste per dwelling per week) 1 x weekly collection	\$323	\$1,638,579
Minimum Domestic Waste Charge (<81L garbage waste per dwelling per week) 2 x weekly collections	\$372	\$11,031,288
Minimum Domestic Waste Charge (<81L garbage waste per dwelling per week) 3 x weekly collections	\$411	\$999,963
Standard Domestic Waste Charge (between 81-160L garbage waste per dwelling per week) 1 x weekly collection	\$491	\$2,044,524
Standard Domestic Waste Charge (between 81-160L garbage waste per dwelling per week), 2 x weekly collections	\$532	\$13,035,064
Standard Domestic Waste Charge (between 81-160L garbage waste per dwelling per week), 3 x weekly collections	\$586	\$9,517,812

Description	Fee	Estimated Yield
Large Domestic Waste Charge (between 161-240L garbage waste per dwelling per week) 1 x weekly collection	\$770	\$3,080
Large Domestic Waste Charge (between 161-240L garbage waste per dwelling per week), 2 x weekly collections	\$814	\$184,778
Large Domestic Waste Charge (between 161-240L garbage waste per dwelling per week), 3 x weekly collections	\$879	\$392,913
Extra Large Domestic Waste Charge (>240L garbage waste per dwelling per week), 1 x weekly collection	\$987	\$0
Extra Large Domestic Waste Charge (>240L garbage waste per dwelling per week), 2 x weekly collections	\$1,031	\$0
Extra Large Domestic Waste Charge (>240L garbage waste per dwelling per week), 3 x weekly collections	\$1,075	\$0
Domestic Waste Charge, 7 day service area	\$524	\$5,121,576

Total Estimated Domestic Waste Yield \$56.7M.

7. Fees & Charges

Revenue Policy

Council will charge a range of fees in 2020/21, as detailed within the attached Schedule of Proposed Fees and Charges.

The legislative basis for these fees may be found in Section 608 of the *Local Government Act 1993* which provides that Council may charge and recover an approved fee for any service it provides, including the following:

- supplying a service, product or commodity;
- giving information;
- providing a service in connection with the exercise of Council's regulatory functions, including receiving an application for approval, granting an approval, making an inspection and issuing a certificate; and
- allowing admission to any building or enclosure.

Under the principle of “user pays”, fees are introduced to offset the cost of service provision, or in the case of commercial activities, to realise a reasonable rate of return on assets employed by Council, in order to support the provision of services and to alleviate the burden that would otherwise be unfairly placed upon ratepayers.

Council has given due consideration to the following factors in determining the appropriate price for each fee:

- the cost of providing the service;
- whether the goods or service are supplied under a commercial basis;
- the importance of the service to the community;
- the capacity of the user to pay;
- the impact of the activity on public amenity;
- competitive market prices; and
- prices dictated by legislation.

Council discloses its pricing policy by showing a pricing code against each individual fee within the attached Schedule of Proposed Fees and Charges, as:

Market	Council provides a good / service in a competitive environment
Full Cost	Council intends to fully recover the direct and indirect cost of provision plus any community cost
Partial Cost	Council intends to partially recover the costs of provision
Legislative	Prices are dictated by legislation
Zero	Council absorbs the full cost of delivery
Security Deposit	Refundable deposit against possible damage to Council property

All fees are quoted in “GST Inclusive” terms, as this is the relevant price to the customer, however it should be recognised that within the schedule there are many fees that do not attract GST. These fees have either been specifically exempted by the GST legislation or have been included within the Division 81 determination as the Federal Government has deemed that the customer does not actually receive a taxable supply in consideration for the fee. The latter excludes many fees for regulatory services that are not provided within a competitive environment, and other forms of information that are provided on a non-commercial basis.

In accordance with the Office of Local Government's guidelines on competitive neutrality, Council has identified its Category 1 business (those with a turnover exceeding \$2 million) as Parking Stations. These businesses set prices in line with market conditions and their results are disclosed, including tax equivalent payments and return on capital, with Council's Annual Report.

Waiving, Discounting or Reducing Fees

Section 610E of the *Local Government Act 1993* allows Council to waive payment of or reduce a fee in a particular case if it is satisfied that the case falls within a category of hardship or any other category that Council has determined it may consider waiving payment, or reducing a fee.

Council has determined the following categories:

Hardship – where there is evidence that the payment of the fee or charge will impose unreasonable financial hardship on the applicant(s) given their particular circumstances;

Charity – where the applicant is a registered charity and the fee is for a service that will enable the provision of charitable services to the City of Sydney community;

Not For Profit – where the following conditions all apply:

1. the applicant is an organisation that holds "not for profit" status; and
2. the fee is for a service that will enable the achievement of the applicant's objectives and betterment for the City of Sydney community; and
3. the payment of standard fees or charges would cause financial hardship for the applicant.

Commercial – where Council, or its contractor, operates a service and reduction of the fee is required to compete in the market.

Non-Provision of Service – where Council is unable to provide a service or venue that has been previously agreed upon and an appropriate discount, fee waiver or substitution is required as compensation.

Filming related activities - applicable fees and charges may be waived or reduced for productions completed within the LGA if undertaken by an educational institution for a non-commercial purpose, or by a registered charity or not-for-profit organisation where the primary purpose is for improvement/benefit to the City of Sydney community, or where the production's primary purpose is to highlight the City as a tourist destination.

Aquatic, Leisure and Recreation Centre Special Events - where Council, or its contractor, operates an aquatic, leisure or recreation centre and a reduction of fees is offered for community events, open days or other special or promotional events.

Covid-19 – Council may choose to apply such a waiver or reduction, for example, in cases where a business has seen significantly reduced income as a result of Covid-19. Under this section of the Act council will continue to consider waiving or reducing fees in response to the Covid-19 situation as it evolves and may endorse a reduction or waiver of fees and charges to organisations.

The following principles will be considered when applying any reduction or waiver of a fee or charge:

- Compliance with statutory requirements;
- Fairness and consistency;
- Integrity;
- Equity and transparency;
- Commercial imperatives;
- Some fees or services are prescribed by legislation or are regulatory in nature and a fee waiver or reduction is not available in connection with those fees

Council will directly, or through delegated authority, assess and make determinations on requests for reduction or waiver of fees in accordance with these principles.

Council may endorse a reduction or waiver of fees and charges to organisations as part of its Grants and Sponsorships arrangements.

DEVELOPMENT SITES / S138 ROADS ACT APPROVALS <u>Note: Approval may be under a DA consent, or a S138 Roads Act application.</u>				
Public Domain Damage Deposit				
<i>Applicable to all public domain frontages (including footpaths and road carriageway) where the frontages may be damaged during the development works. The deposit is calculated as 50% of the total area (m2) of public domain frontage plus 2m for each adjoining property, multiplied by the corresponding rate for the existing footpath surface treatment, as listed below. Note: a kerb and gutter damage deposit may also apply, as listed below.</i>				
Stone, Brick or Concrete Paver	Security Deposit	per m2	810.00	0%
Asphalt or Concrete	Security Deposit	per m2	370.00	0%
Kerb and Gutter Damage Deposit				
<i>May be applied by the City for protection of stone kerbs and gutters from damage or loss during development activity</i>				
Protection of Kerb and Gutter	Security Deposit	per lm	1445.00	0%
Public Domain Inspections for S138 Roads Act Approvals				
Inspection Fee - Works in the public domain - S138 Roads Act Approvals (where Public Domain works are not the result of a Development Application Approval)				
<i>Fee based on cost of public domain works</i>				
Not Exceeding \$10,000	Market	per application	1200.00	0%
Greater than \$10,001, up to \$50,000	Market	per application	2213.00	0%

Description	Pricing Code	Unit of Measure	\$ Fee	GST
-------------	--------------	-----------------	--------	-----

RESTORATION CHARGES FOR DRIVEWAYS, ROADWAYS, FOOTWAYS, KERB & GUTTERS WHERE WORKS ARE PERFORMED BY COUNCIL

Restoration Charges - Notes

- 1: Prices quoted are inclusive of GST, unless indicated. Works carried out by utilities or their authorised agents in relation to the placement, creation, maintenance, enhancement or removal of utility assets within the public road or public open space as part of their responsibility of providing, managing and operating a utility network are free of GST.
- 2: All rates are per square metre (m2) or lineal metre (lm), and include cost of labour, materials and overheads unless stated.
- 3: Minimum charge per line item is 1 m2 or 1 lm, except for Bicycle Lane Separator, Bicycle Lane Coating and TGSI replacement.
- 4: An additional surcharge of 30% over standard rate is charged for works in high traffic locations within the CBD, State or Regional Roads, or where required by RMS restrictions.
- 5: Openings greater than 10m2 but less than 50m2 within footways will be subject to a 5% reduction in restoration charges.
- 6: Openings of 50m2 or greater within footways will be subject to a 15% reduction in restoration charges.

ROADWAY

Asphalt Surfaced Roadway & Concrete Base including dowelling

Fee	Market	per m2	711.00	10%
-----	--------	--------	--------	-----

Concrete Roadway including Dowelling

Fee	Market	per m2	592.00	10%
-----	--------	--------	--------	-----

Asphalt Roadway & FCR Roadbase

Fee	Market	per m2	496.00	10%
-----	--------	--------	--------	-----

Strip & Resurface Asphalt Roadway (no base repairs)

Fee	Market	per m2	344.00	10%
-----	--------	--------	--------	-----

Stencilling of Concrete or Asphalt

Fee	Market	per m2	94.00	10%
-----	--------	--------	-------	-----

Stencilling - Notes

- 1: Stencilling is charged in addition to the Roadway Restoration surface and base materials required.

DRAFT SCHEDULE OF FEES & CHARGES 2020/21

Description	Pricing Code	Unit of Measure	\$ Fee	GST
<u>RESTORATION CHARGES FOR DRIVEWAYS, ROADWAYS, FOOTWAYS, KERB & GUTTERS WHERE WORKS ARE PERFORMED BY COUNCIL</u>				
<u>ROADWAY</u>				
Bicycle Lane Separator				
Fee	Market	per lm	213.00	10%
Bicycle Lane Counter/Loop				
Supply & Installation	Market	each	12872.00	10%
Bicycle Lane Coating				
Fee	Market	per m2	70.00	10%
<i>Bicycle Lanes - Notes</i>				
1: Bicycle Lane Separator and Coating Fees are charged in addition to the Roadway Restoration surface and base required.				
2: Bicycle Lane Separator replacement must be measured to the nearest full section lock-in joint at each end.				
3: Minimum charge for Bicycle Lane Separator is 1.5 lm.				
4: Roadway Restoration in Designated Bicycle Lanes must be the full width of the Designated Bicycle Lane by a minimum metre in length to provide a safe permanent restoration for bicycle riders.				
5: Any Bicycle Lane Counter/Loop damaged during road openings requires complete unit replacement in the permanent restoration.				
6: Minimum charge for Bicycle Lane Coating is \$350 (does not apply when work amount for bicycle lane coating exceeds the charge).				
Linemarking				
Fee	Market	per lm	61.00	0%
<i>Linemarking - Notes</i>				
1: Linemarking Fee is charged in addition to the Roadway Restoration surface and base materials required.				
2: Linemarking includes lines, symbols and text adhered to the Roadway.				
3: Minimum charge for Linemarking is \$350 (does not apply when work amount for linemarking exceeds the charge).

Supply and Install (recovery of the City's costs)	Full Cost	each	Fee + GST	10%
Stormwater Drainage Outlet in Kerbstone				
Fee	Market	per outlet	539.00	10%

Notes for Kerb and Gutter

1. To aid sustainability, the City encourages the preservation of existing kerbstones/pavers wherever possible.
2. Cracked and sawcut kerbstones/pavers are not reusable. Full replacement for all non-reusable kerbstones/pavers will be added to the permanent restoration to ensure the pre-road opening laid condition can be restored.
3. Reusable kerbstones/pavers must be returned in a clean state (fee of adhesive and/or mortar) to be accepted for re-use, to a designated storage location, at the instruction of the City's Restorations Coordinator.
4. A City Delivery Record of Reusable Kerbstones/Pavers (Road Opening Permit details plus reusable kerbstone/paver type and quantity in lm) is required to avoid the cost of replacement kerbstones/pavers being added to the permanent restoration charges.
5. Kerbstones/pavers may only be returned to the designated City storage location during business hours and following prior arrangement.
6. The City cannot guarantee availability of replacement kerbstones/pavers. Supply of replacement kerbstones/pavers may require research and sourcing from commercial suppliers, at the applicant's cost.
7. Where exact matching kerbstones/pavers are no longer available, the closest match alternative kerbstone/paver available will be substituted and, if due to size, texture or colour variations, the restoration may require replacement of a larger area than the initially measured permanent restoration, at the applicant's cost.

Introduction

The City of Sydney offers a number of landmark venues for hire, for corporate functions, wedding receptions, exhibitions, film shoots and other events.

These landmark venues are:

- Sydney Town Hall
 - Centennial Hall
 - Lower Town Hall (Peace Hall)
 - ancillary venues
- Customs House
 - Barnet Long Room
- Paddington Town Hall
 - Stapleton Hall

These venues are managed on a commercial basis by the City's Venue Management business unit.

This document outlines the fees & charges for these landmark venues.

Overview

The fees and charges for these landmark venues are categorised as follows:

- Venue Hire:
- Technical Services:
- Personnel; and
- Miscellaneous.

Venue Hire fees are the fees applicable for hiring the venue for a period of time. These fees are calculated on an hourly rate, subject to a minimum number of hours per event type.

Technical Services charges are charges for the hiring of audio and visual equipment. They are most commonly on a per item, per day basis. However, Venue Management does offer a number of packages tailored to different types of events.

Personnel charges are charges for technical and event support staffing, to facilitate an event.

Miscellaneous charges relate to ancillary services which may be required to facilitate an event, including building management, sub-hiring, communications technology, and waste removal.

Please note the following in relation to pricing:

- Pricing in this document is valid from 1 July 2020 until 30 June 2021.
- All prices quoted include GST, unless stated otherwise.
- The basis of pricing is market rates, unless stated otherwise.

Hirer Categories

The City recognises two customer/hirer categories in relation to the hire of landmark venues, as follows:

Category 1 – For Profit Organisation / Individual

- Any organisation (including Federal / State governments) that operate their business with the purpose of generating revenue, and whose event may or may not contribute to that goal of revenue generation
- A group or individual who, although their event has no revenue generation purpose, are holding a private activity (e.g. wedding, reception, dinner, meeting, cocktail party, etc.).

Category 2 - Not-For-Profit Organisation

- Any organisation that does not operate their business in order to derive any profit, personal gain or benefit from its operation and whose purpose is to benefit the community through its activities.
- This includes charities and community organisations, both of which may aim to raise funds which are spent benefitting the wider community.
- To be considered as a Category 2 customer/hirer, the organisation must provide the City with a copy of their Letter of Incorporation or evidence of not-for-profit status.

Venue Hire Rates

The Venue Management unit will negotiate a venue hire rate for landmark venues with customers, based on the nature and the requirements of the booking.

The factors which may be taken into account by Venue Management when negotiating a venue hire rate are outlined below.

Subsidised Rates

- Subsidised rates (for venue hire only) may be available to registered not-for-profit and charitable organisations, and to public schools based in the City of Sydney local government area.
- Eligible customers may receive a discount of up to 40% on venue hire charges
- Subsidised rates are not applicable to other fees and charges related to the booking (such as equipment hire, personnel and miscellaneous charges).
- To be eligible for subsidised rates, the hirer must be a registered not-for-profit organisation at the time of signing their event contract. Subsidised rates will not be backdated or applied retrospectively.
- Subsidised rates may be offered in conjunction with other promotions or seasonal pricing. This will be at the discretion of the City and subject to relevant terms and conditions.

Seasonal Pricing

- Seasonal pricing / rate adjustments may apply.
- Where seasonal rates are applied, the base rate advertised below may increase or decrease accordingly.
- Seasonal rates may be applied to all or part of the booking period, or to individual days, at the discretion of the City.

Bundled / All-Inclusive / Package Rates

- The City may, where appropriate, negotiate a bundled / all-inclusive / package rate, which incorporates charges for a number of different services and fees.
- This rate may be charged on a per person or per hour basis, or as a lump sum amount, or another applicable basis.
- This rate may include charges for third party suppliers required to facilitate the event and may include commissions or mark-ups, as appropriate.

Multiple day events

- The rate for multiple day events (of any type, excluding exhibitions) of 3 or more days are subject to negotiation.
- Standard rates, including a total minimum venue hire charge, apply to exhibitions with a duration of 14 days or less.
- Fees and charges for exhibitions with a duration of 15 days or more are subject to negotiation.

Promotions

- The City may, from time to time as appropriate, implement and run promotional activities.
- These promotional activities may include, but not be limited to, offering booking incentives, discounts, and value-add incentives.
- Where the City determines to implement and run such promotional activities, the rate will be determined by the City as it sees fit, and in line with market conditions.

Performing Arts Technical Services Rates

- The City may, from time to time, elect to support the performing arts by offering co-promotional, tiered or seasonal rates on technical equipment and services.
- These rates will only be available upon application to eligible hirers for live performance and performing arts events.

Sydney Town Hall

Centennial Hall & Vestibule

	Total minimum hours per day	Total \$ minimum venue hire charge	Hourly rate \$ ¹
Banquet / Cocktail / Wedding	17	13,600	1,210
Theatre / Exhibition / Plenary	15	18,150	1,210
Theatre (half day - until 2:00pm)	8	13,920	1,740
School Speech Day	5	12,100	2,420
Elections	12	29,040	2,420
Load-In / Load-Out Full Day	12	14,520	1,210

¹ Hourly rate is the rate charged per hour, over and above the total minimum venue hire charge.
These venues are not hired on an individual hourly rate, so the hourly rate only applies where the duration of the booking exceeds four hours.

Lower Town Hall (Peace Hall)

	Total minimum hours per day	Total \$ minimum venue hire charge	Hourly rate \$ ¹
Full Day / Evening	8	5,360	670
Exhibition ¹ (1-2 days)	10	6,700	670
Exhibition (3-14 days)	10	5,300	530
Exhibition (15 days +)	Upon Application		
Elections ²	12	13,560	1,130
Load-In / Load-Out Full Day	10	4,200	420

¹ One combined entrance / exit only.

² Separate entrance & exit.

Ancillary Venues

	Total minimum hours per day	Total \$ minimum venue hire charge	Hourly rate \$ ¹
Lower Town Hall Foyer	4	640	160
Marconi Room (composite)	4	1,040	260
Marconi Room A	4	600	150
Marconi Room B	4	600	150
Marconi Terrace	4	2,080	520
Southern Function Room	4	600	150
Treasury Room	4	600	150
Vault	4	600	150
Vestibule ²	5	4,200	840
VIP Boardroom	4	400	100

¹ Hourly rate is the rate charged per hour, over and above the total minimum venue hire charge.
These venues are not hired on an individual hourly rate, so the hourly rate only applies where the duration of the booking exceeds four hours.

² Hiring of the Vestibule is at the discretion of the City, and does not include access to Centennial Hall.

Barnet Long Room (Customs House)

Inclusive of the Barnet Long Room, Pre-function rooms, Balcony and Boardroom.

	Total minimum hours per day	Total \$ minimum venue hire charge	Hourly rate \$ ¹
Banquet / Cocktail	5	2,150	430
Theatre / Plenary Half-day	5	2,300	460
Theatre / Plenary Full-day	8	3,440	430
Exhibition	10	3,600	360
Load-In / Load-Out Full day	5	2,050	410

¹ Hourly rate is the rate charged per hour, over and above the total minimum venue hire charge.
These venues are not hired on an individual hourly rate, so the hourly rate only applies where the duration of the booking exceeds four hours.

Paddington Town Hall

Inclusive of the Bar, Pre-function area and Oxford Street balcony.

Stapleton Hall

	Total minimum hours per day	Total \$ minimum venue hire charge	Hourly rate \$ ¹
Half-Day (until 2:00 pm)	5	2,050	410
Full day / Evening ²	12	3,360	280
Load in/Load out full day	10	2,800	280
Post Event Load Out ³	4	1,120	280

¹ Hourly rate is the rate charged per hour, over and above the total minimum venue hire charge.
These venues are not hired on an individual hourly rate, so the hourly rate only applies where the duration of the booking exceeds four hours.

² All events at Paddington Town Hall must be concluded by midnight.

³ Post-Event Load-Out is the rate charged the day after the event and is subject to-availability.

Catering Commission

The Catering Commission is the fee paid for the use of the commercial kitchen or bar at Paddington Town Hall.

The fee is applicable per event, or per event day where the event runs over multiple days.

Where both the Kitchen and Bar are used for the same event, only the Kitchen Commission is charged.

Number of Guests	Kitchen Commission \$	Bar Commission \$
Less than 100 guests	1,000	500
100 - 149 guests	1,200	650
150 - 199 guests	1,400	800
200 - 249 guests	1,600	950
250 - 300 guests	1,800	1,100
300 - 349 guests	2,000	1,250
350 - 399 guests	2,200	1,400
More than 400 guests	2,500	1,500
