Subject: Relevant To Memo: 525 George Street, DA clarification request
Attachments: Attachment A - Recommended Conditions of Consent.pdf

Hi Tahlia

In order to avert a possible issue with 505 George attempting to misuse the easement on our completed development as a construction / truck access road, can I suggest that condition 7(a), be amended to add the following words (or similar) to the end of the sentence, "From the issue of the occupation certificate for the completed development on the adjoining site."?

If you have any other queries about this, or if there is anything else I can do to help, please contact me at any time.
