Advice

Advice will be updated after the meeting.
Background

The Development Consent for 589-591 Elizabeth Street, Redfern (D/2018/744) requires the Applicant to submit a signage plan for kerbside parking arrangements for the site's frontage along Elizabeth Street, to be referred to the Local Pedestrian, Cycling and Traffic Calming Committee.

Comments

The City has approved the redevelopment of 589-591 Elizabeth Street, Redfern.

The kerb space on the western side of Elizabeth Street, between Cooper Street and James Street, where the changes are proposed, is currently signposted as "No Stopping" to cover a previous driveway access.

It is proposed to install parking restrictions to reflect the change in adjacent land use. As such, it is proposed to install the following:

Two parking spaces will be signposted as "2P 8am-8pm Mon-Fri Permit Holders Excepted Area 41" along the frontage of 589-591 Elizabeth Street. This change would match similar restrictions in the nearby area and comply with City's Neighbourhood Parking Policy.

One parking space will be signposted as "1/4P 7am-7pm" to provide short-term parking for guests arriving/departing the new hotel.

One parking space will be signposted as "No Parking", to facilitate drop-off/pick-up from the hotel, as well as the adjoining Church and commercial/retail businesses north of the development.

Consultation

The Applicant must notify adjacent properties at least seven days prior to the implementation of the changes.

Financial

All costs associated with the proposal will be borne by the Applicant.
