Reporting on Code of Conduct Statistics

Under the *Local Government Act* 1993, all councils must adopt a code of conduct and procedures that are consistent with the Model Code of Conduct for Local Councils in New South Wales and Model Code Procedures issued by the Office of Local Government.

The City of Sydney's Code of Conduct has been in place since 2005 when the first Model Code came into effect. Council has reviewed and adopted subsequent Model Codes in 2005, 2009, 2013, 2016, 2017, 2019 and most recently in September 2020.

Under Part 11 of the City's Procedures for the Administration of the Model Code, the City of Sydney is required to report on a range of complaints statistics to Council and the Office of Local Government within three months of the end of September each year.

The statistics below report on data from 1 September 2019 to 31 August 2020.

Major legal issues - Quarter 1 2020/21

Toplace Pty Ltd v Council of the City of Sydney and others (re Link Road/Epsom Road intersection)

These proceedings relate to an application by Toplace to modify a condition of consent requiring the upgrade of the intersection of Link Road and Epsom Road in Rosebery to enable an apartment building to be occupied prior to the completion of a signalised intersection required to be built under their consent. There has been long-running litigation between Toplace and the City on this issue.

Two other developers, Hifu Investments Pty Ltd and The Warehouse Group Pty Ltd also have obligations to deliver this intersection under a voluntary planning agreement. Hifu and The Warehouse Group have been joined as parties to the proceedings because any change to Toplace's condition would impact on their rights and obligations in relation to the intersection. Transport for NSW are also a party to the proceedings as they require the intersection to be upgraded.

The City and the parties are engaged in a court ordered mediation to attempt to resolve this matter. In the event the mediation is not successful, the appeal is listed for hearing on 14-16 December 2020.

Landream Pyrmont Pty Ltd v City of Sydney Council – 14-26 Wattle St, Pyrmont

The applicant is appealing the refusal of development application D/2019/649 by the Central Sydney Planning Committee on 25 June 2020. The concept proposal was for a building envelope spread across four buildings and indicative land uses include residential, commercial, retail, child care and recreational facilities.

The City is the owner of the site (the former Fig and Wattle depot) and the applicant, Landream Pyrmont Pty Ltd, was awarded the purchase of the Site subject to an option agreement. As the site is owned by the City, the development application was assessed by an external consultant planner.

The applicant lodged the Class 1 appeal on 16 July 2020. Due to the circumstances of this appeal, the conduct of the appeal has been briefed to external solicitors and counsel, and external experts have been engaged. A s34 conciliation conference was held on 21 September 2020 and terminated. The appeal is listed for hearing on 14-16 and 19 April 2021.

Contaminated lands - Coulson Street, Erskineville

Contamination issues have been identified at several development sites in this location. There has been inadequate remediation of the sites undertaken by the developers in relation to both the future public domain areas (such as roads and landscaping) and the residential lots. As a result the developers are proposing extensive Environmental Management Plans be imposed on all parts of the land and enforced by Council. The most significant concerns remain in relation to the Golden Rain site, which has been completed for some time but not yet been occupied.

The Environment Protection Authority has investigated the site and, following the completion of additional testing by the developer, is now satisfied that there is no risk to adjoining or "off-site" properties from the chlorinated solvent contamination on the

site or to future occupiers of the site. This conclusion is on the basis that the contamination is managed on an on-going basis by way of satisfactory long-term Environmental Management Plans.

On 1 September 2020, the modification application for the staged occupation of the site together with supporting documentation was approved. The variation to the VPA to permit an easement for public access to the roads prior to dedication of the roads at the completion of the development at stage 2 (occupation of the Honeycomb terraces) is being progressed.

Eurostar Drycleaning and Laundry Pty Ltd

Proceedings have been commenced in the NSW Civil and Administrative Tribunal (NCAT) by a former tenant in a City building on Oxford Street in relation to alleged loss of revenue. The matter is listed for hearing on 14-15 December 2020.

Grants and Sponsorships - Quarter 1 2020/21

Corporate Sponsorship Policy

The Policy states:

The total value of sponsorships for each event will be reported within the quarterly financial reports to Council. Individual sponsorship amounts will not be reported for commercial-in-confidence reasons unless the sponsors agree.

Grants and Sponsorships Policy

In a report adopted by Council on 15 September 2014, it was stated the following programs would be reported to Council as part of the quarterly financial reports:

- Quick Response Grants Program
- Venue Hire Support Grants and Sponsorship
- Street Banner Sponsorship

The remaining Grants and Sponsorships Programs require Council approval in advance.

This Report

The summary figures for **outgoing grants and sponsorships** programs in the 1st quarter of the 2020/21 financial year are:
