

Item 10**Questions on Notice****Green Square Community Hall**

1. By Councillor Scott

Question

I note the Green Square Community Hall was opened in May 2018, by the Lord Mayor.

Please detail, broken down by month since the facility was opened:

1. How many hours, on average, the Community Hall was open to the public?
2. How much, on average, outsourced providers were paid for duties relating to this Community Hall?
3. The number of events, classes or other community activities that occurred?
4. The number of people (residents or other members of the public) that engaged with Hall activities?

Please detail all outsourced providers who are associated with the Hall, the beginning and end periods of their contracts, the total value of the contracts and their associated duties. Please also detail if any duties have not been met, or penalties applied, under the contracts, or if satisfactory performance has been signed off in accordance with contract milestones.

Extension of Moore Park Golf Course Consultation

2. By Councillor Forster

Question

Was the Moore Park Golf Course public consultation extended because, on balance, the responses garnered were not in favour of the proposal?

If not, why was the consultation period extended?

S129269

Pop-Up Cycleways Surveys of Residents and Businesses

3. By Councillor Forster

Question

At the City's November 2020 Council Meeting, the Chief Executive Officer advised that surveys to assess the usage and operation of the pop-up cycleway program were limited to intercept surveys of cyclists using the pop-up cycleways and broadly focused telephone surveys of households in and out of the City of Sydney area. Similarly, at the October 2020 Council Meeting, the Chief Executive Officer pointed out that there had been shortfalls in the Independent Safety Audit of at least one of the pop-up cycleways.

Could the Chief Executive Officer please advise:

1. Are there plans to conduct comprehensive surveys of potentially affected residents and businesses in the vicinity of all temporary pop-up cycleways?
2. If so, how will these be conducted?
3. If no plans exist for these surveys of residents and businesses, why not?
4. With reference to the Independent Safety Audit, what were the outcomes of the Chief Executive Officer's endeavour to strongly encourage that corrective actions have been or will be put in place to mitigate safety risks at the Bridge Road pop-up cycleway?
5. Are there plans for Safety Audits of all pop-up cycleways?

S129269

Budget for the Office of the Lord Mayor

4. By Councillor Phelps

Could the Chief Executive Officer please provide an annual budget by financial year of the Office of the Lord Mayor budget from 2000/01 to 2020/21?

S129272

City Recycling Procurement

5. By Councillor Scott

Question

In November 2019, the City was one of 11 member councils to sign a memorandum of understanding as part of Southern Sydney Regional Organisation of Councils (SSROC). This sets out how each will work together to develop a framework for regional procurement of recycled material in infrastructure.

Sustainable procurement aims to reduce the adverse impacts of purchased products and services throughout their life.

1. Please advise, in relation to the City's total procurement spend, how much the City spends on procurement of products that contain recycled materials in total (and, if possible, broken down by categories below) across all areas of business including:
 - (a) City Operations;
 - (b) Development;
 - (c) Transport;
 - (d) Purchase of goods and services and the cost of maintaining them;
 - (e) Energy and water;
 - (f) Office supplies, furniture and fittings;
 - (g) Cleaning, waste disposal and disposal of goods; and
 - (h) Any other categories where recycled materials are purchased.

Please include some examples of products with recycled materials purchased by the City of Sydney.

2. Please advise how much the City spends on materials made from recycled versus non-recycled content (and, if possible, broken down by categories below) including:
 - (a) Road base materials;
 - (b) Waste containers and cleansing materials;
 - (c) Gardening materials including mulch;
 - (d) Office supplies, furniture and fittings;
 - (e) Construction and building materials; and
 - (f) Any other categories where recycled materials are purchased.
