

Attachment A

Recommended Conditions of Consent

SCHEDULE 1A

APPROVED DEVELOPMENT/DESIGN MODIFICATIONS/COVENANTS AND CONTRIBUTIONS/USE AND OPERATION

Note: Some conditions in Schedule 1A are to be satisfied prior to issue of a Construction Certificate and some are to be satisfied prior to issue of Occupation Certificate, where indicated.

(1) APPROVED DEVELOPMENT

- (a) Development must be in accordance with Development Application No. D/2020/593 dated 1 July 2020 and the following drawings prepared by Beta Solutions Architects:

Drawing Number	Drawing Name	Date
DA005 Rev B	External Finishes Schedule	14.12.20
DA100 Rev C	Site Plan	14.12.20
DA101 Rev C	Existing Ground Floor Plan	14.12.20
DA102 Rev C	Existing First Floor Plan	14.12.20
DA103 Rev C	Proposed Ground Floor Plan	14.12.20
DA104 Rev C	Proposed First Floor Plan	14.12.20
DA201 Rev B	Proposed East Elevation	27.10.20
DA202 Rev C	Proposed North Elevation	14.12.20
DA301 Rev C	Proposed Section A	14.12.20
DA302 Rev C	Proposed Section B	14.12.20
DA500 Rev B	Typical Room and Communal Kitchen and Laundry	27.10.20
DA600 Rev B	Proposed Landscape Plan	14.12.20

and as amended by the conditions of this consent.

- (b) In the event of any inconsistency between the approved plans and supplementary documentation, the drawings will prevail.

(2) DESIGN MODIFICATIONS

The design of the building must be modified as follows:

- (a) Room 4 on the ground floor is to be deleted and the area is to be combined with the adjoining communal living/dining area.

(b) A bulky goods storeroom is to be provided on the ground floor.

The modifications are to be submitted to and approved by Council's Area Planning Manager prior to the issue of a Construction Certificate.

(3) AFFORDABLE HOUSING CONTRIBUTION - ULTIMO PYRMONT - PAYMENT IN LIEU OF FLOOR SPACE CONTRIBUTION

The Affordable Housing Contribution is as follows:

- (a) Prior to a Construction Certificate being issued and pursuant to *Sydney LEP 2012* and the adopted City West Affordable Housing Program, the applicant must pay a monetary contribution towards the provision of affordable housing. The contribution is \$11,448.91. If the contribution is paid after 30 June of the year in which this consent is granted, the amount of the contribution must be indexed in accordance with the adopted City West Affordable Housing Program.
- (b) To make payment contact Council's Planning Assessment Unit email: planningsystemsadmin@cityofsydney.nsw.gov.au who will index the amount, then provide you with written confirmation of the amount payable and details of how to make the payment at the NSW Department of Planning, Industry and Environment.
- (c) Payment can be made either by bank cheque to the value of the required contribution (made in favour of City West Housing Pty Ltd) or alternatively a satisfactory bank guarantee is to be provided to the value of the required contribution. Evidence of payment or lodgement of a bank guarantee must be provided to the Accredited Certifier prior to issue of a construction certificate.
- (d) Prior to issue of any Occupation Certificate being issued or the use commencing, whichever is earlier, the applicant must provide evidence to the Principal Certifier that the bank guarantee referred to in (c) above has been redeemed as payment of the contribution.

Note: All affordable housing contribution payments (and lodgement of bank guarantees) for Ultimo-Pyrmont are paid at the NSW Department of Planning, Industry and Environment.

(4) SECTION 7.11 CONTRIBUTIONS PAYABLE - CONTRIBUTION TOWARDS PUBLIC AMENITIES – CITY OF SYDNEY DEVELOPMENT CONTRIBUTIONS PLAN 2015 – WEST PRECINCT

Council has identified the development will increase demand for public amenities and facilities. Pursuant to Section 7.11 of the Environmental Planning and Assessment Act, 1979 (as amended), and the City of Sydney Development Contributions Plan 2015 the following monetary contributions are required towards the cost of public amenities.

<u>Contribution Category</u>	<u>Amount</u>
Open Space	\$37, 939.32
Community Facilities	\$12,479.36

Traffic and Transport	\$76.66
Stormwater Drainage	\$0.00
Total	\$50,495.34

The City of Sydney will index the above contribution for inflation at the time of payment using the following formula.

$$C_{\text{payment}} = C_{\text{consent}} \times (CPI_{\text{payment}} \div CPI_{\text{consent}})$$

Where:

C_{payment} = Is the contribution at time of payment;

C_{consent} = Is the contribution at the time of consent, as shown above;

CPI_{payment} = Is the Consumer Price Index (All Groups Index) for Sydney published by the Australian Bureau of Statistics that applies at the time of payment; and

CPI_{consent} = Is the Consumer Price Index (All Groups Index) for Sydney at the date the contribution amount above was calculated being – 116.8 for Sep 2020.

The contribution must be paid prior to the issue of any Construction Certificate in relation to this development.

Please contact Council's Planning Administration staff at planningsystemsadmin@cityofsydney.nsw.gov.au to request a letter confirming the indexed contribution amount payable.

Once the letter confirming the indexed contribution is obtained, payment may be made at any of the City's Neighbourhood Service Centres or the One Stop Shop at Town Hall House. Acceptable payment methods are EFTPOS (debit card only), cash (up to 10K only), Credit Card (up to 50K only) or a bank cheque made payable to the City of Sydney. Personal or company cheques will not be accepted.

(5) COMPLIANCE WITH SUBMITTED MATERIALS AND SAMPLES BOARD

The design details of the proposed building facade including all external finishes, colours and glazing must be in accordance with the materials schedule and sample board, and specifications prepared by Beta Solutions Architects dated December 2020.

(6) NO SPEAKERS OR MUSIC OUTSIDE

Speakers and/or noise amplification equipment must not be installed and music must not be played in any of the outdoor areas associated with the premises including the public domain. Speakers located within the premises must not be placed so as to direct the playing of music towards the outdoor areas associated with the premises.

(7) NOISE – COMMERCIAL PLANT / INDUSTRIAL DEVELOPMENT

- (a) Noise from commercial plant and industrial development must not exceed a project amenity/intrusiveness noise level or maximum noise level in accordance with relevant requirements of the NSW EPA [Noise Policy for Industry 2017 \(NPfl\)](#) unless agreed to by the City's Area Planning Manager. Further:
- (i) Background noise monitoring must be carried out in accordance with the long-term methodology in [Fact Sheet B](#) of the NPfl unless otherwise agreed by the City's Area Planning Manager.
 - (ii) Commercial plant is limited to heating, ventilation, air conditioning, refrigeration and energy generation equipment.
- (b) An $L_{Aeq,15\text{ minute}}$ (noise level) emitted from the development must not exceed the $L_{A90, 15\text{ minute}}$ (background noise level) by more than 3dB when assessed inside any habitable room of any affected residence or noise sensitive commercial premises at any time. Further:
- (i) The noise level and the background noise level shall both be measured with all external doors and windows of the affected residence closed.
 - (ii) Background noise measurements must not include noise from the development but may include noise from necessary ventilation at the affected premise.
- (c) Corrections in [Fact Sheet C](#) of the NPfl are applicable to relevant noise from the development measured in accordance with this condition, however duration corrections are excluded from commercial noise.

(8) RESTRICTION ON STRATA SUBDIVISION

In accordance with the provisions of Clause 52 of the *State Environmental Planning Policy (Affordable Rental Housing) 2009* and the *Sydney Development Control Plan 2012*, the student accommodation boarding house cannot be strata subdivided.

(9) RESTRICTION ON BOARDING HOUSE

The building must be used as a boarding house only.

(10) BOARDING HOUSE - USE AND OPERATION

The use and operation of the premises must comply with the requirements of Schedule 2 (Standards for Places of Shared Accommodation) of the Local Government (General) Regulation, 2005 under the Local Government Act 1993, the Public Health Act, 2010, the Boarding Houses Act 2012 and regulations thereunder and the *Sydney Development Control Plan 2012 – 4.4.1*.

(11) PLAN OF MANAGEMENT

- (a) Prior to the issue of any occupation certificate, the Plan of Management prepared by GSA Planning Ref: 20057, dated June 2020, is to be updated

to reflect the development as approved and submitted to Council's Area Planning Manager for approval.

- (b) The use must always be operated / managed in accordance with the approved Plan of Management in part (a) above. In the event of any inconsistency, the conditions of this consent will prevail over the Plan of Management. A copy of the plan is to be kept on site by the site manager.

(12) ACCOMMODATION - REGISTRATION AND CARETAKER

Prior to the issuing of an Occupation Certificate or occupation with an Interim Occupation Certificate (whichever is earlier), Council's Health and Building Unit must be advised in writing of the business name, address, owner or company name, 24 hour contact details for the site manager, and the number of occupants approved for the premises. A caretaker/manager must be contactable 24 hours a day.

(13) SIGNS - SEPARATE DA REQUIRED

A separate development application for any proposed signs additional to those approved as part of this consent (other than exempt or complying signs) must be submitted to and approved by Council prior to the erection or display of any such signs.

(14) NO AIR CONDITIONING UNITS TO FACADE OF BUILDING

Approval is not granted for the installation of individual air conditioning units to the facade of the building.

(15) COST OF SIGNPOSTING

All costs associated with signposting for any kerbside parking restrictions and traffic management measures associated with the development shall be borne by the developer.

(16) ASSOCIATED ROADWAY COSTS

All costs associated with the construction of any new road works including kerb and gutter, road pavement, drainage system and footway shall be borne by the developer. The new road works must be designed and constructed in accordance with the City's "Sydney Streets Technical Specification" including amendments and "Sydney Streets Design Code".

SCHEDULE 1B

PRIOR TO CONSTRUCTION CERTIFICATE/COMMENCEMENT OF WORK/HEALTH AND BUILDING

(17) HERITAGE CONSERVATION WORKS

- (a) Prior to the issue of the Construction Certificate, a schedule of conservation works for the front building facade to be undertaken concurrent with the works is to be submitted to Council's Area Planning Manager for approval.
- (b) The schedule is to be supported by detailed architectural sections, elevations and plans at 1:10 for the door and windows. The details should incorporate any structural and/or building services design for the building.

(18) BASIX CERTIFICATE – DETAILS TO BE LODGED WITH A CC

A copy of the required completed BASIX certificate accepted as part of this Development Consent with respect to the proposed residential building works, must be lodged with an application for a construction certificate and the items nominated as part of the subject BASIX certificate must be specified on the plans submitted with the construction certificate application. – See Note.

IMPORTANT NOTE:

Any requirement detailed in the accompanying BASIX Certificate, MUST be included as a specific notation or inclusion on any future Construction Certificate plans and specification in accordance with Part 3 of Schedule 1 of the EP&A Regulation, 2000.

(19) BICYCLE PARKING AND END OF TRIP FACILITIES

The minimum number of bicycle parking spaces and end of trip facilities to be provided for the development must comply with the table below.

User	Number of bicycles to be accommodated	Requirements
Boarding House	2	Class B bicycle parking facility in accordance with AS2890.3

The layout, design and security of bicycle facilities must comply with *Australian Standard AS 2890.3:2015 Parking Facilities Part 3: Bicycle Parking Facilities and Council DCP*. The details must be submitted to and approved by the Certifying Authority confirming prior to the Construction Certificate being issued.

(20) CONSTRUCTION TRAFFIC MANAGEMENT PLAN

- (a) A Construction Traffic Management Plan must be submitted to and approved by Council prior to a Construction Certificate being issued.

Construction Traffic and Pedestrian Management Plans are to be prepared in accordance with Standard Requirements for Construction Traffic Management Plan on the City's website

<http://www.cityofsydney.nsw.gov.au/business/business-responsibilities/traffic-management/construction-traffic-management-plans>

(21) DILAPIDATION REPORT – MINOR

Subject to the receipt of permission of the affected landowner, dilapidation report/s of adjoining buildings are to be prepared by an appropriately qualified practising structural engineer and submitted for the approval of the Accredited Certifier:

- (a) prior to the commencement of demolition/excavation works; and
- (b) on completion of construction demolition/excavation works.

(22) EROSION AND SEDIMENT CONTROL - LESS THAN 250SQM

Where less than 250 square metres are being disturbed, no formal plan is required however, the site is to be provided with sediment control measures and these must be implemented so that sediment, including soil, excavated material, building material or other materials cannot fall, descend, percolate, be pumped, drained, washed or allowed to flow to the street, stormwater system or waterways.

(23) SYDNEY WATER CERTIFICATE (TAP-IN)

- (a) The approved plans must be submitted to Sydney Water's "Tap-in" online service to determine whether the development will affect Sydney Water's sewer and water mains, stormwater drains and/or easements, and if further requirements need to be met. Sydney Water's "Tap-in" online service is available at www.sydneywater.com.au, (see Plumbing, Building & Development and then Sydney Water "Tap-in").
- (b) The Consent Authority or a Principal Certifier must ensure that Sydney Water has appropriately stamped the plans before the commencement of work.

(24) CLASSIFICATION OF WASTE

Prior to the exportation of waste (including fill or soil) from the site, the waste materials must be classified in accordance with the provisions of the Protection of the *Environment Operations Act 1997* and the *NSW DECC Waste Classification Guidelines, Part1: Classifying Waste (July 2009)*. The classification of the material is essential to determine where the waste may be legally taken. The *Protection of the Environment Operations Act 1997* provides for the commission of an offence for both the waste owner and the transporters if the waste is taken to a place that cannot lawfully be used as a waste facility for the particular class of waste. For the transport and disposal of industrial, hazardous or Group A liquid waste advice should be sought from the EPA.

(25) TREES ON NEIGHBOURING LAND THAT MUST BE PROTECTED

- (a) The existing trees detailed in Table 1 below must be protected in accordance with the conditions of consent throughout the construction and development.

Table 1 – Trees to be protected:

Tree No	Botanical/Common Name	Location
1	Platanus acerifolia/Plane Tree	Street Tree on Harris Street

(26) TREE PROTECTION PLANS

- (a) All detailed architectural, building, engineering (structural, stormwater and drainage services) and landscape documentation submitted for the Construction Certificate shall clearly show on all drawings the retention of trees as required by these conditions of consent, the position of their trunks, full diameter of their canopies, Structural Root Zones (SRZs) and Tree Protection Zones (TPZs).

(27) STREET TREE PROTECTION

All street trees directly outside the site must be retained and protected in accordance with the Australian Standard 4970 Protection of Trees on Development Sites. All street trees must be protected during the construction works as follows:

- (a) Tree trunk and major limb protection must be undertaken prior to the commencement of any works. The protection must be installed and certified by a qualified Arborist (AQF level 3) and must include:
 - (i) An adequate clearance, minimum 250mm, must be provided between the structure and tree branches, limbs and trunks at all times;
 - (ii) Tree trunk/s and/or major branches, must be protected by wrapped hessian or similar material to limit damage, and
 - (iii) Timber planks (50mm x 100mm or similar) must be placed around tree trunk/s. The timber planks must be spaced at 100mm intervals, and must be fixed against the trunk with tie wire, or strapping. The hessian and timber planks must not be fixed to the tree in any instance, or in any fashion,
 - (iv) Tree trunk and major branch protection is to remain in place for the duration of construction and development works, and must be removed at the completion of the project.
- (b) All hoarding support columns are to be placed a minimum of 300mm from the edge of the existing tree pits/setts, so that no sinking or damage occurs to the existing tree setts. Supporting columns must not be placed on any tree roots that are exposed.
- (c) Young street trees shall be protection by installing three (3) wooden takes around the edge of the tree pit. Hessian shall be wrapped around the stakes. If existing stakes are already in place, these shall suffice as tree protection.
- (d) Temporary signs, or any other items, shall not be fixed or attached to any street tree.

- (e) Materials or goods, including site sheds, must not be stored or placed:
 - (i) around or under the tree canopy; or
 - (ii) within two (2) metres of tree trunks or branches of any street trees.
- (f) Any excavation within in any area known to, or suspected of having street tree roots greater than 40mm diameter must be undertaken by hand.
- (g) Any trenching works for services / hydraulics / drainage etc must not be undertaken within four metres of any street tree. Alternative installation methods for services, such as directional boring/drilling, or redirection of services shall be employed where large woody roots greater than 40mm diameter are encountered during the installation of any services.
- (h) Existing sections of kerbs adjacent to any street tree must not be removed without approval from the Council's Tree Management Officer.
- (i) Any damage sustained to street tree/s as a result of construction activities (including demolition) must be immediately reported to the Council's Tree Management Officer on 9265 9333. Any damage to street trees as a result of construction activities may result in a prosecution under the Local Government Act 1993 and the Environmental Planning and Assessment Act 1979.

(28) STREET TREE PRUNING

- (a) The consent from Council's Tree Management Officer must be obtained prior to the undertaking of any street tree pruning works including tree roots greater than 40mm diameter. Only minor pruning works will be approved by Council.
- (b) Any pruning that has been approved by Council, must be carried out by a qualified Arborist (AQF3), and must be in accordance with AS4373 Australian Standards 'Pruning of Amenity Trees'.

(29) WASTE AND RECYCLING MANAGEMENT

- (a) The Waste and Recycling Management Plan accompanying this Development Application has not been approved by this consent.
- (b) A Waste and Recycling Management Plan is to be submitted to and approved by Council's Area Coordinator Planning Assessments / Area Planning Manager prior to a Construction Certificate being issued. The plan must comply with the Council's *Guidelines for Waste Management in New Developments 2018*. All requirements of the approved Waste and Recycling Management Plan must be implemented during construction of the development.
- (c) The building must incorporate designated areas or separate garbage rooms constructed in accordance with Council's *Guidelines for Waste Management in New Developments 2018*, to facilitate the separation of commercial waste and recycling from residential waste and recycling.

- (d) The path of travel between the bin storage areas and the designated waste/recycling collection point is to have a minimum 1200mm wall-to-wall clearance, be slip-proof, of a hard surface, be free of obstructions and at no point have a gradient exceeding 1:14. The maximum travel distance between the storage point and collection point shall be no more than 10 metres.

UPON COMPLETION OF THE DEVELOPMENT

- (e) Prior to an Occupation Certificate being issued or the use commencing, whichever is earlier, the Principal Certifier must ensure that waste handling works have been completed in accordance with: Waste and Recycling Management Plan; other relevant development consent conditions; and *Council's Guidelines for Waste Management in New Developments 2018*.

(30) WASTE/RECYCLING COLLECTION

- (a) The collection of waste and recycling must only occur during the designated zone collection times to avoid noise disruption to the surrounding area.
- (b) Residential and commercial waste and recycling bins and bulky waste must not be placed on the street for collection, services must be conducted as wheel-out/wheel back service from the bin holding room. Commercial waste storage and service collections arrangements must be conducted in accordance with the *City's Waste Policy – Local Approvals Policy for Managing Waste in Public Places (2017)*.

(31) WASTE AND RECYCLING MANAGEMENT – GENERAL

The proposal must comply with the relevant provisions of Council's *Guidelines for Waste Management in New Developments 2018* which requires facilities to promote the efficient storage, separation, collection and handling of waste to maximise resource recovery and provide safe and healthy spaces for people to live and work in.

SCHEDULE 1C

DURING CONSTRUCTION/PRIOR TO OCCUPATION/COMPLETION

(32) BASIX

All commitments listed in each relevant BASIX Certificate for the development must be fulfilled prior to any Occupation Certificate being issued.

(33) LANDSCAPING

Tree planting within the property must be undertaken in accordance with the approved plans and following conditions prior to the issuing of the Occupation Certificate:

- (a) One small tree is to be planted within a large pot within the common courtyard space, and one other planting within a pot outside the window of Room 3 at the completion of all construction works;
- (b) The large pot size is to be sized at least: diameter 600mm, height 1000mm
- (c) Any newly planted tree that fails to establish within 2 years of the initial planting date must be replaced with a tree of comparable qualities.

(34) HOURS OF WORK AND NOISE – OUTSIDE CBD

The hours of construction and work on the development must be as follows:

- (a) All work, including building/demolition and excavation work, and activities in the vicinity of the site generating noise associated with preparation for the commencement of work (eg. loading and unloading of goods, transferring of tools etc) in connection with the proposed development must only be carried out between the hours of 7.30am and 5.30pm on Mondays to Fridays, inclusive, and 7.30am and 3.30pm on Saturdays, with safety inspections being permitted at 7.00am on work days, and no work must be carried out on Sundays or public holidays.
- (b) All work, including demolition, excavation and building work must comply with the City of Sydney Code of Practice for Construction Hours/Noise 1992 and Australian Standard 2436 - 2010 Guide to Noise Control on Construction, Maintenance and Demolition Sites.
- (c) Notwithstanding the above, the use of a crane for special operations, including the delivery of materials, hoisting of plant and equipment and erection and dismantling of on site tower cranes which warrant the on-street use of mobile cranes outside of above hours can occur, subject to a permit being issued by Council under Section 68 of the Local Government Act 1993 and/or Section 138 of the Roads Act 1993.

Note: Works may be undertaken outside of hours, where it is required to avoid the loss of life, damage to property, to prevent environmental harm and/or to avoid structural damage to the building. Written approval must be given by the Construction Regulation Team, prior to works proceeding

The *City of Sydney Code of Practice for Construction Hours/Noise 1992* allows extended working hours subject to the approval of an application in accordance

with the Code and under Section 4.55 of the *Environmental Planning and Assessment Act 1979*.

(35) ENCROACHMENTS – PUBLIC WAY

No portion of the proposed structure, including gates and doors during opening and closing operations, shall encroach upon Council's footpath area.

(36) OCCUPATION CERTIFICATE TO BE SUBMITTED

An Occupation Certificate must be obtained from the Principal Certifier and a copy submitted to Council prior to commencement of occupation or use of the whole or any part of a new building, an altered portion of, or an extension to an existing building.

(37) LOADING AND UNLOADING DURING CONSTRUCTION

The following requirements apply:

- (a) All loading and unloading associated with construction activity must be accommodated on site, where possible.
- (b) If it is not feasible for loading and unloading to take place on site a Works Zone on the street may be considered by Council.
- (c) A Works Zone may be required if loading and unloading is not possible on site. If a Works Zone is warranted an application must be made to Council at least 8 weeks prior to commencement of work on the site. An approval for a Works Zone may be given for a specific period and certain hours of the days to meet the particular need for the site for such facilities at various stages of construction. The approval will be reviewed periodically for any adjustment necessitated by the progress of the construction activities.
- (d) Where hoisting activity over the public place is proposed to be undertaken including hoisting from a Works Zone, a separate approval under Section 68 of the Local Government Act 1993 and Section 138 of the Roads Act 1993 must be obtained.

(38) NO OBSTRUCTION OF PUBLIC WAY

The public way must not be obstructed by any materials, vehicles, refuse, skips or the like, under any circumstances. Non-compliance with this requirement will result in the issue of a notice by Council to stop all work on site.

SCHEDULE 2

PRESCRIBED CONDITIONS

The prescribed conditions in accordance with Division 8A of the *Environmental Planning and Assessment Regulation 2000* apply:

Clause 98 Compliance with *Building Code of Australia* and insurance requirements under the *Home Building Act 1989*

Clause 98A Erection of signs

Clause 98B Notification of *Home Building Act 1989* requirements

Clause 98C Conditions relating to entertainment venues

Clause 98D Conditions relating to maximum capacity signage

Clause 98E Conditions relating to shoring and adequacy of adjoining property

Refer to the NSW State legislation for full text of the clauses under Division 8A of the *Environmental Planning and Assessment Regulation 2000*. This can be accessed at: <http://www.legislation.nsw.gov.au>
