Advice

Advice will be updated after the meeting.

Background

Ward Civil and Environmental Engineering Pty Ltd has applied for the temporary road closure of Portman Street, between Merton Street and Hansard Street, Zetland, from 19 March 2021 to 1 February 2022 to carry out works of Portman Street, Zetland commissioned by the City of Sydney.

Comments

The proposed temporary road closures are required to enable completion of road pavement construction, public domain upgrade works as well as stormwater and utilities installation works in Portman Street, Zetland as part of the Portman Street and Zetland Avenue Upgrade Project.

The Applicant has provided site-specific Traffic Control Plans that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closures.

There are currently ongoing road works on Joynton Avenue and Hansard Street which are adjacent to Portman Street. The proposed detours for the Portman Street works direct traffic to Joynton Avenue and Hansard Street. The works on Portman Street have been scheduled to begin after the works on Joynton Avenue and Hansard Street are completed and the road is fully open to traffic.

The temporary road closures will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

A Traffic Management Plan (TMP) for the temporary road closure was approved by Transport for NSW (TfNSW).

Consultation

The Applicant will be required to notify affected stakeholders as stipulated in Schedule B.

Financial

All costs associated with the proposed closures will be borne by the applicant.
