Light Joynton Park and Waterloo Park

By Councillor Scott

It is resolved that:

- (A) Council note:
- (i) City staff advise that current lighting in Joynton Park in Zetland and Waterloo Park in Waterloo both meet the City's lighting code;
 - (ii) a 2019 population estimate for Green Square was 32,910 and this population is expected to grow exponentially to 63,050 by 2026. Joynton Park and Waterloo Parks will be major green spaces for the expanding Green Square community and must be able to be safely enjoyed by all residents at all times;
 - (iii) Joynton Park operates as a dog park allowing dogs to be off leash at all times. This is a great amenity to the local community but does pose a risk to residents at night when off leash dogs are less visible; and
 - (iv) Waterloo Park, and especially the southern section, is regularly used by Mount Carmel Primary School students and churchgoers, and surrounding Waterloo and Redfern public housing tenants; and
- (B) the Chief Executive Officer be requested to:
- (i) upgrade lighting off the paths at Joynton Park and the southern section of Waterloo Park to increase the safety of these important green spaces to the local communities; and
 - (ii) review the City's current lighting code to ensure that it provides for a safe community for all residents to enjoy and report the results of this review back to Council via the CEO Update.
