Through pedestrian traffic path with kerb ramps for accessibility

Lead barrier (45 degree angle to oncoming traffic) to have traffic-facing profiles painted white; All barriers to have a retroreflective tape line applied on the traffic side at ~700mm height from the road level.

Maybe Sammy outdoor trading area - Harrington Street, The Rocks.
 UBD Map D, Grid 18C. Sheet for A3 colour print only.

NOTES:

- a) Precast concrete barriers Type F to be used to establish the outdoor trading area (3 car spaces);
- b) Distance between the outermost edge of the barriers parallel to passing traffic to the center marking or center of the carriageway (where there is no lines marked) to be no less than 3.5m;
- c) No Stopping signs to be installed as indicated, using existing posts;
- d) HVM elements are likely to be added, but not included in this drawing - subject to further planning and need-to-know communication.
