

Fire Safety Reports

File No: S105001.002

Summary

The City of Sydney regularly receives building reports from Fire and Rescue NSW in relation to inspections carried out by Fire and Rescue NSW Authorised Officers. These inspection reports are to be reported to Council and Council is required to determine whether to exercise its power to issue fire safety orders under Division 9.3 and Schedule 5 of the Environmental Planning and Assessment Act 1979 (the Act).

In response to Fire and Rescue NSW reports City staff undertake inspections to ensure fire safety measures are in full operation and that building exits are clear and unimpeded. Fire and Rescue NSW inspections revealed fire safety concerns that require Council as the appropriate regulatory authority to use its discretion and address the concerns observed at the time of the inspection.

Fire and Rescue NSW has powers under the Environmental Planning and Assessment Act 1979 (the Act) to carry out inspections of buildings and it is required to forward its findings to the City.

Fire and Rescue NSW reports received by the City are required to be tabled before Council. Attached are details of the reports received by the City from Fire and Rescue NSW. The attachments deal with 3 properties and includes the Fire and Rescue NSW reports and the findings (preliminary or final) by the City's Officer, along with other documentation relevant to that property.

Recommendations are made in the attachment setting out the most appropriate action in the circumstances.

Recommendation

It is resolved that Council:

- (A) note the contents of the Fire Safety Report Summary Sheet, as shown at Attachment A to the subject report;
- (B) note the inspection reports by Fire and Rescue NSW, as shown at Attachments B to D of the subject report;
- (C) exercise its power under the Environmental Planning and Assessment Act 1979 to issue a Fire Safety Order as recommended by the City's Investigation Officer to address the identified fire safety deficiencies at 94-96 Union Street, Pyrmont as detailed in Attachment B to the subject report;
- (D) not exercise its power to issue a Fire Safety Order under the Environmental Planning and Assessment Act 1979 at this time but note the compliance action as recommended by the City's Investigation Officer at 229-231 Darlinghurst Road, Darlinghurst as detailed in Attachment C to the subject report;
- (E) exercise its power under the Environmental Planning and Assessment Act 1979 to issue a Fire Safety Order as recommended by the City's Investigation Officer to address the identified fire safety deficiencies at 50-54 York Street, Sydney as detailed in Attachment D to the subject report.

- Attachment A.** Fire Safety Report Summary Sheet
- Attachment B.** Inspection Report - 94-96 Union Street, Pyrmont
- Attachment C.** Inspection Report - 229-231 Darlinghurst Road, Darlinghurst
- Attachment D.** Inspection Report - 50-54 York Street, Sydney

Background

1. The City receives inspection reports and recommendations from Fire and Rescue NSW in relation to inspections carried out on buildings located within the City's local government area.
2. Under the Environmental Planning and Assessment Act 1979, (the Act), Fire and Rescue NSW has the power to carry out inspections of buildings to determine if the building has adequate provision for fire safety and/or is compliant with legislation.
3. On average, the City receives approximately 50 such reports each year. They can be prompted by reports from the Police or others who have a concern relating to fire safety in a building.
4. The inspections were undertaken to ensure fire safety measures were in full operation and that building exits were clear and unimpeded.
5. When Fire and Rescue NSW carries out such an inspection, a report and any recommendations must be provided to the City.
6. Under the Act, Council is then required to table the report and make a determination as to whether it will exercise its power to issue a Fire Safety Order 1 or 2 in Schedule 5, Part 2 of the Act. Fire Safety Order 1 requires a person to do or stop doing certain specified things to improve fire safety; Fire Safety Order 2 requires a person to cease conducting an activity on premises where that activity constitutes, or is likely to constitute, a life-threatening hazard or a threat to public health or public safety.
7. Attached are the details of the reports received from Fire and Rescue NSW, including recommendations for further action. The properties have also been reviewed by a City Officer.
8. Personal information has been redacted from the reports in accordance with the Privacy and Personal Information Protection Act 1998.

Relevant Legislation

9. Environmental Planning and Assessment Act 1979.
