Advice

Advice will be updated after the meeting.

Background

The Australian Government has committed funding for a new Road Safety Program. The jointly funded program will also see the NSW government contribute to this program.

The Road Safety Program funding will prioritise the development and delivery of road safety infrastructure projects across NSW, support jobs and stimulate local economies.

Comments

A raised marked cycle and pedestrian crossing will give priority to pedestrians and help improve safety in the area as part of the City's commitment to calm traffic and improve the local amenity. The proposed changes will not affect parking and maintain access.

Consultation

The City consulted local residents and businesses in the area. There were 384 letters sent out with no responses supporting or opposing the proposal.

Financial

Appropriate funding for the proposal will be secured once greater certainty on the construction timeline is reached.
