Advice

Advice will be updated after the meeting.

Background

The Australian Government has committed funding for a new Road Safety Program. The jointly funded program will also see the NSW government contribute to this program.

The Road Safety Program funding will prioritise the development and delivery of road safety infrastructure projects across NSW, support jobs and stimulate local economies.

Comments

An at-grade pedestrian crossing is installed in Jones Street, Ultimo south of Quarry Street. The crossing is located near Ultimo Public School.

Raising the marked pedestrian crossing will help improve safety in the area as part of the City's commitment to calm traffic and improve the local amenity. The proposed changes will not affect parking and maintain access.

Consultation

The City notified residents and businesses in the area. There were 545 letters sent out with no responses supporting or opposing the proposal.

Financial

Appropriate funding for the proposal will be secured once greater certainty on the construction timeline is reached.
