Major Legal Issues for 2021/22 – Quarter 2 2021/22

Maxida International Alexandria Property Australia v City of Sydney – 205-225 Euston Rd, Alexandria

Maxida International Alexandria Property Australia lodged three sets of Land and Environment Court proceedings regarding its proposed development known as One Sydney Park at. The first is an appeal against the refusal by the Central Sydney Planning Committee (CSPC) of a modification application to amend the approved building envelope and modify conditions of a concept consent. The second set of proceedings relates to the refusal by the CSPC of the related detailed design development application for the same site. The third set of proceedings relates to an application for approval to undertake early works associated with the development.

These appeals were heard in October 2021. However, a legal issue has arisen which impacts the power to amend the modification application before the Court. In response, the appeals are listed for case management on 1 February 2022.

John Synnott v City of Sydney & Belgravia Leisure

These proceedings relate to a claim by Mr Synnott that he has been discriminated against on the basis of his age. The claim alleges that the Council and Belgravia Leisure discriminate against Mr Synnott by only offering single-width lanes for lap swimming at the Victoria Park Pool. Mr Synnott alleges that this treats him less favourably than younger people using the pool because it is more difficult for him to use single-width lanes for lap swimming, because of his age.

These proceedings were heard on 20 January 2022 and judgment is reserved.
