

Item 11.3

Notices of Motion

Potts Point Waste Collection

By Councillor Gannon

It is resolved that:

(A) Council note:

- (i) that Potts Point is one of the densest suburbs in Australia; and:
 - (a) that the waste collection situation is becoming increasingly worse in Potts Point;
 - (b) that the increase in waste is due to many factors including the suburbs density and the high turnover of residents moving in and out of the area;
 - (c) that the degrading situation with waste collection is resulting in the local Ibis and rat population to increase;
 - (d) that the waste situation is not only unsightly but also a health and safety hazard for residents and visitors in the area; and
 - (e) that something urgently must be done to improve waste collection services in Potts Point and the Kings Cross locality; and

(B) the Chief Executive Officer be requested to report to Council via the CEO Update of immediate options for consideration to alleviate the current waste situation in the Potts Point area.
