Advice

Advice will be updated after the meeting.

Background

ICombined360 has applied for the temporary road closure of Francis Street, Glebe, between Grose Street and Bay Street, from 6am to 8am on Sunday 1 May 2022.

Comments

The proposed temporary road closure is required to allow for an air conditioning unit to be lifted by helicopter to the roof top of the Broadway Shopping Centre.

Traffic is to be stopped for a period of 10 minutes during the lift of the air-conditioning equipment.

The Applicant has provided a site-specific Traffic Control Plan that includes details of barricades, signs, flagmen and other traffic devices to implement the proposed road closure.

There are currently no other approved temporary road closures proposed to take place on the same day in this area.

The temporary road closure will not affect any other properties, as local access will be provided at all times and alternative access routes are available nearby.

A Traffic Management Plan (TMP) for the temporary road closure was approved by Transport for NSW (TFNSW).

Consultation

The Applicant will be required to notify affected stakeholders as stipulated in Schedule B.

Financial

All costs associated with the proposed closure will be borne by the applicant.
