**Advice**

Advice will be updated after the meeting.

**Background**

A resident of William Street, Redfern has requested consideration of "No Stopping" in their street to improve pedestrian access to property.

**Comments**

The kerb space on the western side of William Street, Redfern between Short Street and Wells Street, where the changes are proposed, is currently signposted as "2P 8am-8pm, Mon-Fri, Permit Holders Excepted Area 41".

William Street is a narrow Shared Zone with parking permitted close to the property line along the street to enable enough space for traffic flow, however, this results in cars blocking some of the entries into the properties. Site inspections have shown that 'No Stopping' is need, in this particular location, to ensure access for people coming and going into this residential house

**Consultation**

The City consulted local residents and businesses in the area. There were 208 letters sent out with no responses supporting or opposing the proposal.

**Financial**

Funds are available in the current budget.
